Independent Auditor's Report

Plan Committee and Plan Participants
Predictive Index Retirement Trust Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Predictive Index Retirement Trust Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Predictive Index Retirement Trust Plan

Notes to the Financial Statements

Note 1. Description of Plan

The following description of the Predictive Index Retirement Trust Plan (the Plan) provides only general information. Participants should refer to the Plan document, summary plan description and any amendments for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all the employees of Predictive Index, LLC (the Company or Employer). The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was most recently amended effective January 1, 2021, as follows: (1) employees hired on or after January 1, 2021, will receive the Company matching contributions, and (2) employees hired before January 1, 2021, will receive the Company profit-sharing contributions. Fidelity Management Trust Company (Fidelity or Trustee) serves as the trustee. An employee of the Company serves as the Plan Administrator.

Eligibility: All employees of the Company who have attained the age of 21 and are not a resident of Puerto Rico, covered by a collective bargaining agreement, or non-resident aliens who do not receive any earned income from a U.S. source, are eligible to participate in the Plan upon completion of three months of service. Eligible employees may enroll on the first day of the month, coinciding with the first day of the month following meeting the eligibility requirements for employee deferral contributions and matching employer contributions. Eligible employees may enroll immediately for qualified non-elective contributions.

Participant contributions: Participants may contribute up to 80% of pretax annual compensation, as defined in the Plan, subject to Internal Revenue Code (IRC) limitations, \$22,500 in 2023. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to \$7,500 in 2023. The Plan also allows after-tax (Roth) deferrals by participants. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions).

Employer profit-sharing and matching contributions: Profit-sharing and matching contributions are discretionary at the option of the Company's board of directors. For the year ended December 31, 2023, the Company contributed a total of \$2,109,687 for profit-sharing and employer-matching contributions.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Company's discretionary profit-sharing contributions (if any), (b) plan earnings, and (c) employer matching contributions, and is charged with an allocation of administrative expenses, as applicable. Allocations are based on participant earnings and losses or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately 100% vested in their elective contributions plus actual earnings. Participants are 100% vested in the Company's discretionary profit-sharing (nonelective) contributions and the matching contributions plus actual earnings.

Investment options: Each participant shall direct the investment of their account among a money market fund and a selection of mutual funds. Contributions may be diversified among one or more funds in increments of 1%.

Predictive Index Retirement Trust Plan

Notes to the Financial Statements

Note 1. Description of Plan (Continued)

Notes receivable from participants: The Plan allows participants to take loans subject to certain statutory limits. The Plan permits its participants to borrow from their accounts up to a maximum equal to the lesser of \$50,000 (less the highest outstanding loan balance in the previous 12 months) or 50% of their vested account balance. Loan terms range from one to five years. For the purchase of a primary residence, loan terms range up to 10 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator at the time of the loan.

Payment of benefits: The Plan permits withdrawals when a participant terminates employment, retires, or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains the age of 59½. On termination of service due to death, disability, or retirement, a participant, or the applicable beneficiary, may elect to receive either a lump sum amount equal to the value of the participant's vested interest in their account or monthly, quarterly, semi-annual or annual installments over a period of several years, as defined. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution.

Note 2. Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of accounting: The financial statements have been prepared on the accrual basis of accounting in accordance with accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets generally accepted accounting principles in the United States (U.S. GAAP) to ensure net assets available for plan benefits and changes in net assets available for plan benefits are consistently reported. References to U.S. GAAP issued by the FASB in these footnotes are to the FASB Accounting Standards Codification (ASC).

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. Delinquent loans are treated as distributions based on the terms of the Plan document.

Payments of benefits: Benefits are recorded when paid.

Predictive Index Retirement Trust Plan

Notes to the Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Administrative costs: Certain expenses incurred in the administration of the Plan may be paid by the Company and are excluded from these financial statements. Investment-related expenses are included in the net depreciation of the fair value of investments.

Income taxes: U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a liability (or asset) if the Plan has taken any uncertain tax positions that, more likely than not, would not be sustained upon examination by a tax authority. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that required adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for the years before 2020.

