NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023

Note 1 Description of Plan

The following description of the MHF Mgmt 2 LLC ("Company") 401(k) Profit Sharing Plan and Trust Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees become eligible after having completed one year of service and attaining the age of 21.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation up to the IRS maximum for the year, as defined in the Plan. Participants are automatically enrolled at a rate of 1% of gross pay upon being hired. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also rollover amounts representing distributions from other qualified retirement plans or IRAs. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers over thirty mutual funds as investment options for participants as well as a self-directed investment option. The Company also makes profit sharing contributions on a discretionary basis. No profit sharing contribution was made for the years ending December 31, 2023 and 2022. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Note 1 Description of Plan (Continued)

Notes Receivable from Participants - Participant Loans

Participants may borrow from their fund accounts subject to Plan provisions. The loans are secured by the balance in the participant's account and bear interest commensurate with local prevailing rates as determined at the time of the loan by Fidelity. Principal and interest are paid ratably through semi-monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited nonvested accounts totaled $0 and $0, respectively. Forfeited amounts are available to be used to reduce future employer contributions and pay administrative expenses of the plan. Employer contributions were not reduced for the years ended December 31, 2023 and 2022, respectively.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Actual results may differ from those estimates.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Interest and dividends includes capital gain distributions paid by mutual funds.

Note 2 Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participant Loans – Participant Loans

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. There were no participant loans and no allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Operating Expenses

The Plan permits the payment of Plan expenses to be made from the Plan's assets. Expenses may be allocated among all the expenses in the Plan, either proportionately based on the value of the account balances, or as an equal dollar amount based on the number of participants in the Plan. There are certain other expenses (listed in the summary plan description) that may be paid from a specific participant account, in which case the administrator will notify the participant of any charge directly to their account. Some expenses of maintaining the Plan are paid by the Company.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding increase in corrective distributions.

Note 3 Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification, "Fair Value Measurements and Disclosures" (FASB ASC 820) establishes a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Note 3 Fair Value Measurements (continued)

- Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

- Level 2 - inputs to the valuation methodology include:

  Quoted prices for similar assets or liabilities in active markets;
  Quoted prices for identical or similar assets or liabilities in inactive markets;
  Inputs other than quoted prices that are observable for the asset or liability;
  Inputs that are derived principally from or corroborated by observable market date by correlation or other means; and
  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used at December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 Fair Value Measurements (Continued)

Assets at fair value as of December 31, 2023 and 2022:

December 31, 2023	Level 1	Level 2	Level 3	Total
Mutual funds	$60,702	-	-	$ 60,702
Total assets, at fair value	$60,702	-	-	$ 60,702

December 31, 2022	Level 1	Level 2	Level 3	Total
Total assets, at fair value	$ -	--	-	$ 0

There were no significant transfers between levels during the years ended December 31, 2023 and 2022.

Note 4 Investments

During the year ended December 31, 2023, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $3,963 as follows:

	Amount
Registered Investment Companies (Mutual funds)	$ 3,963

Note 5 Related Party Transactions

The Company absorbed administrative costs related to the plan. Certain administrative functions of the Plan are performed by partners or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan.

Note 6 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 Reconciliation of Financial Statements to Schedule H of Form 5500

The financial statements agree to Schedule H of Form 5500; there are no reconciling items.

Note 8 Tax Status

The Plan document is a standardized prototype. As a standardized prototype, there is an Internal Revenue Service opinion letter dated August 31, 2020 that the form and qualification of the Plan document are acceptable under section 401(a) of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the U.S. Federal, state or local taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Typically, plan tax years will remain open for three years; however, this may differ depending upon the circumstances of the Plan.

Note 9 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 Plan Amendments

2023

The Plan was adopted, effective January 1, 2023, as described in Note 1.s.

Note 11 Subsequent Events

The Plan was amended, effective January 1, 2024, to replace automatic enrollment with enrollment by participant election, and to add an employer match of 100% to up to the first 1% of compensation that a participant elects to contribute.

