Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of BA Holdings, Inc. Defined Benefit Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 (in liquidation) and 2022 (ongoing), and the related statement of changes in net assets available for benefits for the years ended December 31, 2023 (in liquidation) and 2022 (ongoing), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the BA Holdings, Inc. Defined Benefit Pension Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 (in liquidation) and 2022 (ongoing), stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of BA Holdings, Inc. Defined Benefit Pension Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As discussed in Notes 1, 2, and 7 to the financial statements, the Board of Directors of BA Holdings, Inc. authorized the termination of the Plan effective December 31, 2021, and during 2023 Plan management determined liquidation is imminent. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing basis used in presenting the 2022 financial statements to the liquidation basis used in presenting the 2023 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

Administrative Committee
BA Holdings, Inc. Defined Benefit Pension Plan

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of BA Holdings, Inc. Defined Benefit Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedules, the schedule of assets (held at end of year) and the schedule of reportable transactions, as of and for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Administrative Committee
BA Holdings, Inc. Defined Benefit Pension Plan

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the BA Holdings, Inc. Defined Benefit Pension Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement or summary Plan description for a more complete description of the Plan's provisions.

General

The purpose of the Plan is to provide retirement benefits for eligible employees of BA Holdings, Inc. (the Company) and its participating subsidiaries (Luxfer, Inc., MEL Chemical, Inc., Hart Metals, Inc., and Reade Manufacturing Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan covers all nonunion, full-time employees of the Company and members of the collective bargaining agreement of the Company.

Effective as of the close of business on December 31, 2015, all participants who had a benefit payable from the Pension Plan for Hourly Employees of Luxfer, Inc. became participants in the Plan, and thereafter, any benefits paid to such participants have been paid and any future benefit payments due will be paid by the Plan.

Plan Suspension

Effective January 1, 2006, participant benefits were frozen and any additional benefits for future service were suspended. As a result, all participants became fully vested.

Eligibility for Participation

Prior to January 1, 2006, for full-time employees, participation began on the first day of the month on or following the date of hire. No new participants became eligible for the Plan after December 31, 2005.

Normal Retirement Benefits

As of January 1, 2006, benefits were frozen and all salaried participants became fully vested. Upon retirement, participants with 35 or more years of benefit service shall receive a normal pension equal to 40% of his or her highest average earnings as of January 1, 2006, plus 11% of his or her highest average earnings in excess of the year's social security covered compensation in effect as of January 1, 2006. Participants with less than 35 years of benefit service shall receive a normal pension equal to the amount determined above, multiplied by the participant's years of benefit service, and then divided by 35.

As of the time of the Plan merger described above, all participants who had a benefit under the Pension Plan for Hourly Employees of Luxfer, Inc. were inactive. Prior to their termination, benefits under the Plan were determined based on a flat unit rate multiplied by years of service.

Benefits under the Plan are generally payable as single life annuities, certain and life annuities, and joint and survivor annuities, depending on the participant's election and eligibility criteria for different annuity payment forms. Additionally, employees who were active participants in the Hart Metals, Inc. Pension Plan on September 30, 1999, can alternatively elect to receive their benefit as a lump sum.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Death Benefits

For a retired participant, the benefits due after death are determined based on the benefit elected by the participant upon retirement. In the event of preretirement death, the Plan provides a qualified preretirement survivor annuity, which is equal to the amount the spouse would have received if the participant had elected the 50% joint and survivor payment form and died immediately afterward. The surviving spouse is eligible to receive such benefit if the participant was married for at least one year at the time of death. This benefit can commence from the time the participant would have been able to commence pension benefits up to the normal retirement age.

Administrative Expenses

Certain fees related to the administration of the Plan are paid by the Plan. Other expenses for administrative services may be paid by the Company or, at the Company's discretion, may be paid in whole or in part from Plan assets. The nature of the services paid by the Plan include investment expenses, actuarial services, PBGC premiums, and regulatory filing services.

