Plan Administrator
MarineMax, Inc. 401(k) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of MarineMax, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedules of Assets (Held at End of Year) and Delinquent Participant Contributions as of and for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2023 and 2022

(1) **Description of the Plan**

The following brief description of the Plan provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

(a) **Organization**

MarineMax, Inc. (the "Employer" and "Plan Administrator") established a defined contribution plan, the MarineMax, Inc. 401(k) Profit Sharing Plan (the "Plan"), for the benefit of its employees effective September 1, 1998. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Effective January 1, 2022, the Plan was amended and restated in accordance with the Internal Revenue Service's ("IRS") mandatory restatement cycle.

(b) **General**

Great-West Life & Annuity Insurance Company ("Great West") is the appointed custodian of the Plan. The Plan operates under a trustee agreement with Great-West Trust Company, LLC ("GWTC"). Through the trustee agreement, the Plan receives recordkeeping services from Empower Retirement Company, a related party to the GWTC. The Plan offers certain investments through a group annuity contract with Great-West Life & Annuity Insurance Company ("GWL&A"), an entity affiliated with GWTC. GWL&A separately certifies information relating to its investment offerings.

Effective August 1, 2022, Great-West Trust Co, LLC updated their name to Empower Trust Company, LLC ("ETC") and Great-West Life & Annuity Insurance Company updated their name to Empower Life & Annuity Insurance Company of New York ("ELAIC").

The Plan is a defined contribution plan covering all eligible employees, with the exception of leased and reclassified employees. To participate in the Plan, employees must complete three months of service and attain the age of 18, as defined in the Plan. The Plan provides for automatic distribution of vested balances less than \$5,000 to participants upon termination of employment.

(c) **Contributions**

There is no limitation on the percentage of annual pretax compensation that participants in the Plan may contribute, provided the contributions do not exceed the maximum annual contribution limit allowed by the Internal Revenue Code. The maximum employee deferral for 2023 is \$22,500. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants who have reached age 50 prior to December 31 of the plan year may make catch-up contributions, subject to the Internal Revenue Code limitations of \$7,500 for 2023.

The Plan has auto-enrollment at 3% of plan compensation once participants are eligible, with an automatic increase of 1% for each plan year thereafter up to a maximum of 10%.

MARINEMAX, INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements - Continued

(1) **Description of the Plan - Continued**

(c) **Contributions - Continued**

The Employer may make a discretionary matching contribution to the Plan each year. During 2023, the Employer made a matching contribution at the following rate: 50% of the first 6% of eligible compensation contributed by each eligible participant. For the year ended December 31, 2023, total matching contributions were approximately \$6,029,000.

(d) **Investment Options**

Upon enrollment, a participant may direct employee and employer contributions to any of the Plan's fund options. Participants may also redirect their contributions or exchange their existing account balance among the funds on any business day.

(e) **Notes Receivable from Participants**

Participants may borrow from their account balances. The minimum amount a participant can borrow is \$1,000. The maximum amount a participant can borrow is the lesser of \$50,000 or half of the value of his or her vested account. The loan must be repaid in substantially equal biweekly payroll deductions over a term of no more than five years, unless the loan is for the purchase of a dwelling to be used as the participant's primary residence, in which case a reasonable repayment period is determined at the time of the loan. The loans bear interest at prime rate plus 1%. The Plan provides for a single, lump-sum repayment at any time.

(f) **Participants' Accounts**

Each participant's account is credited with the participant's contributions and allocations of (a) employer contributions and (b) plan investment results. Allocations of plan investment results are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

(g) **Vesting**

Participants are immediately vested in their contributions plus actual earnings thereon. For the Employer's matching contributions and any Employer nonelective contributions plus actual earnings thereon, participants vest on a pro rata basis of 20% per year beginning with the completion of the participants' second year of service. Therefore, a participant is fully vested after completion of a sixth consecutive year of service. The participant must have at least 1,000 hours of service in a year to vest for that year. In the event of death, total or permanent disability, or retirement, participants become fully vested in the Employer contributions.

(h) **Forfeitures**

Forfeitures of terminated participants' nonvested account balances are used to reduce the Employer's contributions in future periods. The Plan permits the Employer to use forfeitures in the plan year immediately following the plan year in which the forfeiture occurred.

MARINEMAX, INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements - Continued

(1) **Description of the Plan - Continued**

(h) **Forfeitures - Continued**

At December 31, 2023 and 2022, the Company had approximately \$166,000 and \$338,000, respectively, in forfeitures available to reduce future employer matching contributions. During the year ending December 31, 2023, the Company used approximately \$439,000 forfeitures to reduce employer contributions and approximately \$75,000 to reduce plan expenses.

(i) **Payment of Benefits**

Upon death, disability, retirement, or termination of service, participants or their designated beneficiaries may receive a lump-sum payment amount equal to the vested amount of their accounts. The Plan requires minimum distributions upon reaching age 73.

