Independent Auditor's Report

To the Plan Administrators
People's Community Clinic 403(b) Thrift Plan
Austin, Texas

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed audits of the accompanying financial statements of People's Community Clinic 403(b) Thrift Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of People's Community Clinic 403(b) Plan's (the Plan) financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

PEOPLE'S COMMUNITY CLINIC 403(b) THRIFT PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the People's Community Clinic 403(b) Thrift Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering eligible employees as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and regulations issued by the Department of Labor. This Plan is not integrated with Social Security. The Plan was established and began operations in 2004.

Effective September 1, 2023, TCG Administrators (TCG) serves as the custodian and plan administrator. TCG has an explicit agreement with Matrix Trust Company to administer all ministerial duties regarding fund and plan administration. Therefore, TCG acts and signs on behalf of Matrix Trust Company. As a passive trustee, Matrix Trust Company has specific fiduciary responsibilities, most of which are delegated to TCG with a passive trustee arrangement. Matrix Trust Company and TCG act as agents on behalf of the individual officer trustee previously referenced. Prior to September 1, 2023, Mutual of America Life Insurance Company served as custodian, plan administrator, and managed the pooled separate accounts.

Eligibility – To become a participant in the Plan, an employee must be eighteen years old and is eligible to contribute to the Plan and receive matching contributions upon their date of hire. Employees are eligible for non-elective contributions after one year of service (at least 1,000 hours). Plan entry dates are the first payroll following the date eligibility requirements are met.

Contributions – The Plan includes an automatic deferral feature whereby a participant is treated as electing to defer 2% of eligible compensation unless the participant made an affirmative election otherwise. The automatic deferral feature also provides for an annual increase in the percentage deferred beginning after two years of service and is ultimately capped at 8%. The Employer makes discretionary matching contributions of 100% of employee contributions up to 4% of employee earnings. The Sponsor has the option to make discretionary Qualified Non-Elective Contributions (QNEC).

Participant Accounts – The Plan allows participants to choose their investments from several investment options. Each participant's account is managed by the Plan and credited with (a) the participant's contributions, (b) employer matching contributions and (c) allocation of Plan earnings, and (d) charged with an allocation of administrative expenses. The earnings allocated to a participant are based on the performance of the investments selected by the participant. The benefit to which a participant is entitled is the vested balance in the participant's account.

PEOPLE'S COMMUNITY CLINIC 403(b) THRIFT PLAN

NOTES TO FINANCIAL STATEMENTS

Vesting – Participants are immediately 100% vested in their voluntary contributions and rollover amounts, plus actual earnings thereon. Participants are fully vested in employer matching contributions plus allocated earnings after six years of credited service (20% per year after the second year of credited service) A participant immediately becomes 100% vested upon death, disability, or attainment of normal or early retirement.

Investment Options – Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are invested according to the participant's direction. The Plan offers investments in mutual funds sponsored by Matrix Trust Company.

Payment of Benefits – Upon retirement, death, disability, or termination of employment, a participant (or beneficiary, if applicable) may receive a lump-sum distribution or partial withdrawals. In-service distributions are permitted, including hardship withdrawals. Distributions are paid from participants' vested account balances subject to limitations defined in the Plan. Benefits are recorded when paid.

Forfeitures – Forfeitures are the non-vested portion of employer discretionary matching contributions of a terminated participant's account balance. These may be used to reduce matching contributions or to pay administrative expenses of the Plan. Forfeitures totaled \$42,785 in 2022 and \$38,754 in 2022. Forfeitures were used to reduce employer matching contributions by \$119,947 in 2023 and \$40,529 in 2022. The remaining balance in the forfeiture account totaled \$4,031 in 2023 and \$4,855 in 2022.

2. Summary of Accounting Policies

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Benefits are recorded when paid.

Investments are reported at fair value other than money market accounts which is recorded at cost. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

PEOPLE'S COMMUNITY CLINIC 403(b) THRIFT PLAN

NOTES TO FINANCIAL STATEMENTS

3. Administration of Plan Assets

The Plan assets are held by the Trustees of the Plan. Employer and participant contributions are invested by the Trustees as directed by the participants. The administrative expenses associated with the third-party administrator for the Plan are paid directly by the employers. Certain fees are paid by the participants' investment funds to their affiliated investment advisors, transfer agents and record keepers as further described in each fund prospectus or other published documents. These fees are deducted prior to allocation of the Plan's investment earnings activity and thus are not separately identifiable as an expense.

4. Information Prepared and Certified by Trustees

The following information included in the accompanying financial statements and supplemental information was obtained from data that has been prepared and certified to as complete and accurate by Mutual of America Life Insurance Company and Matrix Trust Company, the Trustees, for 2023 and by Mutual of America Life Insurance Company, the Trustee, for 2022.

