Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Sunroad Enterprises Employees' 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (an "ERISA 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Sunroad Enterprises Employees' 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sunroad Enterprises Employees' 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sunroad Enterprises Employees' 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sunroad Enterprises Employees' 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sunroad Enterprises Employees' 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule (Schedule H, Part IV, Line 4i as of December 31, 2023), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SUNROAD ENTERPRISES EMPLOYEES' 401(k) PLAN

Notes to Financial Statements December 31, 2023

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Sunroad Enterprises Employees' 401(k) Plan (the "Plan") provides only general information. Participants should refer to the respective Plan documents for a more complete description of the Plan's provisions.

On May 1, 2023, approximately \$46,860,000 of the Plan's assets were transferred from the ADP Retirement / Reliance Trust Company ("ADP/Reliance") platform to Fidelity Management Trust Company ("Fidelity"), at which time all contributions were directed to Fidelity. As of December 31, 2023, \$49,715,280 of investments are held by Fidelity and \$4,374,609 of investments are held by ADP / Reliance. During 2024, by May 31, 2024, the remaining investments held by ADP/Reliance were transferred to Fidelity.

General and Eligibility

The Plan, which became effective in July 1986, is sponsored by Sunroad Holding Corporation and is a defined contribution plan covering all eligible employees of Sunroad Holding Corporation, Sunroad Asset Management, Inc., PH Automotive Holding Corporation, Sunroad Marina Partners, LP, Sunroad KMI Auto, Inc., Sunroad HS Auto, Inc., Sunroad CV Auto, Inc., Sunroad Auto Shared Services, Inc., Maderas Partners, L.P., Sunroad Auto, LLC, Sunroad MV Auto, Inc., Sunroad BCV Auto, Inc., Sunroad KMCDJR, LLC, Sunroad KM Chevrolet, LLC and Sunroad Insurance Services, LLC (collectively referred to as the "Company") who have completed 90 days of service and are age eighteen or older. Leased and union employees are ineligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participant Contributions

Eligible employees may elect to defer up to 90% of their pre-tax annual compensation, as defined by the Plan. In addition, participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified sources. Participants direct their contributions into various investment options offered by the Plan. All participant contributions are subject to limitations imposed by the Internal Revenue Code ("IRC").

Eligible employees, except those who affirmatively elect to not participate or who choose to contribute a specified amount to the Plan, automatically have 3% of their compensation deferred into the Plan. Additionally, the initial automatic deferral amount increases by 1% point up to a maximum of 6% on each succeeding anniversary date following the date that the eligible employee's automatic deferral was first implemented.

Employer Contributions

The Company may make discretionary matching and profit-sharing contributions into the Plan. The matching and profit-sharing contributions, if any, are made only to participants employed with the Company as of the last day of the Plan year, or the last day of the applicable eligibility period. For 2023, the Company did not make a discretionary profit-sharing contribution, but made a matching contribution up to 10% of the participants' contributions. During 2023, the matching contribution totaled \$565,845, which was remitted to the Plan in March 2024, and is reflected as an employer contribution receivable on the statement of net assets available for benefits as of December 31, 2023.

SUNROAD ENTERPRISES EMPLOYEES' 401(K) PLAN

Notes to Financial Statements December 31, 2023

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's contribution, if any, and allocations of Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined.

Administrative charges related to participant loans and distributions are deducted directly from the respective participant's account. Investment expenses charged by the mutual funds and common/collective trusts in which the Plan invests are paid directly from the underlying assets of the respective investment and are included in net realized and unrealized appreciation in fair value of investments in the statement of changes in net assets available for benefits. All other expenses related to the administration of the Plan are paid by the Company.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. In the event of termination due to death, total and permanent disability, or reaching early or normal retirement, participants shall become 100% vested in the Company contribution portion of their account. For all other participants, vesting in the Company contribution portion of their account is based on years of credited service, as defined in the Plan, according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow against their accounts a minimum of \$500 up to a maximum generally equal to the lesser of \$50,000, or 50% of their vested account balance. Participants may have only one loan outstanding at a time. Loan transactions are treated as transfers between the investment fund and the loan account balance using the same allocation method as contributions. Loan terms may not exceed 5 years unless the loan is to be used to acquire the principal residence of the participant, for which a reasonable repayment period is determined by the Plan administrator. Loans are secured by the participant's vested account balance and bear interest at the prime rate plus 1%. The interest rates on outstanding loans at December 31, 2023 ranged from 4.25% to 9.50%. Principal and interest are paid regularly through payroll deductions.