(j) **Hardship Withdrawals**

The Plan allows participants to withdraw a portion of their elective deferral account in the event of immediate and heavy financial need. Any hardship withdrawal is limited to the amount needed to meet the financial need and must qualify with respect to plan provisions.

(k) **Plan Termination**

Although the Employer has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all amounts credited to a participant's account will be fully vested and distributed as defined in the Plan.

(2) **Summary of Significant Accounting Policies**

(a) **Basis of Accounting**

The Plan's financial statements have been prepared on the accrual basis of accounting.

(b) **Valuation of Investments and Income Recognition**

The Plan invests in mutual funds which are stated at fair value based on the quoted market prices of shares held by the Plan at year end and stable value funds which are stated at their respective net asset values as reported by such funds. The net asset value is used as a practical expedient to estimate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

MARINEMAX, INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements - Continued

(2) **Summary of Significant Accounting Policies - Continued**

(b) **Valuation of Investments and Income Recognition - Continued**

Investments in the guaranteed investment contract, which are fully benefit responsive, are valued at contract value. Investments in the guaranteed investment contract, the Empower Guaranteed Interest Fund (“GIF”), are held as a general account product offered through a group annuity contract with Empower Life & Annuity Insurance Company of America. Participant principal and interest are fully guaranteed by the entire general account assets of Empower Life & Annuity Insurance Company of America.

The general account assets are primarily high-quality, fixed income bonds. The GIF is credited with declared rates of interest based on the earnings of the underlying assets in the portfolio compared to the minimum interest crediting rate, as stated in the contract with Empower Life & Annuity Insurance Company of America. The GIF is reported at contract value which is the basis for participant-initiated transactions.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendment to the plan document (including complete or partial termination or merger with another plan.); (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that would limit the ability of the Plan to transact at contract value with the participants.

(c) **Administrative Expenses**

The Employer pays all expenses incurred in the administration of the Plan, unless the Employer elects to have such expenses paid by the Plan. During the year ended December 31, 2023, certain recordkeeping fees and loan or distribution fees were charged to the Plan.

Fees paid by the Plan for administration services from Empower were approximately \$336,000 for the year ended December 31, 2023. Fees paid by the Plan to an investment advisor were approximately \$160,000 for the year ended December 31, 2023. These fees qualify as party-in-interest transactions and are recorded in administrative costs in the accompanying statement of changes in net assets available for benefits.

(d) **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

MARINEMAX, INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements - Continued

(2) **Summary of Significant Accounting Policies - Continued**

(e) **Notes Receivable from Participants**

The Plan's notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments, the loan balance is reduced, and a benefit payment is recorded.

(3) **Risks and Uncertainties**

The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and statement of changes in net assets available for benefits.

(4) **Information Prepared and Certified by the Trustee and Custodian**

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, ETC and ELAIC, the Plan's investment trustee and custodian, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments:

- Investments, at fair value
- Guaranteed investment contract, at contract value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of Assets (Held at End of Year)

The Plan's independent auditors' did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

(5) **Income Tax Status**

The underlying non-standardized pre-approved plan under GWTC received an opinion letter from the Internal Revenue Service dated June 30, 2020, stating that the form of the pre-approved plan was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

MARINEMAX, INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements - Continued

(5) **Income Tax Status - Continued**

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) **Party-in-Interest Transactions**

Certain plan investments are managed by ETC and ELAIC. As ETC and ELAIC are the trustee and custodian for the Plan, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. As defined in Section 3(14) of ERISA, they are expressly exempted from the prohibited transaction rules.

(7) **Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- (a) Quoted prices for similar assets or liabilities in active markets;
- (b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- (c) Inputs other than quoted prices that are observable for the asset or liability;
- (d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the best level of input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

MARINEMAX, INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements - Continued

(7) Fair Value Measurements - Continued

There have been no changes in the methodologies used at December 31, 2023 and 2022. Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds

Mutual Funds are valued at quoted market prices at year end and are classified as Level 1 investments.

Stable Value Funds

Stable Value Funds are valued at Net Asset Values (NAV) as reported by such funds. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The NAV has been determined by the trustee sponsoring the fund by dividing the trust's net assets at fair value by its units outstanding at the valuation dates.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Description	Assets Measured at Fair Value at December 31, 2023	Fair Value Measurements at December 31, 2023 Using		
		Observable Inputs (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 184,700,416	184,700,416	-	-
	184,700,416	184,700,416	-	-
Investments measured at NAV	1,568,955 (a)			
	\$ 186,269,371			
Description	Assets Measured at Fair Value at December 31, 2022	Fair Value Measurements at December 31, 2022 Using		
		Observable Inputs (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 126,497,837	126,497,837	-	-
	\$ 126,497,837	126,497,837	-	-

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value ("NAV") per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(8) Plan Transfer In

The Company acquired Intrepid Powerboats in November 2021. As a result, effective January 4, 2023, participant accounts totaling approximately \$5,031,000 were transferred from the Intrepid Powerboats 401(k) Profit Sharing Plan to the Plan.
