Independent Auditor's Report

**To the Participants and Plan Administrator of
The 401(k) Plan of PE Gastro Management, LLC
Silver Spring, Maryland**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The 401(k) Plan of PE Gastro Management, LLC (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The 401(k) Plan of PE Gastro Management, LLC's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**To the Participants and Plan Administrator of
The 401(k) Plan of PE Gastro Management, LLC
Silver Spring, Maryland**

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The 401(k) Plan of PE Gastro Management, LLC and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The 401(k) Plan of PE Gastro Management, LLC's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

**To the Participants and Plan Administrator of
The 401(k) Plan of PE Gastro Management, LLC
Silver Spring, Maryland**

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The 401(k) Plan of PE Gastro Management, LLC's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The 401(k) Plan of PE Gastro Management, LLC's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) and the schedule of delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**To the Participants and Plan Administrator of
The 401(k) Plan of PE Gastro Management, LLC
Silver Spring, Maryland**

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The 401(k) Plan of PE Gastro Management, LLC

Notes to Financial Statements

December 31, 2023 and 2022

Note 1: The Plan and its significant accounting policies:

The following description of The 401(k) Plan of PE Gastro Management, LLC (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that was established by Capital Digestive Care, LLC (CDC) on January 1, 2009 to provide benefits to eligible employees. The Plan covers all employees of the Company who have attained 21 years of age and have completed one year of service, which is defined as having worked 1,000 hours in the 12 consecutive month period beginning with an employee's first day of employment. Plan entry dates were originally January 1st or July 1st which coincides with or immediately follows the date eligibility requirements are met. An employee who was employed by CDC on June 1, 2009 and who was expected to be credited with at least 83-1/3 hours of service during each calendar month of employment in 2009 was eligible to enter the Plan on June 1, 2009 provided the employee satisfied the minimum age requirement. Effective January 1, 2011, the Plan adopted a safe harbor provision, which provides a fixed company contribution of 3% of each eligible employee's compensation. Effective June 1, 2018, the Plan was amended to modify the trustees of the Plan.

Effective January 1, 2020, CDC assigned the sponsorship and related assets and liabilities of the Plan to PE Gastro Management, LLC (the Company). The Company then adopted a restated Plan document and adoption agreement, and CDC became an adopting employer of the restated Plan. Other changes effective January 1, 2020 included the following: (1) changing the Plan name to The 401(k) Plan of PE Gastro Management, LLC, (2) changing Plan trustees, and (3) changing the custodian and recordkeeper from Voya Retirement Insurance and Annuity Company to Principal Life Insurance Company and Principal Trust Company. Effective with the Plan restatement on January 1, 2020, non-resident aliens, leased employees, and union employees are now excluded from the Plan.

Additional changes resulting from a restated adoption agreement effective January 1, 2021 included the following: (1) changing Plan entry dates to the January 1st, April 1st, July 1st or October 1st which coincides with or immediately follows the date eligibility requirements are met, (2) changing the automatic enrollment default deferral rate to 5%, and (3) changing Plan trustees.

On August 1, 2022, Gastroenterology, LTD was acquired. As a result, their benefit plan was merged into the Plan. As a result of this merger, investments totaling \$9,286,844 were transferred into the Plan.

The 401(k) Plan of PE Gastro Management, LLC

Notes to Financial Statements

December 31, 2023 and 2022

Note 1: The Plan and its significant accounting policies: (continued)

On January 1, 2023, the retirement plan of Gastrointestinal & Liver Specialists of Tidewater, PLLC was merged into the Plan. As a result, investments totaling \$36,129,132 were transferred into the Plan.

Effective July 13, 2021, the Plan was amended to grant past service credit to former Temple Hills employees who became employees of CDC on July 13, 2021. Effective September 28, 2021, the Plan was amended to grant past service credit to former Gastrointestinal & Liver Specialists of Tidewater, PLLC employees who became employees of CDC on September 28, 2021. Effective August 1, 2022, the Plan was amended to grant past service credit to former Gastroenterology, Ltd. of Virginia Beach employees who became employees of CDC on August 1, 2022.

Effective May 19, 2023, the Plan was amended to modify the trustees of the plan. The Plan is subject to the provisions of ERISA.

Basis of accounting - The accompanying financial statements are prepared on the accrual basis of accounting.

