Fairfield Processing Corporation 401(k) Plan
Danbury, Connecticut

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Fairfield Processing Corporation 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Fairfield Processing Corporation 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Fairfield Processing Corporation 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Fairfield Processing Corporation 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

The Trustees
Fairfield Processing Corporation 401(k) Plan

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fairfield Processing Corporation 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Fairfield Processing Corporation 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplementary Schedules Required by ERISA

The supplementary schedule of delinquent participant contributions and schedule of assets (held at end of year) listed in the foregoing table of contents, as of and for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplementary schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedules, we evaluated whether the supplementary schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

FAIRFIELD PROCESSING CORPORATION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of Fairfield Processing Corporation (Company) 401(k) Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company, with no minimum age requirement. Employees are allowed to enter the Plan on the first day of the calendar month following their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's trustees are responsible for oversight of the Plan, including determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Participants' Contributions

Each year, participants may contribute an amount equal to a dollar amount or percentage of their annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Contributions to the Plan are subject to certain Internal Revenue Service (IRS) limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants are able to modify the amount of salary reduction each payroll period.

Employer's Contributions

Each year the Company may make discretionary matching contributions to the Plan, equal to a percentage of the employee's salary deferral. For the year ended December 31, 2023, the Company matched 50% of the first 6% of participants' salary deferral contributed. The Company may also make an annual discretionary profit-sharing contribution; however, none was made for the year ended December 31, 2023.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as an allocation of the Company's discretionary profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their contributions, Company discretionary matching and profit-sharing contributions, and actual earnings thereon, immediately upon their effective date of participation in the Plan.

FAIRFIELD PROCESSING CORPORATION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less, for a period up to five years or twenty years for a loan used to purchase a primary residence. Participants may have no more than one loan outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at 1% above the prime rate. Outstanding loans bear interest at rates ranging from 4.25% to 9.50% at December 31, 2023 and 2022. The prime rate was 8.50% and 7.50% at December 31, 2023 and 2022, respectively. Principal and interest are generally payable through weekly payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or for other reasons as defined, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If the participant's vested interest in his or her account is in excess of \$5,000, installment payments may be made.

If the vested balance is \$5,000 or less upon termination of service, the participant's account will be "cashed out" by distributing the balance in a single-sum payment or by a direct rollover to an IRA as soon as reasonably practicable.

The Plan also provides for in-service withdrawals by participants who have attained the age of 59½. In addition, upon proving financial hardship, a participant is entitled to an in-service withdrawal, as defined, which is payable immediately in a lump-sum distribution.

Forfeited Accounts

There were no forfeited nonvested accounts as of December 31, 2023 and 2022. In the future, these accounts can be used to reduce employer contributions or pay administrative expenses of the Plan. During 2023, no forfeited nonvested accounts were used to offset employer contributions.

Unallocated Assets

The Plan has approximately \$16,000 and \$12,800 of unallocated assets as of December 31, 2023 and 2022, respectively. The unallocated assets pertain to corrective contributions made by the Company in a prior year to former participants or their beneficiaries, who could not be located, or for corrections made from a previous year. Plan management is consulting with legal counsel to determine potential uses for the unallocated assets. The unallocated assets are invested in the separate account guaranteed investment contract - diversified bond portfolio (SAGIC).

FAIRFIELD PROCESSING CORPORATION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Investment Options

Participants may direct their contributions into any of the funds offered by the Plan, which were invested with the Plan's directed trustee and custodian, Empower Trust Company, LLC (ETC). These funds consist of a variety of investment options including mutual funds and a fully benefit responsive investment contract.

Plan Administration Costs

During 2023, the Plan paid indirect compensation to The Benefit Practice for contract administrator fees of approximately \$3,000. These fees are offset against net appreciation in fair value of investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the Plan's investment advisors. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

FAIRFIELD PROCESSING CORPORATION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are reclassified as a distribution based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2023 and 2022 excess contributions to the applicable participants prior to March 15, 2024 and 2023, respectively.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2024, the date the financial statements were available to be issued. Through that date, there were no material events that would require recognition or additional disclosure in the financial statements.