Funding Policy

The Company's funding policy is to make annual contributions that meet the minimum funding requirements under Internal Revenue Code (IRC) Sections 412 and 430. The Company may decide to fund additional amounts from time to time, not to exceed the maximum deductible limit under IRC Section 404. The minimum funding requirements of ERISA have been met for the years ended December 31, 2023 and 2022.

Investment Management

The Plan's investment portfolio is managed by State Street Global Advisors, BlackRock Institutional Trust Company, and Metropolitan West Asset Management within the investment policy guidelines established by the Plan's Investment Committee (the Committee). The Committee also retains the firm Mercer Investment Consulting LLC as investment advisor. The advisors perform the monitoring of the investment managers and investment returns to assure compliance with the Committee's established policies, as well as presentation of quarterly reports to the Committee.

Purchase of Annuity Contract

The Plan entered into an agreement with American United Life Insurance Company (American United) to purchase a modified single premium group annuity contract to pay the accrued benefits for participants of BA Holdings, Inc. Defined Benefit Pension Plan. American United assumed an irrevocable commitment to pay the outstanding benefits for participants electing an annuity option commencing from and after March 7, 2023. Net premium payments by the Plan to American United were \$29,500,800 for the year ended December 31, 2023.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Plan Termination

In 2021, the Company's Board of Directors approved a resolution to terminate the Plan effective December 31, 2021, subject to the standard requirements prescribed by ERISA (also see note 7). On July 1, 2022, the Plan received a favorable determination letter from the Internal Revenue Service (IRS) for the termination. During 2023 the Plan made a \$2,300,000 contribution to fully fund the Plan. As part of the plan for liquidation, the Plan was amended to allow for lump sum or annuity distribution options. During December 2022 the Plan recognized lump sum mandatory and optional payments totaling \$5,843,831. During 2023, the Plan proceeded with the termination by distributing each participant's beneficial interest in the Plan pursuant to participant elections. Accordingly, all Plan obligations were satisfied by either lump sum distribution of benefits to participants or by transfer to an insurance carrier from the purchase of an annuity contract issued by American United as disclosed in Note 1 above.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

Plan management determined liquidation of the Plan is imminent with the distribution of participant's beneficial interests during 2023. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the accrual basis used in presenting the 2022 financial statements to the liquidation basis used in presenting the 2023 financial statements. Under the liquidation basis of accounting, assets are stated at their estimated net realized cash value expected to be collected in settling or disposing of assets during the liquidation process and liabilities are stated at their anticipated settlement amounts.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value at December 31, 2023 and 2022. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, as further described in Note 8.

Purchases and sales of investments are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gains and/or losses are reported the day after the trade date.

Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statements of changes in net assets available for benefits as net appreciation in value of investments.

Benefit Payments

Benefit payments to retirees or beneficiaries are recorded upon distribution.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of the Plan's financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to services rendered by employees as of the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries.

Benefits to be provided via annuity contracts excluded from Plan assets are excluded from accumulated plan benefits.

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. As of December 31, 2022, the actuarial present value of accumulated plan benefits as estimated by Towers Watson Delaware, Inc., the actuary for the Plan, is as follows:

Vested Benefits:	
Participants Currently Receiving Payments	\$ 24,281,334
Other Participants	8,114,338
Total Vested Benefits	<u>32,395,672</u>
Nonvested Benefits	-
Total Accumulated Plan Benefits	<u><u>\$ 32,395,672</u></u>

BA HOLDINGS, INC. DEFINED BENEFIT PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 (IN LIQUIDATION) AND 2022 (ONGOING)

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Factors affecting the change in the actuarial present value of accumulated plan benefits are as follows:

