Independent Auditors' Report

The Participants and Employee Benefits Committee
Mauna Lani Resort 401(k) Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Mauna Lani Resort 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules (Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Loan Repayments and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RETIREMENT SAVINGS PLAN**

Notes to Financial Statements

December 31, 2023 and 2022

(1) Description of Plan

The following description of the Mauna Lani Resort 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan effective as of November 1, 1987 and subsequently amended by DHL Mahi Staffing, LLC (the Company) to provide benefits to eligible employees as defined in the plan document. Employees are eligible to participate in the Plan once they have completed the lesser of three consecutive months of service in which they have performed at least 20 hours of service per week throughout that period or have completed at least 1,000 hours of service during the eligibility computation period. The entry date is the first day of the month coinciding with or following the date employees satisfy the eligibility requirements. Collective bargaining employees, leased employees, and reclassified employees are not eligible to participate in the Plan. The Plan is subject to the provisions of the Internal Revenue Code (IRC) and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration of Plan Assets

The Plan is administered by the Employee Benefits Committee. The Employee Benefits Committee has the responsibility of selecting the investment options of the trust into which the participants can direct their contributions.

Empower Trust Company, LLC (Empower) is the Plan's custodian. Empower Annuity Insurance Company of America provides an insurance product to the Plan (EAICA or insurer) and Empower Retirement LLC maintains records of all the Plan's assets.

Contributions

Each year, participants may contribute up to 25% of their pre-tax annual compensation, as defined in the plan document, up to a maximum allowable under the IRC. Additionally, participants who have attained age 50 before the end of the Plan year are eligible to make additional pre-tax catch-up contributions to the Plan, not to exceed the amount allowable under current income tax regulations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company, in its sole discretion, may make matching contributions to the Plan equal to a percentage of the elective deferrals made by eligible participants, up to an annual limit per eligible participant. For the year ended December 31, 2023, the Company elected to match participant's elective deferral up to 4% of the participant's eligible compensation.

**MAUNA LANI RESORT 401(k)
RETIREMENT SAVINGS PLAN**

Notes to Financial Statements

December 31, 2023 and 2022

The Company in its sole discretion may also make profit sharing contributions to the Plan. For the year ended December 31, 2023, the Company did not elect to make a profit sharing contribution. Employees are eligible for discretionary matching or profit sharing contributions upon completing one year of service in which the employee completed 1,000 hours of service during the eligibility computation period.

Participant Accounts

Each participant's account is credited with the participant's contributions and discretionary employer matching contributions and allocations of (a) the Company's profit sharing contribution, if any, and (b) plan earnings and losses, and (c) administrative expenses. Allocations are based on participant's compensation, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account. Participants direct the investments of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, common collective trust funds, and a guaranteed investment contract as investment options for participants.

Vesting

Participants are immediately vested at all times in account balances attributed to elective deferrals, rollover contributions, and profit-sharing contributions made prior to January 1, 2012, plus actual earnings or losses thereon.

Participants become 100% vested in discretionary employer matching contributions and profit sharing contributions made after January 1, 2012, after completing three years of eligible service in accordance with the following schedule:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 3	0%
3	100%

Payment of Benefits

Upon termination of service due to retirement, disability, death, or other termination of employment with the Company, the participant or beneficiary may elect to receive his or her total benefits in (a) a lump-sum distribution equal to the value of the participant's vested interest in his or her account, or (b) installments, as defined by the Plan. Upon separation from service, the Plan requires the automatic distribution of participant account balances that do not exceed \$5,000. If a participant who has separated from services fails to elect to have such distribution paid directly to an eligible retirement plan or to receive the distribution directly, his or her account balance will be distributed as a lump sum if it is \$1,000 or less. If such participant's account balance exceeds \$1,000 but does not exceed \$5,000 in such circumstances, it will be rolled over to an individual retirement account designated by the Company. Additionally, under certain circumstances of financial hardship, a participant is allowed to withdraw funds from the Plan.

Notes to Financial Statements

December 31, 2023 and 2022

Forfeited Accounts

Forfeited non-vested accounts are retained in the Plan and are used to pay administrative expenses and subsidize employer matching and profit sharing contributions. As of December 31, 2023 and 2022, forfeited non-vested accounts amounted to \$37,556 and \$8,495, respectively. No forfeitures were used for the plan year ended December 31, 2023.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Employee Benefits Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Realized and unrealized appreciation (depreciation) in the fair value of investments is based on the difference between the fair value of assets at the beginning of the plan year, or at the time of purchase for assets purchased during the plan year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation), or on the last day of the year for unrealized appreciation (depreciation).

