(1) Name: **TOUKAN & COMPANY**

(2) EIN: **31-1081751**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)	☒		
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.	☒		

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Independent Auditor's Report

To the Administrators of
the Goken America, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Goken America, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Goken America, LLC 401(k) Plan's 2023 and 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Voya Retirement Insurance & Annuity Company as of December 31, 2023 and for the period from May 8, 2023 to December 31, 2023, and Lincoln National Life Insurance Company as of December 31, 2022 and for the period from January 1, 2023 to May 7, 2023 stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Goken America, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Goken America, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Goken America, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Goken America, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules as of or for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GOKEN AMERICA, LLC 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Goken America, LLC 401(k) Plan (“Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan under section 401(k) of the Internal Revenue Code (“IRC”) and covers all employees of Goken America, LLC. Employees are eligible to participate in the Plan upon commencement of employment as defined in the Plan Document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and all subsequent legislation applicable to defined contribution plans. The assets of the Plan are maintained in a trust fund for which Voya Retirement Insurance & Annuity Company is the current trustee. The Plan original effective date is January 1, 2006 and was restated as of May 8, 2023, which related to the change of trustee that occurred in 2023. The Plan’s trustee was changed from Lincoln Financial Group (“Lincoln”) to Voya Retirement Insurance & Annuity Company (“Voya”).

Contributions

Participants may contribute up to 100% of their compensation for the year and may not exceed the amount designated by the Secretary of the Treasury pursuant to the limits on Elective Deferrals under IRC Section 402(q). Any participant who is eligible to make participant deferral contributions and who has attained age 50 before year end, may elect to make catch-up contributions in accordance with and subject to certain limitations. Participants may also make post-tax Roth Elective Deferrals. Finally, participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company may elect to make a discretionary matching contribution on an annual basis. In July 2021, a matching company contribution of 25% of the employee contributions up to a maximum of 6% of their eligible compensation was established. In September 2021, the match was increased to 50% of the employee contributions up to a maximum of 6% of their eligible compensation. Matching contributions can be reduced by forfeitures as allowed by the plan document, see Forfeitures below.

The Company may also elect to make a discretionary non-elective employer contribution. The contribution is allocated among participants eligible to share in the contribution for the Plan Year. The contribution is allocated to participant’s accounts in the same proportion that compensation in excess of the Social Security Taxable Wage Base (“excess compensation”) bears to the total compensation plus “excess compensation” of all eligible participants. The maximum amount that can be allocated to any one participant is 5.7% of compensation plus “excess compensation.” In order to be eligible for this contribution, participants must be employed by the Company at the end of the year and must complete at least 1,000 hours of service during the Plan Year. For the years ended December 31, 2023 and 2022, the Company elected to not make a contribution.

Plan Expenses

Administrative expenses are paid by the Plan as provided by the plan document. The Plan Sponsor pays some of the Plan expenses on a discretionary basis.

GOKEN AMERICA, LLC 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

1. Description of Plan (cont.)

Participant Accounts

The administrator has established and maintains an account for each participant. Each participant's account is credited with their elective deferral contribution, Company match, and share of the Company's discretionary contribution. In addition, each account is charged or credited with the participant's respective share of plan earnings, losses, and administrative expenses. Allocations of plan earnings, losses and expenses are based on the respective share of each participant account balances, as defined in the plan document. Participants direct the investment of all their deferral (including Roth deferrals), matching, and profit-sharing contributions into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferral contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant must have 1,000 hours of service in the plan year to constitute a year of vesting service and at least 500 hours of service in the plan year to avoid a break in vesting service. In December 2019, a Plan amendment, effective January 1, 2020, was adopted by the Company that changed the vesting schedule for the Company's contribution portion of participants' account balances. Starting in 2020, eligible participants become 25% vested each year and become fully vested after four years of credited service. Prior to 2020, eligible participants became 20% vested each year and became fully vested after five years of credited service.

Notes Receivable from Participants

Loans are permitted by all Plan participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 1 percent above the prime rate. The maximum repayment period is five years, which may be extended for a reasonably longer period if the loan is used to acquire a principal residence. A participant may have only one outstanding loan at any time. Principal and interest are paid ratably through bi-weekly payroll deductions. Participants may also make balloon loan payments for the entire outstanding loan balance outside of payroll with a personal check or similar form of payment.

