To Management and Plan Administrator
Sunwest Bank 401(k) Profit Sharing Plan
Sandy, Utah

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Sunwest Bank 401(k) Profit Sharing Plan as of and for the year ended December 31, 2023, in accordance with auditing standards generally accepted in the United States of America, we considered Sunwest Bank 401(k) Profit Sharing Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, we do not express an opinion on the effectiveness of Sunwest Bank 401(k) Profit Sharing Plan's internal control.

Management has determined it is permissible in the circumstances and has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, as permitted by ERISA Section 103(a)(3)(C), the audit need not extend to any statements of information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis.

We are required to consider relevant plan provisions that affect the risk of material misstatement at the relevant assertion level when designing and performing audit procedures. When audit work performed results in the identification of items that are not in accordance with specified criteria, such as plan provisions as set forth in the plan instrument, we are required the auditor to evaluate whether the matter is a reportable finding. Reportable findings are matters that are one or more of the following:

- a. An identified instance of noncompliance or suspected noncompliance with laws or regulations.
- b. A finding arising from the audit that is, in the auditor's professional judgment, significant and relevant to those charged with governance regarding their responsibility to oversee the financial reporting process.

- c. An indication of deficiencies in internal control identified during the audit that have not been communicated to management by other parties and that, in the auditor's professional judgment, are of sufficient importance to merit management's attention.

A reportable finding may be a material weakness, a significant deficiency, or a control deficiency defined as follows:

A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the plan's financial statements will not be prevented or detected and corrected on a timely basis. A reasonable possibility exists when the likelihood of an event occurring is either reasonably possible or probable as defined as follows:

- *Reasonably possible.* The chance of the future event or events occurring is more than remote but less than likely.
- *Probable.* The future event or events are likely to occur.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A control deficiency is a deficiency, or combination of deficiencies, in internal control that does not rise to the level of a material weakness or significant deficiency but is of sufficient importance to merit management's attention.

We consider the following reportable findings in the plan's internal control to be significant deficiencies:

Calculation of Vesting for Distributions

During our audit we noted that the vesting of three individuals was incorrectly calculated which resulted in an incorrect payment to the participants for distribution. This circumstance could result in former participants not receiving the proper distribution amounts, and therefore would expose the plan sponsor to a situation where corrective actions would be required. We recommend management review all distribution payments for correct vesting prior to payments being made in order to eliminate errors made on distributions.

We consider the following reportable findings in the plan's internal control to be control deficiencies:

Plan Compensation

During the audit, we noted inconsistency in the application of the terms in the plan document relating to the identification of eligible wages for the purposes of calculating employee contributions and employer match contributions. Several participants did not have employee deferrals withheld or employer match calculated on group term life earnings that were towards the group term life coverage greater than \$50,000 during the year which are to be included in the W-2 Box 1 earnings being the type of compensation considered as eligible compensation per the plan document. We recommend that the plan's management review their calculation of eligible pay and periodically "spot-check" the calculation to ensure the proper amount of earnings is being used. Not following the terms of the plan document could result in a loss of the tax status of the plan.

Employer Matching Contributions Error

During the audit, we noted an error for one participant's employer matching contribution. The error was due to not capping the compensation of the participant in accordance with the IRS compensation limit applicable to the plan Year 2023 resulting in excess match contributions being made for that participant. These types of errors could expose the plan sponsor to make necessary corrective actions for the plan to remain in compliance with regulations. We recommend implementing review procedures to ensure the accuracy and completeness of employer match contributions to the plan. The employer match contribution for this one participant was corrected in 2024.

Lack of Documentation for Authorization of Discretionary Match Percentage

There was lack of documentation showing formal authorization of the employer discretionary match percentage in the meeting minutes for 2023. Lack of documentation showing authorization of the discretionary contributions could expose the plan to an increased risk that the incorrect amount, if any, is allocated to participants. We recommend that the plan include in the meeting minutes the percentage and authorization of the discretionary match contributions amount annually.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be considered reportable findings, including material weaknesses, significant deficiencies, or control deficiencies, and, therefore, reportable findings in these categories may exist that were not identified.

This communication is intended solely for the information and use of management, plan administrator, others within the organization, and is not intended to be, and should not be, used by anyone other than these specified parties.

Independent Auditor's Report

To the Plan Administrator and Management
Sunwest Bank 401(k) Profit Sharing Plan
Sandy, Utah

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sunwest Bank 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Sunwest Bank 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institutions as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sunwest Bank 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sunwest Bank 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sunwest Bank 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sunwest Bank 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i-schedule of assets held at end of year as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following brief description of Sunwest Bank 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Sunwest Bank (the Bank/Plan Sponsor/Company). The Plan is subject to the provision of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Employees who have attained at least 18 years of age are eligible to participate in the Plan on the first of the month following 90 days of service.

