INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of Tenneco 401(k) Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Tenneco 401(k) investment plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of Assets (Held at End of year)] as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2022 Financial Statements

Predecessor auditors performed an audit of the 2022 financial statements of the Plan in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 16, 2023, indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statement related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedule, other than the information in the 2022 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the

Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

As of and for the Years Ended December 31, 2023 and 2022

1. Description of the Plan

Tenneco Automotive Operating Company Inc. (the “Company”) sponsors the Tenneco 401(k) Investment Plan (the “Plan”). The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan subject to the Employee Retirement Income Security Act, as amended (“ERISA”). Prior to July 1, 2022, all salaried and non-union hourly employees of the Clean Air and Powertrain divisions of the Company and its subsidiaries who are paid in the United States were eligible to participate in the Plan. Effective July 1, 2022, all employees of the Company and its subsidiaries who are paid in the United States are eligible to participate in the Plan. This provides eligible participants the opportunity to make voluntary pre-tax and Roth contributions to the Plan.

Eligibility, Contributions & Vesting

Participants may contribute up to 75 percent of pretax annual compensation, as defined in the Plan. Participants who have attained the age of 50 before the close of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (Rollovers). Participants direct the investment of the contributions into various investment options offered by the Plan.

Salaried, Non-Union Hourly, Angola Union & Monroe Union

Upon hire, salaried, non-union hourly, Angola union and Monroe union employees are immediately eligible to participate in the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions are invested in a pre-assembled Retirement Fund until changed by the participant.

The Company provides an Enhanced Company Match equal to 100% on the first 3% of eligible compensation, and 50% of the next 2% of eligible compensation, based on employee pretax and Roth contributions to the Plan. The Enhanced Company Match is 100% vested.

In addition, the Company also provides an age-based Company Retirement Contribution, based on the following schedule:

Age	Percentage of Eligible Compensation
39 and under	2.50%
40 to 44	2.75%
45 to 49	3.00%
50 to 54	3.25%
55 to 59	3.50%
60 and older	4.00%

Vesting in the Company Retirement Contribution follows a 3-year cliff vesting schedule. Full vesting also occurs upon death, total and permanent disability, or retirement at designated ages. In addition, special-vesting provisions will become effective if the Plan is determined to be “top-heavy,” pursuant to the Internal Revenue Code (“Code”).

Excess Contributions Payable.

The Plan is required to return contributions received during the Plan year in excess of the Code limits.

1. Description of the Plan (continued)

Forfeitures

Company contributions which are not vested at the time of a participant's withdrawal from the Plan are forfeited and are applied as a reduction of future Company contributions, or to offset Plan expenses. A total of \$1,501,697 and \$2,105,761 was available to apply as a reduction of future Company contributions as of December 31, 2023 and 2022, respectively. During the year ended December 31, 2023, \$3,040,136 was applied to reduce Company contributions.

If the individual is re-employed within 60 months of his/her severance of employment and repays the full amount previously distributed to him/her from the Company matching contribution account and otherwise qualifies for reinstatement in the Plan, the amount of the forfeitures is re-credited to his/her account in the reinstatement year.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, if applicable, and Plan earnings. The benefit a participant is entitled to is their vested account balance. Administrative expenses related to loan administration, disbursements, sale of warrants, or participation in the brokerage account are paid directly from the corresponding participant's Plan account.

1. Description of the Plan (continued)

Notes Receivable from Participants

The Plan allows participants to borrow from their account under certain plan conditions. Participants may have one loan outstanding at any time. The maximum amount of a participant's borrowings shall not exceed \$50,000 over a 12 month period and is limited to 50% of the participant's vested account balance. No borrowings shall be permitted for amounts under \$1,000. Loans for the purchase of a primary residence can be for 15-year duration. All other borrowings shall be paid back in equal payments, primarily through payroll deductions, not to exceed four-and-one-half years.

The loans are secured by the balance in the participant's account. The rate of interest for the loans is equal to the prime rate as published in The Wall Street Journal on the last business day of each month. The rate in effect at the time the loan is taken will be fixed for the duration of the loan.

Payment of Benefits / Withdrawals

In the event of retirement (as defined by the Plan agreement), death, total and permanent disability, termination of employment (as defined by the Plan agreement), or attainment of age 59 1/2, the vested balance in the participant's account may be distributed to the participant or the participant's beneficiary in either a lump-sum distribution or periodic installments.

2. Basis of Presentation and Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting and in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Transactions and Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid. Amounts allocated to accounts of persons who have elected to withdraw from the Plan, but have not yet been paid, were \$9,359 at December 31, 2023.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred.