Payment of Benefits

Participants may elect to have their vested account balance distributed to them as soon as administratively feasible following termination of employment for reasons other than death, disability, or normal retirement. However, if the vested account balance does not exceed \$5,000, then a distribution can be made to the participant regardless of consent to receive it.

Upon termination of employment due to death, disability, and reaching normal retirement age (59 ½), participants become fully vested in all of their accounts. If the benefit payable does not exceed \$5,000, then the benefit may only be paid as a lump sum. If the benefit exceeds \$5,000, the benefit can be paid in a single lump-sum payment, partial withdrawals, or an annuity.

GOKEN AMERICA, LLC 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

1. Description of Plan (cont.)

Forfeitures

Forfeited balances of terminated participants can be used to pay Plan administrative expenses or to reduce future employer contributions, including QNECs, QMAC, and ADP Safe Harbor Contributions.

At December 31, 2023 and 2022 there were unallocated assets due to forfeitures in the amount of \$3,148 and \$1, respectively. During 2023 and 2022, \$12,687 and \$11,948 of forfeited money was used to reduce employer contributions or to pay plan expenses, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan prepares its financial statements on the accrual basis of accounting, as required by Accounting Standards Codification (“ASC”) 962, *Plan Accounting – Defined Contribution Pension Plans*, including investment valuation and income recognition, and presents the fair value of net assets available for benefits and changes in net assets in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Plan investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s management determines the Plan’s valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 3 for discussion of fair value measurements and Note 4 for discussion of contracts with an insurance company. Plan purchases and sales of securities are recorded on a trade date basis. Interest and dividend income are recorded as earned. Net appreciation/(depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Excess Contributions Refundable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions for the years ended December 31, 2023 and 2022.

GOKEN AMERICA, LLC 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies (cont.)

Payments of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/ (depreciation) of fair value of investments.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820-10 are as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 inputs are unobservable inputs for the asset or liability for which there is little, if any, market activity at measurement date. Unobservable inputs reflect the Plan's own assumptions about what market participants would use to price the asset or liability. The inputs are developed based on the best information available in the circumstances, which might include the Plan's own financial data such as internally developed pricing models, discounted cash flow methodologies, as well as instruments for which the fair value determination requires significant management judgment.

Under the Fair Value Measurements Topic of the FASB Accounting Standards Codification, the Plan bases its fair value on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. It is the Plan's policy to maximize the use of observable inputs and minimize the use of unobservable inputs when developing fair value measurements, in accordance with the fair value hierarchy.

NOTES TO THE FINANCIAL STATEMENTS

3. Fair Value Measurements (cont.)

The following is a description of the valuation methodologies used for assets measured at fair value. Valuation methodologies utilized to determine fair value are consistently applied.

The Plan does not have any assets measured at fair value under the fair value hierarchy under FASB ASC 820-10.

Pooled Separate Accounts: Units held in the pooled separate account (“PSA”) are valued at the net asset value (“NAV”) based on the fair market value of the underlying investments of the account less its liabilities. The NAV, as provided by Voya for 2023 and Lincoln for 2022, is used as a practical expedient to estimate fair value. The PSA NAV is not a publicly quoted price in an active market.

The PSA provides participants with liquidity guarantee enabling the account to have funds available to meet participant redemption, transfer, or cash withdrawals. Lincoln and Voya both guarantee that participants can redeem their accumulation unit value determined after their transfer or cash withdrawal request is received in good order.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments in the Plan valued at net asset value as a practical expedient to estimate fair value totaled \$7,446,543 at December 31, 2023 and \$6,052,246 at December 31, 2022.

4. Investment Contracts with Insurance Companies

The Plan holds a portfolio of investment contracts that are directly effected with the issuer and are comprised of an “evergreen” contract and a synthetic investment contract. These contracts meet the fully-benefit responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may direct any loans, withdrawals, or transfers of all or a portion of their investment at contract value. The following represents the disaggregation of contract value between types of investment contracts held by the Plan:

	<u>2023</u>	<u>2022</u>
Evergreen investment contract – Lincoln	\$ 455,131	\$ 539,766
Synthetic investment contract - Voya	49,701	-
Total	<u>\$ 504,832</u>	<u>\$ 539,766</u>

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The guaranteed account contract with Lincoln is commonly referred to as “evergreen” contracts as they do not have a specified maturity date, unlike traditional guaranteed investment contracts. Therefore, there are no known scheduled cash flows associated with these contracts. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting.