Administration - Under the terms of the Plan, designated officers of the Company act as trustees. The Company has contracted with Principal Life Insurance Company and Principal Trust Company (collectively referred to as "Principal") to act as custodians and recordkeepers. Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Fees related to the administration of distributions are charged directly to the participant's account and are included in administrative expenses. Fees related to investment management and advisory services are charged directly to the participant's account and are included in administrative expenses.

Investment valuation and income recognition - Investments of the Plan are held by Principal and are invested in mutual funds and pooled separate accounts based upon instructions received from participants. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

See Independent Auditor's Report

The 401(k) Plan of PE Gastro Management, LLC

Notes to Financial Statements

December 31, 2023 and 2022

Note 1: The Plan and its significant accounting policies: (continued)

Notes receivable from participants - During 2023 and 2022, two other benefit plans were merged into the Plan. As a result, there were notes receivable transferred into the Plan. Participants with note receivable balances from their previous plan were allowed to keep them under the provisions of their prior plan. New notes are not permitted under the Plan. There were notes receivable from participants transferred into the Plan totaling \$206,448 in 2023 and \$32,657 in 2022. As of December 31, 2023 and 2022, notes receivable from participants totaled \$121,676 and \$29,523, respectively.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. As of December 31, 2023 and 2022, the Plan administrator believes all notes receivable from participants are collectible.

Payment of benefits - Benefits are recorded when paid.

Income taxes - The Plan is using a prototype plan document adopted by its third party administrator. The Internal Revenue Service has determined and informed the third party administrator by a letter dated June 30, 2020, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has not applied for or received an individual determination letter and has been amended since June 30, 2020, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Use of estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

See Independent Auditor's Report

The 401(k) Plan of PE Gastro Management, LLC

Notes to Financial Statements

December 31, 2023 and 2022

Note 1: The Plan and its significant accounting policies: (continued)

Risks and uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. Plan assets may have decreased in value since December 31, 2023 due to normal market fluctuations.

Plan amendments - On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law. The CARES Act includes a series of temporary provisions that plan sponsors may choose to adopt relating to distributions. After the passing of the CARES Act, the Plan chose to adopt the following temporary provisions: (1) providing participants with the option to skip required minimum distributions due in 2020 and (2) allowing for qualified individuals to take coronavirus-related distributions, as defined in the CARES Act, of up to \$100,000 during 2020. Plan management intends to formally amend the Plan in order to reflect these changes.

Effective May 19, 2023, the Plan was amended to be governed by the laws of Delaware rather than the applicable laws set forth in the plan, to designate Principal Trust Company as a nondiscretionary corporate trustee of the Plan, and to designate the Plan administrator as a special trustee with the responsibility to collect delinquent contributions.

Note 2: Participation and benefits:

Participant contributions - Participants may elect to have the Company contribute a percentage of their eligible pre-tax compensation up to the amount allowable under current income tax regulations. Participants who elect to have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. These eligible employees may also elect to make Roth elective deferrals. Roth elective deferrals are made after taxes have been withheld. Participants may contribute a combination of pre-tax elective deferrals and Roth elective deferrals.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Prior to January 1, 2021, automatically enrolled participants had their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Effective January 1, 2021, the automatic enrollment default deferral rate was changed to 5%.

See Independent Auditor's Report

The 401(k) Plan of PE Gastro Management, LLC

Notes to Financial Statements

December 31, 2023 and 2022

Note 2: Participation and benefits: (continued)

Participant contributions (continued) - Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Contributions withheld are invested in accordance with the participant's direction.

All eligible employees, regardless of whether they have met the age and service requirements of the Plan, are allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer contributions - The Company is allowed to make matching contributions as defined in the Plan and as approved by the Company. The Company did not make a matching contribution in 2023 and 2022. The Company provides a safe harbor fixed contribution of 3% of each participant's eligible earnings. The safe harbor contribution was \$835,581 and \$660,367 for the years ended December 31, 2023 and 2022, respectively. The Plan also allows for a discretionary profit sharing contribution in an amount determined annually by the Company. The discretionary profit sharing contribution was \$4,131,573 and \$4,172,323 for the years ended December 31, 2023 and 2022, respectively.

