| <b>Part I</b> | <b>Asset and Liability Statement</b> |
|---------------|--------------------------------------|

**1** Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

## *Independent Auditors' Report*

To the Plan Administrator  
Swarovski Employee Retirement Savings Plan  
Cranston, Rhode Island

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed the audits of the financial statements of the Swarovski Employee Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Other Matter - Supplemental Schedule Required by ERISA***

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# **SWAROVSKI EMPLOYEE RETIREMENT SAVINGS PLAN**

## ***Notes to Financial Statements***

### ***Note 1 - Description of Plan***

The following description of the Swarovski Employee Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

#### ***General***

The Plan is a defined contribution plan sponsored by Swarovski U.S. Holdings Limited, Touchstone Crystal, LP, Swarovski Lighting, Ltd. and Chamilia, LLC (collectively the “Employer”) and is intended to provide eligible employees with supplemental retirement income. The Plan offers retirement benefits for employees, other than employees subject to a collective bargaining agreement (“Participants”) and is funded through Employer and employee contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Participants direct the investment of all contributions into various investment options offered by the Plan. All investments, other than any balances in forfeiture accounts, are participant directed.

Employees become eligible to commence salary deferrals and receive an Employer matching contribution upon completion of three months of service following the commencement of employment. Participants may enter the Plan and begin deferring on the first day of the quarter following the completion of the initial three months of service requirement.

Eligibility for the Employer profit sharing contribution is based upon the completion of 1,000 hours of service and being employed on the last day of the Plan year.

#### ***Contributions***

##### ***Participant Contributions***

Participants may elect to contribute up to 20% of their pre-tax annual compensation, as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified employee benefit plans (“Participant Rollovers”).

##### ***Employer Contributions***

###### ***Safe Harbor Matching Contributions***

Each pay period the Employer will make safe harbor matching contributions in an amount equal to 100% of the first 3% and 50% of the next 2% of eligible compensation that a participant contributed to the Plan, subject to limits imposed by Federal law.

###### ***Profit Sharing Contributions***

On an annual basis, the Employer contributes 1% of the compensation of all eligible employees.

## *Notes to Financial Statements*

### **Note 1 - Description of Plan (Continued)**

#### ***Participant Accounts***

Each participant's account is credited with the participant's contributions, pro-rata allocation of Employer contributions, actual investment earnings/losses thereon, and reduced by a pro-rata allocation of administrative and direct administrative expenses, as applicable. Allocations are based on participant compensation, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan allocates amounts held in the revenue credit account after paying Plan expenses to participants based on participant balances.

#### ***Vesting***

Participants are fully vested in their deferral, rollover contributions and Employer matching contributions made to the Plan. Participants are vested in Employer profit sharing contributions and earnings thereon according to the following schedule:

| <b><i>Years of Service</i></b> | <b><i>Percentage of Account Vested</i></b> |
|--------------------------------|--------------------------------------------|
| Less than 3                    | 0%                                         |
| 3 or more                      | 100%                                       |

Participants must complete a minimum of 1,000 hours of service in a Plan year to receive credit for a year of vesting service.

#### ***Payment of Benefits***

In-service withdrawals from a participant's total vested account balance are permitted upon reaching age 59½. Participants are entitled to a lump-sum payment of their total vested account balance upon death, disability, retirement or termination of employment, as defined by the Plan. The Plan also allows for hardship withdrawals from a participant's accounts. Upon termination, if a participant's vested account is less than \$1,000, and the participant does not elect to have a distribution, the Plan administrator may distribute their vested account balance directly to the participant.

#### ***Notes Receivable from Participants***

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. A participant may only have two loans outstanding at a time. Loan terms range up to 5 years, or longer if the loan is used for the purchase of a primary residence. Loans are secured by the vested balance in the participant's account and bear interest at a rate determined by the Plan administrator based on prevailing interest rates, plus 1%. Principal and interest are paid ratably through payroll deductions.

## ***Notes to Financial Statements***

### ***Note 1 - Description of Plan (Continued)***

#### ***Forfeitures***

When Participants who are not fully vested terminate employment with the Employer, they are only entitled to the vested portion of their participant account balance and the nonvested portion is forfeited. Forfeitures are used to pay certain Plan expenses and reduce future Employer contributions to the Plan. Forfeitures outstanding at December 31, 2023 and 2022 were \$19,375 and \$35,642, respectively. Subsequent to each year ended December 31, 2023 and 2022, \$52,020 and \$60,172, respectively, was used to decrease the Employer contribution and is reflected as a reduction to the contribution receivables at the respective year ends.

#### ***Plan Expenses***

Plan administrative expenses are paid for by the Employer, except for loan issuance fees, which are paid by the applicable participants, and investment advisory and management fees, which are paid by the Plan.

### ***Note 2 - Summary of Significant Accounting Policies***

#### ***Basis of Presentation***

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

#### ***Investments, Investment Valuation and Income Recognition***

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### ***Unit Values***

Individual participant accounts for the common/collective trust are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities of the trust or other assets in the fund, but do have an interest therein represented by units which are valued daily. The fund earns dividends and interest, which are automatically reinvested in additional units. Generally, contributions to and withdrawals from the fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the Participants' accounts are charged or credited with the number of units properly attributable to each participant.

