INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
the PFNonwovens, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of PFNonwovens, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of PFNonwovens, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of PFNonwovens, LLC 401(k) Plan, and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about PFNonwovens, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of PFNonwovens, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about PFNonwovens, LLC 401(k) Plan's, ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PFNonwovens, LLC 401(k) Plan

Notes to the Financial Statements For the Years Ended December 31, 2023 and 2022

1. Description of Plan

The following description of the PFNonwovens, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan. Effective January 1, 2019, employees, as defined by the Plan document, of PFNonwovens, LLC (the “Company”) are eligible to participate in the Plan and make salary deferral contributions after attaining 21 years of age and are eligible to receive an employer safe harbor contribution after attaining 21 years of age and completing three months of service. Participants who are rehired will be able to participate in the Plan on the date which they are rehired, provided they are otherwise eligible to participate. Participants are enrolled in the Plan for all contribution types on the first day of the payroll period coinciding with or following the next date the eligibility requirements are met, or as soon as administratively feasible thereafter. The Plan is subject to the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Amendment – On March 27, 2020, President Trump signed into law the “Coronavirus Aid, Relief, and Economic Security Act” (“CARES Act”). The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. The Company evaluated the relief provisions available to plan participants under the CARES Act and implemented certain provisions for eligible participants.

The Plan has until December 31, 2025, to amend the Plan documents, as necessary, for the above CARES Act provisions implemented in 2020.

Contributions – The Plan consists of a 401(k) salary reduction feature that allows participants to contribute a percentage of eligible compensation, including Roth contribution deferrals, as defined by the Plan, up to the maximum annual deferral allowed by the Internal Revenue Service (“IRS”). Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions. Participants may also contribute amounts representing distributions (rollovers) from other qualified defined benefit or contribution plans. However, in-Plan Roth rollover contributions are not permitted.

The Company shall make a Safe Harbor matching contribution equal to 100% of a participant’s elective deferral contribution on the first 1% of eligible compensation plus 50% of a participant’s elective deferral contribution in excess of 1% but not in excess of 6% of eligible compensation for a maximum possible Company Safe Harbor match of 3.5% of eligible compensation.

Effective January 1, 2019, the Plan adopted an automatic deferral feature whereby all participants who do not have an existing salary reduction agreement will be automatically enrolled in the Plan. Accordingly, the Company will automatically withhold 3% of a participant’s eligible compensation from each payroll period and contribute that amount to the Plan as a pre-tax 401(k) deferral contribution unless the participant makes a contrary election. In addition, the Plan has incorporated an automatic escalation provision whereby a participant’s automatic deferral contribution percentage will automatically increase each year by 1% up to a maximum of 10%, unless otherwise elected by the participant. Refer to the Plan documents for further information on these provisions.

Participants direct the investment of their contributions into the various investment options offered by the Plan.

PFNonwovens, LLC 401(k) Plan

Notes to the Financial Statements For the Years Ended December 31, 2023 and 2022

Participant Accounts – Each participant's account is credited with the participant's contributions, allocations of the Company's contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan and Plan losses. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their deferral and rollover contributions and earnings thereon. Company safe harbor matching contributions become 100% vested after two years of service or upon certain events as described in the Plan document. Effective January 1, 2019, the prior employer matching contribution with the First Quality Savings and Investment Plan will follow the vesting schedule below:

Years of Service	Vesting Percentage
Zero to 1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants also become 100% vested in all of their accounts under the Plan if they are employed and reach normal retirement age, become disabled, or upon death.

Forfeited Accounts – Any Company contributions forfeited due to termination prior to full vesting are available to reduce future Company contributions or to pay the administrative expenses of the Plan. As of December 31, 2023 and 2022, forfeited nonvested accounts totaled \$2,168 and \$10, respectively. For the years ended December 31, 2023 and 2022, \$14,622 and \$25,303, respectively, in forfeitures were used to reduce employer matching contributions.

Notes Receivable from Participants – Participants may borrow from their vested fund accounts a minimum of \$1,000 up to the maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are payable over a minimum of 12 months up to a maximum period of five years unless the loan is used for the purchase of a principal residence, in which case a maximum ten-year repayment term is permitted. The loans are secured by the balance in the participants vested account and bear interest at a fixed rate equal to Prime rate plus 1%, or such other rate as is prescribed by the employer based on periodic reevaluations of the adequacy of such rate. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits – Upon termination of service, retirement, death, or total permanent disability, a participant may elect to receive a lump-sum distribution of his or her entire accumulated plan balance, subject to the terms and certain limitations of the funding vehicles. In addition, participants may elect in-service withdrawals after reaching age 59-1/2. Minimum required distributions for certain participants also apply per IRS regulations. Participants are also permitted to take in-service hardship withdrawals in certain cases of immediate and heavy financial need. All in-service withdrawals are subject to a minimum withdrawal amount of \$1,000.

