Board of Directors
Axtella, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Axtella, LLC 401(k) Plan (formerly known as BD Ops, LLC 401(k) Plan) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AXTELLA, LLC 401(k) Plan
Notes to Financial Statements
December 31, 2023

1. Plan Description

The following description of the Axtella, LLC 401(k) Plan (formerly known as BD Ops, LLC 401(k) Plan) (the "Plan") is provided for general informational purposes only. Participants should refer to the Plan document, Summary Plan Description, and any amendments for a more complete description of the Plan's provisions.

General and eligibility

The Plan is a defined contribution retirement plan covering all employees, except for independent contractors and employees that are part of a collective bargaining unit, that are 18 years of age or older. Axtella, LLC ("Axtella" or "the Company") is the plan sponsor and has appointed an administrator and a 401(k) committee to provide for the management and operation of the Plan. The recordkeeper of the Plan is United of Omaha Life Insurance Company ("United") which further subcontracted to Ascensus, LLC and the custodian of the plan assets is Matrix Trust Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2019, the Plan entered into a revised agreement whereby United will provide certain additional fiduciary services to the Plan. Since 2015, United provided participant notification services for the Plan for certain required disclosures to Plan participants. The revised agreement includes the participant notification services and includes transaction processing services and qualified domestic relations order services.

Contributions

Each year, participants may contribute a portion of total pretax or after-tax ("Roth") compensation, as defined in the Plan, not to exceed certain Internal Revenue Service ("IRS") limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts disbursed or transferred from another qualified plan ("rollovers").

The Plan was amended on January 1, 2021 to a Safe Harbor Qualified Automatic Contribution Arrangement ("QACA"). During the initial period, participants will be automatically enrolled at a deferral rate of 3% if they do not submit a salary reduction agreement within 30 days of notice. After the initial period, participants deferral rates will increase 1% annually, at the beginning of the plan year, up to a maximum of 10%.

The Plan has elected to maintain "safe harbor" status, in which, Axtella will make a safe harbor 401(k) matching contribution equal to 100% of eligible participant contributions up to 3% of their compensation and an additional 50% matching contribution on the next 2% of their compensation.

Compensation is defined as total annual remuneration, including overtime pay and bonuses paid to each participant. The participant's and Company's annual contributions are subject to certain limitations of the IRS.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of Axtella's safe harbor matching contributions, plan earnings and losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

AXTELLA, LLC 401(k) Plan
Notes to Financial Statements

Vesting

Participants are immediately vested in their contributions, Company safe harbor contributions and earnings thereon.

Investment options

The Plan has entered into a nonparticipating unallocated group variable annuity contract with United, a wholly owned subsidiary of Mutual of Omaha Insurance Company, and contributions are participant directed. Plan participants may direct their contributions to any number of subaccounts available in the Plan and also elect to have their contributions professionally managed. The Plan has not elected to allow participants to use self-directed brokerage accounts.

Loan provision

The Plan contains a loan provision whereby participants may borrow certain amounts from their account between \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their account balance. Loan terms range up to five years or over a reasonable time period of time for the purchase of a participant's primary residence, as established by the Plan Administrator at the time of the loan. Participants may only have a maximum of two outstanding loans at any time and the loan interest rate is determined by the prime rate at the time of loan origination. Participants that obtain a loan and do not make the scheduled payments have until the end of the calendar quarter to cure the missed payments or the loan will be in default. Upon termination of a participant employment with Axtella, any outstanding loans must be repaid to avoid default.

Payment of benefits

The Plan allows for in-service distributions for participants after obtaining the age of 59 ½. Under certain circumstances a participant may receive distributions from the Plan at any time and includes distributions from rollover contributions, disability, and armed forces personal under certain circumstances. In-service hardship are also available to participants under certain circumstances and are limited to participant contributions and does not include distributions from safe harbor contributions. Participants may elect to receive either a lump-sum amount equal to the value of the participants vested balance, or partial payments (payments of a portion of the participant's account that are not regularly scheduled).

Administrative expenses

Transaction costs related to securities and investment transactions are included in the cost or deducted from any sales proceeds. Expenses, costs, and management fees of an investment fund along with certain administration fees charged by Mutual of Omaha are charged directly to the investment fund and is reflected in the net asset value ("NAV") of the fund. Expenses and costs that are paid for by Axtella are excluded from this report.

2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of estimates

The preparation of the financial statements in conformity with Generally Accepted Accounting Principles ("GAAP") requires management to make estimates and assumptions that affect the

AXTELLA, LLC 401(k) Plan
Notes to Financial Statements
December 31, 2023

reported amounts of assets, liabilities, net assets available for benefits, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant loans is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Defaulted loans are treated as distributions based upon the terms of the plan document. No loans were deemed uncollectable at December 31, 2023 and 2022.

Investment valuation and income recognition

Plan assets and investments are reported at fair value (Note 4) (except for fully benefit-responsive investment contracts, which are reported at contract value) which is the price that would be expected to be received to sell an asset or the amount paid to settle a liability in an orderly transaction to a third party at current market conditions. The Plan Administrator determines the fair value based on asset valuations provided by the United of Omaha Life Insurance Company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

The Plan has entered into a fully benefit-responsive investment contract with United for the guaranteed account and the group annuity contract also provides access to various subaccounts that include mutual funds, collective trusts, and managed separate accounts.