	December 31,	
	2023	2022
Cash and Cash Equivalents	\$ 8,945	\$ 0
Investments at Fair Value:		
Mutual Funds	\$ 15,388,554	\$ 12,753,121
Participants Notes Receivable	\$ 109,141	\$ 78,697
	<u>\$ 15,506,640</u>	<u>\$ 12,831,818</u>

During the year, the Plan's investments (including gains and losses on investment bought and sold as well as held during the year) appreciated (depreciated) in value as follows:

	December 31,	
	2023	2022
Net Appreciation (Depreciation) in Fair Value of Investments	\$ 1,693,982	\$ (3,016,516)
Interest and Dividends	456,053	14,324
Interest on Participants Notes Receivable	3,611	1,762
	<u>\$ 2,153,646</u>	<u>\$ (3,000,430)</u>

5. Participants Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The Notes are secured by the balance in the participant's account and bear interest at prime plus one percent.

PEOPLE'S COMMUNITY CLINIC 403(b) THRIFT PLAN

NOTES TO FINANCIAL STATEMENTS

Principal and interest is paid ratably through monthly payroll deductions. The term of the loan should not exceed five years except in the case of a loan used to acquire a dwelling unit that is to be the principal residence of the participant. Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest.

Participant notes receivable held at the Trustee are payable to the Trustee but secured by the balance in the participant's vested account and bear interest at a rate commensurate with local prevailing rates. The Plan administrator must periodically review interest rate assumptions to ensure the interest rate charged is reasonable.

The following table represents the notes receivable balances at December 31, 2023 and 2022:

	December 31,	
	2023	2022
Participants Notes Receivable	\$ 109,141	\$ 78,697

6. Fair Value Measurements

Financial Accounting Standards Board (FASB), *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

PEOPLE'S COMMUNITY CLINIC 403(b) THRIFT PLAN

NOTES TO FINANCIAL STATEMENTS

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2023 and 2022.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Totals</u>
Mutual Funds	\$ <u>15,388,554</u>	\$ <u>0</u>	\$ <u>0</u>	\$ <u>15,388,554</u>

Assets at Fair Value as of December 31, 2022				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Totals</u>
Mutual Funds	\$ <u>12,753,121</u>	\$ <u>0</u>	\$ <u>0</u>	\$ <u>12,753,121</u>

7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

In the event of Plan termination, participants will become 100% vested in their accounts.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Concentrations of credit risk exist if a number of investments are engaged in similar activities and have similar economic characteristics that could cause their ability to meet contractual obligations to be similarly affected by changes in economic or other conditions. The Plan has invested in a variety of financial instruments and investments involving diverse industries and geographic areas to mitigate exposure to credit risk.

PEOPLE'S COMMUNITY CLINIC 403(b) THRIFT PLAN

NOTES TO FINANCIAL STATEMENTS

9. Tax Status

The Plan, together with the investment vehicles, is intended to be a tax-sheltered annuity plan under Section 403(b) of the Internal Revenue Code (IRC) of 1986, as amended. An employer that adopts a 403(b) pre-approved plan generally has assurance that its plan document complies with IRC Section 403(b). The IRS does not intend to establish a determination letter program for individually designed 403(b) plans at this time. The Plan has not requested or obtained a determination letter from the IRS. However, the Plan received a favorable advisory letter dated March 31, 2017 that the pre-approved plan is acceptable under section 403(b) of the IRC.

The Plan administrator and the Plan's tax counsel believe that by adopting the prototype standardized plan referenced above, that the Plan is being operated in compliance with applicable requirements of the IRC and is not subject to tax.

The Plan adopted the "uncertain tax positions" provisions of accounting principles generally accepted in the United States of America. The primary tax position of the Plan is its filing status as a tax exempt entity. The Plan determined that it is more likely than not, that its tax positions would be sustained upon examination by the Internal Revenue Service (IRS), or other State taxing authority. There were no penalties or interest recognized during the year ended December 31, 2023 and 2022. The Plan is no longer subject to U.S. federal income tax examinations by federal taxing authorities for years before 2020.

10. Related Party Transactions

Custodians, brokers, and others who provided services to the Plan for the years presented are considered fiduciaries under ERISA. Certain Plan investments are managed by Mutual of America Life Insurance Company (2023 and 2022) and TCG (2023), the Plan's custodians. Because the Plan pays certain fees to these parties, these transactions qualify as party-in-interest transactions. Such fees for Mutual of America Life Insurance Company totaled \$56,719 in 2023 and \$41,378 in 2022. Such fees for TCG totaled \$1,074 in 2023.

Additionally, since the Organization is the Plan sponsor, the Organization's payment of certain administrative expenses on behalf of the Plan constitutes party-in-interest transactions. Participant loans also qualify as party-in-interest transactions. In each case, these are exempt party-in-interest transactions under ERISA.

11. Subsequent Events

The Plan's management has evaluated subsequent events through October 15, 2024, the date which the financial statements were available for issue.