4. Investment Contracts with Insurance Companies (cont.)

The key difference between a synthetic investment contract and a traditional investment contract is that the Plan owns the underlying assets of the synthetic investment contract. A synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. With traditional investment contracts, the Plan owns only the contract itself. Synthetic and traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The synthetic investment contract held by the Plan includes a wrapper contract that provides a guarantee that the credit rate will not fall below zero percent. Cash flow volatility (for example, timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in each contract that adjusts renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed monthly for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on a the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with an issuer. These events may be different under each contract. Examples of such events include 1) premature terminations of the contract by the plan, 2) plant closings, 3) layoffs, 4) plan terminations, 5), bankruptcies, 6) mergers, and 7) early retirement incentives. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events including the following: The contract only permits the insurance company to terminate the agreement under the following circumstances:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer.

The plan administrator believes that none of these above events are probable of occurring.

5. Information Prepared and Certified by Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023, and net appreciation /(depreciation) in value of investments and interest and dividend income, including interest income on notes receivable from participants, for the period from May 8, 2023 to December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Voya Retirement Insurance & Annuity Company (the current trustee of the Plan).

5. Information Prepared and Certified by Trustee (cont.)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2022, and net appreciation/(depreciation) in value of investments and interest and dividend income, including interest income on notes receivable from participants, for the period from January 1, 2023 to May 7, 2023 and for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Lincoln National Life Insurance Company (the prior trustee of the Plan).

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of plan termination, participants will become 100% vested in their accounts.

7. Tax Status

The Plan has adopted a defined contribution volume submitter plan and trust, a prototype plan sponsored by Voya Retirement Insurance & Annuity Company. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. The Plan adopted a new prototype plan effective May 8, 2023. The Plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan does file an annual report (Form 5500) in the U.S. federal jurisdiction. The plan administrator believes it is no longer subject to U.S. federal income tax examinations for years before 2020.

8. Related-Party and Party in Interest Transactions

Plan investments are managed by Voya (current) and Lincoln (prior), the trustees as defined by the Plan, and therefore these transactions are considered exempt party-in-interest transactions. Fees paid by the Plan to Voya and/or Lincoln for administrative and investment management services amounted to \$36,057 for 2023 and \$33,930 for 2022.

9. Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statements of changes in net assets available for benefits.

10. Form 5500 Reporting Differences

Because Voya has not filed the Separate Accounts' assets and liabilities statement with the Department of Labor and is not acting as a Direct Filing Entity (DFE), the pooled separate account assets held by the Plan are not reflected as Separate Account assets on the Schedule H of Form 5500. Instead these assets are reflected on the line of Registered Investment Companies as required by the Form 5500 instructions.

The following is a reconciliation of net appreciation/(depreciation) in value of investments per the financial statements for the year ended December 31, 2023 to Form 5500:

Net appreciation/(depreciation) in value of investments per financial statement	\$ 1,240,730
Earnings difference on blended account transfer	<u>2,889</u>
Net appreciation/(depreciation) in value of investments per Form 5500	<u>\$ 1,243,619</u>

The following is a reconciliation of other income per the financial statements for the year ended December 31, 2023 to Form 5500:

Other income per financial statement	\$ 0
Earnings difference on blended account transfer	(2,889)
Forfeiture withdrawal to cover plan expenses incurred by sponsor	<u>(6,318)</u>
Other income per Form 5500	<u>\$ (9,207)</u>

The following is a reconciliation of total administrative fees/expenses per the financial statements for the year ended December 31, 2023 to Form 5500:

Total administrative fees per financial statement	\$ 36,057
Forfeiture withdrawal to cover plan expenses incurred by sponsor	<u>(6,318)</u>
Total administrative expenses per Form 5500	<u>\$ 29,739</u>

11. Subsequent Events

Subsequent events were evaluated through October 14, 2024, the date the financial statements were available to be issued. Subsequent to year end, no significant events have occurred.