If a participant ceases to make loan payments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Expenses

Expenses incurred in the operation of the Plan are paid by the Plan unless paid by the Company or the participants. No expenses are paid from the Plan unless such payment is permitted by law. Participants may incur administrative expenses related to loan administration, disbursements, or participation in the brokerage account. Administrative expenses related to these transactions are paid directly from the corresponding participant's Plan account.

Investment Valuation

FASB ASC Topic 820, *Fair Value Measurements and Disclosures* (“ASC 820”), clarifies that fair value is an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. As such, fair value is a market-based measurement that should be determined based upon assumptions that market participants would use in pricing an asset or liability.

As a basis for considering such assumptions, ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

- | | |
|---------|---|
| Level 1 | Observable inputs such as quoted prices in active markets. |
| Level 2 | Inputs, other than quoted prices in active markets, that are observable either directly or indirectly for substantially the full term of the asset. Inputs include: <ul style="list-style-type: none">• Quoted prices for similar assets in active markets;• Quoted prices for identical or similar assets in inactive markets;• Inputs other than quoted prices that are observable for the asset;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |
| Level 3 | Unobservable inputs in which there is little or no market data, which require the Company to develop its own assumptions that market participants would use in pricing the asset, including assumption about risk. |

An asset’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Registered investment companies – Valued at the closing price reported on the active market on which the individual securities are traded.

Brokerage account – Consists of common stock, registered investment companies, government bonds, preferred stock and certificates of deposit which are valued at the closing price reported on the active market on which the individual securities are traded. Cash and cash equivalents are also included in the balance, and are valued by the issuer at amortized cost, which approximates market value.

Collective trust funds - Valued at the NAV per share (or its equivalent) based on information reported by the investment advisor using audited financial statements of the collective trust at year-end. The NAV is used as a practical expedient to estimate fair value. NAV is based on the fair value of the underlying investments held by the trust funds. Plan management believes that the value of the collective trust funds are reasonably stated and that no adjustment to NAV as of December 31, 2023 and 2022 is required. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the collective trust funds on a daily basis. There are no unfunded commitments or other restrictions associated with these funds.

Collective trust fund (stable value fund) – The Putnam Stable Value Fund and Mellon Stable Value Fund are valued at the NAV per share (or its equivalent) based on information reported by the investment advisor using audited financial statements of the collective trust at year-end. The NAV is used as a practical expedient to estimate fair value. NAV for fully benefit investment contract held by the trust is based on the contract value, less liabilities. Contract value represents contributions made to a fund, plus earnings, less participant withdrawals. The collective trust’s NAV represents fair value since this is the amount at which the Plan transacts with the trust. Plan management believes that the value of the collective trust is reasonably stated and that no adjustment to NAV as of December 31, 2023 and 2022 is required.

2. Basis of Presentation and Summary of Significant Accounting Policies (continued)

Investment Valuation (continued)

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the collective trust at contract value on a daily basis. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust for up to twelve months in order to ensure that securities liquidations will be carried out in an orderly manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total

Subsequent Events

Management have evaluated events and transactions occurring subsequent to December 31, 2023 through October 15, 2023, the date these financial statements were available to be issued. Management did not identify any items which would require disclosure in or adjustment to the financial statements.

3. Information Certified by Trustees

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments at fair value, and notes receivable from participants as of December 31, 2023 and 2022.
- Net investment income, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023.

4. Party-In-Interest Transaction

The Plan holds investments managed by the Trustee of the Plan. Fees incurred by the Plan for these investment management services are included in net investment income, as they are paid through a reduction of the return earned on these investments.

Also qualifying as party-in-interest transactions are transactions relating to notes receivable from participants. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

The Plan has a revenue-sharing agreement whereby Fidelity, as fund manager of the Fidelity Government Money Market Fund, returns a portion of the investment fees to the recordkeeper to offset the Plan's administrative expenses. Revenue-sharing activity of this fund was not significant.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, document to terminate the Plan, subject to the provisions of ERISA. In the event the Plan is terminated or partially terminated, the Company shall determine the share of each participant affected thereby and all accounts shall fully vest. The funds shall then be distributed to the participants and no portion of the funds shall be returned to the Company.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the future and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Tax Status

The Plan has received a determination letter from the Internal Revenue Service ("IRS") dated July 18, 2017, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. We believe that the Plan has been designed to comply with the requirements of the Code and we will take the necessary steps, if any, to bring the Plan's operations and/or document into compliance with the Code.

Notes to Financial Statements
As of and for the Years Ended December 31, 2023 and 2022

7. Tax Status (continued)

U.S. GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
