Financial Statements
(Modified Cash Basis)

December 31, 2023

Independent Auditors' Report

The Plan Administrator of Portledge School TDA Plan SRA/GSRA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Portledge School TDA Plan SRA/GSRA (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained certifications from the qualified institutions as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2.
- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

**The Plan Administrator of
Portledge School TDA Plan
SRA/GSRA

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting as described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of: (1) Schedule H, Part IV, Line 4a – Schedule of Delinquent Participant Contributions (modified cash basis) for the year ended December 31, 2023 (2) Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) (modified cash basis) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional

procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules (modified cash basis), we evaluated whether the supplemental schedules (modified cash basis), other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules (modified cash basis), other than the information in the supplemental schedules (modified cash basis) that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules (modified cash basis) related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Portledge School TDA Plan SRA/GSRA (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan provisions.

General

The Portledge School TDA Plan SRA/GSRA was initially effective July 1, 1968. The Plan covers substantially all employees of the Portledge School (the "School" or "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2024, the Plan merged into the Portledge School Retirement Plan RA.

Contributions

Participants may voluntarily contribute up to the Internal Revenue Service ("IRS") maximum allowable amount of their pre-tax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants who have completed 15 years of service with the School are eligible to defer additional participant contributions.

The Plan does not allow for Employer contributions.

Vesting

A participant is 100% vested in their accounts including allocated earnings thereon at all times.

Participant Accounts

Each participant's account is credited with the participant's contribution and Plan earnings (losses), and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific transactions, as defined. All investments of the Plan are participant directed.

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reason, a participant is entitled to receive a distribution in the amount equal to the value of the participant's vested interest in his or her account. Benefits can also be distributed in the event of a participant's immediate and heavy financial need. Such distributions, which are considered hardship withdrawals, cannot exceed the amount required to relieve the financial need.

1. Description of Plan (continued)

Loans to Participants/Collateralized Assets

Loans with Teachers Insurance and Annuity Association of America ("TIAA") and College Retirement Equities Fund ("CREF") are issued directly from funds owned by TIAA and CREF and not directly from a participant's account. Interest and principal are paid by the participant directly to TIAA and CREF. The loans are not considered assets of the Plan and, therefore, are not reported in the statements of net assets available for benefits. Adequate security is required and a portion of the participant's account is reserved, or held as collateral, to cover 110% of the outstanding loan in case of default. The collateral for the loan is maintained as part of the participant's TIAA Traditional Annuity account. The collateral securing the loan continues to earn interest. The collateralized balance is not available for transfer, withdrawal, retirement income benefits or survivor benefits.

The loan interest rate for these loans may be fixed or variable and the initial rate is determined by the terms of the controlling contract, as are the rate adjustment details and frequency. Principal repayments are transferred to the investment options chosen under the terms of the Plan.

At December 31, 2023 and 2022, there were 1 and 4 loans outstanding with total principal balances due of \$9,517 and \$20,648 which also represents a collateralization of participant accounts. Of these loans, none were in default as of December 31, 2023 and 2022. At December 31, 2023 and 2022, interest rates on the loans outstanding range from 4.65% to 5.56% with maturities through 2025.

Notes Receivable from Participants

Loans are permitted in accordance with the Plan Loan Policy and are available from the participant's underlying investments. Loan proceeds are funded from the participants' account and are not collateralized. Participants borrow directly from their account, and interest and principal are paid by the participants directly to TIAA and CREF. In accordance with the Plan Loan Policy, loans to participants are limited to 50% of the nonforfeitable account balance. Since the loan relationship is between the participant and the Plan, participant loans are considered plan assets and reported as notes receivable from participants in the statements of net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accounts of the Plan are maintained, and the accompanying financial statements have been prepared, on the modified cash basis, which is a basis of accounting other than accounting principles generally accepted in the United States of America ("U.S. GAAP"). Under this basis, investment income is recognized when received and disbursements are recognized when made, except for investments which are reflected at fair value. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the Plan in conformity with U.S. GAAP.

2. Summary of Significant Accounting Policies (*continued*)

Use of Estimates

The preparation of financial statements requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Pursuant to U.S. GAAP guidance, investments where fair value is measured using the Net Asset Value ("NAV") per share as a practical expedient is not categorized within the fair value hierarchy.

Investment Valuation and Income Recognition

The TIAA Traditional Annuity Account is an unallocated contract. The fully benefit responsive contracts are carried at contract value and the non benefit responsive contracts are carried at fair value, which approximates their contract value. Contract value equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers in (if any), less any withdrawals and transfers out (if any). The fair value is derived from a discounted cash flow analysis and other factors. Investments in registered investment companies are stated at fair value as determined by quoted market prices, which represents the net asset value of shares held by the Plan at year end. The pooled separate account is valued at the NAV of units held by the Plan. The NAV, as provided by TIAA and CREF, is used as a practical expedient to estimate fair value. The NAV based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on date received. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies (continued)

Expenses

Certain expenses of maintaining the Plan are paid directly by the School and are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 14, 2024.

3. Information Certified (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividend income and interest on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA and CREF, qualified institutions.

4. Investments

The following are the major categories of investments measured at fair value on a recurring basis at December 31, grouped by the fair value hierarchy:

4. Investments (*continued*)

(*) As discussed in Note 2, investments that are measured using the practical expedient are not classified within the fair value hierarchy.

