INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants
Artiflex Manufacturing Employee Stock Ownership Plan

Opinion on the Financial Statements

We have audited the financial statements of the Artiflex Manufacturing Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Artiflex Manufacturing Employee Stock Ownership Plan as of December 31, 2023, and the changes in net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Artiflex Manufacturing Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Artiflex Manufacturing Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Artiflex Manufacturing Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Artiflex Manufacturing Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

ARTIFLEX MANUFACTURING EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023

Note 1 – Description of the Plan

General

The Plan is a defined contribution plan that was established on January 1, 2023 by Artiflex Manufacturing, Inc. (the "Company"). In anticipation of the sale of Company stock to an employee stock ownership plan sponsored by the Company, the Company's Board of Directors adopted the Artiflex Manufacturing Profit Sharing Plan (the "PSP"), effective as of January 1, 2023, and subsequently converted the PSP into the Artiflex Manufacturing Employee Stock Ownership Plan (the "ESOP" and the "Plan"), effective as of September 1, 2023. The Plan is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following description of the Plan is provided for general information purposes only. Participants should refer to the Summary Plan Description or the Adoption Agreement, including amendments thereto, for a complete description of the Plan's provisions.

Administration

The Plan Sponsor and named Plan Administrator is Artiflex Manufacturing, Inc. The Plan Administrator is responsible for managing, controlling the operation and administration of the Plan and oversees the reasonableness of plan expenses and fees. The Plan's Trustee is Robert E. Lesser. The Trustee is the named fiduciary under the Plan. The Company has also retained Blue Ridge ESOP Associates to provide participant recordkeeping and administration services.

Eligibility

The Plan covers all employees of the Employer, except for leased employees, independent contractors, employees who live and work outside of the United States who do not receive United States-sourced compensation and employees covered by a collective bargaining agreement. All eligible covered employees must attain 19 years of age and six months of service prior to participating in the Plan, with the entry date being January 1st, April 1st, July 1st, or October 1st after satisfying the participation requirements. Contingent employees must attain 19 years of age and one year of service prior to participating in the Plan, with entry date being January 1st, April 1st, July 1st, or October 1st after satisfying the participation requirements.

Contributions to the Plan

The Company may make, at the discretion of its Board of Directors, annual contributions to the Plan in cash or shares of Company stock. Any shares of Company stock contributed to the Plan are valued at their fair market value at the date of contribution. Contributions are due by the last day of that plan year and are paid to the Trustee not later than the date for the filing of the Company's federal income tax return.

Allocations are based on a proportion of eligible compensation earned for that year by a participant to the total eligible compensation by all participants who are eligible to share in the allocations for that year. Participants must complete 1,000 hours of service during the plan year and must be employed on the last day of the plan year in order to share in allocations except for those who have reached normal retirement age, died or became disabled during the plan year.

ARTIFLEX MANUFACTURING EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023

The Plan may not accept rollover contributions from other plans.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Payment of Benefits

On termination of service, participants with vested account balances of \$5,000 or less are subject to involuntary cash-outs, in which automatic distribution of their account balance will occur without direct consent. If the participants' vested account balance is between \$1,000 and \$5,000 and a benefit election is not made, the vested benefit will be rolled over to an IRA selected by the Plan Administrator. Participants whose vested account balances exceed \$5,000 may elect a lump sum distribution or a rollover of their account balance to another qualified account. Additionally, they may also elect to defer the distribution of their plan balance; however, if any portion of the vested account balance includes Company stock, distributions shall commence no later than the year after the close of the fifth year following the plan year in which the participant terminates employment for a reason other than attainment of normal retirement age, death or becoming disabled. Participants who elect to have their benefit payments deferred continue to share in allocations of investment income and losses, but do not share in subsequent allocations of employer contributions. Special rules apply to distributions due to death, disability and retirement. Participants should refer to the full plan document for details.

Distributions from a participant's company stock account are made in cash or, if a participant elects, in the form of Company stock subject to the requirement that the Company stock be immediately sold to the Company at a price equal to its fair market value as determined as of the most recent valuation.

Under the provisions of the Plan, the Company is obligated to repurchase participant shares, which have been distributed under the terms of the Plan, as long as the shares are not publicly traded.

Administrative Fees and Expenses

As provided in the plan agreement, administrative expenses may be paid either by the Plan or by the Company.

Voting Rights

The Trustee shall vote the shares of Company stock held in the Plan with respect to all matters in its discretion. However, each participant or their beneficiary is entitled to direct the Trustee as to how to vote those shares allocated to his or her account with respect to any proposed merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all the assets of the business or any similar transaction.

