INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
InnVentures IVI LP 401K Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of InnVentures IVI LP 401K Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of InnVentures IVI LP 401K Profit Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of InnVentures IVI LP 401K Profit Sharing Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

INDEPENDENT AUDITORS' REPORT- continued

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about InnVentures IVI LP 401K Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of InnVentures IVI LP 401K Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about InnVentures IVI LP 401K Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

INDEPENDENT AUDITORS' REPORT - continued

Auditors' Responsibilities for the Audit of the Financial Statements, continued

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i, Schedule of Assets Held for Investment Purposes at December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INNVENTURES IVI LP 401K PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE A - DESCRIPTION OF PLAN

The following description of the InnVentures IVI LP (“Company”) 401K Profit Sharing Plan and Trust (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution profit-sharing plan with 401(k) option covering all full-time employees of the Company who have completed three months of service, are age twenty-one years or older, are not covered by a collective bargaining agreement, and are not a non-resident alien without U.S. source income from the Company. Participants must exceed 500 hours of service in a year to avoid a break in eligibility. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute the lesser of 1% to 90% of their eligible compensation or the maximum amount allowed by law (\$22,500 in 2023; \$20,500 in 2022) of pretax annual compensation, as defined in the Plan. Participants may designate some or all of their contributions as Roth deferrals. Once designated as Roth deferral, this election is irrevocable and cannot be changed back to pretax contribution. This Plan also allows for catch-up contributions for participants over 50 years of age, (\$7,500 in 2023 and \$6,500 in 2022) of pretax annual compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan and may change their contribution rates and investment options each pay period.

The Plan currently offers various mutual funds and common collective trusts as investment options for participants. For 2023 and 2022, the Company elected to contribute 50% of participant contributions up to 4% of their total eligible compensation. The Company’s matching contribution for 2023 was \$423,269. The Company contribution is invested pro-rata with the participant contributions. Contributions are subject to certain limitations in addition to the above limitations.

Rollovers and Transfers

Participants who have a balance in another qualified employee benefit plan, as described in Section 401(a) of the Internal Revenue Code, may transfer or rollover the lump sum values of their account directly into the Plan, provided it meets the requirements of the Internal Revenue Code.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE A - DESCRIPTION OF PLAN (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service as summarized as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 but less than 3 years	20%
3 but less than 4 years	40%
4 but less than 5 years	60%
5 but less than 6 years	80%
6 years or more	100%

Plan Expenses

Certain expenses of operating and maintaining the Plan have been paid by the Company and through utilization of forfeited accounts. In the event the Company does not continue to pay the Plan expenses, the Plan expenses will be paid by the Plan and charged on a pro-rata basis to the value of the participants' account balances.

Eligible Rollover Distributions

Payments from the Plan that are eligible rollover distributions may be taken in two ways: (1) paid in a direct rollover to an individual retirement account or another eligible retirement plan, or (2) paid to the participant. If the participant elects to have Plan benefits paid directly to the participant, only 80% is paid as the Plan Administrator is required to withhold 20% of the payment for income tax withholding.

If at least one of the following events has occurred for a qualified distribution: (1) employee attains age 59 1/2, (2) death of participant, or (3) long-term disability, the entire amount of the account, including investment earnings, will be distributed to the participant tax-free if the qualification distribution rule is satisfied.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$71,619 and \$57,967, respectively. These accounts may be used to reduce employer contributions or to pay administrative expenses. In 2023, no forfeited non-vested account balances were utilized to reduce Plan employer contributions. In 2023, the Plan sponsor used \$10,000 of the forfeited non-vested accounts to pay for administrative expenses.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to 95% of one-half of the total vested account balance as of the loan request date or \$50,000, whichever is less. The notes receivable are secured by the balance in the participant's account and bear interest at rates which are commensurate with prevailing rates as determined by the Plan administrator. All notes must be repaid within a specified period of time, not to exceed 60 months, except those that are used for the purchase of a principal residence in which case the note can be extended to no more than 30 years. In most cases, repayment of the note will be made through after-tax payroll deductions.

NOTE A - DESCRIPTION OF PLAN (continued)

Payment of Benefits

Benefits become available to participants on the earliest of four events: (1) termination of employment, (2) death of the participant (benefits are payable to the participants spouse or beneficiary), (3) upon the participant's retirement, or (4) disability. Benefits are payable as lump sums, rollover distributions, or installment distributions.

If the participant is terminated and the participant's balance is under \$1,000 it is automatically paid out. If the participant is terminated and the vested balance exceeds \$1,000, but is less than \$5,000, the Company will direct the balance to be paid. If the participant has not provided distribution instructions, the balance will be distributed to an individual retirement account established in the participant's name. If the participant's vested account balance exceeds \$5,000, the participant's benefits will not be distributed until the participant requests payment from the Plan Administrator. The benefits can be left in the Plan until the participant retires. However, the participant is required to begin taking minimum distributions no later than April 1 of the calendar year following the calendar year the participant turns 70 ½ or terminates employment, whichever is later. In-service withdrawals are permitted after age 59 ½.

