Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator and Plan Participants
Chevron Employees Savings Investment Plan

Opinion

We have audited the financial statements of Chevron Employees Savings Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for opinion

We conducted our audits of the financial statements in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in

conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental schedule required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records

used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

CHEVRON EMPLOYEE SAVINGS INVESTMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 - Description of the Plan

The following description of the Chevron Employee Savings Investment Plan (ESIP or the Plan) provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that is intended to be a qualified profit-sharing plan under Section 401(a) of the Internal Revenue Code (the Code), a qualified cash or deferred arrangement under Section 401(k) of the Code, and, effective December 1, 1989, to include a leveraged Employee Stock Ownership Plan (ESOP) qualified under Section 4975(e)(7) of the Code.

Plan Sponsor/Administrator. Chevron Corporation (the Corporation) is the Plan Sponsor and the Plan Administrator of the ESIP. It has the authority to appoint one or more trustees to hold the assets of the Plan and to appoint a recordkeeper. In its capacity as fiduciary and administrator, the Corporation makes such rules, regulations and computations and takes whatever action is necessary to administer the Plan in accordance with provisions of the Code and the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility. Employees of the Corporation and each other participating company (Company) or employees who are represented by a labor organization that has bargained for and agreed to participation in the Plan, hired on to the U.S. payroll are eligible to join the Plan upon their first day of employment.

Contributions. Participants may contribute up to 75 percent of regular pay as combined basic (1 or 2 percent) and supplemental (up to 73 percent) contributions. For 2023, the maximum contribution amount on a before-tax and Roth 401(k) basis was the annual Code limit of \$22,500 for participants under age 50 and \$30,000 for participants aged 50 and up. The Plan has a fixed match feature. The Company will match 4 percent of regular pay to participants making basic contributions of 1 percent to the Plan or 8 percent of regular pay to participants making basic contributions of 2 percent to the Plan. Both participant and company match contributions to the Plan ceased when a participant reached regular pay of \$330,000 for the year 2023.

The Company matching contribution is made in cash and allocated according to the participants' current payroll deduction distribution elections. Participants may elect to receive dividends on shares in their Chevron Stock and Chevron ESOP accounts as a taxable distribution or reinvest the dividends into their Chevron Stock account.

Vesting. Employees are always fully vested in all contributions to their accounts, as well as the investment income earned from all contributions to the Plan.

CHEVRON EMPLOYEE SAVINGS INVESTMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 - Description of the Plan (Continued)

Participant Accounts. Contributions are invested in various investment options offered within the Plan. Employee contributions are comprised of basic and supplemental contributions and rollover contributions from other qualified retirement plans or from a rollover IRA, on a pre-tax, after-tax, or Roth 401(k) basis.

Trustee. Fidelity Management Trust Company and Fidelity Workplace Services, LLC are the Plan's trustee and the recordkeeper, respectively (collectively referred to herein as Fidelity). Fidelity also performs the custodial and administrator functions for the separate accounts. The trustee has the authority to manage the assets of the Plan in accordance with the terms of the service agreements.

Notes Receivable from Participants. The Plan loan provision allows participants to borrow funds from their Plan account, subject to certain restrictions and limitations. Participants may borrow up to the lesser of \$50,000 or 50% of their total account balance or the value of the account(s) used to fund the loan. The minimum loan is \$1,000. The minimum term for repayment of any loan is 6 months and the maximum term is 5 years. However, the maximum term for repayment of a loan to purchase the participant's principal residence is 25 years. Loans bear a reasonable fixed rate of interest. Interest rates charged during 2023 and 2022 on new and carried loans ranged from 2.23% to 10.25% with maturities extending to 2049. Most loan repayments are made through payroll deductions and the principal and interest paid by the participants are reinvested in the participants' accounts. Notes receivable from participants totaled \$117,346,032 and \$112,383,139 as of December 31, 2023 and 2022, respectively.

Plan Termination. The Corporation expects to continue the ESIP indefinitely but has the authority to amend or terminate the ESIP at any time. In the event of Plan termination, the trust fund shall continue until any previously unallocated assets of the Plan are allocated to accounts and distributed to participants or beneficiaries in accordance with applicable law and pursuant to written rules and procedures adopted by the Corporation prior to such termination. In addition, upon Plan termination, neither the Corporation nor any other person shall have a liability or obligation to provide additional benefits. Participants or beneficiaries shall obtain benefits solely from the trust fund.

NOTE 1 - Description of the Plan (Continued)

Benefit Payment / Distribution. At the request of the participant, distributions can be received in installment payments, partial distribution, or single lump-sum payment after termination of employment. While employed, a participant may make withdrawals from their employer or employee contribution accounts (as allowed under IRS regulations) subject to certain restrictions described in the Plan, which may be waived in the event a participant demonstrates a financial hardship. The Plan requires automatic cash outs of account balances less than \$1,000 upon termination of employment. Benefit payments to participants are recorded when paid.