Participant accounts - Each participant's account is credited with the participant's contributions, Plan earnings or losses, administrative expenses and an allocation of the Company's contribution. Allocation of the Company's matching and safe harbor contributions is based on compensation. Allocation of the Company's discretionary profit sharing contribution is based on the allocation method for the allocation group to which each participant is assigned. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their salary deferral, rollover contributions, safe harbor contributions and related earnings. Participants vest ratably and are fully vested in the employer's discretionary profit sharing and non-safe harbor matching contributions allocated to their account after six years of credited service. All participants who entered the Plan on July 1, 2009 received vesting credits from their original date of hire.

Forfeited accounts - Forfeited nonvested accounts may be used by the Company to reduce employer contributions or pay plan expenses. Forfeitures of \$70,000 and \$13,574 were used to reduce employer contributions for the years ended December 31, 2023 and 2022, respectively. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$57,892 and \$11,350, respectively.

See Independent Auditor's Report

Notes to Financial Statements

December 31, 2023 and 2022

Note 2: Participation and benefits: (continued)

Payment of benefits - Upon termination, the participant or beneficiary will receive the benefits in a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in installments, paid at least annually over a period not exceeding the joint and survivor life expectancy of the participant and beneficiary.

The Plan allows for automatic lump-sum distributions of participant vested account balances which do not exceed \$5,000. Automatic lump sum distributions which exceed \$1,000 but are less than \$5,000 may be rolled over into an individual retirement account set up for the participant by the Plan administrator.

Notes receivable from participants - Loans to participants are not permitted. During 2023 and 2022, as part of plan acquisitions, some loans were transferred into the Plan. Principal and interest is paid ratably through payroll deductions. The loans are secured by the participant's vested account balance and bear interest at the available market financing rates. Interest rates for loans in place in 2023 were 4.50% - 9.00%.

Note 3: Certified information:

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule of assets (held at end of year), including investments held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years ended December 31, 2023 and 2022, was obtained and derived from information supplied to the Plan administrator and certified as complete and accurate by Principal Life Insurance Company and Principal Trust Company, the custodians of the Plan.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule. In addition, the information in the Form 5500 Supplemental Attachment to Schedule H (Schedule of Assets Held at End of Year) has been certified by Principal as of December 31, 2023.

Notes to Financial Statements

December 31, 2023 and 2022

Note 4: Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2023 and 2022.

Mutual funds - valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts - valued at the net asset value (NAV) of shares held by the Plan at year end.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 45,100,071	\$ -	\$ -	\$ 45,100,071
Separate accounts	17,108,582	-	-	17,108,582
Total investments at fair value	<u>\$ 62,208,653</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 62,208,653</u>

Note 5: Related party transactions and party in interest transactions:

Certain Plan investments are shares of mutual funds and pooled separate accounts managed by Principal. Principal is the custodian and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are charged directly to the participant's account and are included in administrative expenses. Additionally, although the Plan does not issue new loans, the Plan elected to allow participants who were brought over in 2023 and 2022 as part of mergers to transfer their outstanding loans into the Plan. These loans are secured by the participants' accounts, and these transactions are considered party-in-interest transactions.

Note 6: Reconciliation of financial statements to Schedule H of Form 5500:

The differences between the information reported in the financial statements and the information reported in the Form 5500 arise from classification differences in investment income.

Notes to Financial Statements

December 31, 2023 and 2022

Note 7: Plan termination and/or modification:

The Company intends to continue the Plan indefinitely for the benefit of its employees; however, it reserves the right to terminate and/or modify the Plan at any time by resolution of its members and subject to the provisions of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.

Note 8: Prohibited transactions:

During 2023, the Company did not remit participant contributions for one pay period to the Plan in a timely manner, as defined by ERISA. These contributions are considered nonexempt party-in-interest transactions which may result in an imposition of a 15 percent excise tax to the Company on the amount of the transactions. The Company intends to compensate participants for any lost earnings resulting from the delay in contributions. These nonexempt transactions do not affect the tax status determination of the Plan, and the Company intends to pay any fines imposed.

Note 9: Plan obligations:

At December 31, 2023, net assets available for plan benefits included \$383,060 due to a withdrawing participant for a distribution which had been processed and approved for payment prior to year end but not yet paid.

Note 10: Subsequent events:

Effective January 1, 2024, the Plan was amended to grant employees eligibility after one month of service.

Effective May 1, 2024, the Plan was amended to permit loan withdrawals.

Subsequent events have been evaluated through October 7, 2024, which is the date the financial statements were available to be issued.
