Independent Auditor's Report

Nobel Automotive
190 County Home Road
Paris, TN 38242

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Nobel Automotive Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Nobel Automotive Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Nobel Automotive Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Nobel Automotive Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Nobel Automotive Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Nobel Automotive Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) and schedule of delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed information to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Sincerely,

NOBEL AUTOMOTIVE RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE 1 – PLAN ADMINISTRATION AND DESCRIPTION

The following brief description of the Nobel Automotive Retirement Savings Plan (“the Plan”) is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

A. General

The Plan, established on January 1, 2008, is a defined contribution plan available to substantially all salaried and non-union employees of Orhan North America, Inc. dba Nobel Automotive (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”)

B. Contributions

Participants may voluntarily contribute a portion of their pretax annual compensation, as defined by the Plan, subject to certain Internal Revenue Code (“IRC”) limitations. Participants may contribute employee deferrals of up to 100% of eligible compensation. The Plan allows participants who have attained age 50 by the end of the Plan year to make catch-up contributions in accordance with Code Section 414(v). Participants may also contribute amounts representing distributions from other qualified plans. The Company is required to make a three percent non-discretionary safe harbor contribution for each participant in the Plan. The Company also may make a discretionary profit-sharing contribution based on years of service. For the years ended December 31, 2023 and 2022, the profit-sharing contributions as a percentage of eligible compensation were as follows:

Years of Service

Less than 10 years	0%
10 years but less than 20 years	1%
20 years but less than 30 years	2%
30 years or more	3%

C. Participants’ Accounts

Each participant’s account is credited with the participant’s contributions and an allocation of (a) the Company’s contributions and (b) plan earnings and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

D. Vesting

Participants are immediately vested in all contributions plus actual earnings thereon.

E. Payments of Benefits

On termination of service, disability, retirement, or death, a participant may elect to receive a lump sum amount equal to the value of his or her account.

F. Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The term of the loan shall be limited to five years, unless the loan is taken for the purchase of a primary residence. The loans are secured by the balance in the participants’ account. These loans bear interest at 2% over the prime rate as of the loan origination date. Interest rates on December 31, 2023 ranged from 4.25 to 9.50%. Further, interest paid on loans from the Plan accrues to the respective participant’s investment balance.

NOBEL AUTOMOTIVE RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

G. Forfeitures

The non-vested portion of terminated participants accounts plus earnings thereon are forfeited and are used by the Plan to pay plan expenses. There were no forfeitures used in 2023 or 2022.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Method of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

B. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein. Actual results may differ from these estimates.

C. Risks and Uncertainties

The Plan provides for various investment securities. Investment securities are exposed to various risks, such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair values estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participants' individual account balances.

D. Administrative Expenses

Most administrative expenses of the Plan are paid by the Company.

E. Subsequent Events

Plan management has evaluated subsequent events for recognition and disclosure through October 15, 2024, which is the date the financial statements were available to be issued.

F. Payment of Benefits

Benefit payments to participants are recorded upon distribution.

G. Investment Valuation and Income Recognition

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 – quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, inputs other than quoted prices that are observable for the asset or inputs that are derived from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

NOBEL AUTOMOTIVE RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used on December 31, 2023 and 2022.

The fair values of participant units held by the Plan in pooled separate accounts reflect the quoted redemption values of the separate accounts, as determined by the Plan custodian.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are reported on the ex-dividend date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

	<u>Fair Value Measurements:</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>December 31, 2023</u>				
Pooled separate accounts	\$ <u>-</u>	\$ <u>4,193,429</u>	\$ <u>-</u>	\$ <u>4,193,429</u>
<u>December 31, 2022</u>				
Pooled separate accounts	\$ <u>-</u>	\$ <u>4,208,091</u>	\$ <u>-</u>	\$ <u>4,208,091</u>

NOTE 3 – INVESTMENTS

The Standard Insurance Company, the custodian of the Plan, holds investment assets and executes transactions therein, and substantially all information pertaining to investments included in the financial statements has been certified by them. This information has not been audited by independent accountants.

NOTE 4 – PARTIES-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain investments of the Plan are in one Standard Insurance Company pooled separate account. Standard Insurance Company is the custodian, as defined by the Plan; therefore, these investments and investment transactions as well as the Plan's payment of fees to Standard Insurance Company, qualify as party-in-interest transactions. Certain professional fees for the administration and audit of the plan were paid by the Company.

NOTE 5 – TAX STATUS

The Plan Sponsor adopted a Volume Submitter Plan Document. The Internal Revenue Service has determined and informed the volume submitter plan sponsor, by a letter dated June 30, 2020, that the Volume Submitter Plan is designed in accordance with applicable sections of the Internal Revenue Code. The Plan administrator believes that the Plan is currently designed and is being operated in compliance with applicable requirements of the IRC. The Company is required to file and does file Form 5500 with the Internal Revenue Service.