Plan Expenses. In accordance with the Department of Labor's (DOL) rules under ERISA Section 408(b)(2), total all-in fees are disclosed by the service provider. In accordance with these DOL rules, recordkeeping and trustee fees are unbundled and paid by the participants. Other administrative expenses relating to the Plan, including audit fees and participant education retirement services are paid by the Plan to the extent Plan forfeiture funds or other suspense account funds are sufficient. If not, such fees are paid by the Corporation. Certain Chevron employee labor and administrative costs for Plan-related services are reimbursed to the Corporation by the Plan. At year end 2023 and 2022, funds in forfeiture were \$128,257 and \$582,646, respectively, while \$950,426 was paid from the forfeiture account in 2023.

Diversification. Each participant is permitted to direct any contributions made to their account to be invested in investment options available under the Plan. Participants are not subject to any restriction, holding periods or otherwise, when moving assets, other than those noted below under Stable Value Funds Equity Wash.

Put Option. For so long as the Corporation's shares are readily tradable on an established market, the Corporation shall not be required to provide the participant or beneficiary with an option to put the shares to the Corporation, in accordance with Section 409(h) of the Code.

Plan Mergers. Effective December 27, 2023, the assets and participant accounts of the Retirement Income Security Plan for Magnum Development LLC (Magnum) merged into the ESIP. The investments of \$1,902,272 were transferred on December 27, 2023.

Effective December 31, 2023, the American Natural Gas LLC 401(k) Plan for Beyond6, LLC (formerly doing business as American Natural Gas LLC) merged into the ESIP. The investments of \$798,406, as well as \$17,094 of employee loans, were transferred on January 2, 2024.

NOTE 1 - Description of the Plan (Continued)

Stable Value Fund Equity Wash. Following the PRSI Union Plan and REG Plan mergers on December 31, 2022, two stable value funds were introduced into the ESIP. Per agreement with the fund managers, to discourage market timing and other forms of speculative behavior, investors were restricted from moving assets from these funds directly into existing ESIP money market funds. All assets moving out of these stable value funds were to be moved to another non-money market ESIP investment for at least 90 days before moving to a money market investment. The PRSI Union Plan fund was terminated as of May 31, 2023. The REG Plan fund terminated as of October 31, 2023 and continued to have small balances through the end of the year. On May 31, 2023, the Chevron Stable Value Separate Account (Putnam) was added to the lineup for the ESIP, which also has an equity wash restriction.

NOTE 2 - Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting. The financial statements of the ESIP are presented on the accrual basis of accounting.

Investment Valuation and Income Recognition. Investments, with the exception of the Chevron Stable Value Separate Account (Putnam), are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in the core and supplemental options are valued on each business day on which the New York Stock Exchange is open for trading to reflect contributions, distributions, income, expenses, gains and losses. The difference between cost and market value represents unrealized appreciation or depreciation as of the reporting date. The valuation of the underlying securities in Fidelity Brokerage Link are determined by Fidelity Brokerage Service daily. The Putnam account is at contract value. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount participants generally receive when executing transactions under the terms of the contract and plan provisions.

Net appreciation (depreciation) in fair value of investments includes realized gains (losses) and unrealized appreciation (depreciation).

Realized gains (losses) on investments are based on sales proceeds less average cost. Sales and purchases between participants are included in realized gains (losses). Security purchases and sales are recorded as of the trade date for such transactions.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 2 - Summary of Significant Accounting Policies (continued)

Dividend income earned on investments held and interest income earned on funds pending investment are recorded on an accrual basis.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan rules.

Use of Estimates. The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

CHEVRON EMPLOYEE SAVINGS INVESTMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 3 - Fair Value Measurements (continued)

Net Asset Value (NAV) as a practical expedient: Inputs to the valuation methodology are allowed as a practical expedient to measure certain investments at NAV provided:

- The investment doesn't have a readily determinable fair value;
- The investee is an investment company within the scope of ASC Topic 946, Financial Services - Investment Companies.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used must maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

- Common stocks are valued at the closing price reported on the active market on which the individual securities are traded.
- Preferred stock held in a separate account fund values are derived from both dealer-supplied valuations and pricing models at year-end.
- Shares of registered investment companies are valued at the closing price reported on the active market on which the individual securities are traded.
- Corporate bonds held in a separate account fund values are derived from both dealer-supplied valuations and pricing models at year-end.
- Other collective investment fund values are reported at NAV of units of the collective trust as provided by the fund managers as of the financial statement dates. NAV is a readily determinable fair value and is the basis for current transactions but is not a direct quote from an active market so it is classified as Level 2.
- Mortgage backed securities held in a separate account fund are valued on the basis of their future principal and interest payments discounted at prevailing interest rates for similar investments.
- U.S. government securities held in a separate account fund values are derived from both dealer supplied valuations and pricing models at year-end.
- Asset backed securities are priced based on a compilation of primarily observable market information.
- Cash equivalents are valued at cost, which approximates fair value.
- Investments in Fidelity BrokerageLink hold shares of registered investment companies and are valued at the closing price reported on the active market on which the individual securities are traded.

