Independent Auditor's Report

To the Board of Trustees
Liberty Safe 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the financial statements of **Liberty Safe 401(k) Plan** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LIBERTY SAFE 401(k) PLAN

Notes to the Financial Statements
As of December 31, 2023 and 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The policy of the **Liberty Safe 401(k) Plan** (the “Plan”) is to prepare its financial statements on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under such a modified cash basis, financial statements are prepared primarily on the basis of cash receipts and disbursements, except that investments are accounted for at fair value as prescribed or permitted by the Department of Labor. Consequently, certain revenues and the related assets are recognized when received rather than when earned and certain expenses are recognized when paid rather than when the obligation is incurred. Accordingly, the accompanying financial statements are not intended to be a presentation in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements using the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Revenue Recognition

Contributions are invested by Great West Life & Annuity Insurance Company (the “Custodian”) as directed by the participants. The Plan's investments are stated at fair value. Investments in mutual funds are stated at fair value based on the number of units of the fund held by the Plan and the market value as determined by published market quotations. The guaranteed accounts are stated at unit value, which is based on the current fair values of the underlying assets of the funds. Changes in fair value during the year are included in the statement of changes in assets available for benefits. Mutual fund transactions are recorded on the trade date basis, which basis is used to compute gains and losses on participants' mutual funds. Interest and dividends are recorded when received.

There have been no changes in the valuation methodologies used at December 31, 2023. Purchases and sales of investments are recorded on a settlement-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net unrealized appreciation (depreciation) for each year represents the difference between the carrying value (the prior year ending fair value or cost if the investment was purchased during the year) and the current fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged to the participant's account as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make repayments and the plan administrator deems the note receivable to be in default, the note receivable balance is reduced and a benefit payment is recorded.

LIBERTY SAFE 401(k) PLAN

Notes to the Financial Statements
As of December 31, 2023 and 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits are recorded when paid. As of December 31, 2023 and 2022, the Plan had no obligation to participants who have elected to withdraw from participation in the Plan.

Plan Expenses

The Plan Sponsor, at its option, has elected to bear certain administrative expenses of the Plan.

2. DESCRIPTION OF THE PLAN

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established to provide employees of Liberty Safe & Security Products, Inc. (the "Plan Sponsor") with retirement benefits in accordance with Section 401(k) of the Internal Revenue Code. Under the Plan, employees may elect to make before-tax salary reduction contributions. The intent of the Plan is that the employees are not taxed on the income, Plan Sponsor contributions, or employee contributions under Section 401(k) pursuant to the provision of the Internal Revenue Code, until such time as distributions are received from the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Board of Trustees is responsible for oversight of the Plan. Administration of the Plan is performed by the Plan Sponsor. Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (collectively the "Custodian") served as the third-party plan administrator and custodian.

Contributions

Participants may contribute up to 100% of pre-tax annual compensation as defined by the Plan, subject to annual individual deferral limitations under the Internal Revenue Code (the "Code"). The Plan provides for the Plan Sponsor to make contributions as elected by the Plan Sponsor and announced prior to the beginning of the plan year. The Plan Sponsor will make contributions of 50% of the first 6% of participant's compensation contributed to the Plan by the participant.

LIBERTY SAFE 401(k) PLAN

Notes to the Financial Statements
As of December 31, 2023 and 2022

2. DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

The Plan provides for the distribution of benefits upon retirement, death, at age 59-1/2, termination of service, or financial hardship (as defined by the Internal Revenue Code). Accounts are credited regularly with the Plan's investments gains or losses, which are based upon the participant's account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Eligibility

Employees of the Plan Sponsor who have completed six months of service and are at least 21 years of age are eligible to be participants in the Plan.

Vesting

Employee contributions and the related earnings thereon are fully vested. Vesting in the Plan Sponsor contributions is based on years of continuous service as follows:

<u>Years of vesting service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participants also become 100% vested in profit sharing contributions upon death, disability as defined by the Plan, normal retirement (65), or termination of the Plan.

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions in any of the investments listed in the accompanying supplemental schedule of assets. Unless limited by restrictions imposed by individual investment options and subject to redemption fees, participants may change their investment options on a daily basis.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to 50% of an individual participant's vested account balance, not to exceed \$50,000. These loans are secured by the balance in the participants' accounts and bear a reasonable interest rate as determined by the Plan Sponsor. For the Plan years ended December 31, 2023 and 2022, the interest rate on outstanding loans are between 4.25% and 9.5% and the maturity dates range from 2024 through 2028. Principal and interest is paid ratably through payroll deductions over a specified period of time in accordance with the plan document.

LIBERTY SAFE 401(k) PLAN

Notes to the Financial Statements
As of December 31, 2023 and 2022

2. DESCRIPTION OF THE PLAN (Continued)

Benefit Payments

Payment of benefits of a participant's account balance are made upon retirement or at age 59-1/2, except in the event of death, disability, or termination. The amount of withdrawal and forfeiture is made in accordance with the Plan's vesting schedule. Subject to the provisions of the Plan, a participant may elect to receive payments from their participant account balance in the form of a lump sum, single life annuity, joint and survivor annuity, or in periodic payments distributed on a monthly, quarterly, semi-annual, or annual basis.

