INDEPENDENT AUDITOR'S REPORT

October 15, 2024

To the Plan Administrator of
Section 403(b) Retirement Plan for Farnham, Inc.:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Section 403(b) Retirement Plan for Farnham, Inc. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from VOYA Retirement Insurance and Annuity Company as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SECTION 403(B) RETIREMENT PLAN FOR FARNHAM, INC.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

1. DESCRIPTION OF PLAN

The following brief description of Section 403(b) Retirement Plan for Farnham, Inc. (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to eligible employees of Farnham, Inc (the Organization) who meet certain eligibility requirements. The Plan is administered by the Board of Directors. VOYA Retirement Insurance and Annuity Company (VOYA) is the custodian of the Plan's assets. Rimkus, Marciano & Associates, Inc. (RMA) is the third party administrator of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All employees of the Organization are eligible to immediately begin salary deferrals upon hire. Employees are eligible for the Organization's discretionary contribution upon completing six months of eligible service.

Contributions

Active participants may make voluntary contributions in the form of salary reductions and any applicable rollovers from other qualified plans, subject to certain limitations of the Plan and the Internal Revenue Code (the Code) under Section 403(b). Eligible participants, who attain the age of 50 before the end of the Plan year, are eligible to make catch-up contributions, subject to certain limitations of the Code. Participants are also permitted to make after-tax roth contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Employees are eligible to receive the Organization's contributions on the first pay period following the completion of six months of eligible service. The Organization contributes a 4% discretionary contribution for eligible wages in 2023 and 2022. Additionally, the Organization may make additional discretionary contribution based on financial results of the Organization during the year. The Organization made an additional discretionary contribution to the Plan of approximately \$76,000 and \$102,000 in 2023 and 2022, respectively.

Participant Accounts

Participants direct the investment of their accounts among the investment options in the Plan. Participant accounts are credited with the participant contributions, the Organization's contributions, actual earnings/losses thereon, and charged with an allocation of administrative plan expenses. Allocations of earnings/losses and administrative expenses are based on account balances according to specific terms provided by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings/losses thereon. Employees who sever employment before becoming 100% vested in the account balance will forfeit the portion of their account that is not vested. Employer discretionary contributions vest according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2 years	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Plan participants may borrow up to the lesser of \$50,000 or 50% of the amount of the participant's vested interest in the Plan. The minimum loan is \$1,000. Notes are repayable over not more than five years, except in the case of a note for the purchase of a primary residence. Participants must make note payments directly to the custodian. Notes receivable from participants are secured by their account balances and bear interest at rates ranging from 4.25% to 9.50%. Total notes receivable from participants outstanding at December 31, 2023 and 2022 were approximately \$53,000 and \$38,000, respectively.

Payment of Benefits

Participants are eligible for retirement benefits upon reaching age 65. Upon termination of service due to death, disability, retirement, or other means of termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or rolled over to an individual retirement Plan. In-service distributions are not permitted.

Participants with account balances under \$1,000 have a mandatory distribution upon severance from employment.

Forfeitures

Forfeitures of supplemental discretionary contribution accounts are used as an additional nonelective contribution, to reduce employer discretionary contributions, or pay plan administration costs. Forfeiture of non-vested account balances which was used as an additional nonelective contribution were \$0 and \$84,638 in 2023 and 2022. The total forfeited non-vested balances at December 31, 2023 and 2022 were \$74,469 and \$35,371, respectively.

Administration Expenses

The Organization pays certain administrative costs of the Plan and certain costs are passed through to participants.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Recently Adopted Accounting Guidance

Accounting Standard Codification (ASC) Topic 326 Financial Instruments – Credit Losses requires certain financial assets to be measured at amortized cost net of an allowance for estimated credit losses. This standard replaced the incurred loss methodology with an expected loss methodology that is referred to as the current expected credit loss ("CECL") methodology. The estimated credit loss is required to be based on historical information, current conditions, and forecasts that could impact the collectability of the amounts. Under the standard, disclosures are required to provide users of the financial statements with useful information in analyzing a plan's exposure to credit risk and the measurement of credit losses.

Effective January 1, 2023, the Plan adopted ASC 326 using the modified retrospective approach for all financial assets measured at amortized cost. The new accounting pronouncement did not have a material impact on the financial statements. Results for reporting periods beginning after January 1, 2023 are presented under CECL while prior period amounts continue to be reported and disclosed in accordance with previously applicable accounting standards.

Investments Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are reflected on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. All investments are participant directed.

The Plan has investment contracts with VOYA that maintains participant contributions in a general account. These accounts are credited with actual earnings on the underlying investments and are charged with certain administrative expenses of the Plan. Since the agreement or funding agency has the ability to restrict certain transfers and withdrawals, the contract is not considered fully benefit responsive.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document. There were no delinquent notes receivable from participants at December 31, 2023 or 2022.

Allowance for Credit Losses

The Plan records a receivable for the employer contribution that is remitted to the Plan subsequent to the Plan's year end. The Plan recognizes an expected allowance for credit losses that is updated to reflect any changes in credit risk since the receivable was initially recorded. The estimated allowance for credit losses is based on historical, current, and expected future conditions. No significant deteriorations are expected in the future economic conditions; therefore, management has determined that no allowance for credit losses is necessary for the year ended December 31, 2023.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurement

Accounting Standards Codification (ASC) Section 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair market value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Valuation adjustments are not applied to Level 1 instruments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment. There are no level 1 assets.
- Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.
- Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value:

Registered investment companies: Valued at the net asset value of shares held at year end based on quoted prices in active markets.

Fixed annuity contracts: Value is calculated based on discounted cash flows using risk-adjusted discount rates.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, currency and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

Benefits Paid to Participants

Benefit payments to participants are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

Expenses incurred in connection with the purchase or sale of securities are charged against the investment funds whose assets are involved in such transactions. Certain administrative costs of the Plan are paid by the Organization. All other expenses relating to participant transactions are deducted from those participant accounts as transactions occur.

Estimates

The preparation of financial statements in accordance with GAAP requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. CERTIFIED INVESTMENT INFORMATION

The following information was certified as complete and accurate by VOYA Retirement Insurance and Annuity Company, the custodian, as of December 31, 2023 and 2022 and for the years then ended, and is included in the accompanying financial statements and schedule:

5. TAX STATUS

The Plan has been established using a non-standardized prototype plan designed and maintained by the Plan's third-party administrator. The Internal Revenue Service has determined and informed the prototype sponsor by a letter dated March 31, 2017, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable provisions of the Code.

6. PARTY-IN-INTEREST TRANSACTIONS

Transactions with VOYA, RMA, the Organization, and the Plan are party-in-interest transactions. Additionally, notes receivable from participants are party-in-interest transactions.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in their accounts.

8. RECONCILIATION TO FORM 5500
