INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Trustee of
Interfaith 403(b) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Interfaith 403(b) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023, and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Interfaith 403(b) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023, and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Alexander & Williams, PLLC
5050 Quorum Drive, Suite 700

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Interfaith 403(b) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Interfaith 403(b) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Interfaith 403(b) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Interfaith 403(b) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, and schedule of delinquent participant contributions for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INTERFAITH 403(B) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Interfaith 403(b) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Document and Adoption Agreement (the Plan Documents) for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Woodlands Religious Community, Inc. dba Interfaith (the Organization or the Plan Sponsor). Provided that employees are not an excluded employee (defined within the Plan Documents as an employee who normally performs less than 20 hours of service per week), employees are eligible to participate in the Plan upon their date of hire and may enter the Plan on the first and seventh month after meeting the eligibility requirements. The Plan was established on June 1, 1995, and was most recently amended and restated effective January 1, 2020. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustees of the Plan are responsible for oversight of the Plan and determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions

The Plan is funded through pre-tax and Roth employee elective deferrals and Plan Sponsor contributions. A participant may elect to contribute up to 100% of their eligible compensation, subject to certain maximum limitations imposed by the Internal Revenue Code (IRC). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC. Rollover contributions representing distributions from other qualified defined benefit or contribution plans are permitted and may be contributed prior to meeting the eligibility requirements for participation in the Plan.

The Plan allows matching contributions in amounts to be determined by the Organization after meeting eligibility requirements as defined in the Plan Documents. During 2023, the Organization contributed 100% of participants' contributions up to 5% of their Plan compensation. Total employer matching contributions for the year ended December 31, 2023, totaled \$246,211.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollover contributions, and an allocation of Plan earnings or losses. Participant accounts may be charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan Documents.

Vesting

Participants are immediately vested in their deferred salary contributions, and rollover contributions from other plans and actual earnings thereon. Vesting in the Organization's matching and nonelective contributions and actual earnings thereon are subject to a five-year graded vesting period. Participants are 25% vested after two years of service, and an additional 25% vested for each year of service until the participant is fully vested after five years of service.

INTERFAITH 403(B) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Notes Receivable from Participants

Participants may borrow from their fund accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account. The interest rate shall be commensurate with rates charged by local commercial banks for similar loans. Principal and interest are repaid through payroll deductions over a period not to exceed five years, unless the proceeds of the note were used to acquire the participant's principal residence. A participant may have no more than one outstanding note at any one time.

Payment of Benefits

Upon normal retirement age, death, or disability, a participant's benefits are payable in partial payments or a lump-sum equal to 100% of the participant's vested account balance. Employees may also make hardship withdrawals on the balance of their account related to their elective deferral contributions. Account balances of \$1,000 or less at the time of distributions will be cashed out as either an involuntary lump-sum payment or by direct rollover into an individual retirement plan, based on certain criteria, as defined in the Plan Documents.

Forfeited Accounts

Forfeitures are used to pay Plan expenses or to reduce employer matching contributions. During the year ended December 31, 2023, there were forfeitures of \$9,053 and forfeitures of \$26,357 were used to pay Plan expenses. At December 31, 2023, and 2022, forfeited non-vested accounts totaled \$-0- and \$17,304, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. For participant loans that become delinquent, are not cured and result in default, the amount of the unpaid loan principal and interest due to the Plan will be treated as a deemed distribution. Deemed distributions are reported as a taxable distribution and remain part of the participant's account balance until a distributable event occurs. No allowance for credit losses has been recorded as of December 31, 2023, or 2022.

INTERFAITH 403(B) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the gains and losses on the Plan's investments bought and sold as well as those held during the year.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Fees related to the administration of distributions to participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

Recent Accounting Pronouncements

During the year ended December 31, 2023, and through October 15, 2024, there were several new accounting pronouncements issued by the Financial Accounting Standards Board (FASB). Each of these pronouncements, as applicable, has been or will be adopted by the Plan. Plan management does not believe the adoption of any of these accounting pronouncements has had or will have a material impact on the Plan's financial statements.

Subsequent Events

Subsequent events were evaluated through October 15, 2024, which is the date the financial statements were issued.