ARTIFLEX MANUFACTURING EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023

Participant Accounts

Individual accounts are maintained for each plan participant to reflect the participant's entire interest under the Plan. Each participant's account is credited as of the last day of each plan year with: a) an allocation of shares of Company stock purchased or contributed by the Company to the Trust Fund for that year, b) allocation of shares of the Company's common stock released by the Trustee from the unallocated suspense account, c) the participant's allocable share of contributions made in that year in cash or property other than Company stock that is not used by the Trustees to purchase Company stock, d) forfeitures of terminated participants' non-vested accounts, e) any cash distributions paid during the year on Company stock credited to the participant's account, other than distributions paid directly to the participant and f) the allocable share of the Plan's net income or loss.

Notes Receivable from Participants

Participant loans are not permitted.

Vesting

Contributions are subject to a graded vesting schedule based on years of service at a rate of 20% per year after two full years of credited service. A participant is 100% vested after six years of credited service.

A participant's account also becomes fully vested upon attaining normal retirement age of 65 or upon the participant's death or disability.

Diversification

Diversification is offered during an election period to active participants with an account balance of at least \$500 who have attained age 55 and completed at least ten years of participation in the Plan so that they may have the opportunity to move part of their investment in shares of Company stock into investments that are more diversified. The election period is the period of six consecutive plan years beginning with the plan year in which a participant first becomes eligible to diversify. A participant may direct that an amount of cash equal to the value of a portion of his or her shares be either distributed to him or her or transferred to an account in his or her account name in another tax-qualified plan maintained by the Company, to be invested at the direction of the participant into three or more investment funds consisting of differing types of properties and offering different degrees of risk and potential reward.

Forfeitures

Forfeitures of non-vested participant balances are held in a forfeiture account and are to be reallocated annually to each remaining participant based on a proportion of eligible compensation earned for that year to the total eligible compensation earned by all participants who are eligible to share in the allocations for that year. There were no unallocated forfeitures as of December 31, 2023. During the year ended December 31, 2023, no shares of Company stock were forfeited from participant accounts and were reallocated to participants based on eligible compensation.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants is not readily tradable on an established market, nor is it subject to trading limitations including a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair value of the stock. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). Contributions and earnings are recorded when they are earned. Expenses are recorded in the accounting period in which they are incurred.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Allocations

The financial statements present separately the assets and liabilities and changes therein pertaining to: (a) the accounts of employees with rights in allocated stock (“allocated”) and (b) stock not yet allocated to employees (“unallocated”), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 14, 2024, which is the date the financial statements were available to be issued.

On February 22, 2024 the Plan purchased 350,000 shares of Company stock for \$65,942,827 at \$188.41 per share based on a valuation by an independent appraiser. On the same date, the Plan Sponsor also contributed 350,000 shares into the Plan as its contribution for the plan year ending December 31, 2024.

In May 2024, the Company deposited \$4,800,000 into the Plan related to the employer contributions for the year ended December 31, 2023 described in Note 3.

ARTIFLEX MANUFACTURING EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023

Note 3 – Party-in-Interest Transactions

The Plan's assets consist of contributions receivable from the Plan Sponsor, which are managed and controlled by the Artiflex Manufacturing Employee Stock Ownership Trust. Blue Ridge ESOP Associates is the Plan's recordkeeper. Transactions involving these assets are considered party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations. As of December 31, 2023, the Plan Sponsor owed contributions of \$4,800,000. There were no shares purchased by the Plan during the year ended December 31, 2023. Further, as described in Note 1, the Company may pay plan expenses and has a number of service providers. Such providers are parties-in-interest under ERISA.

Note 4 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and to terminate the Plan at any time by action of the Board subject to the provisions of ERISA. In the event of plan termination, participants will be vested 100% the balances in their accounts. Custodial fees and other operating expenses incurred after the termination date may, at the discretion of the Plan Sponsor, be paid by the Plan.

Note 5 – Plan Amendment and Tax Status

The Plan is a non-standardized pre-approved plan with an effective date of September 1, 2023, which has been filed with the IRS and has received a favorable opinion letter dated June 30, 2020. The Plan Sponsor believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code and, therefore, that the Plan is qualified under Section 401(a) and that the related Trust is tax-exempt as of December 31, 2023.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2023, the Plan Administrator believes that the Plan has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is not currently being examined.