Plan assets held in the guaranteed account are part of Mutual of Omaha's general assets. Contracts with insurance company are reported at contract value in the financial statements after adjustments from the fair value (Note 4). Interest rates for the guaranteed account are declared at the beginning of every month and is the guaranteed rate for contributions during the month for the next five years. The guarantee account had an average rate of return of 3.12% in 2023 and 2.39% in 2022.

Dividends and interest are credited to the subaccounts and are reflected in the net asset value.

Benefit payments

The payment of benefits is recorded when paid.

3. Information Certified or provided by Matrix Trust Company

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and income information for the year ended December 31, 2023 included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Matrix Trust Company, the Custodian, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Custodian that information provided to the Plan Administrator by the Custodian related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-5 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which

AXTELLA, LLC 401(k) Plan
Notes to Financial Statements
December 31, 2023

appears throughout the financial statements and supplemental schedule related to the following assets and income amounts.

	2023	2022
Investments, at fair value		
Units of pooled separate accounts	\$ 12,952,754	\$ 11,023,413
Investments, at contract value		
Guaranteed investment contract	328,621	573,005
Net appreciation in fair value of investments	2,045,086	
Interest income on guaranteed investment contract	9,398	

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB guidance are described as follows:

- Level 1 Observable inputs that reflect unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2 Other inputs than quoted prices include in Level 1 that are directly or indirectly observable in the marketplace.
- Level 3 Unobservable inputs which are supported by little or no market activity

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured on a recurring basis at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Units of insurance company pooled separate accounts: Pooled separate accounts invest primarily in shares of registered investment companies. The pooled separate accounts are valued at NAV per share, as determined by the insurance company, based on quoted market prices of it's underlying securities or similar instruments. The NAV is used as a practical expedient to estimating fair value. The practical expedient is not used when it is determined to be probable that the issuer will sell the investment for an amount different than the reported NAV.

Investments measured using the NAV per share practical expedient were \$12,952,754 and \$11,023,413 as of December 31, 2023 and 2022, respectively. In accordance with Accounting Standard Codification (ASC) Subtopic 820-10, these investments have not been classified in the fair value hierarchy.

AXTELLA, LLC 401(k) Plan
Notes to Financial Statements
December 31, 2023

The methods above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain investments could result in a different fair value measurement at the reporting date.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value to another.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2023 and 2022, there were no transfers in or out of Level 3.

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	2023 Fair Value	2022 Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts:					
Mutual funds	\$ 3,903,451	\$ 3,137,904	\$ -	Daily	None
Collective investment trusts	7,848,462	6,650,413	-	Daily	None
Managed separate accounts	146,101	136,895	-	Daily	None
Asset allocation models	1,054,740	1,098,201	-	Daily	None
	<u>\$ 12,952,754</u>	<u>\$ 11,023,413</u>	<u>\$ -</u>		

5. Fully Benefit-Responsive Investment Contract

The Plan holds an investment contract that meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value of the investment contract held by the Plan at December 31, 2023 and 2022, was \$328,621 and \$573,005, respectively.

The investment contract is under a group annuity contract and funding agreement with United of Omaha Life Insurance Company, which is maintained under a direct trust or custodial agreement, establishes a rate, or rates, for monies invested in its General Account. All benefit payments prior to contract liquidation are made at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's

AXTELLA, LLC 401(k) Plan
Notes to Financial Statements
December 31, 2023

ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan terminations or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

6. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts in the statements of net assets available for benefits.

7. Related-Party Transactions and Party-in-Interest Transactions

The Plan has elected certain investment options to be offered to participants that are issued by United and are managed by third party managers/advisors.

Employees of Axtella also provide services to the Plan as administrator and trustee. The employees are not paid from Plan assets nor are they granted any additional compensation for their services.

8. Income Tax Status

The Plan was established as a Prototype Non-standardized Profit Plan with Mutual of Omaha Insurance Company. The Department of Treasury issued an opinion letter to Mutual of Omaha Insurance Company on June 30, 2020. The Plan and sponsor have relied upon the opinion letter and believes that the Plan is in compliance with the Internal Revenue Code. No provision for income taxes, deferred tax assets or liabilities have been recorded.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain positions that more likely than not would not be sustained upon examinations. Through December 31, 2023, the Plan Administrator has determined that the Plan has maintained its tax-exempt status and there are no uncertain tax positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for any tax periods in progress.

9. Plan Termination

The Plan may be terminated at any time and safe harbor contributions discontinued subject to the provisions of ERISA. Should the plan terminate and discontinue contributions, participant accounts will be distributed to participants and in accordance with the regulations of the IRS.

10. Subsequent Events

The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through October 15, 2024, the date the financial statements were available to be issued.

On July 1, 2024, United of Omaha Life Insurance Company sold their recordkeeping business to Ascensus, LLC. As a result, the plan's current funds were transferred to new, but similar, investment options.
