Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **BDO USA, P.C.**

(2) EIN: **13-5381590**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)	☒		
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.	☒		

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Independent Auditor's Report

The Plan Administrator
Emergency Technology, Inc.
401(k) and Employee Stock Ownership Plan
Hudsonville, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Emergency Technology, Inc. 401(k) and Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Emergency Technology, Inc. 401(k) and Employee Stock Ownership Plan

Notes to Financial Statements

1. Plan Description

The following description of the Emergency Technology, Inc. 401(k) and Employee Stock Ownership Plan (the ESOP, Trust, or Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Emergency Technology, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

In December 2023, the Company appointed Principal Trust Company (Principal) as the custodian of the Plan, as well as Principal Life Insurance Company as contract holder and recordkeeper of the Plan. As a result, assets and participant accounts transferred from Newport Trust Company, the former custodian and recordkeeper, to Principal effective December 11, 2023.

Employees who complete six consecutive months of service and are age 21 or older are eligible to participate on the next quarterly entry date.

In an amendment to the Plan effective January 1, 2023, for the purpose of participant deferral contributions and safe harbor matching contributions only, employees become eligible to participate after 90 days of service.

Contributions

Participants may elect to contribute a portion of their annual compensation through a pre-tax or Roth contribution to the Plan through a salary reduction program. The contribution is limited to those amounts allowable as a deduction under the Internal Revenue Code (IRC).

The Company provides a safe harbor matching contribution of 100% of the participant's contribution up to 4% of compensation and 50% of the participant's contribution up to 6% of compensation. The safe harbor matching contribution may be paid in cash or in shares of Company stock as determined by the Company's Board of Directors. The Board of Directors may also elect to provide a discretionary contribution. Company discretionary contributions are allocated to participants based on each participant's eligible compensation. No discretionary contributions were provided for the Plan years ended December 31, 2023 and 2022.

A covered employee who becomes eligible to participate in the Plan will be deemed to have elected to make an automatic deferral of 6% of compensation. The automatic deferral percentage will increase by 1% each October 1 up to a maximum of 10% of compensation. Employees may elect an alternative deferral amount or elect not to participate.

Participants also may contribute amounts representing rollovers from other qualified defined benefit or defined contribution plans.

For the years ended December 31, 2023 and 2022, shareholders governed by the buy-sell agreement owned 67.05% of the Company. ESOP participants are governed by a separate agreement, named the Emergency Technology, Inc. 401(k) and Employee Stock Ownership Plan.

401(k) and Employee Stock Ownership Plan

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's elective salary reductions, employer matching contributions, and allocations of the Company's discretionary contributions, Plan earnings and administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan.

Investment Options

Participants are allowed to direct contributions to various investment options, as well as Company common stock. In 2023 and 2022, no additional common stock was made available to participants from the Company.

Vesting

Participants' elective contributions, Company contributions, and the earnings thereon, are immediately 100% vested.

Notes Receivable from Participants

Participants may borrow from their fund accounts in any amount greater than \$1,000 but less than 50% of the participant's vested account balance. In no event can a participant borrow more than \$50,000. The notes are secured by the balance in the participant's account and bear interest based on a reasonable borrowing rate ranging from 4.25% to 9.50% on notes outstanding at December 31, 2023. The notes are repaid ratably through payroll deductions over a period of five years or less, unless the note is used to purchase a principal residence.

Payment of Benefits

Upon normal retirement age (62), termination of employment, death, or disability, participants or their beneficiaries may elect to receive the value of vested interest in their account (excluding Company stock) in the form of a lump-sum distribution. Withdrawals may also be made upon attainment of age 59½ and circumstances of financial hardship, as defined by the Plan.

To the extent a participant is invested in Company stock, the distribution is paid in either a lump-sum amount or up to five annual installments with interest, depending on the participant's account balance as of year-end. If the participant's account balance is greater than \$1,150,000, installments may be extended over ten years. Distributions are generally made in cash.

Voting Rights

All Company common stock held by the Trust shall be voted by the ESOP Committee, as the ESOP Committee determines. In certain situations, a participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the ESOP Committee prior to the time that such rights are to be exercised. The ESOP Committee shall vote any unallocated shares held by the Trust, as well as any allocated shares for which a participant has failed to give timely voting direction.

