Independent Auditor's Report

Retirement Plan Committee
G & W Electric Company Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of G & W Electric Company Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

G & W Electric Company Profit Sharing Plan and Trust

Notes to Financial Statements

Note 1. Description of Plan

The following description of G & W Electric Company Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan which was established in 1979 for the benefit of eligible employees of G & W Electric Company (the Company).

Eligibility: Employees who are 18 years of age are eligible to participate in the Plan immediately, and those who defer compensation to contribute to the Plan are eligible to receive Company matching contributions, if any, immediately. Employees of the Company who are 18 years of age, have completed one year of service (defined as 1,000 hours worked within a 12-month period), and were employed on the first and last day of the Plan year are eligible to share in the Company profit sharing contribution, if any. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: An automatic deferral of 6% is deferred from eligible compensation of all new employees that become eligible and do not provide a formal election to the Plan or opt out of the Plan. The deferral percentage automatically increases by 2% each year until it reaches the Internal Revenue Service (IRS) limit or the participant opts out of automatic deferral increases. A participant may elect to make before-tax contributions or Roth, after-tax contributions up to the maximum amount allowed by law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants are allowed rollover contributions from other qualified defined benefit or contribution plans (rollovers).

Company matching contributions may be made at the discretion of the Company. Such amounts are credited among the accounts of participants who have made employee deferral contributions during the year. For the year ended December 31, 2023, the Company matching contribution for all participants was equal to 50% of each participant's deferral contribution up to the first 2% of the participants' eligible compensation. This contribution is subject to certain limitations, as defined by the Plan. The Company's matching contributions during 2023 were \$698,612, including \$50,427 funded by forfeitures.

A profit sharing contribution may be made at the option of the Company's Board of Directors from the Company's pretax profits. For the year ended December 31, 2023, the contribution approved for 2023 is in the amount of \$10,776,129. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contributions and Company matching contributions and receives an allocation of the Company's profit sharing contribution and plan earnings, and is charged with an allocation of administrative expenses. The Company's profit sharing contribution is allocated equally among eligible participants in the Plan. Allocations of plan earnings and expenses are based on participants' account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant vests ratably over three years of service for Company matching contributions received beginning with the first year of service. Eligible participants receive an annual profit sharing contribution from the Company and vest 20% after two years of service and additional 20% is vested each year thereafter until the participant is fully vested after six years of credited service. In the event of death, disability or retirement at designated ages, participants become fully vested.

Note 1. Description of Plan (Continued)

Investment options: Upon enrollment in the Plan, a participant may direct contributions into a variety of investments as more fully described in the Plan's literature. Participants may change their investment options at any time.

Forfeitures: Forfeitures of terminated participants' nonvested accounts are used to reduce the Plan's administrative expenses for the Plan year or to reduce Company contributions. At December 31, 2023 and 2022, nonvested forfeited amounts were \$14,755 and \$57,120, respectively. During the year ended December 31, 2023, the Company used \$388,821 in forfeitures to reduce the Company's matching contributions and profit sharing contributions for the 2023 Plan year.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000, reduced by the greatest note balance outstanding during the prior 12 months, or 50% of their vested account balance. A participant may only have two notes outstanding at any given time, of which only one can be for a purchase of a primary residence. Note terms range from one to five years, or up to 15 years if used for the purchase of a primary residence. The notes are collateralized by the balance in the participant's account and bear interest at the prime rate (at the time of loan origination) plus 1%. Principal and interest payments are paid through payroll deductions.

Payment of benefits: Benefits under the Plan are payable to participants or their beneficiaries upon death, retirement, disability or termination of employment. Benefits are payable in the form of a lump-sum, partial, or installment payments as described in the Plan's literature. In-service withdrawals are allowed by the Plan upon attainment of age 59½ from all of the participant's accounts, by determination that a financial hardship, as defined, has been incurred from the participant's deferral accounts, and at any time from the participant's rollover account. The Plan was amended to allow Qualified Birth or Adoption Distributions effective August 27, 2022.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Contributions: Contributions from Plan participants and the matching contributions from the Company, if any, are recorded in the year in which the employee contributions are withheld from compensation.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) on fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Note 2. Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued interest. Defaulted notes are treated as distributions based upon the terms of the plan document.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to plan administration are charged directly to participant accounts and are included in administrative expenses.

Subsequent events: The Plan Administrator has evaluated subsequent events for recognition and/or disclosure through October 11, 2024, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by T. Rowe Price Trust Company, the Trustee

The following is a summary of the Plan's asset and income information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the trustee that the information certified and provided to the Plan Administrator by the trustee related to the following assets and income as of December 31, 2023 and 2022, and for the year ended December 31, 2023, is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule, related to the following assets and income:

	2023	2022
Shares of registered investment companies	\$ 92,784,433	\$ 75,805,321
Shares of common/collective funds	18,192,222	17,710,890

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

Shares of common/collective funds: Valued based on the NAV of units of the common collective fund. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 92,784,433	\$ -	\$ -	\$ 92,784,433
Total assets in the fair value hierarchy	\$ 92,784,433	\$ -	\$ -	\$ 92,784,433
Investments measured at NAV (a)				18,192,222
Total investments at fair value				\$ 110,976,655

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 75,805,321	\$ -	\$ -	\$ 75,805,321
Total assets in the fair value hierarchy	\$ 75,805,321	\$ -	\$ -	\$ 75,805,321
Investments measured at NAV (a)				17,710,890
Total investments at fair value				\$ 93,516,211

- (a) In accordance with the Fair Value Measurement topic, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth the fair value of investments in certain funds that calculate NAV per share (or its equivalent) at December 31, 2023 and 2022:

Investment	Fair Value		Unfunded Commitment		Redemption Frequency	Redemption Notice Period
	2023	2022	2023	2022		
Common/collective funds	\$ 18,192,222	\$ 17,710,890	\$ -	\$ -	Daily	12 months

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2023, there were no transfers in or out of Level 3.

Note 5. Related-Party and Party-in-Interest Transactions

Certain plan investments consist of shares of common/collective funds and registered investment companies managed by the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions. Total administrative expenses paid by the Plan to its service provider amounted to \$78,736 for the year ended December 31, 2023.

Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan. Certain other expenses of the Plan are paid by the Company.

G & W Electric Company Profit Sharing Plan and Trust

Notes to Financial Statements

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company may discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 7. Income Tax Status

Effective July 15, 2019, the Plan adopted a pre-approved plan sponsored by T. Rowe Price Trust Company. The pre-approved plan has received an opinion letter from the IRS, dated August 2, 2017, as to the prototype plan's qualified status. The pre-approved plan opinion letter has been relied upon by this Plan. The Company believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code (IRC).

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

Note 8. Risks and Uncertainties

Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits at December 31, 2023 and 2022, per the financial statements to Form 5500:
