INDEPENDENT AUDITORS' REPORT

Plan Administrator of the
Trotter, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Trotter, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits – modified cash basis as of December 31, 2023, and the related statement of changes in net assets available for benefits – modified cash basis for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Trotter, Inc. 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023, and for the year then ended, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of Financial Statements section–

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note B.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Trotter, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note B of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules are prepared on the modified cash basis of account, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note B; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of those financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Trotter, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about Trotter, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules (modified cash basis) of assets held at end of year and schedules of reportable transactions as of and for the years ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules (modified cash basis), we evaluated whether the supplemental schedules (modified cash basis), other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the information in the accompanying schedules (modified cash basis), other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2022 Financial Statements

The financial statements of Trotter, Inc. 401(k) Plan as of December 31, 2022, were audited by the predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 13, 2023, indicated that in their opinion (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with the modified cash basis of accounting, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedules, other than the information in the 2022 supplemental schedules that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2022 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TROTTER, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE A – DESCRIPTION OF PLAN

The following description of the Trotter, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering all electing employees of Trotter, Inc. (the Company) who have one year of service with not less than 1,000 hours of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Plan entry dates are January 1 and July 1. The Plan trustees are responsible for oversight of the Plan. They determine the appropriateness of the Plan's investment offerings and monitor investment performance.

2. Contributions

Each year, participants may contribute a percentage or a fixed amount of pretax annual compensation, as defined in the Plan. Effective August 12, 2020 after-tax Roth contributions are allowed. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and an insurance investment contract as investment options for participants. The Company may make a discretionary matching contribution equal to a uniform percentage of the participant's salary deferrals. Contributions are subject to certain statutory limitations.

3. Participant Accounts

Each participant's account is credited with the participant's salary deferral contributions, employer contribution, account earnings, and may be charged with an allocation of certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All participant accounts are participant-directed, including any Company contribution.

4. Vesting

Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100 percent vested after six years of credited service.

5. Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable repayment terms generally may not exceed five years, except in the case of the purchase of a primary residence. The notes receivable are secured by the balance in a participant's account and bear interest at rates ranging from 4.25% to 8.00%, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

6. Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over a period of not more than the participant's life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Distributions under \$5,000 will be paid out to the participant in the event the participant does not elect a payout option. The Plan requires that distribution payments between \$1,000 and \$5,000 be directly rolled over to an individual retirement account in the event the participant does not elect otherwise.

7. Forfeitures

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$83,479 and \$75,894 respectively. Fees were reduced by \$580 and \$632 in 2023 and 2022, respectively, from forfeited nonvested accounts. The employer may use forfeitures to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The financial statements of the Plan are prepared under the modified cash basis method of accounting.

TROTTER, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS – Continued

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

2. Use of Estimates

The preparation of financial statements in accordance with the modified cash basis method of accounting may require the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

3. Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Interest and dividend income is recognized on the modified cash basis. Realized gains and losses on investments are recognized upon the sale of the related investments, and unrealized appreciation or depreciation is recognized when the carrying values of the related investments are adjusted to their estimated fair value. Purchases and sales of securities are recorded on a trade-date basis.

4. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. No allowance for credit losses was recorded as of December 31, 2023 and 2022. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

5. Payment of Benefits

Benefits are recorded when paid.

6. Expenses

Certain operating expenses of the Plan are deducted from participant accounts and the remaining expenses paid directly by the Company and are excluded from these financial statements.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Investment-related expenses are included in net appreciation (depreciation) of those investments. Participants receiving Withdrawals and Required Minimum Distributions (RMDs) are subject to a \$185 and \$60 fee, respectively, withdrawn from their available balance. Loan fees of \$300 are deducted from participant's accounts for establishment and loan processing.

NOTE C – CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at October 4, 2023 and December 31, 2022, net appreciation in fair value of investments, interest, and dividends for January 1, 2023 to October 4, 2023 and for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Lincoln National Life Insurance Company, the custodian of the Plan.

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2023, net (depreciation) appreciation in fair value of investments, interest, and dividends for October 5, 2023 to December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Mutual of Omaha, the trustee of the Plan

NOTE D – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

TROTTER, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS – Continued

December 31, 2023 and 2022

NOTE D – FAIR VALUE MEASUREMENTS – Continued

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Pooled Separate Accounts: Valued at Net Asset Value (NAV) of the underlying investments. The accounts include investments in fixed securities, mutual funds, common stocks, or real estate which have observable Level 1 and Level 2 pricing inputs, including quoted prices for similar assets in active or non-active markets. FASB ASC 280, Fair Value Measurement, allows NAV per share to serve as a practical expedient to estimate the fair value as long as certain requirements are met. It is the Plan's assessment that these accounts meet those requirements since the participants have the ability to redeem the accounts at NAV, as of the measurement dates on a daily basis. The accounts also have no unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan held no investments valued at other than NAV as a practical expedient or contract value and, therefore, held no investments properly reportable within the fair value hierarchy.

The following table summarizes investments measured at fair value based on NAV per share as a practical expedient as of December 31, 2023 and 2022:

<u>December 31, 2023</u>	<u>Net Asset Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>

NOTE E – RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

The Plan received custodial services from Lincoln National Life Insurance Company before the plan transfer to United of Omaha Life Insurance Company, recordkeeper services from Lincoln Financial Group and United of Omaha. Transactions with these entities may qualify as party-in-interest transactions. The majority of the fees for administration are included in net appreciation in fair value of the investments as they are paid through revenue sharing, rather than a direct payment

Also, several employees of the Company provided various services to the Plan (at no cost to the Plan) as follows:

1. A portion of the administrative functions of the Plan
2. Plan operations
3. Investment review

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE F – INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Plan management has evaluated tax positions taken by the plan and is not aware of any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H – INVESTMENT CONTRACT WITH INSURANCE COMPANY

Lincoln Financial Group

The Guaranteed Account/Guaranteed Stable Value Account portion of the contract is reported at contract value in the plan year report (employer plan detail report). Contract value represents the

NOTE H – INVESTMENT CONTRACT WITH INSURANCE COMPANY – Continued

amount participants would receive if they were to initiate a transaction under the terms of the ongoing plan. Interest is credited daily at an interest rate not less than the guaranteed minimum interest rate, as shown on the contract specifications. The interest crediting rate is declared on a quarterly basis. The contract amount maintained in the Guaranteed Account/Guaranteed Stable Account is guaranteed against loss of principal, minus all withdrawals, including charges and adjustments. The guarantee is based on Lincoln Financial Group's ability to meet its financial obligations from general assets. The financial statements of the Lincoln National Life Insurance Company and Lincoln Life & Annuity Company of New York are audited on an annual basis and are available to the public at LincolnFinancial.com.

The methodology used to calculate the interest crediting rate for the Guaranteed Account/Guaranteed Stable Value Account portion of the Lincoln Director and Lincoln American Legacy Retirement contracts is discretionary to Lincoln. The crediting rates are set to be at least as high as the guaranteed minimum interest rate for a given contract, are communicated to plan sponsors before they go into effect and are guaranteed for at least one quarter.

The average credited rate for the Guaranteed Account/Guaranteed Stable Value Account within the Lincoln Director and Lincoln American Legacy Retirement products was 1.98% and 1.94% for 2023 and 2022, respectively.

Lincoln may terminate a group variable annuity contract under the following circumstances:

- If the contract owner breaches the contract in some way, Lincoln reserves the right to terminate the contract. A breach might include:
 - Failure to pay any charges Lincoln has billed to the contract owner
 - Failure to furnish requested information or other documentation
 - Discovery by Lincoln that the contract owner has misrepresented any material information
- If the plan ceases to meet the requirements of the appropriate Code sections, Lincoln reserves the right to terminate the contract.
- If, after a reasonable amount of time, the account has not grown sufficiently, Lincoln reserves the right to terminate the contract. Guidelines for contract termination are as follows:
 - Following the end of the third contract year, the contract owner account value is less than \$15,000
 - Following the end of the third contract year, there is no deposit activity for a 24-consecutive-month period and the contract owner account value is less than \$50,000

NOTE H – INVESTMENT CONTRACT WITH INSURANCE COMPANY – Continued

United of Omaha Life Insurance Company

The GTEE Guaranteed Stable Value account seeks to provide safety of principal and guaranteed rates of interest. The Guaranteed Account is an insurance company guarantee, backed by the applicable underwriting company's general asset account, which offers competitive, consistent investment returns relative to its asset category. The Guaranteed Account has no fluctuation of principal and offers liquidity to withdraw funds for benefits payments and investment elections. The underwriting company's general asset account is a well-diversified, managed portfolio of bonds, mortgage loans, and other appropriate investments. The general asset account investment policy strictly limits the bond holdings by type, quality, and maturity to create a stable low-risk bond portfolio. The general asset account has appropriate asset/liability management strategies which are utilized to insulate portfolio assets from the effects of adverse interest rate movements and to offer competitive, risk-adjusted returns.

The Guaranteed Account is comprised of various Maturity Accounts. Each month, a guaranteed interest rate is declared that will apply to the most recent maturity account comprising the Guaranteed Account. The monthly guaranteed rate is declared and communicated to plan sponsors in advance of each month and will apply to all future contributions to that maturity account for the Maturity Account Term. All contributions and transfers to the applicable Maturity Account for that month will receive the declared rate which is the guaranteed interest rate less fees. Individual participant contributions and transfers to the Guaranteed Account are credited an aggregated rate based on each individual plan's composition of Maturity Account balances and corresponding rates. Investors who redeem, transfer or exchange any amount out of the Account must wait sixty (60) calendar days before transferring or exchanging any amount back into the Account. A Liquidation Charge may be assessed on any Employer Directed Withdrawals.

NOTE I – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through the date of the Independent Auditors' Report, the date the financial statements were available to be issued. Plan Custodian United of Omaha Life Insurance Company recordkeeping business was acquired by Ascensus, the parent company of Future Plan, the third-party administrator. No other significant events were noted.