## ***Notes to Financial Statements***

### ***Note 2 - Summary of Significant Accounting Policies (Continued)***

#### ***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could vary from those estimates.

#### ***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

#### ***Non-Interest Bearing Cash***

Amounts representing pending settlement transactions at December 31, 2023 and 2022 are considered cash. The Plan may, during the ordinary course of business, maintain account balances in excess of federally insured limits. No amounts were in excess of federally insured limits at December 31, 2023 and 2022.

#### ***Benefits Paid***

Benefits are recorded when paid.

#### ***Subsequent Events***

The Plan has evaluated subsequent events through October 11, 2024, the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.

### ***Note 3 - Information Certified by Custodian***

Plan investments are held by Bank of America, N.A. ("Bank of America"), the custodian of the Plan. Bank of America has certified to the fair value of investments as of December 31, 2023 and 2022 and investment transactions for the year ended December 31, 2022. Investment transactions include interest and dividend income and net appreciation in fair value of investments. Information included in the supplemental Schedule of Assets (Held at End of Year) and notes receivable from participants have also been derived from information certified by Bank of America. The Plan offers investment choices to allow Participants to create a diversified portfolio of assets based on the participant's risk tolerance. Participants in the Plan may direct contributions to a variety of investment options.

### **Note 4 - Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

- |                |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
|----------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <i>Level 1</i> | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.                                                                                                                                                                                                                                                                                                                                                                                                               |
| <i>Level 2</i> | Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| <i>Level 3</i> | Inputs to the valuation methodology are unobservable and significant to the fair value measurement.                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

#### ***Mutual Funds***

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

#### ***Units in Common/Collective Trusts***

Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The Invesco Stable Value Trust (the "Trust") is a common/collective trust fund that is considered to be a stable value fund with underlying investments in investment contracts that are valued at the NAV of the units owned. The value of the units owned is based on the fair market value of the underlying investments of the fund less liabilities.

## Notes to Financial Statements

### Note 4 - Fair Value Measurements (Continued)

#### Units in Common/Collective Trusts (Continued)

Investment contracts held by a defined contribution plan that indirectly invest in fully benefit-responsive investment contracts (stable value funds) are required to be reported at fair value and are outside the scope of Accounting Standards Update (“ASU”) No. 2015-12. These funds calculate NAV based on net assets which include fully benefit-responsive investment contracts. The NAV represents the Plan’s fair value since this is NAV at which the Plan transacts with the Funds.

The Trust is an open-end commingled pool dedicated exclusively to the management of assets of defined contribution plans. The Trust’s investment objectives are to seek preservation of capital and a competitive level of income over time. To achieve their investment objectives, the Trust invests in underlying assets (typically fixed income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements) and enters into a “wrapper” contract issued by a third party. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value on a daily basis. At December 31, 2023 and 2022, there are no unfunded commitments and the market interest rate was 4.98% and 5.05%, respectively. The average portfolio crediting rate for the year ended December 31, 2023 was 3.02%. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The categorization of an investment within the fair value hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to Plan management’s perceived risk of that investment.

Based on the fair value hierarchy levels, the investments held by the Plan as of December 31, 2023 and 2022 are as follows:

| <b>Description</b>                                  | <b>Assets at Fair Value as of December 31, 2023</b> |                    |                    |                             |

- (a) In accordance with ASC Subtopic 820-10, *Fair Value Measurements*, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified within the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy amounts to amounts presented in the Statements of Net Assets Available for Benefits.

### Note 5 - Fair Value of Investments in Entities that Use NAV Practical Expedient

The following table summarizes investments measured at fair value based on NAV per share practical expedient as of December 31, 2023 and 2022, respectively:

| Investment                   | Fair Value<br>December 31,<br>2023 | Fair Value<br>December 31,<br>2022 | Unfunded<br>Commitments | Redemption<br>Frequency | Redemption<br>Notice Period |

- (b) Fair value of the investment in the common/collective trust has been estimated using the NAV of the investment. The common/collective trust listed in the above chart can be redeemed for benefit payments and participant transfers to a noncompeting option on a daily basis. Withdrawals, other than for benefit payments and participant transfers to noncompeting options, require a two-year advance written notice.

# SWAROVSKI EMPLOYEE RETIREMENT SAVINGS PLAN

## *Notes to Financial Statements*

### ***Note 6 - Risk and Uncertainties***

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events such as an international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

### ***Note 7 - Related-Party and Party-In-Interest Transactions***

Certain Plan investments are managed by Merrill Lynch, Pierce, Fenner & Smith, Inc. ("Merrill Lynch"), a wholly owned subsidiary of Bank of America, N.A. Merrill Lynch is the recordkeeper as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. During the year ended December 31, 2023, the Plan received revenue sharing credits of \$129,647 from Merrill Lynch, which are reported as other income on the Statement of Changes in Net Assets Available for Benefits. Fees paid to Merrill Lynch and other service providers which were not covered by revenue sharing amounted to \$33,031 for the year ended December 31, 2023. The Employer pays directly any other fees related to the Plan's operations. Notes receivable from Participants also qualify as exempt party-in-interest transactions.

### ***Note 8 - Plan Termination***

Although it has not expressed any intent to do so, the Employer has the right to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, Participants will become fully vested in their accounts. Any unallocated assets of the Plan shall be allocated to Participants' accounts and distributed in such a manner as the Employer may determine.

### ***Note 9 - Tax Status***

The Internal Revenue Service has determined that the prototype 401(k) profit sharing plan is designed in accordance with applicable sections of the Internal Revenue Code (the "IRC") and informed the trustee of such in a letter dated June 30, 2020. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been recorded in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