In March 2020, the Plan operationally implemented the provisions of the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") (Note 11). Participants requesting relief under the CARES Act were permitted (i) an increased loan limit to the lesser of \$100,000 or 100% of the nonforfeitable account balance (available until September 23, 2020), and (ii) a delay in loan repayments due through December 31, 2020 for up to one year.

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits

Participants are entitled to a distribution of their vested benefits in the event of death, disability, retirement, termination of employment, or termination of the Plan. Early retirement is available upon attaining age 55 and completing 6 years of service. Pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"), which became law on December 20, 2019, participants may defer taking distributions as follows:

- If a participant reached the age of 70½ in 2019, the participant may defer receiving distributions until the later of April 1, 2020, or the April following the calendar year in which the participant retires;
- If a participant reaches the age of 70½ in 2020 or later, the participant may defer receiving distributions until the later of the April following the calendar year in which the participant reaches age 72 or retires, except that -

Beginning in 2023, the age a participant must begin taking distributions was raised to 73. If a participant reaches the age of 72 during 2023, the participant may defer receiving distributions until April 1, 2025, the latest date that a required minimum distribution may be taken for 2024 (Note 12).

Upon termination of employment, the Plan may roll over a participant's vested account balance greater than \$1,000 and less than \$5,000 into an individual retirement account ("IRA") selected by the Company, if the participant has not elected to receive a cash distribution or have the balance rolled over into an IRA of his/her choosing. Also at its discretion, the Plan may elect to distribute accounts with vested balances of less than \$1,000. If a terminated participant's vested account exceeds \$5,000, the participant may elect to receive a lump sum or may defer receipt of payments according to Plan provisions.

Pre-retirement distributions are allowed upon participants either attaining age 59½ or experiencing a financial hardship as defined by the IRC and are subject to applicable income taxes and the approval of the Plan administrator.

In February 2018, Congress passed the Bipartisan Budget Act (the "Act"). Among other things, the Act provides relief on hardship withdrawal requirements including the following: (1) a participant will not be required to obtain a plan loan before requesting a hardship withdrawal, (2) a participant's deferral contributions will not be suspended after receipt of a hardship withdrawal, and (3) earnings on elective deferral contributions in a participant's account will be eligible for hardship withdrawal purposes. The provisions of the Act may be implemented operationally beginning January 1, 2019 prior to formally amending the Plan document. Effective October 1, 2019, the Plan adopted the provisions of the Act with respect to hardship withdrawal requirements.

In March 2020, the Plan implemented the following provisions for CARES Act related to distributions: (i) participants may withdraw up to \$100,000 without a 10% early distribution penalty and (ii) required minimum distributions were temporarily suspended for 2020.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan. Fees related to the administration of notes receivable from participants and the processing of distributions are charged directly to the account of the transacting participants and are included in administrative expenses. Investment-related expenses related to investments are included in the net realized and unrealized appreciation or depreciation in the fair value of investments and administrative expenses.

SUNROAD ENTERPRISES EMPLOYEES' 401(K) PLAN

Notes to Financial Statements December 31, 2023

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Forfeitures

If a participant terminates employment with the Company before becoming fully vested, the unvested portion of employer contributions and related earnings are forfeited. Forfeitures of unvested employer contributions and related earnings are transferred from the terminated participant's account to a forfeiture account. Forfeitures of unvested employer contributions may be used to pay administrative expenses and reduce employer contributions to the Plan. During 2023, \$87,582 was added to the forfeiture account, including investment earnings of \$4,638, \$21,297 was used to reduce employer matching, and there were other deductions of \$43,418. As of December 31, 2023 and 2022, forfeited amounts totaled \$99,982 and \$77,115, respectively.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation or depreciation in investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Notes to Financial Statements December 31, 2023

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

Plan management has evaluated subsequent events through the date of the independent auditors' report, which is the date these financial statements were available to be issued.