Note 3. Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

Level 2: Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Money market and mutual funds: Money market and mutual funds are valued at quoted prices in active markets. These securities are categorized in Level 1 as they are actively traded and no valuation adjustments have been applied.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

Note 4. Information Certified or Provided by Plan's Trustee

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and ERISA-required supplemental schedule, that was prepared by or derived from information provided by the Trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information related to the following assets:

	2023	2022
Investments:		
Investments, at fair value	<u>\$ 24,092,341</u>	<u>\$ 16,646,629</u>
Participant loans:		
Notes receivable from participants	<u>\$ 74,747</u>	<u>\$ 61,281</u>

The Trustee also certified to the completeness and accuracy of \$3,480,393 of net appreciation in fair value of investments, \$534,457 of interest and dividends on investments related to the aforementioned assets and \$4,919 of interest income on notes receivable from participants for the year ended December 31, 2023.

Predictive Index Retirement Trust Plan

Notes to the Financial Statements

Note 5. Income Tax Status

The Plan has adopted a prototype plan, which the Internal Revenue Service (IRS) has determined by a letter dated June 30, 2020, is designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7. Party-in-Interest Transactions

The Plan's investments consist of certain money markets and mutual funds managed by Fidelity. Therefore, these transactions qualify as party-in-interest transactions as that term is defined in Section 3(14) of ERISA. The Plan also issues notes receivable from participants, which are secured by the balances in the participant's account and also constitute party-in-interest transactions.

Note 8. Risks and Uncertainties

The Plan provides investment options that invest in various combinations of stocks, bonds, fixed-income securities, real estate and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements as of December 31, 2023 and 2022, to Form 5500:

	2023	2022
Net assets available for plan benefits per financial statements	\$ 25,879,272	\$ 18,718,862
Employee contribution receivable	(117,526)	(112,614)

Note 9. Reconciliation of Financial Statements to Form 5500 (Continued)

The following is a reconciliation of the net increase in net assets available for plan benefits for the year ended December 31, 2023 per the financial statements to Form 5500:

Net increase in net assets available for benefits per the financial statements	\$ 7,160,410
Change in employer contribution receivable	303,680
Change in employee contribution receivable	(4,912)
Deemed distributions of participants loans	9,536
Net income per Form 5500	<u>\$ 7,468,714</u>

Note 10. Subsequent Events

On February 14, 2024, the Company's Board of Directors voted that all employees would receive the Company matching contributions on a go forward basis, regardless of their date of hire.

The Plan has evaluated subsequent events through October 15, 2024, the date the financial statements were available to be issued.

Plan Committee and Plan Participants
Predictive Index Retirement Trust Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Predictive Index Retirement Trust Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Predictive Index Retirement Trust Plan

Notes to the Financial Statements

Note 1. Description of Plan

The following description of the Predictive Index Retirement Trust Plan (the Plan) provides only general information. Participants should refer to the Plan document, summary plan description and any amendments for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all the employees of Predictive Index, LLC (the Company or Employer). The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was most recently amended effective January 1, 2021, as follows: (1) employees hired on or after January 1, 2021, will receive the Company matching contributions, and (2) employees hired before January 1, 2021, will receive the Company profit-sharing contributions. Fidelity Management Trust Company (Fidelity or Trustee) serves as the trustee. An employee of the Company serves as the Plan Administrator.

Eligibility: All employees of the Company who have attained the age of 21 and are not a resident of Puerto Rico, covered by a collective bargaining agreement, or non-resident aliens who do not receive any earned income from a U.S. source, are eligible to participate in the Plan upon completion of three months of service. Eligible employees may enroll on the first day of the month, coinciding with the first day of the month following meeting the eligibility requirements for employee deferral contributions and matching employer contributions. Eligible employees may enroll immediately for qualified non-elective contributions.

Participant contributions: Participants may contribute up to 80% of pretax annual compensation, as defined in the Plan, subject to Internal Revenue Code (IRC) limitations, \$22,500 in 2023. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to \$7,500 in 2023. The Plan also allows after-tax (Roth) deferrals by participants. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions).

Employer profit-sharing and matching contributions: Profit-sharing and matching contributions are discretionary at the option of the Company's board of directors. For the year ended December 31, 2023, the Company contributed a total of \$2,109,687 for profit-sharing and employer-matching contributions.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Company's discretionary profit-sharing contributions (if any), (b) plan earnings, and (c) employer matching contributions, and is charged with an allocation of administrative expenses, as applicable. Allocations are based on participant earnings and losses or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately 100% vested in their elective contributions plus actual earnings. Participants are 100% vested in the Company's discretionary profit-sharing (nonelective) contributions and the matching contributions plus actual earnings.

Investment options: Each participant shall direct the investment of their account among a money market fund and a selection of mutual funds. Contributions may be diversified among one or more funds in increments of 1%.

