Independent Auditor's Report

Plan Administrator
B2B Industrial Packaging 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audits of the financial statements of the B2B Industrial Packaging 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, line 4a—schedule of delinquent participant contributions for the year ended December 31, 2023, and Schedule H, line 4i—schedule of assets (held at end of year), as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

B2B Industrial Packaging 401(k) Retirement Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the B2B Industrial Packaging 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The plan name was changed from B2B/AMW 401(k) Retirement Plan to B2B Industrial Packaging 401(k) Retirement Plan pursuant to an amendment effective July 1, 2022.

General: The Plan is a defined-contribution plan that covers all employees of B2B/AMW Acquisition Company, Inc. (collectively, the Company). The Plan was formed on November 20, 2020 (inception), the following financial information relates to the years ended December 31, 2023 and 2022. Employees become eligible in the Plan three months following employment commencement and after achieving 1 service hour with the Company. There is no age requirement to become eligible to participate in the Plan. Eligible employees enter the Plan and become participants on the first day following the date of eligibility requirements being met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: A participant may elect to contribute a percentage of his/her annual compensation, as defined by the Plan, on a pretax basis up to the maximum allowed by the Internal Revenue Service (IRS). Participants may also contribute amounts representing distributions from other qualified retirement plans. The Company's Board of Directors determines the Company's discretionary matching contributions, as well as any profit-sharing contributions. The Board of Directors determined Company matches would occur on 50% of employee deferrals up to 6% of their deferred match. The Company's matching contributions were \$1,088,397 for the year ended December 31, 2023. There were no profit-sharing contributions related to the 2023 plan year. Participants who attain the age of 50 before the end of the year are eligible to make catch-up contributions. Participant contributions are recognized when earned. All contributions are subject to certain limitations under the Internal Revenue Code (IRC).

Participant accounts: Each participant's account is credited with the participant's contributions, Company-matching and safe harbor non-elective contributions, and an allocation of plan earnings, and charged with administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting: Participants are immediately vested in their elective contributions, the Company's matching contributions and rollover contributions plus the actual earnings thereon.

Investment options: Upon enrollment in the Plan, participants may direct the investment of their account balances into a variety of investment options, as more fully described in the Plan's literature. Participants may change their investment options daily.

Notes receivable from participants: Participants may borrow an amount not less than \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested balance. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and interest rates will be based on the prime rate of interest published by the *Wall Street Journal* as of the date of the loan plus 1%. Interest rates for the plan years ended December 31, 2023 and 2022, ranged from 4.25% to 9.5%, and 4.25% to 7.50%, respectively. Principal and interest are paid ratably through payroll deductions.

Forfeitures: At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$0. These amounts are to be used to reduce future Company contributions or pay plan expenses when they occur. During the year ended December 31, 2023, \$0 forfeitures occurred.

B2B Industrial Packaging 401(k) Retirement Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Payment of benefits: The full value of a participant's vested account balance is payable at normal retirement age, as defined, terminated employment, or due to death. Benefits are paid only in the form of a lump-sum. Withdrawals are also allowed at any time for hardship reasons, as defined in the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

The Plan's financial statements are prepared in accordance with accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America (U.S. GAAP) to ensure net assets available for benefits and changes in net assets available for benefits are consistently reported. References to U.S. GAAP issued by the FASB in these footnotes are to the FASB Accounting Standards Codification (ASC).

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment custodian and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 10, 2024, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by John Hancock Life Insurance Company U.S.A.(Custodian)

The following is a summary of the Plan's asset and income information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian is complete and accurate related to the following assets and income.

	2023	2022
Shares of pooled separate accounts	\$ 19,459,405	\$ 10,602,463
Units of common/collective trusts	807,420	455,946
Notes receivable from participants	328,791	83,266
Interest bearing cash	16,768	-
Net appreciation in fair value of investments	2,430,515	
Interest income on notes receivable from participants	14,899	

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2023 and 2022:

Shares of pooled separate accounts: Valued at the total of the net asset value (NAV) of shares of mutual funds held by the account at year-end. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value.

Units of common/collective trusts: Valued based on the NAV of units of the common/collective trusts. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Since all investments are valued at NAV, they are not subject to the fair value hierarchy.

The following table summarizes investments measured at fair value based on NAV per share (or its equivalent) as of December 31, 2023 and 2022:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2023	2022			
Shares of pooled separate accounts	\$ 19,459,405	\$ 10,602,463	\$ -	Daily	None
Units of common/collective trusts	\$ 807,420	\$ 455,946	\$ -	Daily	None

Changes in fair value levels: To assess the appropriate classification of investments with the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2023, there were no transfers in or out of Level 3.

Note 5. Related-Party Transactions

Certain plan investments are managed by the custodian, John Hancock. Total fees paid by the Plan for the investment management services by John Hancock was \$15,532 for the year ended December 31, 2023.

Certain employees of the Company provide administrative services to the Plan. These employees do not receive any compensation from the Plan for their services. Also, certain administrative expenses were paid by the Company on behalf of the Plan.

Note 6. Income Tax Status

The Plan has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the preapproved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since adopting the preapproved plan document; however, The Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC..

B2B Industrial Packaging 401(k) Retirement Plan

Notes to Financial Statements

Note 6. Income Tax Status (Continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

Note 7. Non-exempt Transaction

During 2023, the Plan sponsor inadvertently failed to deposit approximately \$3,009 of participant contributions within the required timeframe as stated by the United States Department of Labor regulations. The Plan sponsor deposited lost earnings in the amount totaling approximately \$20 to correct this failure in 2024. The Plan sponsor intends to file Form 5330 and intends to pay applicable excise tax to the IRS. The correction and any excise taxes, if applicable will be made from the Plan sponsor's assets and not from assets of the Plan.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets available for benefits per form 5500 at December 31, 2023 and 2022:

	2023	2022
Net assets available for benefits per the financial statements	\$ 20,712,405	\$ 11,145,138

Net assets available for benefits per Form 5500	<u>\$ 20,732,728</u>	<u>\$ 11,144,130</u>

The following is a reconciliation of changes in net assets available for benefits per the financial statements to changes in net assets available for benefits per Form 5500 for the year ended December 31, 2023:

Changes in net assets available for benefits per the financial statements	\$ 9,567,267
