INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of
CPM PR Savings & Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of **CPM PR Savings & Retirement Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of **CPM PR Savings & Retirement Plan** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Independent Auditors' Report

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit Financial Statements section of our report. We are required to be independent of **CPM PR Savings & Retirement Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the financial statements.

Responsibilities of Management for the Audit of the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **CPM PR Savings & Retirement Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Independent Auditors' Report

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Note 2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America, requires plan trustees to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions to net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as reported to the Plan by the custodian and based on quoted market prices. Shares of mutual funds are valued at quoted market price, which represent the net assets value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis and dividends are recorded on the declaration date. Net appreciation (depreciation) in fair value includes the Plan's gains (losses) on investments bought and sold, as well as held during the year.

All cash and investments in securities are in deposit with the trust department of a high credit qualified bank. Investments are diversified to reduce risks. Also, mutual funds are normally from established multinational companies.

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated participants or their beneficiaries (b) beneficiaries of participants who have died, and (c) present participants or their beneficiaries.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Payment of Benefits

Benefits are recorded when paid. Benefits paid to retired participants for the years ended December 31, 2023 and 2022 were \$29,420 and \$21,671; respectively. DNA-01

December 31, 2023 and 2022

Note 2. Summary of Significant Accounting Policies (continued)

Plan Expenses and Administration

The Plan Sponsor is responsible for the general administration of the Plan and for carrying out the provisions thereof.

Plan's contributions are held and managed by a trustee appointed by the Plan Sponsor, which invests cash received, interests and dividend income and makes distributions to participants. All Plan expenses are paid by the Plan sponsor except for disbursement fees that are paid by the Plan.

Contributions

Employees and employer discretionary contributions are recorded in the period in which the employer makes the payroll deductions from the participant's earnings. Employers' contribution are recorded in the period in which the employers deposit the funds in the plan. The employer made contributions of \$191,142 and \$186,002 during 2023 and 2022, respectively.

Net Appreciation in Fair Value of Investments

Net realized and unrealized appreciation is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments.

Note 3. Certified Investments

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC (the trustee of the Plan).

Note 4. Related Party Transactions

The Plan pays disbursements fees to the Custodian. These payments qualify as party-in-interest transactions. Disbursements fees paid by the Plan amounted to \$19,138 and \$25,837 for the years ended December 31, 2023 and 2022, respectively.

CPM PR SAVINGS & RETIREMENT PLAN

Notes to Financial Statements

December 31, 2023 and 2022

Note 5. Investments

During December 31, 2023 and 2022, the Plan investments (including gain and losses on investments bought, sold, as well as held during the year) appreciated/(depreciated) in value by \$893,780 and \$(1,534,614), respectively.

Note 6. Fair Value Measurements

FASB ASC 820, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for identical or similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Share Prices/Net Asset Values (NAVs) reported on the Plan Summary Reports for NAV mutual funds are generally obtained from a file feed from the National Securities Clearing Corporation, and/or directly from the fund house, or a secondary pricing source, such as Interactive Data Corporation (IDC).

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022:

Total investments	\$ <u>6,679,366</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>6,679,366</u>

Note 7. Deposit Administration Contract with Insurance Company

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Great West Life & Annuity Insurance Company (GWL&A). GWL&A maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The contract meet the fully benefit-responsive investment contract criteria and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts, because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by GWL&A, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

CPM PR SAVINGS & RETIREMENT PLAN
Notes to Financial Statements
December 31, 2023 and 2022

Note 7. Deposit Administration Contract with Insurance Company (continued)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer ability to meet its contractual obligations may be affected by future economic and regulatory developments.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract on December 31, 2023 and 2022, was \$498,479 and \$463,604, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1% for GWL&A contract. Such interest rate is reviewed on a quarterly basis for resetting.

Certain events might limit the Plan's ability to transact at contract value with GWL&A. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal or state income taxes or any required prohibited transaction exemption under ERISA, (e) premature termination of the contract. Termination of contract may also occur by virtue of plan change in asset management. In any of these cases, the value of participants' interest in the funds is determined taking into consideration the end of the day value divided by the number of units then outstanding.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured violation of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a breach of material obligation under the contract, or (d) a material misrepresentation.

Note 8. Non-Discrimination Contribution Limit

In Puerto Rico, the term "highly compensated employee" (HCE) means any employee who is an officer of the Participating Employer, owns more than 5% of the shares with right to vote or, of the total value of all classes of stocks of the corporation that is the participating employer, owns more than 5% of the capital or interest of the earnings of the Employer, an employee or officer with a compensation in excess of \$135,000 or the couple or dependent under Section 1033.18(c)(1) of the Code.

THIS SPACE INTENTIONALLY LEFT BLANK

CPM PR SAVINGS & RETIREMENT PLAN
Notes to Financial Statements
December 31, 2023 and 2022

Note 8. Non-Discrimination Contribution Limit (continued)

The Plan will pass the test, if the Non-Highly Compensated Average Deferral Percentage is equal or greater than the Highly Compensated Average Deferral Percentage, after computing the Primary or the Alternative Non-Discrimination Limits Tests. The results of the tests were as follows:

	2023		2022	
	Primary	Alternate	Primary	Alternate
Non-Highly Compensated	Failed	Pass	Failed	N/A

The Plan Administrator elected using the safe harbor method to refund \$6,666, for the year ended December 31, 2023, to the highly compensated employees as a corrective action to comply with the ADP Test.

Note 9. Income Taxes

The Plan is exempt from income taxes under Section 1081.01 (a) of the Puerto Rico Internal Revenue Code of 2011. On January 2011, the government of Puerto Rico signed Law #1 requiring all employee trusts, which claims exemption under Section 1081.01 (a) of the Code to request and obtain a determination letter from the Puerto Rico Treasury Department to such effects. This requirement applies for taxable years commencing from January 1, 2012, and thereon. Furthermore, the law requires the trust to amend the plan with the new adopted changes required by the Code and file them with the Puerto Rico Treasury Department. The Plan complied with the amendment and requalification requirements.

Accounting principles generally accepted in the United States of America, require the Plan administrator to evaluate tax positions taken by the Plan and recognized a tax liability for any uncertain position that more likely than not would be sustained upon examinations by the IRS. The Plan is subject to routine audits by the tax authorities; however, there are currently no audits for any tax periods in progress.

Note 10. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits. Individual participants' accounts bear the risk of loss resulting from fluctuations in fund values.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and short-term liquidity associated with certain investments held by the Plan, which could impact the value of investments after the date of these financial statements.

Note 12. Subsequent Events

The Plan's Trustee has evaluated subsequent events through September 30, 2024, the date which the financial statements were available to be issued. The Trustee has determined that the significant subsequent events that required disclosure to the accompanying financial statements are the following:

Effective January 1, 2024, the Plan was amended to: eliminate the one (1) year of service requirement to enter the Plan, also to implement an automatic increase arrangement to the participants contributions as follows: 2% with automatic enrollment, then an automatic annual increase of 1% up to 6% of compensation and to state that employer matching contribution shall be effective after one (1) year of service.
