INDEPENDENT AUDITOR'S REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Mesa Systems, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Mesa Systems, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Mesa Systems, Inc. (the Company). The Plan covers all employees who have completed three months of service with the Company. Such employees are eligible to participate in the Plan, including the Company's discretionary matching and profit sharing contributions. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA) and includes a deferred compensation arrangement under Internal Revenue Code (IRC) Section 401(k), which allows eligible employees to make elective deferral contributions to the Plan as a percentage of their compensation.

Contributions

Under the terms of the Plan, employees may elect to make both pre-tax and after-tax contributions. The total of each participant's annual pre-tax and after-tax contributions are subject to applicable IRC limits. The Plan includes an automatic enrollment feature. The automatic enrollment feature is a mechanism under which an eligible employee who does not make an affirmative election to make contributions to the Plan is automatically enrolled in the Plan. Participants are automatically enrolled to make a 3% pre-tax contribution unless the employee specifically elects not to participate in the Plan.

Effective April 28, 2023, the Company elected to adjust the calculation of employer matching contributions amount from a base match of $0.20 per dollar contributed to the Plan by an individual participant, up to 3% of a participant's salary to a base match of $0.20 per dollar contributed to the Plan by an individual participant, up to 5% of a participant's salary.

The Company, at the discretion of Company management, may make profit sharing contributions, as defined in the plan agreement. There were no profit sharing contributions made for the years ended December 31, 2023 and 2022.

For the years ended December 31, the Company made matching contributions of $76,447 (2023) and $85,207 (2022), respectively.

The Plan allows for participants to rollover contributions into the Plan from another qualified plan or individual retirement account. Such rollovers are included in the accompanying statements of changes in net assets available for benefits.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions made on the participant's behalf, and an allocation of Plan earnings. Allocations are based on participant account balances as of the beginning of the Plan year.

Vesting

Participants are immediately vested in their elective deferral contributions plus actual earnings or losses thereon. Vesting in the Company's discretionary matching and profit sharing contributions plus earnings or losses thereon is based on years of continuous service at 20% per year beginning at the end of year one resulting in the participant becoming 100% vested at the end of year five. As defined in the plan agreement, to earn a year of service, a participant must be credited with at least 1,000 hours of service during the plan year.

A participant can also become 100% vested in the Company's discretionary contribution portion of their account plus earnings thereon if the participant dies, attains age 59½, becomes disabled, or upon termination of the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the loan fund. The maximum loan term is five years unless the loan is used for the purchase of a principal residence. Participants may only have two loans outstanding at any time. The loans are secured by the vested balance in the participant's account. Interest rates are determined by the trustee and plan administrator at the time the loan is processed. The loans are secured by the balance in the participant's account and bear interest at a set interest rate established by the Plan Administrator in a nondiscriminatory manner.

Payment of Benefits

Upon termination of service, a participant will receive a lump-sum payment equal to the value of his or her account, provided the account does not have a value greater than $1,000. Distributions greater than $1,000 and less than $5,000 must be directly rolled over to an IRA on behalf of the terminated participants who do not select a payout option. A participant with a vested account balance greater than $5,000 may continue holding investments within the Plan, or elect to withdraw. Prior to separation from service, a participant may elect to receive a distribution of all or any portion of the participant's account balance attributable to their pre-tax and after-tax contributions as well as discretionary matching and profit sharing contributions made by the Company if the participant has attained the age of 59 1/2 and has completed five years of service with the Company, or the participant has incurred a disability. For participants who select a payout option, they may elect to receive a lump-sum distribution, partial payment, a monthly life income annuity to be paid in monthly installments over a period not to exceed the employee's lifetime, or the vested portion of their account may be applied toward the purchase of an annuity contract as defined by the Plan document.

Administrative Expenses

Administrative expenses shown in the Plan's statements of changes in net assets available for benefits include professional fees and other expenses paid to third-party administrators performing various services such as recordkeeping, transaction processing, and custodial services for the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

Mutual Funds

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 5).

Fully Benefit-Responsive Guaranteed Fund

The fully benefit-responsive guaranteed fund (the Fund) is reported at contract value. The Fund is valued at contract value as reported to the Plan by Standard Insurance Company. Contract value represents contributions made under the Fund, plus earnings, less participant withdrawals and administrative expenses (see Note 6).

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Interest income is recorded on the accrual basis.

Payment of Benefits

Benefits are recorded when paid by the third-party administrator.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3 - TAX STATUS

The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements as of December 31, 2023 and 2022.

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Reliance Trust Company, the trustee of the Plan for the period from May 1, 2023 through December 31, 2023 and Charles Schwab Trust Bank, the trustee for the period from January 1, 2022 through April 30, 2023, have certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022, the supplemental Schedule H, Line 4i - Schedule of Assets (Held at the End of Year) as of December 31, 2023, and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022.

NOTE 5 - FAIR VALUE MEASUREMENTS

The Plan accounts for fair value in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures* (ASC 820). ASC 820 defines fair value, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

Under ASC 820, assets and liabilities are grouped into three levels, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are:

- Level 1 – Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 – Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 – Valuation is generated from model-based techniques that use significant assumptions not observable in the market. These unobserved assumptions reflect Plan management's own estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models and similar techniques.