Terminated or deceased participants with a vested account balance equal to or less than \$1,000 shall be paid in a single sum as soon as administratively possible. Terminated participants with a vested balance greater than \$1,000 and less than or equal to \$5,000 shall be subject to a mandatory distribution in the form of an automatic rollover.

Notes to the Financial Statements For the Years Ended December 31, 2023 and 2022

2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's governing committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustees. See Note 6 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent loans are reclassified as distributions based upon the terms on the Plan document.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

3. Information Prepared and Certified by the Trustee

All investment information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including but not limited to, investments, cash, and outstanding principal on notes receivable from participants held as of December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2023 and 2022, was obtained or derived from information supplied to Plan management and certified as complete and accurate by the trustees of the Plan. Principal Trust Company, the trustee, held certain Plan investment assets and executed investment transactions as of December 31, 2023 and 2022, and for the period from April 16, 2022 through December 31, 2023, and the former trustee Wells Fargo Bank, N.A. held certain Plan investment assets and executed investment transactions for the period from January 1, 2022 through April 15, 2022.

PFNonwovens, LLC 401(k) Plan

Notes to the Financial Statements For the Years Ended December 31, 2023 and 2022

4. Investments

During the years ended December 31, 2023 and 2022, the Plan's investments, including gains and losses on investments bought and sold, as well as held during the year, appreciated (depreciated) in value by \$3,503,859 and \$(4,864,477), respectively.

Interest and dividend income, including capital gain distributions, for the years ended December 31, 2023 and 2022 was \$454,904 and \$411,914, respectively.

Interest earned on notes receivable from participants for the years ended December 31, 2023 and 2022 was \$61,569 and \$42,702, respectively.

5. Investment Contract

Beginning in 2022, the Plan has an investment contract provided through a collective investment trust ("CIT") with Principal that is designed to provide a level of stable income without principal volatility. The CIT primarily invests in fixed income portfolios that are wrapped by stable value contracts as well as guaranteed investment contracts and cash or cash equivalents. The CIT contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value; however, the investment contract is subject to certain restrictions which may impact the Plan's ability to fully realize the investment contract's value under certain conditions.

Certain events may limit the ability of the Plan to transact at contract value. Such events include, but may not be limited to 1) certain employer-initiated events, and 2) default of the investment instruments held by the CIT including not meeting scheduled interest or principal payments. As of December 31, 2023 and 2022, the occurrence of an event outside the normal operation of the investment contract which would cause a withdrawal from an investment contract was not considered probable.

Notes to the Financial Statements For the Years Ended December 31, 2023 and 2022

6. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the framework are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Funds: The units of the common collective trust funds are valued using the NAV as a practical expedient to estimate fair value as determined by the issuer based on the fair value of the underlying assets within the fund and the present value of future cash flows using the current discount rate.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

PFNonwovens, LLC 401(k) Plan

Notes to the Financial Statements For the Years Ended December 31, 2023 and 2022

The following table presents information about the Plan's investments measured at fair value on a recurring basis as of December 31, 2023 and 2022, and indicates the fair value hierarchy of the valuation techniques utilized by the Plan to determine such value:

	2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 19,761,835	\$ -	\$ -	\$ 19,761,835
Total investments in the fair value hierarchy	\$ 19,761,835	\$ -	\$ -	
Investments measured at NAV ^(a)				4,181,860
Total investments measured at fair value				\$ 23,943,695

	2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 17,164,792	\$ -	\$ -	\$ 17,164,792
Total investments in the fair value hierarchy	\$ 17,164,792	\$ -	\$ -	
Investments measured at NAV ^(a)				3,491,741
Total investments measured at fair value				\$ 20,656,533

- (a) In accordance with Accounting Standards Codification ("ASC") Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured at NAV – The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2023	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period

7. Plan Termination

Although it has not expressed any intention to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

8. Federal Income Tax Status

On June 30, 2020, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under the Internal Revenue Code ("IRC") Section 401(a). The Plan has not received a determination letter specific to the Plan itself and the Plan has been amended since receiving the determination letter, however, the plan administrator and the plan's tax counsel believe that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan investments include a variety of investments that may directly or indirectly invest in securities with contractual cash flows. The value, liquidity, and related income of these securities are sensitive to changes in economic conditions and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

10. Related-Party and Party in Interest Transactions

Certain Plan investments are managed by the trustees of the Plan for which fees are charged, therefore, these transactions qualify as party in interest transactions. The Plan holds notes receivable from participants, which qualify as related-party and party in interest transactions. Although the above investments and transactions in the investments qualify as related-party and party in interest transactions, they are exempt from the prohibited transaction rules of ERISA.