Effective October 1, 2023, the Bank migrated from ADP as the primary administrator to Principal. The communicated blackout period was Monday, September 25, 2023 through Friday, October 27, 2023. All activity was restricted within the window and resumed in accordance with all regulatory requirements.

Administration

The Plan is administered by the Bank.

Contributions

Each year, participants may contribute up to a certain percentage as defined in the Plan document of their eligible pre-tax or post-tax compensation, not to exceed the limits of the Internal Revenue Code (the IRC). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. To be eligible for true-up, the employee must be employed as of the end of the year. The Plan allows participants to designate contributions as Roth contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation, increasing by 1% a year. Effective October 1, 2023, the Plan was amended to increase the maximum deferral rate from automatically enrolled participants from 6% to 12%. Auto-enrolled participants that do not make an investment election will be defaulted into one of the American Funds Target Date Retirement funds based upon their age.

The Bank may make discretionary matching and/or profit-sharing contribution as determined each year by the Bank. For the year ended December 31, 2023, the Bank matched seventy-five percent (75%) of the participant's deferral, up to the first eight percent (8%) of compensation. For the year ended December 31, 2022, the Bank did not make any discretionary profit-sharing contributions.

Participant and discretionary matching contributions are recorded in the year in which the employee contributions are withheld from compensation. In addition to these requirements, the participant must be employed at the end of the Plan year to receive discretionary matching contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer matching contributions, and allocations of (a) the Bank's profit-sharing contributions, if any, (b) Plan earnings, and (c) the transaction specific expenses (if applicable). Allocations are based on participant's eligible compensation, participant's contributions, investment elections, and/or account balances, as defined in the Plan agreement. The benefit to which participants are entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment to the Plan, participants may direct deferrals and employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, participants may elect to receive a lump-sum amount or installments equal to the value of the participant's vested interest in his or her account. Participants may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances exceeding \$1,000, but not exceeding \$5,000, may be rolled into an Individual Retirement Account. All vested account balances not exceeding \$1,000 may be immediately distributed in a lump-sum payment. With the Plan administrator's approval, participants may withdraw all or part of their aggregate contributions in the event of financial hardship. Distributions may be made at the participant's election prior to termination upon attainment of age 59 ½.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Bank's contributions plus actual earnings thereon is based on years of service according to the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or fifty percent (50%) of their vested account balance. The notes are secured by the balance in the participant's account. The interest rate, determined at the time of the loan, is set at 1% above the prime rate. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the proceeds of the note were used to acquire the participant's residence, in which case the note terms can range up to 30 years. A participant may have no more than two outstanding notes at any one time.

Forfeited Accounts

The unvested portion of a terminated participant's account will be forfeited and used to reduce future Bank contributions, reinstate previously forfeited account balances or to pay Plan expenses. During 2023, \$239,130 of forfeitures was used to reduce employer contributions. As of December 31, 2023 and 2022, the amount of available forfeitures totaled \$223,820 and \$264,385, respectively.

Note 2 - Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Plan Fees and Administrative Expenses

Plan fees and administrative expenses are generally paid by the Plan, unless paid by the Bank. Certain transactional fees are charged directly to the participant's account and are included in administrative expenses. In addition, certain investment-related expenses are included in net appreciation in fair value of investments presented in the accompanying Statement of Changes in Net Assets Available for Benefits.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements. The plan sponsor determines the Plan's valuation policies utilizing information provided by the trustee.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on an accrual basis. Net appreciation includes the Plan's gains (losses) on investments bought and sold as well as held during the year.

The classification of investment earnings reported in the Statement of Changes in Net Assets Available for Benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Subsequent Events

The Company has evaluated subsequent events through October 11, 2024, which is the date the accompanying financial statements were available to be issued.

Note 3 - Information Certified by the Plan's Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the period from October 1, 2023 to December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (the Trustee/Custodian).

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the period from January 1, 2023 to September 30, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company (the Trustee/Custodian).

Note 4 - Non-Distributed Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid. At December 31, 2023 and 2022, there were no benefits payable to participants who had withdrawn from the Plan.

Note 5 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or global conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 6 - Fair Value Measurements

The FASB provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy states the highest to lowest priority in its measurements from level 1 – 3, respectively. These three levels of fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for identical or similar assets or liabilities in active or inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. Mutual funds held by the Plan have been deemed to be actively traded.

Common Collective Trusts: Valued at fair value based on the NAV of units held of the collective fund. The NAV is based on the observable market prices of the underlying investments within the fund less liabilities. The NAV for the underlying assets of the fund is a readily determinable measure of their fair value and is the basis used by the fund for current transactions.

