Independent Auditors' Report

To the Administrative Committee of
Goodwill Industries of Northeast Texas, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Goodwill Industries of Northeast Texas, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2023 and 2022

1. Description of Plan

The following description of Goodwill Industries of Northeast Texas, Inc. (the “Company”) 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution 401(k) profit sharing plan available to all full-time employees of the Company who have one year of service and are age eighteen (18) or older. The Plan was formed on January 1, 2001, is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is defined by Section 401(k) of the Internal Revenue Code.

In March 2023, the Plan changed its custodian to Equitable Life Insurance Company (“Equitable”) from Voya Retirement Insurance and Annuity Company (“Voya”). As a result, the Plan’s participant accounts of \$1,681,129 were transferred to Equitable.

Eligibility

Any employee who is eighteen (18) years of age and has completed one year of service is eligible to become a participant in the Plan. Employees may begin deferring a portion of their compensation into the Plan on the first day of each plan year quarter following eligibility. Collective bargaining (union) employees and non-resident aliens are not eligible to participate in the Plan.

Employee Salary Reduction Election

A participant may elect to defer up to one hundred percent (100%) of his or her compensation each year instead of receiving that amount in cash. However, total deferred compensation may not exceed the limits set by Internal Revenue Code (“IRC”) Sections 401(k), 404, and 415. In addition, participants who are age fifty (50) or over before the close of the plan year are eligible to make catch-up contributions subject to the limitation imposed by the IRC.

Contributions

Elective Contributions

The Company must contribute the amount of the total employee salary reduction elections of all participants made during the plan year. The Company must pay elective contributions to the Plan’s custodian as soon as they can be segregated from its general assets, but no later than the fifteenth (15th) business day after the month of receipt of the voluntary contribution.

Notes to Financial Statements
December 31, 2023 and 2022

1. Description of Plan (continued)

Contributions (continued)

Employer Matching Contributions

The Plan sponsor has adopted the safe harbor matching provision whereby eligible participants receive 100% of applicable employee deferrals that do not exceed 4% of employee compensation per pay period.

Employer Profit Sharing Contributions

The Plan permits the Plan sponsor to make discretionary additional matching and profit-sharing contributions. For profit sharing contribution, participant must complete at least 500 hours of services. For 2023, the Plan sponsor matched 100% of salary deferrals up to 4% of plan compensation.

Rollover Contributions

The Plan may accept a rollover contribution on behalf of all participants as well as any employee, regardless whether such employee has met the age and service requirements of the Plan.

Vesting

Participants are fully vested in their elective deferrals, rollover contributions, plan sponsor's safe harbor matching contributions plus actual earnings. For non-elective contributions, vesting in the employer contributions portion of their accounts plus earnings thereon is based on years of continuous services. The vesting for the Company account is as follows:

<u>Years of Service</u>	<u>Percentage</u>
Under 2 years	0%
2 years	25%
3 years	50%
4 years	75%
5 years	100%

Forfeited Accounts

At December 31, 2023 and 2022, there were \$3,475 and \$2,477 available, respectively. During 2023, \$0 in forfeitures were used to offset employer contributions or reduce Plan expenses.

Distribution of Benefits

Upon Retirement

Distributions may be made to a participant who has not separated from service when he or she attains age fifty-nine and one-half (59 ½). Payment may be in the form of a lump-sum distribution or partial withdrawal.

Notes to Financial Statements
December 31, 2023 and 2022

1. Description of Plan (continued)

Distribution of Benefits (continued)

Upon Termination of Employment

A participant may elect to have his or her account balance distributed as soon as administratively feasible following termination of employment. If the value of the vested account balance does not exceed \$1,000, then a distribution will be made in cash. However, if the value of the vested account balance is more than \$1,000 but less than \$5,000, he or she may elect to receive distribution in cash or to roll over to an IRA or a qualified plan of his or her new employer.

Hardship Distributions

A participant may withdraw money for financial hardship if he or she satisfies certain conditions, \$500 minimum. Hardship distributions can only be made from the vested portion of the elective deferral, Roth contribution, matching contribution and profit-sharing contribution accounts.

Upon Disability

A participant's account is distributable upon a participant's disability. Payment may be in the form of a lump-sum distribution or partial withdrawal.

Upon Death

Upon the death of a participant, a distribution of the vested account balance be made to his or her designated beneficiary in a single lump-sum payment.

Administrative Fees

Distribution and loan fees are charged directly to the requesting participant's account. The Company absorbs the majority of all other administrative fees of the Plan. If expenses paid by the Plan are allocated to participants, expenses are either proportionately based on the value of the account balances or as an equal dollar amount based on the number of the participants in the Plan.

Investment Options

Upon enrollment in the Plan, a participant may direct all of his or her accounts to a variety of investments. Participant's accounts are segregated for purpose of determining the earnings or losses on their investment options.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Goodwill Industries of Northeast Texas, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2023 and 2022

2. Summary of Significant Accounting Policies (continued)

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value with the exception of the investments at contract value, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Benefit Payments

Benefit payments to participants are recorded when paid.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Goodwill Industries of Northeast Texas, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2023 and 2022

3. Fair Value Measurements (continued)

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Mutual Funds

Share Prices/Net Asset Values (NAVs) reported on the financial statements for NAV mutual funds are generally obtained from a file feed from the National Securities Clearing Corporation, and/or directly from the fund house, or a secondary pricing source, such as Interactive Data Corporation (IDC).

Stable Value Funds

Share Prices/NAV's reported on the financial statements for stable value funds are generally obtained directly from the fund house or other investment provider.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,317,625	\$ -	\$ -	\$ 1,317,625

3. Information Prepared and Certified by Custodians

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya and Equitable, qualified institutions, have certified the following investments and notes receivable information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2023, and 2022.
- Investment income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Investments and participant loans included in the accompanying Schedule of Assets (Held at End of Year) as of December 31, 2023.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Investment Contracts

The plans Group Variable Annuity Contract ("Contract") funding the plan provides a number of investment options, including a Guaranteed Interest Account ("GIO"). Under the terms of Section 2.01 of the Contract any amount allocated to the Guaranteed Interest Account (a/k/a GIO) becomes part of our general account, which supports all of the policy and contract obligations including those that apply to the GIO. Equitable is the owner of the assets in the general account. As such, we do not believe that ASC 946-210 applies to the GIO option within the Retirement Gateway 401k Variable Annuity Contract funding the plan. The GIO crediting rate as of December 31, 2023, was 1.75%. Investment contract balances on December 31, 2023, and 2022 were \$355,741 and \$0, respectively.

6. Related-Party Transactions and Party in Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Goodwill Industries of Northeast Texas, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2023 and 2022

6. Related-Party Transactions and Party in Interest Transactions (continued)

The Plan paid \$75 and \$12,482 of recordkeeping fees to Voya and Equitable, respectively, during the year ended December 31, 2023. The Company provides certain administrative services at no cost to the Plan.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits.

9. Tax Status

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Company and Plan administrator believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Date of Management's Review

The Plan has evaluated subsequent events through October 14, 2024, the date the financial statements were available to be issued.
