Report of Independent Auditors

The Investment Committee and Benefits Committee of
Morrison & Foerster LLP Retirement Plan I

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Morrison & Foerster LLP Retirement Plan I, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying 2023 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Morrison & Foerster LLP Retirement Plan I and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2023 financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Morrison & Foerster LLP Retirement Plan I's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Morrison & Foerster LLP Retirement Plan I's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Morrison & Foerster LLP Retirement Plan I's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2023 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2023 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. Morrison & Foerster LLP Retirement Plan Part I

Notes to Financial Statements

Note 1 – Description of Plan

The following description of the Morrison & Foerster Retirement Plan Part I (the Plan) provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of Plan provisions.

General – The Plan is a defined contribution and profit sharing plan covering substantially all eligible employees of Morrison & Foerster LLP, and is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Morrison & Foerster LLP (the Firm) is the Plan’s sponsor and serves as plan administrator.

Effective January 1, 2010, the Firm resolved to divide the Morrison & Foerster LLP Retirement Plan into two separate plans. As a result of the division, the Morrison & Foerster LLP Retirement Plan was contemporaneously renamed the Morrison & Foerster LLP Retirement Plan Part I, and the Morrison & Foerster LLP Retirement Plan Part II was established. The Plan was also amended and restated effective January 1, 2010, and assets of approximately \$84,296,000 were transferred in-kind to the Morrison & Foerster LLP Retirement Plan Part II.

The Morrison & Foerster LLP Retirement Plan Master Trust (the Master Trust) was established effective January 1, 2010, to hold the investment of assets of both the Plan and Morrison & Foerster LLP Retirement Plan Part II. In context of retirement plans, a master trust is a trust that invests together some or all of the assets of the “participating plans.” The assets are commingled for investment purposes only at the direction of the participants, and are commingled to pay Plan benefits. The Firm continues to sponsor and maintain the separate qualified retirement plans.

Effective December 31, 2018, the Firm resolved to merge the Morrison & Foerster LLP Retirement Plan Part II into the Morrison & Foerster LLP Retirement Plan Part I and instructed the Charles Schwab Trust Company to transfer the assets and liabilities of the Morrison & Foerster LLP Retirement Plan Part II to the Morrison & Foerster LLP Retirement Plan Part I, which amounted to approximately \$156,485,000. The Morrison & Foerster LLP Retirement Plan Part I was also amended and restated effective January 1, 2019. The Plan merger left Morrison & Foerster LLP Retirement Plan Part I with a 100% interest in the Master Trust.

The Plan covers salary deferral contributions and the related profit sharing contributions for all eligible employees, non-partner attorneys, and Partners of the Firm.

Administration – The Firm has appointed the Investment Committee and Benefits Committee (the Committees) to manage the operation and administration of the Plan and Master Trust. The Committees designated Charles Schwab Trust Company (Charles Schwab or Trustee) to serve as the primary Trustee, and several partners to serve individually as the Trustees of self-directed brokerage accounts held by other custodians. Fees charged by the Trustee were paid by the Plan and the Firm paid all other costs of administering the Plan for 2023 and 2022.

Eligibility – Employees of the Firm (staff employees, nonpartner attorneys, and partners) are eligible to participate in the Plan after completing one hour of service. Employees of the Firm must complete 6-months of service in the Plan year and be employed as of the last day of the Plan year, to be eligible to receive any employer-paid profit sharing contributions. Nonpartner attorneys are not eligible to receive employer-paid profit sharing contributions.

Morrison & Foerster LLP Retirement Plan Part I

Notes to Financial Statements

Contributions – Each year, participants may contribute 1% to 100% of either eligible pretax annual compensation or after-tax annual compensation, as defined in the Plan. Participants may also contribute Roth contributions and amounts representing distributions from other qualified defined benefit or defined contribution plans. An employee who meets Plan eligibility requirements will be automatically enrolled in the Plan at a rate of 6% of eligible compensation, with an automatic deferral increase of 2% each year, up to a maximum of 15%, unless the employee opts out on or after the 30th day following the employee date of hire. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, common/collective trust funds, and self-directed brokerage trust accounts as investment options for participants.

The Firm may elect to make discretionary matching contributions to the Plan. No such contributions have been made for the years ended December 31, 2023 and 2022. The Firm makes profit sharing contributions and partner contributions to the Plan annually, equal to the sum of 7.5% of each eligible staff's compensation up to the amount of the taxable wage base in effect at the beginning of the year, and 7.5% of compensation in excess of such base up to the maximum compensation limit for the year. Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Firm's contribution, if any, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Firm's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service.