Emergency Technology, Inc. 401(k) and Employee Stock Ownership Plan

Notes to Financial Statements

Segregation of Company Stock Accounts

The Company stock account of a terminated participant may be liquidated to the extent of cash available in the ESOP. All segregation proceeds will be transferred to a separate account in the 401(k) portion of the Plan and will be subject to participant investment direction (stock transfer account).

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least ten years of participation in the Plan may elect to diversify a portion of their account. These eligible participants can generally diversify up to 25% of their company stock account each year over a five-year period. In the sixth year, the participant may diversify 50% of their company stock account. Participants who have a stock transfer account (shares purchased from an amount transferred from the 401(k) account) are subject to different rules regarding diversification depending on when the amount was transferred from the 401(k) account. In addition, upon reaching age 62, a participant may diversify 100% of the value of the shares in his or her account.

Company Common Stock Offering

In 2023 and 2022, Plan participants were offered the opportunity to transfer up to 50% of their 401(k) component accounts to their ESOP component accounts. The 401(k) component accounts hold funds attributable to salary deferrals, matching contributions, and profit-sharing contributions. The ESOP component account is invested in Company common stock. Due to this offering, amounts of approximately \$599,000 and \$1,699,000 were transferred from the 401(k) component to the ESOP component in 2023 and 2022, respectively.

Administrative Expenses

Certain administrative expenses are paid by the Company. Administrative expenses not paid directly by the Company may be paid from the Plan, in accordance with Plan provisions. In 2023 and 2022, expenses paid by the Plan included attorney, recordkeeping, and ESOP valuation fees.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared under the accrual method of accounting.

Subsequent Events

Subsequent events have been evaluated by management through October 14, 2024, the date these financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America (GAAP) requires management to make estimates and assumptions

Emergency Technology, Inc.
401(k) and Employee Stock Ownership Plan

Notes to Financial Statements

that affect the reported amounts of net assets and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the guaranteed investment contract which is valued at contract value (see Note 5). Fair value is the price that would be received to sell an asset (an exit price) in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Participant loans are classified as notes receivable from participants and are measured at the unpaid principal balance plus unpaid accrued interest. Defaulted loans, if any, are reclassified as distributions based on the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Contributions Receivable

Participant contributions and any related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation.

Cash and Cash Equivalents

The Plan maintains cash at two financial institutions. Accounts at the institutions are insured by the Federal Deposit Insurance Corporation up to \$250,000. At certain times during the year, the Plan's cash may not be fully insured.

3. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments held as of December 31, 2023 and 2022, except for

Emergency Technology, Inc. 401(k) and Employee Stock Ownership Plan

Notes to Financial Statements

Company common stock, and net appreciation (depreciation) in fair value of investments and interest and dividend income for the years then ended, except for net appreciation and dividends from Company common stock, was obtained by management and agreed to or derived from information certified as complete and accurate by Newport Trust Company for the period January 1, 2022 through December 11, 2023, and Principal and Principal Life Insurance Company for the period December 12, 2023 through December 31, 2023. Newport Trust Company, Principal, and Principal Life Insurance Company are qualified institutions.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. *The* hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following valuation methodologies were used to measure the fair value of the Plan's investments:

Mutual Funds - These are valued at quoted market prices in an exchange and active market, which represent the net asset value (NAV) of shares held by the Plan.

Collective Trust Fund - This fund is valued at the NAV of the units held by the fund at year-end. The NAV, as provided by the trustee, is used as a practical expedient to estimate the fair value and is based on the value of the underlying investment assets owned by the fund, minus its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may generally occur daily. Were the Plan to initiate a full redemption of the collective trust,

Emergency Technology, Inc. 401(k) and Employee Stock Ownership Plan

Notes to Financial Statements

the investment advisor reserves the right to temporarily delay withdrawal from the collective trust in order to ensure that securities liquidation will be carried out in an orderly business manner. This investment was liquidated in December 2023 during the transfer of assets to Principal.

Pooled Separate Accounts (PSAs) - PSAs are valued at the NAV of the units held. The NAV is based on the fair value of the underlying investments held by the PSA less its liabilities. While the majority of the underlying assets values are based on quoted prices, the NAV of the PSAs is not publicly quoted. The NAV as reported by the fund managers is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the PSAs will sell for an amount different than the reported NAV. The PSAs provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. There are no unfunded commitments relating to these investments.

