INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
R Systems, Inc. 401(K) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of R Systems, Inc. 401(K) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and December 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of R Systems, Inc. 401(K) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of R Systems, Inc. 401(K) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about R Systems, Inc. 401(K) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of R systems, Inc 401K Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about R systems, Inc 401K Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) for the year ended December 31, 2023, is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion —

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

R SYSTEMS, INC. 401(k) PROFIT SHARING PLAN
Notes to Financial Statement
December 31, 2023 and 2022

NOTE 1: DESCRIPTION OF PLAN

The following brief description of R Systems, Inc. 401(K) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General:

The Plan was established on July 1, 1996, under the provisions of Section 401(k) of the Internal Revenue Code.

The Plan is a defined contribution plan for eligible employees of R Systems, Inc., and R Systems International Limited (collectively, “the Company” and plan Sponsor) as defined in the Plan Document. The Plan is subject to the provisions of The Employment Retirement Income Security Act of 1974 (“ERISA”) and is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC).

The company has appointed Delaware Charter Guarantee and Trust Company to act as trustee and Principal Life Insurance Company to act as custodian of the Plan and to be responsible for operation and administration of plan.

The Chief Executive Officer of the Company serves as the Trustee and Director of Finance of the Company is responsible for administration and management of the Plan.

Eligibility:

Employees become eligible to participate once they have attained the age of twenty-one and after they have completed three months of service. Employees may enroll in the Plan on the first day of the month following the day in which they meet the eligibility requirements. Employees excluded from the Plan are as follows:

- Union employees whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining.
- Certain nonresident aliens who have no income from sources within the United States or all such income is exempt from US income tax.
- Independent contractor reclassified as an employee by the IRS

Contributions:

Employee contributions to the Plan (voluntary contributions) are deferrals of the employee’s compensation made through direct reduction of compensation in each payroll period. The Plan allows for automatic enrollment for eligible employees except excluded participants as defined in plan documents, with an initial deferral rate of 4%. The maximum deferred contribution allowed under the Plan is 100% of the annual compensation not to exceed the maximum statutory amount. The limit was

R SYSTEMS, INC. 401(k) PROFIT SHARING PLAN
Notes to Financial Statement
December 31, 2023 and 2022

\$22,500 for the year 2023. Participants over the age of 50 may also contribute an additional \$7,500 to the Plan for 2023. The Plan allows for Roth deferral contributions.

The Company contributes 25% of the first 6% of base compensation that a participant contributes to the Plan. Additional amounts may be contributed at the option of the Company's Board of Directors. Company contributions are subject to certain IRC limitations. With certain exceptions, participants must meet the same eligibility requirements as employee deferral contribution during the Plan year in order to receive a matching contribution.

The Plan also allows for an additional discretionary profit-sharing contribution as determined each year by the Company's Board of Directors. With certain exceptions, participants must have completed at least 501 hours of service during the Plan year in order to be eligible to receive a profit-sharing contribution. The Company did not make any profit-sharing contributions during the year ended December 31, 2023.

Vesting:

Participants are immediately vested in their deferral contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant starts to vest 20% after two years of service and additional 20% each year thereafter and is 100% vested after six years of credited service. In case of retirement, disability or death, the participant becomes 100% vested.

Rollover

Employees may roll over eligible amounts from other qualified retirement plans or Individual Retirement Account ("IRA") to the Plan. Employees can also rollover Roth contributions from another qualified plan to this Plan.

Participant Account:

Each participant's account is credited with the participant's contribution, allocation of Company's discretionary profit-sharing contributions, an allocation of the Company's matching contributions and Plan earnings. Further, the participant's account is charged with withdrawals and allocations of Plan losses and administrative expenses. Allocations are based on the participant's earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment:

The Plan provides for investments to be directed by participants into a number of investment options held by the Trustee and the custodian. Upon enrollment in the Plan, a participant may direct contributions in any of the investment options and may change their investment options at any time.

Notes to Financial Statement
December 31, 2023 and 2022

Forfeitures:

Forfeitures are non-vested portion of participants' accounts that are lost upon termination of employment. As at December 31, 2023 and December 31, 2022, the forfeiture account balance was NIL respectively. Forfeitures may be used to pay plan administrative expenses or reduce future employer contributions. In 2023 and 2022, the employer contributions were reduced from forfeited nonvested accounts by \$3,164 and \$3,054 respectively.