On termination of service due to death prior to retirement, 100% of the Company contributions become immediately vested. If the vested balance is less than \$5,000, the beneficiary will receive a lump sum payment of the entire balance unless the beneficiary elects for the distribution to be directly rolled into an IRA. If the vested balance exceeds \$5,000 and is not subject to the Retirement Equity Act (REA), the beneficiary will receive the money in periodic payments from an insurance company, unless a special form is signed. These periodic payments will be made on a monthly basis. If the vested balance exceeds \$5,000 and is subject to REA, the beneficiary will receive benefits in one of the following forms of distributions, lump sum, installment payments, or annuity contract.

If the participant becomes disabled and is eligible for Social Security disability benefits or is determined disabled by a physician selected by the Plan Administrator, the full value of the participant's account becomes 100% vested.

Distributions During Employment

As a general rule, participant's contributions will remain in the Plan as long as the participant remains employed by the Company. The Plan does allow for hardship distributions.

Funding Policy

The Company deposits all contributions into the Plan as soon as administratively practicable following the close of each payroll period.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Investments are presented at fair value in accordance with GAAP as prescribed for defined contribution plans.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Significant estimates include the fair value of investments. Accordingly, actual results may differ from those estimates.

INNVENTURES IVI LP 401K PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Income Recognition and Valuation

The Plan's mutual funds and common collective trusts are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. The Plan presents in the statement of changes in net assets available for benefits the net appreciation or depreciation in the fair value of its investments, which consists of realized gains or losses and the unrealized appreciation or depreciation on those investments. Purchases and sales of securities are recorded on a settlement date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Delinquent participant loans are classified as distributions based upon the terms of the Plan document. For the year ended December 31, 2023, \$9,224 was recorded as interest income on notes receivable from participants.

Risks and Uncertainties

The Plan provides for investment in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risks associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Contributions Receivable

Participants' contributions that have been deducted from payroll as of the end of the year but that have not been deposited with the Plan until after the end of the year are reflected as participant contributions in the Plan's financial statements. In addition, any matching contributions due and payable are reflected as employer contributions receivable in the Plan's financial statements. Total contributions receivable amounted to \$31,591 and \$96,488 at December 31, 2023 and 2022, respectively. There was no allowance for credit losses at December 31, 2023 and 2022.

Administrative Expenses

Certain administrative expenses, including legal and accounting, are paid by the Plan Sponsor and, accordingly, are not reflected in the accompanying financial statements of the Plan. Certain transaction processing fees are charged to the participants and, therefore, are reflected in the accompanying statement of changes in net assets available for benefits as administrative expenses.

INNVENTURES IVI LP 401K PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Income Tax

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Excess Contribution Refunds Payable

At December 31, 2023 and 2022, the Plan sponsor recorded excess contributions payable of \$97,398 and \$90,687, respectively. The excess contributions were related to highly compensated employees, which are subsequently refunded to the participants no later than twelve months after a Plan year. These amounts are reported as excess contribution refunds payable in the statement of net assets available for benefits.

Subsequent Events

The Plan evaluates events that occur subsequent to the statement of net assets available for benefits date as of December 31, 2023, but before financial statements are issued, for possible adjustment to such financial statements or other disclosure. Subsequent events were evaluated through October 15, 2024, the date the financial statements were available to be issued. The Plan transferred its assets with an effective date of January 2, 2024 from Reliance Trust to Principal Trust Company. The Plan has determined that there are no other material recognized or unrecognized subsequent events.

NOTE C - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Reliance Trust Company, the trustee of the Plan, as of December 31, 2023 and 2022, and for the year ended December 31, 2023.

NOTE D - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for plan benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ASC 820, Fair Value Measurements and Disclosure, establishes a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement. Significant unobservable inputs, that reflect the Plan's own assumptions about the assumptions that market participants, would use in pricing an asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: The fair value of mutual fund investments is determined by obtaining quotes prices on nationally recognized exchanges (Level 1 inputs).

Collective investment trusts: As permitted by U.S. GAAP, the Plan uses net asset values as a practical expedient to determine fair value of certain investments. These investments measured at net asset value have not been classified in the fair value hierarchy. The amounts presented in the table below are intended to permit reconciliation to the amounts presented in the statement of net assets available for benefits.