NOTE 3 - FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurement* (ASC 820), provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

FAIRFIELD PROCESSING CORPORATION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2023 and 2022. Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds

The mutual funds held by the Plan are deemed to be actively traded. The reported fair values have been measured by quoted market prices in an active market. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities Exchange Commission.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

FAIRFIELD PROCESSING CORPORATION 401(K) PLAN

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

	December 31, 2023	
	<u>Level 1</u>	<u>Total</u>
Mutual Funds, at Fair Value	<u>\$5,312,638</u>	<u>\$5,312,638</u>
	December 31, 2022	
	<u>Level 1</u>	<u>Total</u>
Mutual Funds, at Fair Value	<u>\$4,459,669</u>	<u>\$4,459,669</u>

NOTE 4 - BENEFIT-RESPONSIVE INVESTMENT CONTRACT WITH INSURANCE COMPANY

In addition to its selection of mutual funds, the Plan also offers a fully benefit-responsive investment contract, which is presented as investment, at contract value in the statements of net assets available for benefits at December 31, 2023 and 2022. This SAGIC contains a general investment account guarantee from Massachusetts Mutual Life Insurance Company (MMLIC) that provides a stated rate of return and insulates participants from daily fluctuations in the market. Under the terms of the SAGIC group annuity contract, participants may direct permitted withdrawals and/or transfer transactions of all or a portion of their balance in the SAGIC investment option at contract value. Contract value represents contributions, plus credited interest, less participant withdrawals and fees.

This investment contract held by the Plan is a guaranteed investment contract. MMLIC is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by MMLIC but may not be less than 0%. The crediting rate is reviewed on a semi-annual basis for resetting.

MMLIC considers the SAGIC to be fully benefit-responsive, notwithstanding the market value events under the SAGIC contract that limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the following: (1) the complete or partial termination of the Plan; (2) the establishment, or activation of, or material change in, any plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from plan coverage as a result of a sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

FAIRFIELD PROCESSING CORPORATION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

NOTE 5 - TAX STATUS

The plan sponsor has adopted a Volume Submitter 401(k) Profit Sharing Plan established by FIS Business Systems, LLC (FBS) and, as a result, has not applied for a separate letter of determination from the IRS. The FBS prototype plan received an IRS advisory letter dated June 30, 2020 that the Volume Submitter document submitted on December 31, 2018 is designed in accordance with applicable sections of the Internal Revenue Code (Code). Although the Plan has been amended since receiving the IRS advisory letter, in the opinion of the plan administrator, the Plan and related trust are designed and currently being operated in compliance with the applicable requirements of the Code and, therefore, the plan administrator believes that the Plan is qualified, and the related trust is tax exempt.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 - RELATED-PARTY AND PARTIES-IN-INTEREST TRANSACTIONS

Certain plan investments were managed by an affiliate of ETC, and therefore, these transactions qualify as party-in-interest transactions.

During 2023, the Plan paid Empower Annuity Insurance Company of America and The Benefit Practice approximately \$17,700 collectively, for contract administrator and recordkeeping fees directly charged to participants. The Plan also paid Rockefeller Financial, LLC approximately \$30,000 for registered investment advice.

Notes receivable from participants also qualify as party-in-interest transactions. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

FAIRFIELD PROCESSING CORPORATION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

NOTE 9 - INFORMATION CERTIFIED BY THE DIRECTED TRUSTEES AND CUSTODIANS

Information presented in the accompanying statements and supplementary schedules as of December 31, 2023 and 2022 and for the year ended December 31, 2023 for investments, notes receivable from participants, investment income and interest income on notes receivable from participants, was derived, without audit, from information certified to be complete and accurate by ETC, as permitted by the election made by the plan administrator under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 10 - NONEXEMPT TRANSACTIONS

Timeliness of Remittances

During the year ended December 31, 2023, one remittance of employee contributions to ETC of \$185 was beyond the Company's demonstrated pattern of timely remittance, and, as such, was classified as a nonexempt transaction.

During the year ended December 31, 2023, the Company corrected late remittances for the 2021 plan year by remitting any lost investment earnings to the affected participants. The Company is in the process of correcting the 2023, 2022 and 2019 late remittances and will remit any lost investment earnings to the affected participants once calculated.

NOTE 11 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
