Brechbuhler Scales, Inc. 401(k) Retirement Savings Plan
Canton, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Brechbuhler Scales, Inc. 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America.

Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Brechbuhler Scales, Inc. 401(k) Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Brechbuhler Scales, Inc. 401(k) Retirement Savings Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Brechbuhler Scales, Inc. 401(k) Retirement Savings Plan provides only general information. Participants should refer to the Plan agreement and summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers all eligible employees of Brechbuhler Scales, Inc. (Plan Sponsor).

The Plan is administered by the Plan Sponsor's 401(k) Committee (Committee), which is a committee selected by the board of directors. The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's board of trustees.

Contributions

Each year participants may contribute up to 100% of their pre-tax annual compensation, subject to the maximum amount allowed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also accepts Roth elective deferrals. All participants can rollover into the Plan amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan also provides for a qualified automatic contribution arrangement (QACA), unless elected otherwise, for eligible employees. In accordance with the QACA provisions, the Plan Sponsor automatically will withhold from new participant's compensation 6% per pay period (referred to as the "automatic deferral percentage"), for all participants in the plan prior to January 1, 2018. The Plan Sponsor will transmit the withheld amounts to the Plan as elective deferrals. Effective January 1, 2018, the Plan was amended to automatically withhold from new participant's compensation 6% per pay period as the automatic deferral percentage, increasing 1% annually up to 10%. Newly eligible participants can opt out of this automatic enrollment feature.

The Plan Sponsor makes non-elective QACA safe harbor contributions equal to 3% of eligible compensation for persons who were active participants at any time during the Plan year. Contributions are subject to certain IRC limitations. Total safe harbor contributions were \$596,967 for the year ended December 31, 2023.

Participant Accounts

Each participant's account is credited with the participant's contributions including elective deferrals and rollover contributions, allocations of the Plan Sponsor's contributions and Plan earnings, net of expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. All investments of the Plan are fully participant directed.

Vesting

A participant is fully vested immediately in elective wage deferrals and amounts rolled over from other plans plus actual earnings thereon. Vesting for the non-elective QACA safe harbor contributions are based on years of continuous service. A participant is 100% vested after two years of credited service or upon retirement (age 59 ½), disability, retirement or death while employed.

Brechbuhler Scales, Inc. 401(k) Retirement Savings Plan

Notes to Financial Statements

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms generally range from one to five years, or longer for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Interest rates for participant loans range from 5.25% to 10.50%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon retirement, death, disability, or termination of employment, a participant, or designated beneficiary, may elect to receive the vested balance in the participant's account in the form of a single lump-sum cash payment or a rollover to another retirement plan. In the event that the participant's account balance is less than \$1,000, the plan administrator may make a single payment without the election or request of the participant. If a participant's vested account balance exceeds \$1,000 but does not exceed \$5,000, the plan administrator may make a direct rollover to an individual retirement account, if the participant does not make an election within a designated time period. Non-terminated employees may make withdrawals from their vested account balance within certain defined conditions.

Forfeitures

The Plan provides that all forfeitures may be used to pay administrative expenses that would otherwise be paid by the employer or to reduce the earliest employer contributions made after forfeitures are determined. During the years ended December 31, 2023 and 2022, \$27,014 and \$28,977, respectively, were transferred into the forfeiture account. During the year ended December 31, 2023, no forfeitures were used. During the year ended December 31, 2022, \$20,831 forfeitures were used to reduce employer contributions and \$1,500 forfeitures were used to pay administration expenses. There were \$33,793 and \$6,779 of forfeitures available for use as of December 31, 2023 and 2022, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Sponsor to make estimates that affect reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract which is reported at contract value. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully-benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions in accordance with the terms of the Plan.

Brechbuhler Scales, Inc. 401(k) Retirement Savings Plan

Notes to Financial Statements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisors, custodians, trustee and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant does not make loan repayments and the plan administrator considers the participant note to be in default, the note balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on terms of the plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Certain investment management and other fees are paid directly by the Plan. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

The Plan Sponsor has evaluated subsequent events through October 11, 2024, which is the date the financial statements were available to be issued.

3. Information Prepared and Certified by the Custodians and Trustees

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and investment income (loss), net appreciation (depreciation) in fair value of investments, interest from participants, interest income on fully benefit-responsive investment contracts, interest and dividends, benefit payments, and administrative expenses for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower Trust Company LLC, Empower Annuity Insurance Company, and Charles Schwab Trust Bank, the custodians and trustees.

4. Fair Value Measurements

The authoritative accounting guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair

Brechbuhler Scales, Inc. 401(k) Retirement Savings Plan

Notes to Financial Statements

value hierarchy in accordance with the authoritative accounting guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs include quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 or 2022.

Registered investment companies - Valued at the closing price reported on the active market on which the individual securities are traded.

Money market deposit account - The fair value of money market deposit accounts is estimated to approximate deposit account balances, payable on demand, as no discount for credit quality or liquidity were determined to be applicable.

Self-directed brokerage accounts - Assets in these accounts primarily consist of cash, money market funds (valued as noted above), registered investment companies (valued as noted above), exchange traded funds and common stocks that are valued daily on the basis of readily determinable market prices.

Common / collective trusts - Valued at the daily net asset value of units of a collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Brechtbuhler Scales, Inc. 401(k) Retirement Savings Plan

Notes to Financial Statements

The Plan's assets in the following tables, set forth by level within the fair value hierarchy, are as follows:

5. Fully Benefit-Responsive Investment Contracts

The Plan offered a fully benefit-responsive guaranteed investment contract, which is a group annuity contract, issued by Empower Annuity Insurance Company to Empower Trust Company as custodian of the contract. Empower Annuity Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula established by the contract issuer but may not be less than 0%.

The crediting interest rate is reviewed on a semiannual basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement for the guaranteed investment contract. Contract value, as reported to the Plan by Empower, represents contributions made per the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Notes to Financial Statements

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (ii) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (1) an uncured breach of the contract terms, (2) bankruptcy of the Plan Sponsor, (3) sixty day-notice of termination provided by the issuer without cause. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right in accordance with the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the employer contributions portion of their accounts.

7. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan Sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan Sponsor to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Transactions with Parties in Interest

The Plan's custodians and trustees, Empower Retirement, Empower Trust Company LLC, and Charles Schwab Trust Bank, are party in interests of the Plan as defined by ERISA Section 3(14) and accordingly, investment transactions in the respective funds are parties in interest transactions. Certain administrative expenses related to the Plan are paid by the Plan Sponsor. Additionally, the Plan pays another provider for investment advisory services which qualify as party in interest transactions. Other than as described above or pursuant to a trust agreement, the Plan has no agreements or transactions with any parties in interest.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at