The following tables set forth the fair value measurements for each hierarchy level for the Plan's assets, as of the dates indicated:

December 31, 2023	Total	Fair Value Measurements		
		Level 1	Level 2	Level 3
Assets				
Mutual funds	\$ 16,172,672	\$ 16,172,672	\$ -	\$ -
Common collective trusts	1,535,402	-	1,535,402	-
Total investments, at fair value	<u>\$ 17,708,074</u>	<u>\$ 16,172,672</u>	<u>\$ 1,535,402</u>	<u>\$ -</u>

December 31, 2022	Total	Fair Value Measurements		
		Level 1	Level 2	Level 3
Assets				
Mutual funds	\$ 12,472,543	\$ 12,472,543	\$ -	\$ -
Common collective trusts	1,162,710	-	1,162,710	-
Total investments, at fair value	<u>\$ 13,635,253</u>	<u>\$ 12,472,543</u>	<u>\$ 1,162,710</u>	<u>\$ -</u>

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Bank has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become one hundred percent (100%) vested in their employer contributions.

Note 8 - Related Party and Party-in-Interest Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Reliance Trust Company and Principal Trust Company served as trustee/custodian as defined by the Plan during 2023 and, therefore, certain transactions qualify as party-in-transactions. The Plan paid \$66,013 in recordkeeping, and advisory fees to third party service providers during 2023. The Plan issues note to participants, which are secured by the balances in the participants' accounts. The Bank also paid certain other administrative expenses of the Plan but are excluded from the financial statements. These transactions qualify as party in interest transactions for which a statutory exemption exists.

Note 9 - Tax Status

The Plan adopted a standardized pre-approved prototype profit sharing plan which received a favorable opinion letter from the Internal Revenue Service on October 6, 2020 (for ADP, LLC) and on June 30, 2020 (for Principal Life Insurance Company), which stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended. The Bank believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

Note 10 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at the dates indicated:

	<u>12/31/2023</u>	<u>12/31/2022</u>

October 11, 2024

To the Plan Administrator and Management
Sunwest Bank 401(k) Profit Sharing Plan
Sandy, Utah

We have conducted an ERISA Section 103(a)(3)(C) audit of the financial statements of Sunwest Bank 401(k) Profit Sharing Plan as of and for the year ended December 31, 2023 and have issued our report thereon dated October 11, 2024. Professional standards require that we advise you of the following information related to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our letter dated February 21, 2024, our responsibility, as described by professional standards is to conduct our audit in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, as permitted by ERISA Section 103(a)(3)(C), the audit need not extend to any statements of information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution). For an ERISA Section 103(a)(3)(C) audit, the audit will not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirement of accounting principles generally accepted in the United States of America (GAAP). Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of the system of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control over financial reporting. Accordingly, as part of our audit, we considered the system of internal control of Sunwest Bank 401(k) Profit Sharing Plan solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

We have provided our comments regarding significant control deficiencies and other matters noted during our audit in a separate letter to you dated October 11, 2024.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, our firm, and our network firms, have complied with all relevant ethical requirements regarding independence.

Significant Risk Identified

As stated in our auditor's report, professional standards require us to design our audit to provide reasonable assurance that the financial statements are free of material misstatement whether caused by fraud or error. In designing our audit procedures, professional standards require us to evaluate the financial statements and assess the risk that a material misstatement could occur. Areas that are potentially more susceptible to misstatements, and thereby require special audit considerations, are designated as "significant risks." We have identified the following as a significant risk:

- Change in Third Party Administrator (TPA) – We identified a significant risk related to the Plan changing TPA during the year, as there is potential for error in participant accounts.

Qualitative Aspects of the Plan's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by Sunwest Bank 401(k) Profit Sharing Plan is included in Note 1 and 2 to the financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during 2023. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Accounting Estimates and Related Disclosures

Accounting estimates and related disclosures are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

No such sensitive estimates were identified for this plan.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. There were no financial statement disclosures that we consider to be particularly sensitive or involve significant judgment.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards also require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. Uncorrected misstatements or matters underlying those uncorrected misstatements could potentially cause future-period financial statements to be materially misstated, even though the uncorrected misstatements are immaterial to the financial statements currently under audit. There were no uncorrected or corrected misstatements identified as a result of our audit procedures.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to Sunwest Bank 401(k) Profit Sharing Plan's financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Circumstances that Affect the Form and Content of the Auditor's Report

For purposes of this letter, professional standards require that we communicate any circumstances that affect the form and content of our auditor's report. We did not identify any circumstances that affect the form and content of the auditor's report.

Representations Requested from Management

We have requested certain written representations from management which are included in the management representation letter dated October 11, 2024.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with Sunwest Bank 401(k) Profit Sharing Plan, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, significant events or transactions that occurred during the year, business conditions affecting the plan, and business plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as Sunwest Bank 401(k) Profit Sharing Plan's auditors.

Other Matters

The ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, was subjected to the audit procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

This report is intended solely for the information and use of the Plan Administrator, and management of Sunwest Bank 401(k) Profit Sharing Plan and is not intended to be, and should not be, used by anyone other than these specified parties.