Notes receivable from participants – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years unless the loan was for the purpose of a primary residence. Under the terms of the Plan agreement, plan loans will bear a reasonable rate of interest determined by the Trustee. As of December 31, 2023, the rate of interest on outstanding loans ranged from 4.25% to 10.50% with various maturities through October 2036.

Payment of benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan allows for the automatic distribution of participant vested account balances that are less than \$7,000. Accounts valued at greater than \$1,000 but less than \$7,000 may be paid as an eligible rollover distribution to an individual retirement arrangement designated by the Plan unless the participant elects to receive a lump-sum distribution. Accounts valued at less than \$1,000 only have the benefit payment option of a lump-sum distribution.

Morrison & Foerster LLP Retirement Plan Part I

Notes to Financial Statements

Forfeitures – Forfeitures are the nonvested portion of a participant's account that are lost upon termination of employment. Forfeitures are retained in the Plan and will first be used to correct misallocations due to administrative error, with any remaining amount used to reduce future Firm contributions. As of December 31, 2023 and 2022, forfeited nonvested accounts totaled approximately \$327,000 and \$194,000, respectively. For the years ended December 31, 2023 and 2022, total forfeitures used from forfeited nonvested accounts to reduce Firm contributions were approximately \$308,000 and \$283,000, respectively.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – Investments are stated at fair value.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the exit price) in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net depreciation or appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based on the terms of the plan document.

Payment of benefits – Benefits are recorded when paid.

Expenses – All expenses of maintaining the Plan are paid by the Firm. Certain transaction and trustee fees are paid by the Plan.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits, but arose after the statement of net assets available for benefits date and before financial statements are available to be issued.

Morrison & Foerster LLP Retirement Plan Part I

Notes to Financial Statements

The Plan has evaluated subsequent events through October 13, 2024, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There had been no changes in the methodologies used at December 31, 2023 and 2022.

Common stocks – Valued at the closing price reported on the active market on which the individual securities are traded. Common and preferred stock are generally classified within Level 1 of the valuation hierarchy.

Corporate bonds and U.S. government securities – Valued at the closing price reported on the major market on which the individual securities are traded or have reported broker trades that may be considered indicative of an active market. Where quoted prices are available in an active market, the investments are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available for the specific security, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics, discounted cash flows, and other observable inputs. Such securities are classified within Level 2 of the valuation hierarchy.

Registered investment companies (Mutual funds) and money market fund – Valued at the net asset value (NAV) of shares held by the Plan at year end using prices quoted by the relevant pricing agent. It is not probable that these funds will be sold at amounts that differ materially from the NAV of shares held.

Morrison & Foerster LLP Retirement Plan Part I

Notes to Financial Statements

Self-directed brokerage accounts – Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Common/collective trusts – Units held in common/collective trusts are valued using the NAV practical expedient of the trust as reported by the trust managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of units outstanding.

The following table provides additional information for investments in certain entities that calculate NAV per share (or its equivalent):

	Fair Value at December 31, 2023	Fair Value at December 31, 2022	Redemption Frequency	Redemption Notice Period	Redemption Restrictions
Schwab Institutional Fixed Income Fund	\$ 58,349,530	\$ 56,911,083	Daily	N/A	None
Schwab Institutional Large Cap Fund	26,646,618	23,846,948	Daily	N/A	None
Vanguard Target Date Funds	401,235,712	330,528,921	Daily	N/A	None
Morley Stable Value Fund	43,716,891	45,638,640	Daily	N/A	None
	<u>\$ 529,948,751</u>	<u>\$ 456,925,592</u>			

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables disclose, by level, the fair value hierarchy of the Plan's assets at fair value as of December 31, 2023 and 2022:

Notes to Financial Statements

Gains and losses (realized and unrealized) included in changes in net assets for the periods above are reported in net appreciation/depreciation in fair value of investments in the statements of changes in net assets available for benefits.

Note 4 – Tax Status

The Internal Revenue Service has determined and informed the Firm by a letter dated January 31, 2013, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax position and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities that changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

Note 6 – Information Certified by the Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee of the Plan, has certified to the completeness and accuracy of the following:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2023.
- Net appreciation in fair value of investments, interest, dividends, and other income including interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Investments reflected on the schedule of assets (held at end of year) as of December 31, 2023.

Note 7 – Party-In-Interest Transactions

Plan investments include shares of registered investment company funds managed by the Trustee of the Plan. Transactions with this entity qualify as exempt party-in-interest transactions.

Notes to Financial Statements

Note 8 – Plan Termination

Although it has not expressed any intention to do so, the Firm has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.