Under ASC 820, the Plan bases fair values on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements for assets and liabilities where there exists limited or no observable market data and, therefore, are based primarily upon Plan management's own estimates, are often calculated based on current pricing policy, the economic and competitive environment, the characteristics of the asset or liability and other such factors. Therefore, the results cannot be determined with precision and may not be realized in an actual sale or immediate settlement of the asset or liability. Additionally, there may be inherent weaknesses in any calculation technique, and changes in the underlying assumptions used, including discount rates and estimates of future cash flows, that could significantly affect the results of current or future values.

Following is a description of the valuation methodology used for assets measured at fair value:

Mutual Funds: Valued at the net asset value of shares held by the Plan at year-end.

Collective Investment Trust: The Plan had an investment in units of the Reliance Trust Company Stable Value Fund Collective Investment Trust, Series 25157 (the CIT). The CIT was formed for the purpose of allowing participating plan sponsors to invest in MetLife Group Annuity Contract 25157 and MetLife Group Annuity Contract 37001 (collectively referred to as the Contracts) issued by Metropolitan Life Insurance Company (MetLife) to Reliance Trust Company (the Trustee). The Contracts were the primary underlying investments of the CIT. The Contracts consisted of separately managed investment portfolios in fixed income securities, and also entered into wrapper contracts, which are issued by third-parties and were designed to allow the CIT to maintain a constant net asset value (NAV). The CIT provided for daily redemptions by the Plan at reported NAV, with no advance notice requirements. The fair value of participation units in the CIT held by the Plan were based on the NAV of the CIT, as reported by the manager of the CIT, Reliance Trust Company, and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023.

Description	Level 1	Level 2	Level 3	Total Fair Value
Assets in Fair Value Hierarchy				
Mutual funds	$ 6,724,934	$ -	$ -	$ 6,724,934
Total Assets in Fair Value Hierarchy	6,724,934	$ -	$ -	6,724,934
Investments Measured at Net Asset Value Per Share as a Practical Expedient*				
Collective investment trust funds				-
Total Investments at Fair Value				$ 6,724,934

Fair value measurements for assets recorded at fair value on a recurring basis at December 31, 2022 are as follows:

Description	Level 1	Level 2	Level 3	Total Fair Value
Assets in Fair Value Hierarchy				
Mutual funds	$ 6,596,075	$ -	$ -	$ 6,596,075
Total Assets in Fair Value Hierarchy	6,596,075	-	-	6,596,075
Investments Measured at Net Asset Value Per Share as a Practical Expedient*				
Collective investment trust funds				246,195
Total Investments at Fair Value				$ 6,842,270

** In accordance with FASB guidance, investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.*

NOTE 6 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

As described in ASC 962, *Plan Accounting-Defined Contribution Pension* Plans, as updated by ASU 2015-12, fully benefit-responsive investment contracts held by a defined contribution plan are required to be reported at contract value. The Plan has a fully benefit-responsive investment group annuity contract (the Contract) with Standard Insurance Company. Standard Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Contract is included in the financial statements at contract value as reported to the Plan by Standard Insurance Company. Contract value represents contributions made under the Contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Contract's issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The Plan administrator does not believe there are any events that would limit the Plan's ability to transact at contract value with Standard Insurance Company. The Plan administrator also does not believe there are events and circumstances that would permit Standard Insurance Company to terminate the Contract and settle at an amount different from Contract value. The contract value of the Contract at December 31, 2023 was $14,925.

NOTE 7 - PLAN TERMINATION

Although they have expressed no intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA and any collective bargaining agreements in effect at the time. In the event of Plan termination, all participants will become 100% vested in their accounts.

NOTE 8 - FORFEITURES

Forfeitures are determined at year-end and may be used to reduce the Company's contributions, if any, for the Plan year immediately following the plan year in which the forfeiture occurs or to pay Plan expenses. For the years ended December 31, $10,314 (2023) and $14,015 (2022), of forfeitures were used to reduce employer contributions and pay plan expenses. Unallocated forfeitures are not considered assets available for Plan benefits as of year-end. As of December 31, there were $14,926 (2023) and $6,819 (2022), respectively, in unallocated forfeitures.

NOTE 9 - RELATED PARTY TRANSACTIONS

The Plan pays for certain expenses while the Company absorbs certain administrative expenses on behalf of the Plan, such as accounting fees.

Charles Schwab Trust Bank was trustee of the Plan for the year ended December 31, 2022 and for the period from January 1, 2023 through April 30, 2023. As of May 1, 2023, the Reliance Trust Company assumed the role of Plan trustee from Charles Schwab Trust Bank. Standard Insurance Company is the Plan's third party administrator. During the year ended December 31, 2023, Standard Insurance Company managed certain Plan investments. Therefore, these transactions qualified as party-in-interest transactions and are denoted as such on the supplemental Schedule H, Line 4i - Schedule of Assets (Held at the End of Year).

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11 - SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events through October 10, 2024, the date at which the financial statements were available to be issued.

On March 31, 2024, the Company acquired a majority interest in an unrelated moving and storage company. As a result, the Plan was amended, effective April 1, 2024, to merge participants in the employee benefit plan of the acquiree with the Plan and waive any prior service requirements for former employees of the acquiree. The merger resulted in assets of approximately $1,700,000 being transferred into the Plan.