Company Common Stock - The fair value of the Company's common stock held by the Plan is valued at fair value based upon an independent appraisal. This appraisal was based on a combination of the discounted cash flow and guideline public comparable methods. The appraiser took into account historical and projected cash flows, EBITDA, and market comparables. Risks were considered and discount levels adjusted appropriately; a discount for lack of marketability was also included due to the minority status of the ESOP.

The valuation process involves Plan management's selection of an independent appraiser. Company management accumulates the data for the appraiser from the financial statements of the Company and other related business information relevant to the valuation process. The appraiser prepares a preliminary report which Company management, along with the ESOP Committee, reviews in detail, discusses, and approves. The results of this process are documented in minutes of the Plan fiduciary.

The Plan's valuation methods may result in a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although Plan management believes the valuation methods are appropriate and consistent with the market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The tables below set forth the Plan's investments by level within the fair value hierarchy:

There were no purchases, sales, or transfers in the fair value of the Plan's Level 3 investment in Company common stock for the years ended December 31, 2023 and 2022.

5. Guaranteed Investment Contract

Effective December 12, 2024, the Plan invests in the Principal Guaranteed Option (PGO), a fully benefit-responsive guaranteed investment contract with Principal Life Insurance Company (Principal Life) totaling \$4,353,698 at December 31, 2023. Principal Life maintains contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The PGO is valued at contract value for presentation in the Plan's net assets available for benefits. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts, because contract value is that amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract has a surrender fee should the Plan discontinue without proper notification as prescribed in the contract.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

6. Related Party Transactions

The Plan invests in Company common stock and, therefore, the investment qualifies as a party-in-interest transaction. Certain Plan investments are in funds and accounts managed by Principal. As described in Note 1, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules. Notes receivable from participants also qualify as party-in-interest transactions.

Notes to Financial Statements

7. Non-Participant Directed Investments

The Company's common stock includes both participant and non-participant directed investments, which are commingled. Substantially all discretionary Company contributions and related appreciation are non-participant-directed until amounts are available for transfer, as described in the Plan agreement.

Information about the net assets and the significant components of the changes in net assets relating to the non-participant-directed investments is as follows:

<i>December 31,</i>	2023	2022
Net assets:		
Company common stock	\$ 17,747,994	\$ 16,289,287
Cash	4,028,334	328,204
Employer contribution receivable	3,500,583	1,456,234
	\$ 25,276,911	\$ 18,073,725

<i>Year ended December 31,</i>	2023	2022
Changes in net assets:		
Net appreciation from Company common stock	\$ 2,471,240	\$ 1,348,885
Dividends on Company common stock	5,456,251	1,758,263
Employer contributions	1,553,333	-
Transfers out	(1,007,513)	(2,119,361)
Benefits paid to participants	(1,270,124)	(1,426,071)
	\$ 7,203,187	\$ (438,284)

8. Concentration of Market Risk

The Plan's investments were approximately 69% invested in Company common stock at both December 31, 2023 and 2022. Such concentration poses a risk that Plan assets and participant accounts are exposed to risk in the event of a significant decline in the fair value of such stock. A significant decline in the fair value of the Company common stock would significantly affect the net assets available for benefits.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will automatically become 100% vested in their accounts.

10. Tax Status

The Internal Revenue Service (IRS) has ruled in a determination letter dated April 23, 2012, that the Plan qualifies under applicable sections of the IRC and is, therefore, exempt from federal income taxes under present income tax laws. Although the Plan has been amended since receiving the

Emergency Technology, Inc.
401(k) and Employee Stock Ownership Plan

Notes to Financial Statements

determination letter, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there currently are no audits for any tax periods in progress.

11. Dividends on Company Common Stock

During 2023 and 2022, the Company made distributions to the shareholders of its stock. In 2023, the Company made total distributions in the amount of \$16,382,208 of which the Plan received \$5,398,381 for its percentage of ownership. In 2022, the Company made total distributions in the amount of \$5,400,445, of which the Plan received \$1,779,446 for its percentage of ownership. At December 31, 2023 and 2022, the Plan owned 32.95% of the stock.