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2023.

Balance, beginning of year	\$ 1,451,902
Interest income	69,321
Transfer in from other Plan investments	47
Benefit payments	(39,798)
Transfer out to other Plan investments	<u>(1,226)</u>
 Balance, End of Year	 <u>\$ 1,480,246</u>

TIAA Traditional Annuity Account

The TIAA Traditional Annuity is comprised of six types of contracts. The fully benefit responsive contracts are: the Group Supplemental Retirement Annuity ("GSRA"), the Supplemental Retirement Annuity ("SRA"), and the Retirement Choice Plus ("RCP") contracts. The non benefit responsive contracts are: the Group Retirement Annuity, Retirement Annuity ("RA") and Retirement Choice contracts. The Plan utilizes the GSRA, SRA and RCP contributions, which are reported at contract value and the RA contract, which is reported at fair value. Unobservable inputs include the risk-adjusted discount rate applied and the range of significant input values are as follows: RCP – 3.50%-6.25%; SRA – 3.25%-6.00%; GSRA – 3.25%-6.00% and RA – 4.00%-6.75%.

Under RCP, GSRA and SRA contracts, lump sum withdrawals and transfers are available without any surrender charges. Under RA contracts, lump sum withdrawals are not permitted and all withdrawals and transfers must be paid in 10 annual installments.

The contracts use the vintage method to credit interest to the TIAA Traditional Annuity Account. Vintages are time periods that represent when money was initially invested in the TIAA Traditional Annuity Account and corresponding interest rate during that distinct time period. The vintage method recognizes the fact that the level of prevailing interest rates available on new long-term investments will vary over time and that as the long-term investments in a specific vintage mature, they will be reinvested at different rates. When funds flow into the TIAA Traditional Annuity Account, they are immediately invested at the prevailing pay-in-rate for new money. The funds earn interest at the prevailing vintage rates. The vintage will always consist of two parts: the guaranteed portion and the discretionary portion. The guaranteed portion represents the minimum amount of interest that will be credited to an account, regardless of the economic environment. The discretionary portion represents interest earned over and above the guaranteed rate.

SRA/GSRA**

4. Investments (*continued*)

TIAA Traditional Annuity Account (continued)

The TIAA Traditional Annuity represents approximately 24% and 27% of the Plan's net assets available for benefits as of December 31, 2023 and 2022, and represents an obligation from TIAA to repay as amounts come due. The credit risk of the issuer was evaluated by nationally recognized statistical rating agencies as follows: Moody's Investors Service (Aa1 as of September 2023), Standard and Poor's (AA+ as of October 2023), A.M. Best (A++ as of July 2023), and Fitch (AAA as of August 2023).

TIAA Real Estate – Pooled Separate Account

The TIAA Real Estate Account generally invests in real estate properties and real estate-related investments. The TIAA Real Estate Account's value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The TIAA Real Estate Account sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources. While redemptions from the TIAA Real Estate Account may occur daily, transfers out are limited to one per calendar quarter. There are no unfunded commitments on the Plan's investments.

5. Plan Termination

Although it has not expressed any intent to do so, the School has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

6. Tax Status

The School has adopted a restated prototype plan document effective January 1, 2019 which is intended to satisfy the Internal Revenue Service's final 403(b) regulations. The prototype plan document preparer received an opinion letter dated August 7, 2017 from the Internal Revenue Service. The School believes that the Plan is designed and currently being operated in accordance with applicable sections of the Internal Revenue Code.

The plan administrator has identified Plan document errors that will require the submission of the Voluntary Compliance Program ("VCP") application to the IRS under the Employee Plans Compliance Resolution System ("EPCRS"). The Plan completed and submitted the VCP application to the IRS. The proposed correction methodology will not impact any participant's benefit in the Plan.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine examinations by taxing jurisdictions for periods since 2020; however, there are currently no examinations for any tax periods in progress.

7. Party-in-Interest Transactions

Certain investments of the Plan are managed by TIAA, the record-keeper and a custodian, and CREF, a custodian. Therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

**Portledge School TDA Plan
SRA/GSRA**

Notes to Financial Statements
December 31, 2023

7. Party-in-Interest Transactions (*continued*)

Certain employees of the Employer, who may also be participants in the Plan, perform administrative services for the Plan at no cost to the Plan.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

The Plan and TIAA and CREF entered into a revenue sharing arrangement whereby a portion of the revenue earned from certain funds is passed through to the Plan for payment of permitted Plan expenses. In order for the Plan to receive credits as a result of this revenue sharing arrangement, and to use this credit to pay Plan expenses, the Plan created the Revenue Credit Account under the Plan. The Revenue Credit Account is a cash account within the Plan, similar in design to forfeiture accounts, and is used to record the redistribution of Plan-generated fund revenue that exceeds the costs associated with Plan administration. The Revenue Credit Account balance was \$1,571 and \$1,502 at December 31, 2023 and 2022. During 2023, none of these funds were used to pay Plan expenses or were allocated to participants from the Revenue Credit Account.

8. Prohibited Transactions

During 2023 and prior, the School failed to remit to the Plan certain participants' contributions totaling \$539,137 within the period prescribed by the Department of Labor regulations. Delays in remitting the contributions to the Plan were due to administrative oversight and the School is in the process of making the necessary corrections as required by the Department of Labor Regulations by remitting lost earnings.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2023 are not reflected in these financial statements.