**MAUNA LANI RESORT 401(k)
RETIREMENT SAVINGS PLAN**

Notes to Financial Statements

December 31, 2023 and 2022

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2023 excess contributions to the applicable participants prior to March 15, 2024.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All reasonable administrative costs and expenses may be paid from plan assets, unless the Company elects to pay all or part of the expenses. Administrative expenses generally consist of asset and investment advisory fees allocated to the participants and loan and distribution processing fees, charged directly to the respective participant's account. Administrative expenses recorded in the Plan during the year ended December 31, 2023 totaled \$28,716.

**MAUNA LANI RESORT 401(k)
RETIREMENT SAVINGS PLAN**

Notes to Financial Statements

December 31, 2023 and 2022

(3) Information Certified by the Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly the custodian, Empower and the insurer, EAICA, have certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate.

December 31:	2023	2022
Investments at fair value	\$ 8,755,265	\$ 6,911,471
Investment at contract value	897,372	1,173,842
 Year Ended December 31:	 2023	
Net appreciation in fair value of investments	\$ 1,115,021	
Dividend income	166,701	
Interest income	11,337	
Other income	12,937	

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedules.

(4) Fair Value Measurements

The accounting guidance for fair value measurements establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

**MAUNA LANI RESORT 401(k)
RETIREMENT SAVINGS PLAN**

Notes to Financial Statements

December 31, 2023 and 2022

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds. Valued at their respective NAV as reported by such trust based on the underlying investment assets divided by the number of units outstanding at the end of the plan year. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The Plan has no unfunded commitments to these common collective trust funds; however, is required to provide a 15-day redemption notice to liquidate shares.

The preceding measurements described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

December 31, 2023 and 2022

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022.

Investments at Fair Value as of December 31, 2023

	<u>\$ 4,300,024</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,911,471</u>

^(a) Certain investments that are measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(5) Group Annuity Contract

As of December 31, 2023 and 2022, the Plan held a group annuity contract with EAICA formerly Great-West Life & Annuity Insurance Company. The group annuity contract, Key Guaranteed Portfolio Fund, is a fixed account that is part of the general account of EAICA. The methodology for calculating the interest credit rate is based on the earnings of the underlying assets in the entire medium long-term new portfolio compared to the minimum interest crediting rate (which will never be less than 0% as stated in the contract), and prevailing market conditions.

**MAUNA LANI RESORT 401(k)
RETIREMENT SAVINGS PLAN**

Notes to Financial Statements

December 31, 2023 and 2022

As these guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value, as reported to the Plan by EAICA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0% for EAICA. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: 1) amendments to the plan documents (including complete or partial plan terminations or merger with another plan), 2) layoffs, 3) bankruptcies, or 4) early retirement incentives. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The guaranteed interest contract can be discontinued at any time by written notice. Termination occurs when there is no contract owner account remaining under the contract.

(6) Tax Status

The Plan is based on the non-standardized pre-approved profit sharing plan with CODA sponsored by Great-West Trust Company, LLC. The IRS informed Great-West Trust Company, LLC, by a letter dated June 30, 2020, that the non-standardized pre-approved profit sharing plan upon which the Plan is based is designed in accordance with the provisions of the IRC. The Plan has subsequently been amended; however, in the opinion of the plan administrator, the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and thus qualifies the Plan for tax exempt status.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**MAUNA LANI RESORT 401(k)
RETIREMENT SAVINGS PLAN**

Notes to Financial Statements

December 31, 2023 and 2022

(7) Related Party Transactions

Plan investments during the year included a guaranteed investment contract that is managed by EAICA, an affiliate of the Plan's custodian. Therefore, these transactions qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

The Company receives revenue sharing credits used to offset certain asset and investment advisory fees. During 2023, \$12,937 of revenue sharing credits were used to offset asset and investment advisory fees. There were no excess amounts of revenue sharing credits for the year ended December 31, 2023. The Company or the Plan make administrative expense payments not covered by revenue sharing.

(8) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

(9) Late Remittances

During the year ended December 31, 2023, the Company failed to remit employee deferrals amounting to \$66,516 to the Plan on a timely basis, according to Department of Labor regulations. All late deferrals have been remitted to the Plan. The Company intends to calculate and remit lost earnings to the Plan in 2024.

(10) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of participant contributions per the financial statements to the Form 5500 for the year ended December 31, 2023:

Participant contributions per the financial statements	\$ 747,167
Add: Excess participant contributions	<u>53,285</u>
Participant contributions per the Form 5500	<u><u>\$ 800,452</u></u>

The following is a reconciliation of benefits paid to participants and beneficiaries per the financial statements to the Form 5500 for the year ended December 31, 2023:

Benefits paid to participants and beneficiaries per the financial statements	\$ 909,815
Add: Excess participant and employer contributions	<u>61,529</u>
Benefits paid per the Form 5500	<u><u>\$ 971,344</u></u>

(11) Subsequent Events

The Plan has evaluated subsequent events through October 14, 2024, the date at which the accompanying financial statements were available to be issued, and determined that there are no other items to disclose.

Supplemental Schedules