Forfeitures

At December 31, 2023 and 2022, forfeited non-vested accounts totaled **\$164,000** and \$115,002, respectively. These accounts will be used to reduce future employer contributions. During the year ended December 31, 2023, no employer contributions were reduced by forfeited non-vested accounts.

Plan Termination

Although it has not expressed the intent to do so, the Plan Sponsor has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become 100% vested in their account balances

3. TAX STATUS

The Plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the Plan's form 5500 remains open to examination for three years from the date filed.

LIBERTY SAFE 401(k) PLAN

Notes to the Financial Statements
As of December 31, 2023 and 2022

4. **INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN**

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate with respect to investments and notes receivable from participants:

- Investments at fair value
- Notes receivable from participants
- Interest income from notes receivable from participants
- Interest and dividend income
- Net appreciation (depreciation) in fair value of investments
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

5. **FAIR VALUE MEASUREMENTS**

FASB ASC 820 *Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

LIBERTY SAFE 401(k) PLAN

Notes to the Financial Statements
As of December 31, 2023 and 2022

5. FAIR VALUE MEASUREMENTS (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2023 and 2022.

Mutual funds - Valued at the daily closing price as reported by the registered investment companies. These funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. These funds held by the plan are deemed to be actively traded.

The fair value methods used by the Plan may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair values of investments measured on a recurring basis at December 31, 2023 and 2022 are as follows:

		Fair Value Measurements at Reporting Date Using:		
	Fair Value	Level 1	Level 2	Level 3
<u>December 31, 2023</u>				
Mutual funds	\$ 9,117,635	\$ 9,117,635	\$ -	\$ -
Total	<u>\$ 9,117,635</u>	<u>\$ 9,117,635</u>	<u>\$ -</u>	<u>\$ -</u>
<u>December 31, 2022</u>				
Mutual funds	\$ 7,405,943	\$ 7,405,943	\$ -	\$ -
Total	\$ 7,405,943	\$ 7,405,943	\$ -	\$ -

* The fair value of the investments in the common collective trust accounts have been measured using the net asset value per share practical expedient and are not categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

6. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan maintains a fully benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company ("Great-West"). Great-West maintains the contributions in a general account, The Key Guaranteed Portfolio Fund. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions.

LIBERTY SAFE 401(k) PLAN

Notes to the Financial Statements
As of December 31, 2023 and 2022

6. **GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)**

Interest crediting rate is reset quarterly. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value using a discounted cash flow valuation methodology where the interest rate for this portfolio investment contract is reset at least as frequently as annually, fair value of the investment contract, prior to contract termination, equals the contract value. Because fair value is equal to contract value, there is no adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract and transfers in, plus interest, less participant withdrawals, transfers out, and premium taxes, if applicable. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The investment contract at December 31, 2023 and 2022 was reported at contract value. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the issuer to transact at other than contract value. The guaranteed investment contract does not describe any events that would permit the insurance company to terminate the agreement.

This Group Annuity Contract may be amended at any time without consent of the Group Contract holder (the Plan) or any participant or other person as necessary to conform it to changes in tax or other law, including applicable regulations and rulings. Great-West will provide notice and a copy of the amendment to the Group Contract holder prior to the date such modification becomes effective.

Any other modification to this Group Annuity Contract may be made only by written agreement between Great-West and the Group Contract holder subject to the approval of the appropriate state department of insurance, if applicable. No such modification will, without the written consent of the Group Contract holder, affect the terms, provisions, or conditions of this Group Annuity Contract, which are or may be applicable to contributions paid in respect of participants prior to the date of such modification.

The average yield earned by the Plan for the benefit responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average for 2023 and 2022 is **1.23%** and 0.93%, respectively.

The actual average yield earned by the plan for the benefit responsive fund can be derived by averaging the Plan's quarterly interest rates. That average for 2023 and 2022 is **1.23%** and 0.94%, respectively.

LIBERTY SAFE 401(k) PLAN

Notes to the Financial Statements

As of December 31, 2023 and 2022

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

As of and for the years ended December 31, 2023 and 2022, the investment contract was managed by Great-West, the custodian of the Plan, and therefore qualifies as a party-in-interest transaction. Participant loans are also party-in-interest transactions. The Plan Sponsor pays the administrative fees for the Plan. The Plan Sponsor also provided accounting services at no cost to the Plan for the years ended December 31, 2023 and 2022. The Plan Sponsor is a party-in-interest.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets in liquidation available for benefits.

9. NONEXEMPT TRANSACTIONS

During the years ended December 31, 2023 and 2022, there were unintentional delays by the Plan Sponsor in submitting participant contributions of \$27,508 and \$30,725 to the Plan custodian. Management is in the process of contributing lost earnings on these contributions.

10. SUBSEQUENT EVENTS

Management has evaluated subsequent events through the date of the independent auditor's report, which is the date the financial statements were available to be issued. Subsequent to year-end management determined to transition the plan to a pooled employer plan. The current plan will be terminated and assets transferred to the new plan.