Management has evaluated events through October 15, 2024, the date on which the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023

Note 1 Description of Plan

The following description of the MHF Mgmt 2 LLC ("Company") 401(k) Profit Sharing Plan and Trust Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees become eligible after having completed one year of service and attaining the age of 21.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation up to the IRS maximum for the year, as defined in the Plan. Participants are automatically enrolled at a rate of 1% of gross pay upon being hired. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also rollover amounts representing distributions from other qualified retirement plans or IRAs. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers over thirty mutual funds as investment options for participants as well as a self-directed investment option. The Company also makes profit sharing contributions on a discretionary basis. No profit sharing contribution was made for the years ending December 31, 2023 and 2022. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Note 1 Description of Plan (Continued)

Notes Receivable from Participants - Participant Loans

Participants may borrow from their fund accounts subject to Plan provisions. The loans are secured by the balance in the participant's account and bear interest commensurate with local prevailing rates as determined at the time of the loan by Fidelity. Principal and interest are paid ratably through semi-monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited nonvested accounts totaled $0 and $0, respectively. Forfeited amounts are available to be used to reduce future employer contributions and pay administrative expenses of the plan. Employer contributions were not reduced for the years ended December 31, 2023 and 2022, respectively.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Actual results may differ from those estimates.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Interest and dividends includes capital gain distributions paid by mutual funds.

Note 2 Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participant Loans – Participant Loans

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. There were no participant loans and no allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Operating Expenses

The Plan permits the payment of Plan expenses to be made from the Plan's assets. Expenses may be allocated among all the expenses in the Plan, either proportionately based on the value of the account balances, or as an equal dollar amount based on the number of participants in the Plan. There are certain other expenses (listed in the summary plan description) that may be paid from a specific participant account, in which case the administrator will notify the participant of any charge directly to their account. Some expenses of maintaining the Plan are paid by the Company.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding increase in corrective distributions.

Note 3 Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification, "Fair Value Measurements and Disclosures" (FASB ASC 820) establishes a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Note 3 Fair Value Measurements (continued)

- Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

- Level 2 - inputs to the valuation methodology include:

  Quoted prices for similar assets or liabilities in active markets;
  Quoted prices for identical or similar assets or liabilities in inactive markets;
  Inputs other than quoted prices that are observable for the asset or liability;
  Inputs that are derived principally from or corroborated by observable market date by correlation or other means; and
  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used at December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 Fair Value Measurements (Continued)

Assets at fair value as of December 31, 2023 and 2022:

December 31, 2023	Level 1	Level 2	Level 3	Total
Mutual funds	$60,702	-	-	$ 60,702
Total assets, at fair value	$60,702	-	-	$ 60,702

December 31, 2022	Level 1	Level 2	Level 3	Total
Total assets, at fair value	$ -	--	-	$ 0

There were no significant transfers between levels during the years ended December 31, 2023 and 2022.

Note 4 Investments

During the year ended December 31, 2023, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $3,963 as follows:

	Amount
Registered Investment Companies (Mutual funds)	$ 3,963

Note 5 Related Party Transactions

The Company absorbed administrative costs related to the plan. Certain administrative functions of the Plan are performed by partners or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan.

Note 6 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 Reconciliation of Financial Statements to Schedule H of Form 5500

The financial statements agree to Schedule H of Form 5500; there are no reconciling items.

Note 8 Tax Status

The Plan document is a standardized prototype. As a standardized prototype, there is an Internal Revenue Service opinion letter dated August 31, 2020 that the form and qualification of the Plan document are acceptable under section 401(a) of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the U.S. Federal, state or local taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Typically, plan tax years will remain open for three years; however, this may differ depending upon the circumstances of the Plan.

Note 9 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 Plan Amendments

2023

The Plan was adopted, effective January 1, 2023, as described in Note 1.s.

Note 11 Subsequent Events

The Plan was amended, effective January 1, 2024, to replace automatic enrollment with enrollment by participant election, and to add an employer match of 100% to up to the first 1% of compensation that a participant elects to contribute.

Management has evaluated events through October 15, 2024, the date on which the financial statements were available to be issued.