Predictive Index Retirement Trust Plan

Notes to the Financial Statements

Note 1. Description of Plan (Continued)

Notes receivable from participants: The Plan allows participants to take loans subject to certain statutory limits. The Plan permits its participants to borrow from their accounts up to a maximum equal to the lesser of \$50,000 (less the highest outstanding loan balance in the previous 12 months) or 50% of their vested account balance. Loan terms range from one to five years. For the purchase of a primary residence, loan terms range up to 10 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator at the time of the loan.

Payment of benefits: The Plan permits withdrawals when a participant terminates employment, retires, or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains the age of 59½. On termination of service due to death, disability, or retirement, a participant, or the applicable beneficiary, may elect to receive either a lump sum amount equal to the value of the participant's vested interest in their account or monthly, quarterly, semi-annual or annual installments over a period of several years, as defined. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution.

Note 2. Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of accounting: The financial statements have been prepared on the accrual basis of accounting in accordance with accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets generally accepted accounting principles in the United States (U.S. GAAP) to ensure net assets available for plan benefits and changes in net assets available for plan benefits are consistently reported. References to U.S. GAAP issued by the FASB in these footnotes are to the FASB Accounting Standards Codification (ASC).

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. Delinquent loans are treated as distributions based on the terms of the Plan document.

Payments of benefits: Benefits are recorded when paid.

Note 2. Summary of Significant Accounting Policies (Continued)

Administrative costs: Certain expenses incurred in the administration of the Plan may be paid by the Company and are excluded from these financial statements. Investment-related expenses are included in the net depreciation of the fair value of investments.

Income taxes: U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a liability (or asset) if the Plan has taken any uncertain tax positions that, more likely than not, would not be sustained upon examination by a tax authority. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that required adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for the years before 2020.

Note 3. Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

Level 2: Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Money market and mutual funds: Money market and mutual funds are valued at quoted prices in active markets. These securities are categorized in Level 1 as they are actively traded and no valuation adjustments have been applied.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

Note 4. Information Certified or Provided by Plan's Trustee

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and ERISA-required supplemental schedule, that was prepared by or derived from information provided by the Trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information related to the following assets:

	2023	2022
Investments:		
Investments, at fair value	<u>\$ 24,092,341</u>	<u>\$ 16,646,629</u>
Participant loans:		
Notes receivable from participants	<u>\$ 74,747</u>	<u>\$ 61,281</u>

The Trustee also certified to the completeness and accuracy of \$3,480,393 of net appreciation in fair value of investments, \$534,457 of interest and dividends on investments related to the aforementioned assets and \$4,919 of interest income on notes receivable from participants for the year ended December 31, 2023.

Notes to the Financial Statements

Note 5. Income Tax Status

The Plan has adopted a prototype plan, which the Internal Revenue Service (IRS) has determined by a letter dated June 30, 2020, is designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7. Party-in-Interest Transactions

The Plan's investments consist of certain money markets and mutual funds managed by Fidelity. Therefore, these transactions qualify as party-in-interest transactions as that term is defined in Section 3(14) of ERISA. The Plan also issues notes receivable from participants, which are secured by the balances in the participant's account and also constitute party-in-interest transactions.

Note 8. Risks and Uncertainties

The Plan provides investment options that invest in various combinations of stocks, bonds, fixed-income securities, real estate and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements as of December 31, 2023 and 2022, to Form 5500:

	2023	2022
Net assets available for plan benefits per financial statements	\$ 25,879,272	\$ 18,718,862
Employee contribution receivable	(117,526)	(112,614)
Employer contributions receivable	(1,594,658)	(1,898,338)
Deemed distributions of participants loans	(4,515)	(14,051)
Net assets available for plan benefits per Form 5500	<u>\$ 24,162,573</u>	<u>\$ 16,693,859</u>

Note 9. Reconciliation of Financial Statements to Form 5500 (Continued)

The following is a reconciliation of the net increase in net assets available for plan benefits for the year ended December 31, 2023 per the financial statements to Form 5500:

Net increase in net assets available for benefits per the financial statements	\$ 7,160,410
Change in employer contribution receivable	303,680
Change in employee contribution receivable	(4,912)
Deemed distributions of participants loans	9,536
Net income per Form 5500	<u>\$ 7,468,714</u>

Note 10. Subsequent Events

On February 14, 2024, the Company's Board of Directors voted that all employees would receive the Company matching contributions on a go forward basis, regardless of their date of hire.

The Plan has evaluated subsequent events through October 15, 2024, the date the financial statements were available to be issued.