NOTE 3. INFORMATION CERTIFIED BY THE TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and the ERISA-required supplemental schedule (Schedule H, Part IV, Line 4i), including investments and notes receivable from participants held at December 31, 2023 and 2022, and net realized and unrealized appreciation or depreciation in fair value of investments, interest and dividends, and other income for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company and Fidelity Management Trust Company, as applicable, the trustees of the Plan.

NOTE 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

SUNROAD ENTERPRISES EMPLOYEES' 401(K) PLAN

Notes to Financial Statements December 31, 2023

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement for the asset or liability at the measurement date. These inputs reflect Plan management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and in the inputs to the model.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2023 and 2022. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Valued at the net asset value of units of the respective collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer may reserve the right to require a notification period in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

	December 31, 2023			Total
	Level 1	Level 2	Level 3

The fair value amounts of the common/collective trusts presented in these tables are intended to permit reconciliation of the fair value hierarchy to investments at fair value presented in the statements of net assets available for benefits.

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022, respectively. NOTE 5. RELATED PARTY TRANSACTIONS

Certain of the Plan's operating expenses are paid by the Company and the Company provides administrative services for the Plan at no cost to the Plan. Certain investments are managed by the sub-custodian of the Plan. In addition, the Plan allows participants to take loans against their account balances. These transactions are considered exempt party-in-interest transactions.

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balances.

NOTE 7. TAX STATUS

The Company has adopted a non-standardized pre-approved profit sharing/money purchase plan through ADP/Reliance and a pre-approved defined contribution plan through Fidelity and relies upon the opinion letters from the Internal Revenue Service ("IRS"), which state that, in its opinion, the pre-approved plans and related trusts are designed in accordance with applicable sections of the Code. The Company has not applied for a determination letter from the IRS specific to the Plan. Although the Plan has been amended since receiving the opinion letters, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

Notes to Financial Statements December 31, 2023

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9. OPERATIONAL FAILURES

During 2024, the Company identified operational failures relating to the exclusion of certain types of eligible Plan compensation which resulted in incorrect deferral contributions and corresponding matching contributions during 2023. The Company and the Plan administrator are in the process of determining the participants affected and intend on taking corrective action as necessary under the IRS Employee Plans Compliance Resolution System's Self-Correction Program.

Based on the actions intended to be taken, Plan management and the Company believe the aforementioned operational failures will not cause the Plan to be disqualified by the IRS and that the self-corrective actions will allow the Plan to be in compliance with the Plan documents and ERISA. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

NOTE 11. CARES ACT

In response to the effects of the coronavirus on the economy, in March 2020, Congress passed the CARES Act. The CARES Act provides temporary relief for retirement plan sponsors and participants with respect to employer contributions, distributions, and participant loans. The provisions of the CARES Act may be effective prior to formally amending the Plan document. The Plan has implemented certain relief provisions included in the CARES Act as disclosed in the preceding notes to the financial statements. Plan management expects to formally amend the Plan by December 31, 2025.

NOTE 12. SECURE 2.0 ACT

On December 29, 2022, the SECURE 2.0 Act of 2022 (the "SECURE Act 2.0") became law. The purpose of the legislation is to expand access to retirement plans and to help working Americans increase their retirement savings. The SECURE Act 2.0 includes various required and optional provisions that will become effective between 2023 and 2033, certain of which are described below:

- Beginning January 1, 2025, a participant from the ages 60 to 63 can elect catch-up contributions up to the limit of the greater of \$10,000 or 150% of the catch-up contribution limit imposed by the IRS.
- Starting January 1, 2025, long-term part-time workers (defined as employees who have worked for two consecutive 12 month periods during each of which they have at least 500 hours of service) will become eligible to enroll in their employer's retirement plan after two years.
- Beginning January 1, 2026, catch-up contributions will be made on a Roth basis, unless the participant earns \$145,000 or less.

Plan management has not yet determined which of the optional provisions, if any, the Plan will implement. Plan management expects to formally amend the Plan by December 31, 2025.