- (a) Invesco Stable Asset: The primary investment objective of this fund will be to seek the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates consistent with seeking to maintain required liquidity. The fund's returns are based on returns generated by an actively managed, highly diversified portfolio of investment grade, fixed and floating rate securities. The Fund may invest in such securities directly or indirectly through commingled investment vehicle.
- (b) State St Intl IDX SecLend VIII: The fund seeks an investment return that approximates as closely as practicable the performance of the MSCI EAFE Index, an equity index which captures large and mid-cap representation across 21 developed markets countries around the world excluding the US and Canada, over the long term. The fund primarily invests in stocks that have market caps in the top 70% of each economically integrated market such as Europe or Asia.
- (c) State St S&P 500 IDX SecLend IX: The fund seeks an investment return that approximates as closely as practicable the performance of the S&P 500 Index over the long term. Stocks in the top 70% of the capitalization of the US equity market are defined as large cap. The fund tends to invest across the spectrum of US industries, and owing to its broad exposure, the returns are often similar to those of the S&P 500 Index.
- (d) State St Russ SmCap IDX SecLend VIII: The fund seeks an investment return that approximates as closely as practicable the performance of the Russell 2000 Index over the long term. Small-blend portfolios favor U.S. firms at the smaller end of the market-capitalization range. Some aim to own an array of value and growth stocks while others employ a discipline that leads to holdings with valuations and growth rates close to the small-cap averages. Stocks in the bottom 10% of the capitalization of the U.S. equity market are defined as small cap.
- (e) State St US BD IDX SecLend VIII: The fund seeks an investment return that approximates as closely as practicable the performance of the Bloomberg Barclays U.S. Aggregate Bond Index (the "Index") over the long term. The Fund is managed using an "indexing" investment approach, by which State Street Global Advisors attempts to approximate the performance of the Index over the long term. The fund will not necessarily own all of the securities included in the Index. The Fund may attempt to invest in the securities comprising the Index, in the same proportions as they are represented in the Index. Intermediate-term core bond portfolios invest primarily in investment-grade U.S. fixed-income issues including government, corporate, and securitized debt, and hold less than 5% in below-investment-grade exposures.

NOTE D - FAIR VALUE MEASUREMENTS (continued)

Their durations (a measure of interest-rate sensitivity) typically range between 75% and 125% of the three-year average of the effective duration of the Morningstar Core Bond Index.

- (f) State St S&P MidCap IDX Non-Lending J: The fund seeks an investment return that approximates as closely as practicable the performance of the S&P MidCap 400 Index over the long term. The fund invests in U.S. stocks of various sizes and styles, giving it a middle-of the-road profile. Stocks in the middle 20% of the capitalization of the U.S. equity market are defined as mid-cap.

For the years ended December 31, 2023 and 2022, there were no significant transfers in or out of levels 1, 2, or 3. The Plan's policy is to recognize transfers between hierarchy measurement levels as of the date of the event or changes in circumstances that caused the transfer.

NOTE E - NON-PARTICIPANT-DIRECTED INVESTMENTS

The Plan's participants direct all investments. There are no non-participant directed investments as of December 31, 2023 and 2022.

NOTE F - PARTY-IN-INTEREST TRANSACTIONS

The Plan investments and participants' notes receivable are managed by the third-party administrator. The Plan trustee, the third-party administrator, the Plan sponsor, and participants are considered parties-in-interest under ERISA. In 2023, the Plan sponsor used \$10,000 of the forfeited non-vested accounts to pay for administrative expenses. The Plan Sponsor did not directly pay for Plan expenses charged by the Plan trustee for the year ended December 31, 2023. All of these transactions are considered exempt party-in-interest transactions under ERISA.

NOTE G - TAX STATUS

The Plan obtained its latest determination letter in July 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE H - FIDELITY BOND

The Plan was covered by a fidelity bond during 2023 which requires the limit of liability to equal the amount required under ERISA at the beginning of the Plan's fiscal year or \$500,000, whichever is less. As of December 31, 2023 and 2022, the Plan was in compliance with the ERISA bonding requirements.

NOTE I - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and distributions will be made as soon as administratively practicable after the Plan terminates.

NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE J - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE K - NOTES RECEIVABLE FROM PARTICIPANTS

The Plan allows participants to borrow against their fund balance with the approval of the Administrator. All loans are to be made in accordance with the loan policy established by the Administrator. The following table summarizes outstanding loans to Plan participants, interest rates, and maturity dates.

	December 31, 2023	December 31, 2022
Outstanding loan balance	\$186,219	\$149,278
Interest rate	4.25% - 10.50%	4.25% - 9.50%
Maturity dates	January 2024 through August 2044	January 2023 through August 2044

Defaulted loans amounted to \$55,052 and \$52,673 at December 31, 2023 and 2022, respectively. No allowance for credit losses has been recorded as of December 31, 2023 and 2022 since it was deemed insignificant by the Plan. During the year ended December 31, 2023, the Plan recorded \$12,691 of interest income earned on notes receivable from participants. Delinquent participants' notes receivable are reclassified as a distribution based upon the terms of the Plan document. Deemed distributions from notes receivable amounted to \$22,069 during the year ended December 31, 2023.