3. INFORMATION CERTIFIED AND PROVIDED BY TRUSTEES

The following is a summary of the Plan's asset information as of December 31, 2023, and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and supplemental schedules, that was prepared by, or derived from information provided by, Matrix Trust Company (Matrix) and Equitable Financial Life Insurance Company (Equitable) (collectively the Trustees), and furnished to the Plan Administrator. The Plan Administrator has obtained certifications for that information provided to the Plan Administrator related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Note 4 and the supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), related to the assets as presented in the table below at December 31:

	<u>2023</u>	<u>2022</u>
Investments at fair value:		
Mutual funds	\$ 6,077,966	\$ 5,128,765
Interest-bearing cash	94,363	393,667
Pooled separate accounts	682,631	613,083
Total investments at fair value	\$ <u>6,854,960</u>	\$ <u>6,135,515</u>
 Investments at contract value	 \$ <u>929,155</u>	 \$ <u>975,779</u>
 Notes receivable from participants	 \$ <u>129,475</u>	 \$ <u>147,740</u>

Matrix and Equitable also certified to the completeness and accuracy of \$867,878 of net appreciation in fair value of investments, \$228,871 of dividends and interest and \$8,530 of interest on notes receivable from participants related to the aforementioned Plan assets for the year ended December 31, 2023.

4. FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

<u>Level 1</u>	Valuations based on unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
<u>Level 2</u>	Valuations based on quoted prices in markets that are not active, or financial instruments for which all significant inputs are observable; either directly or indirectly; and
<u>Level 3</u>	Valuations based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable; thus, reflecting assumptions about the market participants.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

INTERFAITH 403(B) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2023, or 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Pooled separate accounts (PSA) are made up of a wide variety of underlying investments such as equities, preferred stock, bonds, real estate and mutual funds. The net asset value (NAV) of a PSA is based on the market value of its underlying investments. The PSA NAV is not a publicly-quoted price in an active market.

Interest-bearing cash: Investments in money market funds that are valued at cost, which approximates fair value.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023, and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to their fair value measurement.

	2023	2022
Mutual funds (level 1)	\$ 6,077,966	\$ 5,128,765
Interest-bearing cash (level 1)	94,363	393,667
Total assets in the fair value hierarchy	6,172,329	5,522,432
Pooled separate accounts at NAV (a)	682,631	613,083
Investments at fair value	\$ 6,854,960	\$ 6,135,515

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the accompanying statements of net assets available for benefits.

The following tables summarize investments measured at fair value measured using the net asset value practical expedient as of December 31, 2023, and 2022. There are no participation redemption restrictions for these investments.

NOTES TO FINANCIAL STATEMENTS

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a fully benefit-responsive guaranteed investment contract as part of the investments offered by the Plan. Equitable maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Equitable is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The guaranteed investment contract does not permit Equitable to terminate the agreement prior to the scheduled maturity date.

Because the contract is fully benefit-responsive, contract value is the relevant measure for the guaranteed investment contract, as this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value as reported to the Plan by Equitable, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on Equitable's ability to meet financial obligations. Equitable's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with Equitable. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) premature termination of the contract. The Organization has indicated that no events which might limit the Plan's ability to transact at contract value with the participants are probable of occurring.

6. RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employers, and certain others. As such, transactions conducted with the custodian, recordkeeper, third party administrator, auditor, and the employers qualify as party-in-interest transactions. Equitable was the Plan's Recordkeeper, Definiti was Third-Party Administrator, Fondren Oaks Capital Management (Fondren) was the Plan's investment advisor and Equitable and Matrix were the Plan's Trustees and Custodians during the year ended December 31, 2023.

Fees incurred by the Plan for the investment management services are included in the net appreciation (depreciation) in fair value of the related investment, as they are paid through revenue sharing rather than a direct payment. During 2023, the Plan made direct payments of \$18,523 to Definiti, \$278 to Equitable, \$1,305 to Matrix, and \$19,518 to Fondren. The Plan Sponsor pays directly any other fees related to the operation of the Plan.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all employer contributions.

8. TAX STATUS

The Plan adopted a volume submitter 403(b) plan sponsored by Definiti LLC. The volume submitter 403(b) plan obtained its latest opinion letter on May 22, 2020, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was acceptable under section 403(b) of the Internal Revenue Code (the Code) for use by the employer for the benefits of its employees. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for Plan participants under Section 403(b). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. As such, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. DELINQUENT PARTICIPANT CONTRIBUTIONS

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate employee contributions to the Plan from its general assets as soon as practicable following the date in which amounts are withheld from wages. During 2023, the Plan Sponsor failed to remit to the Plan's custodian certain employee contributions totaling \$47,426 within the period prescribed by DOL regulations. The delayed contributions are considered prohibited, or nonexempt, transactions.

Plan management is currently in the process of determining the amount of lost earnings and will remit the lost earnings once determined.