Notes Receivable from Participants:

The Plan provides that participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Notes issuances are accounted for as a transfer from the participant directed accounts into Notes Receivable from participant. Note terms range from one to five years, or longer for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at market rates for similar loans. Principal and interest are paid ratably through monthly payroll deductions. The participant may be granted two notes during any one-year period but only one loan may be outstanding at a time. There are no outstanding loans as on December 31, 2023 and 2022 respectively.

Payment of Benefits:

Upon termination of service due to death, disability, retirement or any other reason, a participant with account balance of \$5,000 or greater could elect to receive either a lump-sum amount equal to the value of his or her vested interest in their 401(k) account or rollover their vested account balance to some other eligible retirement plan or may leave the vested portion in the Plan. Terminated participants whose account balance is less than \$5,000 receive a lump-sum distribution. Participants may also receive in-service distributions due to hardship or after attaining age 59½. Participants who are still employed and have reached age 70½ may defer receiving benefit payments until they are no longer employed.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits, changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuations and Income Recognition:

Except for certain contracts held by Principal Life Insurance Company described in Note 4, the Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for discussion on fair value measurement.

Purchase and sales of securities were recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions:

Contributions from plan participants and employer matching contributions are recorded in the year in which the employee contributions are withheld from compensation.

Notes receivable from Participants:

Notes receivable from participants are measured at their unpaid principal. No allowance for credit losses has been recorded at December 31, 2023 or 2022. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement.

Payment of Benefits:

Benefits are recorded when paid.

R SYSTEMS, INC. 401(k) PROFIT SHARING PLAN
Notes to Financial Statement
December 31, 2023 and 2022

Administrative expenses:

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. The plan administrative expenses paid by the Company are excluded from the Plan's financial statements. Investment management, distribution, and loan transaction fees are paid through the Plan and charged to participant accounts as applicable.

NOTE 3: FAIR VALUE MEASUREMENT

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standard are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted market prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the assets or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022

Registered investment companies (Mutual Funds)

Mutual funds are registered with the U.S. Securities & Exchange Commission. The funds are valued at daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts

These pooled separate accounts are invested in mutual funds. The fair value of the mutual funds is a publicly quoted pricing input used in determining the net asset value (NAV) of the pooled separate accounts. These pooled separate accounts have readily determinable fair value.

Group annuity contract

Fixed annuity contracts are reported at contract value which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2023 and December 31, 2022:

Assets as of December 31, 2023:

NOTE 4: INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

Principal Life Insurance Company:

The Plan has entered into a group annuity contract with Principal Life Insurance Company with Principal Guaranteed Option (PGO), as one investment option. PGO is a guaranteed investment contract (GICs) as of December 31, 2023 and December 31, 2022. The contracts meet the fully benefit-responsive investment contract (FBRIC) criteria and therefore are reported at contract value. Contract value is the relevant measure for FBRICs because it is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the investment manager, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Contract value approximates to fair value for the Option as of December 31, 2023 and December 31, 2022 respectively.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974, (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material representation, (4) a material amendment to the agreement without consent of the issuer.

NOTE 5: INCOME TAX STATUS

The Plan adopted a non-standardized pre-approved profit sharing plan which received an opinion letter dated June 30, 2020 from the IRS stating that the form of the plan is qualified under Section 401 of the Code and, therefore, the related trust is tax-exempt. The Plan has been amended since, however, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes the Plan is qualified, and the related trust is tax exempt.

R SYSTEMS, INC. 401(k) PROFIT SHARING PLAN
Notes to Financial Statement
December 31, 2023 and 2022

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by various taxing authorities and government agencies. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6: RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, overall market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

NOTE 7: CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Life Insurance Company for Pooled Separate accounts and Delaware Charter Guarantee and Trust Company for other plan assets.

NOTE 8: RELATED PARTY TRANSACTIONS

The Plan's investments in the group annuity contracts and shares of registered investment companies are managed by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company, respectively. Any purchases and sales of these investments are performed in the open market at fair value. All these transactions while considered party in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. The Plan issues loans to participants, which are secured by the balances in the participant's account. These transactions also qualify as party-in-interest transactions.

NOTE 9: EXCESS CONTRIBUTIONS PAYABLE

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability. As of December 31, 2023 and 2022, excess contribution payable recorded was \$10,014 and \$36,279 respectively.
