Report of Independent Auditor

To the Plan Administrator
Integrated Health Resources 401(k) Plan
Atlanta, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Integrated Health Resources 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating the certified investment information, as described in Note 3 to the financial statements, are complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule of Delinquent Contributions – Form 5500, Schedule H, Form IV, Line 4a for the year ended December 31, 2023 and Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INTEGRATED HEALTH RESOURCES 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 1—Description of the Plan

The following brief description of the Integrated Health Resources 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan, established by Integrated Health Resources, LLC (the “Employer” or “Company”) on March 1, 2002, and most recently restated effective January 1, 2023. All non-excluded employees who have reached the age of 18 are eligible to participate in the Plan following 90 days of consecutive service on the first day of the month coinciding with or next following the date these requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Administration – The Plan is administered by the Employer. The Plan administrator has the overall responsibility and authority as the named fiduciary to manage and control the operations and administration of the Plan and may designate one or more individuals to perform those responsibilities.

Contributions – Each year, participants may elect to contribute a percentage of their compensation or a set amount per pay period to the Plan each Plan year. Total participant contributions in any calendar year are limited to the applicable limits under Internal Revenue Code (“IRC”) Section 402(g). The Plan also provides certain limitations may be imposed on participants’ contributions in order to comply with statutory requirements. Once eligible, participants may also contribute amounts representing distributions from other qualified retirement plans or traditional individual retirement accounts. The Plan has an automatic enrollment feature in which all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation. The Company may, at its discretion, contribute to the Plan an amount determined by the Company.

Catch-Up Contributions – If a participant is eligible to make deferrals and turns 50 before the end of the calendar year, the participant may defer an additional amount into the Plan as a pre-tax contribution. The additional contributions in any calendar year are limited to the applicable IRC limitations.

Participant Accounts – Each participant’s account is credited with the participant’s pre-tax and rollover contributions, Company-discretionary contributions and Plan earnings, and is charged with losses, withdrawals, and administrative expenses. Earnings, expenses, and gains and losses on investments are allocated to participant accounts based on participant account balances, as defined in the Plan agreement. There is no non-participant directed investments.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contributions occurs upon completion of five full years of credited service, attainment of normal or early retirement age, death, or disability while an employee. A full year of service is defined as 1,000 hours credited during a Plan year. Vesting in Company contributions occurs according to the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

INTEGRATED HEALTH RESOURCES 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 1—Description of the Plan (continued)

Benefits Paid to Participants – Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount, equal to the value of the participant's vested interest in his or her account, a partial lump sum, or installment distribution for required minimum distributions.

Participants withdrawing from the Plan due to termination of employment, other than due to retirement, death, or disability, will only be entitled to receive the value of their vested account, by transfer to another qualified plan or individual retirement account or through lump sum distribution. If the participant's vested account balance, as defined in the Plan agreement, does not exceed \$5,000, then a distribution will be made regardless of participant election as to payment. The Plan may, upon termination of service of a participant for any reason, pay the benefits owed in lump sum if the account balance is less than the involuntary cash-out amount.

Forfeited Accounts – If a participant terminates employment before being fully vested, then the nonvested portion of the terminated participant's account balance is considered a forfeiture and remains in the Plan. The Plan had \$-0- forfeitures as of December 31, 2023 and 2022. Any forfeited accounts are used to pay future administrative expenses or to reduce future Employer contributions. For the year ended December 31, 2023, no forfeitures were used to pay administrative fees.

Note 2—Summary of significant accounting policies

Basis of Presentation – The accompanying financial statements have been prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments in the Plan are reported at fair value. U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Benefits Paid to Participants – Benefits paid to participants are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Company and are, therefore, excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions.

INTEGRATED HEALTH RESOURCES 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 2—Summary of significant accounting policies (continued)

Fair Value Measurements – U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset and liability, in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

U.S. GAAP defines three levels of inputs that may be used to measure fair value as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following are descriptions of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodology used at December 31, 2023 or 2022.

Money Market Account – This investment is a public investment vehicle valued using the net asset value ("NAV") provided by the administrator of the fund. The underlying assets are generally comprised of short-term securities representing high quality, liquid debt, and monetary assets. John Hancock Life Insurance Company (U.S.A.) ("John Hancock") establishes the market and quotes the price, on a daily basis, that is available to market participants, which is a market approach to valuation. The money market account is classified within Level 1 of the valuation hierarchy.

Pooled Separate Accounts – These investments are public investment vehicles valued at NAV provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the Plan, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and is classified within Level 2 of the valuation hierarchy.

The Plan believes its valuation methods are appropriate and consistent with other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

INTEGRATED HEALTH RESOURCES 401(k) PLAN **NOTES TO THE FINANCIAL STATEMENTS**

DECEMBER 31, 2023 AND 2022

Note 3—Information certified by the qualified institution (unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock, (the "qualified institution" of the Plan), has certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedules as of December 31, 2023 and 2022, and for the year ended December 31, 2023.

- Investments, at fair value as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net appreciation in fair value of investments as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2023.

The Plan's independent auditor did not perform auditing procedures with respect to the certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

Note 4—Fair value measurements

The Plan's financial instruments carried at fair value are classified by the following fair value hierarchy levels as of December 31:

2023				
	Level 1	Level 2	Level 3	Total Fair Value
Investments, at fair value:				
Money market account	\$ 30,035	\$ -	\$ -	\$ 30,035

Total investments at fair value	<u>\$ 30,035</u>	<u>\$ 1,928,189</u>	<u>\$ -</u>	<u>\$ 1,958,224</u>

INTEGRATED HEALTH RESOURCES 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

Note 5—Party-in-interest transactions

John Hancock performs services for, sell products to, and maintain certain investments for the Plan for which fees are charged to the Plan. G.W. Henssler & Associates provides investment advice and monitoring for the Plan and provides certain non-fiduciary services for Plan participants.

Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. These administrative expenses amounted to approximately \$26,000 for the year ended December 31, 2023.

Note 6—Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts based on participant earnings and distributed in such a manner as defined by the Plan.

Note 7—Tax status

The Company adopted a prototype non-standardized defined contribution pre-approved plan. The prototype plan received a favorable opinion from the IRS on June 1, 2021, which stated the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified and tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8—Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9—Subsequent events

In accordance with U.S. GAAP related to subsequent events, the Plan has evaluated all events subsequent through October 15, 2024, the date these financial statements were available to be issued.