Actuarial Present Value of Accumulated Plan Benefits as of Beginning of Year	\$ 48,489,629
Changes During the Year Attributable to:	
Actuarial Gains (Losses)	(799,912)
Interest	1,197,970
Benefits Paid	(8,240,702)
Assumption Changes	(8,251,313)
Net Changes	<u>(16,093,957)</u>
Actuarial Present Value of Accumulated Plan Benefits as of End of Year	<u>\$ 32,395,672</u>

Actuarial Present Value of Accumulated Plan Benefits (Continued)

The significant actuarial assumptions used in the valuation were (a) life expectancy of participants (separate employee and annuitant Pri-2012 mortality tables were used), (b) retirement age assumption of 63, and (c) investment return. The 2023 valuation includes an assumed average rate of return of 5.10%. The Present Value of Accrued Benefits also reflects loads to estimate the value of plan obligations on a termination basis. These loads include an assumed impact to settle a portion of the obligations through a lump sum offer and an assumed impact to settle the remainder through the purchase of individual annuity contracts. The Plan was terminated with a Date of Plan Termination of December 31, 2021. Therefore, there were changes in assumptions as a result of the decision to terminate, including the discount rate, mortality table, and lump sum elections and insurer pricing.

The computation of the actuarial present value of accumulated plan benefits was made as of January 1, 2023. Had the valuation been performed as of December 31, 2022, there would be no material differences.

As part of the termination, the Plan conducted a lump sum offer window in late 2022 and settled the remaining obligations through individual annuity contracts with an insurance Company in early 2023. Subsequent to the benefit information date, as disclosed in Note 1, the Plan satisfied all obligations as all plan benefits were distributed to participants or to an annuity carrier during 2023. Thus, the actuarial present value of accumulated plan benefits as of December 31, 2023 is \$0.

DECEMBER 31, 2023 (IN LIQUIDATION) AND 2022 (ONGOING)

NOTE 3 CONCENTRATIONS, RISKS, AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that those changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported, based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

NOTE 4 INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022 and the related net interest and dividend income, net appreciation, and other income reflected in the statements of changes in net assets available for benefits for the years then ended, and the required supplemental schedules.

NOTE 5 PARTIES IN INTEREST

Plan assets are invested in cash reserve accounts managed by State Street Global Advisors, an affiliate of State Street Corporation. State Street Bank and Trust Company is the trustee as defined by the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. The Plan also has a number of service providers. Such providers are considered parties in interest under ERISA.

NOTE 6 TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated February 5, 2018, stating that the Plan, as amended, is qualified under Section 401 of the IRC, as amended, and therefore, the related trust is exempt from taxation. The Plan is required to operate in conformity with the IRC in order to maintain its qualification. The Plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and that the Plan and related trust continue to be tax exempt.

BA HOLDINGS, INC. DEFINED BENEFIT PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 (IN LIQUIDATION) AND 2022 (ONGOING)

NOTE 6 TAX STATUS (CONTINUED)

U.S. GAAP requires the Plan's management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. On July 7, 2022, the Plan received a favorable determination that Plan termination does not affect its tax qualification status.

NOTE 7 PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In July 2021, the Board of Directors approved termination of the Plan in a standard termination (refer to Note 1). As of the effective date of Plan termination, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Annuity benefits former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
2. Other vested benefits insured by the PBGC (a U.S. governmental agency) up to the applicable limitations.
3. All other vested benefits (that is, vested benefits not insured by the PBGC).
4. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC as of the effective date of Plan termination. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

As of December 31, 2023, Plan management completed the standard requirements prescribed by ERISA by liquidating Plan assets, distributing benefits to plan participants and transferring to an annuity carrier. Accordingly, to provide for the Plan's settlement obligations, all participants received their full benefits upon the Plan termination.

NOTE 8 FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; or
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Short-Term Investment Funds: Valued using net asset value (NAV); short-term investment funds represent the funds' cash balance and fair value is equal to NAV.

NOTE 8 FAIR VALUE MEASUREMENTS (CONTINUED)

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Funds: Valued at NAV of units of the bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2023
