### **INDEPENDENT AUDITORS' REPORT**

To the Participants and Plan Administrator of  
Thompson Pump Profit Sharing and 401(k) Plan  
Port Orange, Florida

#### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of Thompson Pump Profit Sharing and 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Thompson Pump Profit Sharing and 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

#### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Thompson Pump Profit Sharing and 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Thompson Pump Profit Sharing and 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Thompson Pump Profit Sharing and 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Thompson Pump Profit Sharing and 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter - Supplemental Schedules Required by ERISA**

The supplemental Schedule H, Part IV Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# THOMPSON PUMP PROFIT SHARING AND 401(k) PLAN

## NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

---

### 1. DESCRIPTION OF PLAN AND BENEFITS

The following description of the Thompson Pump Profit Sharing and 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

#### A. General

The Plan is a defined contribution plan originally established on January 1, 1989, covering all full-time employees of Thompson Pump and Manufacturing Company, Inc. who have completed at least one (1) year of continuous service, 1,000 hours of service and elected to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). On October 1, 1996, the Company added a 401(k) Plan option to its Profit Sharing Plan. The Board of Trustees oversees governance of the Plan. The Plan's Board of Trustees determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

#### B. Contributions

Each year, participants may contribute up to 15% of pretax annual compensation, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of investment options for participants. The Company may contribute a matching percentage of the first 6% of compensation that a participant contributes to the Plan. The matching percentage will be an amount deemed advisable by the Company from time to time. Additional discretionary contributions may be made at the option of the Plan Sponsor's Board of Directors.

#### C. Participant Accounts

Participants direct the investment of their account balance into various investment options offered by the Plan. The Plan currently offers various mutual fund options as investment options for the participants, which are managed by Nationwide Trust Company, FSB.

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings, and is charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### D. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

1. DESCRIPTION OF PLAN AND BENEFITS (Cont'd)

D. Vesting (Cont'd)

<u>Years of Service</u>	<u>Percent of Nonforfeitable Interest</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

If the participant dies or becomes disabled while still employed by the employer, the participant becomes 100% vested.

E. Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions and employer match contributions in any of the investment options offered by the Plan. Participants may change their investment options daily using the internet and secured login access to their individual accounts on the Nationwide Trust Company, FSB's website.

F. Participants' Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the Investment Fund from (to) the Participant Notes fund. Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Interest rates on the loans were 4.25% to 9.5% at December 31, 2023. Principal and interest must be paid at least quarterly through payroll deductions. Participants' loans outstanding were \$179,925 and \$96,703 at December 31, 2023 and 2022, respectively.

G. Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. All distributions are payable on any distribution date within the Plan year.

A participant, prior to separation of service subject to the Plan's provisions of attainment of a specific age of 65 and at least 100% vested in his or her accrued benefit, has the election to receive all or any portion of his or her nonforfeitable accrued benefit.

1. DESCRIPTION OF PLAN AND BENEFITS (Cont'd)

H. Distribution to Participants

Amounts credited to an individual participant's account are distributed at termination of employment as a lump sum. Distributions may be deferred until the participant reaches the appropriate age as specified by the Internal Revenue Service, if the value of the distribution is not less than \$5,000. Partial withdrawals or installments are only permitted for required minimum distributions under Code Section 401(a)(9).

I. Plan Year

The Plan year is January 1 through December 31.

J. Administrative Expenses

Administrative expenses, except for certain custodial expenses of the Plan are paid by the Plan's Sponsor or paid by forfeiture credits.

K. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Nationwide Trust Company, FSB (the trustee of the Plan).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit responsive contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

B. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Participants' loans are valued at their outstanding balances, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Participants' note receivables are valued at their outstanding balances, which approximates fair value.

C. Payment of Benefits

Benefits are recorded when paid.

D. Forfeitures

Forfeitures of terminated participants' nonvested accounts are applied to the employer's contribution in the year following the year the forfeiture occurs, up to the amount of the employer's contribution. There were no forfeitures used for the year ended December 31, 2023. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$101,068 and \$44,177, respectively.

E. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's accounts and are included in administrative expenses when incurred. As of December 31, 2023 and 2022, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

F. Estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### 3. FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the years presented and there were no changes in the methods used to measure fair value at December 31, 2023 and 2022.

#### *Level 1 Fair Value Measurements*

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

	<u>Fair Value Measurements at Reporting Date Using:</u>			
	<u>Fair Value</u>	<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>	<u>Available Indirect Information (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>
<u>December 31, 2023</u>				
Mutual funds	<u>\$ 11,358,444</u>	<u>\$ 11,358,444</u>	<u>\$ 0</u>	<u>\$ 0</u>
Total assets at fair value	<u>\$ 11,358,444</u>	<u>\$ 11,358,444</u>	<u>\$ 0</u>	<u>\$ 0</u>
<u>December 31, 2022</u>				
Mutual funds	<u>\$ 10,818,112</u>	<u>\$ 10,818,112</u>	<u>\$ 0</u>	<u>\$ 0</u>
Total assets at fair value	<u>\$ 10,818,112</u>	<u>\$ 10,818,112</u>	<u>\$ 0</u>	<u>\$ 0</u>

3. FAIR VALUE MEASUREMENTS (Cont'd)

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2023, are reported in net appreciation (depreciation) in fair value of investments. The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2023, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

4. INVESTMENTS

The December 31, 2023 and 2022 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits, the accompanying notes to the financial statements and the supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the custodian and trustee, Nationwide Trust Company, FSB, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The accounts are credited with contributions, earnings on the underlying investments, charged for Plan withdrawals, and administrative expenses by Nationwide Trust Company, FSB.

The following table represents the investments.

	<u>2023</u>	<u>2022</u>
<u>Description of Issue:</u>		
Mutual funds	\$ 11,358,444	\$ 10,818,112
Fixed Select Contract - Nationwide	<u>1,102,107</u>	<u>1,189,604</u>
 TOTAL INVESTMENTS	 <u>\$ 12,460,551</u>	 <u>\$ 12,007,716</u>

During the year ended December 31, 2023, the Plan's investments (including investments bought, sold, and held during the year) appreciated in value by \$1,677,592.

5. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

Included in the Plan's investments is the guaranteed investment contract with an insurance company, which is a fully benefit-responsive investment contract with Nationwide Trust Company, FSB. Nationwide maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Nationwide Trust Company, FSB, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

5. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY (Cont'd)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2023 and 2022 was \$1,102,107 and \$1,189,604, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0 percent. The contract crediting rate is reset quarterly. The crediting rate ranged from 1.92% to 2.02% during the year ended December 31, 2023.

6. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Nationwide Trust Company, FSB. Nationwide Trust Company, FSB is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan, included in administration expenses, for the investment management services totaled \$23,904 for the year ended December 31, 2023. This party-in-interest transaction is exempt from the prohibited transaction rules of ERISA.

7. TAX STATUS

The Volume Submitter Document Sponsor obtained its latest IRS Opinion Letter dated March 31, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since then, we believe that the Plan was qualified and the related Trust was tax-exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is a qualified plan as described in Section 401(a) of the Internal Revenue Code and is therefore exempt from federal and state income taxes. Income generated by activities that would be considered unrelated to the Plan's purpose would be subject to tax which if incurred, would be recognized as a current expense. No such tax has been recognized as of December 31, 2023.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for any uncertain position that more likely than not would not be sustained upon examination by the IRS. Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for the years prior to 2020.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. RISKS AND UNCERTAINTIES

- A. The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
- B. In December 2019, an outbreak of a novel strain of coronavirus (COVID-19) originated and spread to several countries, including the United States. On March 11, 2020, the World Health Organization characterized COVID-19 as a pandemic. In addition, multiple jurisdictions in the United States declared states of emergency. It is unknown how long the economic impact of this situation on the business environment will last. The potential future disruptions to the Plan or the Plan Sponsor's operations or financial impact of these issues, if any, cannot be determined.

10. DATE OF MANAGEMENT'S REVIEW OF SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 9, 2024, the date the financial statements were available to be issued.