NOTE 3 - Fair Value Measurements (Continued)

- Stable value collective trusts are stated at fair value based on the NAV of the underlying investments, as reported to the Plan by the contract issuer. The NAV, as provided by Fidelity Management Trust Company, is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

NOTE 4 - Investments (Continued)

Chevron Stable Value Separate Account (Putnam)

The investments that make up the Chevron Stable Value Separate Account (Putnam) are held by the Plan in a separate account with the Plan's recordkeeper. These investments are primarily high-quality guaranteed investment contracts (GICs) and security-backed investment contracts (SBICs) also referred to as a synthetic GIC. GICs are issued by insurance companies which guarantee the return of principal and a stated rate of interest (Contract Value). SBICs are comprised of two components: investment contracts issued by a financial institution and underlying portfolios of fixed income securities whose market prices fluctuate. The investment contract component of the SBIC is designed to allow participants to transact at Contract Value without reference to the price fluctuations of the underlying fixed income securities. Therefore, GICs and SBICs are normally valued at Contract Value.

The key difference between a synthetic investment contract and a traditional investment contract is that the Plan owns the underlying assets of the synthetic investment contract. A synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. With traditional investment contracts, the Plan owns only the contract itself. Synthetic and traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The synthetic investment contracts held by the Plan include wrapper contracts that provide a guarantee that the credit rate will not fall below 0 percent. Cash flow volatility (for example, timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in each contract that adjusts renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed monthly for resetting.

Both the contracts that back GICs and SBICs are not tradable on any secondary market; however, they are fully benefit-responsive to plan permitted transactions, which allows participants to initiate withdrawals, loans or transfers to other funds within the Plan at Contract Value. Franklin Templeton, on behalf of the Plan, negotiates both GIC and SBIC contracts with certain employer-initiated transaction provisions (e.g., allowances for targeted layoffs and reorganizations) that make it unlikely that any event would occur that would limit a participant's ability to transact at Contract Value. There currently are no events that limit the ability to transact at contract value.

The only events or circumstances that would allow issuers to immediately terminate one of the Plan's GICs or SBICs at an amount different from Contract Value would be if they were provided with willfully fraudulent information about the Plan. Issuers, in some cases, have provisions that allow them to terminate at book value over a specified period of time.

Total Investment Contracts	\$212,065	—

The Chevron Stable Value Separate Account (Putnam) includes cash and cash equivalents as noted on the fair value tables in Note 3, above.

NOTE 5 - Income Taxes

The Plan received a determination letter dated October 23, 2013 from the Internal Revenue Service (IRS) stating that the Plan is qualified with the applicable requirements of the Code. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Subsequent to this issuance of the determination letter, the Plan was restated and amended. The Corporation believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as restated and amended, is qualified and the related trust is tax exempt.

The Corporation has reviewed the Plan's administrative procedures and is of the opinion that they are in accordance with technical compliance requirements of ERISA.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that would not meet the more likely than not standard and be-sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and December 31, 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions.

CHEVRON EMPLOYEE SAVINGS INVESTMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes, both positive and negative, in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 - Related Party Transactions

Plan investments include a Separate Account managed by Fidelity and shares of common stock of the Corporation. Transactions with Fidelity, as the trustee and recordkeeper and the Corporation as the Plan Sponsor and Plan Administrator, qualify as party-in-interest transactions. Certain internal and external administrative costs are reimbursed by the Plan to Chevron. In 2023, \$294,333 was reimbursed.

As of December 31, 2023 and 2022, the Plan held 34,396,590 and 34,502,324 shares Chevron Corporation common stock, respectively, with a fair value of \$5,130,645,172 and \$6,192,863,959, respectively. In 2023, \$207,317,327 in dividends of Chevron common stock were paid to participants.

NOTE 8 - Subsequent Events

The Plan has evaluated subsequent events through June 27, 2024, the date the financial statements were available to be issued.

Effective August 7, 2023, the Corporation completed its acquisition of PDC Energy, Inc. (PDCE) and intends to merge the PDCE 401(k) Plan into the ESIP around January 1, 2025.
