Independent Auditor's Report

401(k) Committee and Participants
Savings Incentive Plan for Employees of Mustang Fuel Corporation

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Savings Incentive Plan for Employees of Mustang Fuel Corporation (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year) as December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Savings Incentive Plan for Employees of Mustang Fuel Corporation

Notes to Financial Statements

Note 1. Description of Plan

The following description of Savings Incentive Plan for Employees of Mustang Fuel Corporation (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan. The Plan includes employees of Mustang Fuel Corporation, Mustang Gas Products LLC, and Mustang Fuel Marketing Company (collectively, the Company). Generally, all employees of the Company who are at least 18 years old are eligible Plan participants. The Company has appointed Fidelity Management Trust Company (FMTC) to be the trustee, invest and manage the assets of the Plan, and provide administrative services. The Company is responsible for oversight of the Plan. The Plan's 401(k) Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan amendment: Effective July 13, 2023, the plan was amended to change the Company match to 100% of the first 5% of compensation contributed by participants, to change the vesting percentage, and to allow certain compensation to be eligible for the Company match.

Contributions: Participants may contribute to the Plan up to 60% of pretax and after-tax annual compensation, as defined by the Plan, through systematic payroll deductions. Newly eligible participants are automatically enrolled in the Plan with a pretax contribution election of 5%. Participants have the option to opt out of automatic enrollment or select a different percentage. The Plan allows participants to designate a portion or all contributions made to the Plan as Roth 401(k) contributions that are includable in the participant's gross income at the time deferred. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Amounts contributed are limited to amounts in accordance with the Internal Revenue Code (IRC).

Through July 12, 2023, the Company matched contributions made by the participants up to a maximum of 50% of the first 10% of compensation contributed by participants. Effective July 13, 2023, the Company amended their matching to 100% of the first 5% of compensation contributed by participants. All matching contributions are made in cash and are invested in the same funds as those elected by the participants.

In any year in which the Plan is determined to be top-heavy, the Company will make a minimum contribution of 3% of compensation for each person who is a non-key employee who either was or could have been an active participant during the year. The Plan was not determined to be top-heavy for the year ended December 31, 2023.

Contributions are subject to certain limitations.

Administration: The Plan is administered by the 401(k) Committee, whose membership is specified by the Plan and appointed by the Company.

Participant accounts and investment options: Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of contributions into various mutual fund investment options, as more fully described in the Plan's literature, offered by the Plan. Additionally, participants are allowed to invest in a wider variety of securities through a self-directed brokerage option maintained by the trustee.

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Notes receivable from participants: A participant may borrow from his or her account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of his or her vested account balance. A participant may have only two loans outstanding at a time. Effective July 13, 2023, a participant may only have one loan outstanding at a time. Loan terms may not exceed five years, except for loans used to acquire a primary residence (up to 10 years) from the date of the loan. The loans outstanding at December 31, 2023, bear interest at 6% and mature through December 2028. The notes are secured by the participant's vested interest in the Plan. Principal and interest are paid ratably through monthly payroll deductions. Effective July 13, 2023, principal and interest are paid ratably through semi-monthly payroll deductions.

Vesting: Participants are immediately vested in their elective deferral contributions, and the earnings thereon. Vesting in the Company's matching contributions, and the earnings thereon, become 100% vested at retirement age, as defined in the Plan, or in the event of death or permanent disability. Prior to retirement age, the Company's matching contributions, and the earnings thereon, become vested at a rate of 20% per year of service after the first year and are 100% vested after five years of service. Effective July 13, 2023, matching contributions, and the earnings thereon, was amended to a vesting rate of 33% per year of service after the first year and are 100% vested after three years of service.

Forfeitures: Forfeitures of terminated participants' nonvested accounts may be used to fund the Company's matching contributions or pay Plan administrative expenses. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$7,227 and \$12,257, respectively. In 2023, there were \$25,184 in forfeitures used to partially fund the Company's matching contributions.

Payment of benefits: On termination of employment, including retirement, death, or total and permanent disability, a participant may elect to receive a lump-sum payment for direct receipt or rollover, part lump sum and part installments, or installment payments over a specified period of time not exceeding the applicable life expectancy of the participant, or the joint life expectancy of the participant and designated beneficiary. However, if the vested account balance does not exceed \$5,000, the Plan permits only a lump-sum distribution.

Note 2. Significant Accounting Policies

A summary of the significant accounting policies consistently followed by the Plan in the preparation of its financial statements is as follows.

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect reported amounts of assets and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Valuation of investments and income recognition: Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The 401(k) Committee determines the Plan's valuation policies, utilizing information provided by the Plan's investment advisers and trustee. See Note 4 for a discussion of fair value measurements.

Note 2. Significant Accounting Policies (Continued)

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are expensed when they are incurred. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

Notes receivable from participants have been classified as an investment assets for Form 5500, *Annual Return/Report of Employees Benefit Plan*, reporting purposes and, accordingly, have been included as an investment in supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year).

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: The Company, as sponsor of the Plan, has absorbed substantially all the administrative expenses incurred by the Plan, and those administrative expenses paid by the Company have not been allocated to the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participants' account and are included in administrative expenses. Investment-related expenses are included in net depreciation of fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through October 15, 2024, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by the Plan's Trustee

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and ERISA-required supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year), that was prepared or derived from information provided by the Fidelity Management Trust Company (Fidelity) and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that such information is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedule, related to the following assets:

	2023	2022
Investments, at fair value:		
Registered investment companies	\$ 37,559,828	\$ 30,439,097
Money market fund	1,902,499	2,199,151
Self-directed investments	3,372,881	2,730,936
Notes receivable from participants	375,145	372,386
	<u>\$ 43,210,353</u>	<u>\$ 35,741,570</u>

The trustee also certified to the completeness and accuracy of \$6,634,119 of net appreciation in fair value of investments, \$1,686,452 of interest and dividend income related to the aforementioned investments, and \$21,500 of interest income on notes receivable from participants for the year ended December 31, 2023.

Notes to Financial Statements

Note 4. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three board levels, described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan recognizes any transfers between levels in the fair value hierarchy as of the end of the reporting period. There were no transfers between levels for the year ended December 31, 2023.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Registered investment companies (mutual funds) and money market fund: Valued at the daily closing prices as reported by the funds. The funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Self-directed investments:

Common stocks, preferred stocks and exchange traded funds: Valued at the closing price reported on the active market in which the individual securities are traded.

Registered investment companies (mutual funds and money market funds): Valued at the daily closing prices as reported by the funds. Funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Unit investment trusts: Valued at quoted market price, which represents the NAV of shares held by the Plan at year-end.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 37,559,828	\$ -	\$ -	\$ 37,559,828
Money market fund	1,902,499	-	-	1,902,499
Self-directed investments	3,372,881	-	-	3,372,881
	<u>\$ 42,835,208</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 42,835,208</u>

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 30,439,097	\$ -	\$ -	\$ 30,439,097
Money market fund	2,199,151	-	-	2,199,151
Self-directed investments	2,730,936	-	-	2,730,936
	<u>\$ 35,369,184</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 35,369,184</u>

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 6. Tax Status

The Plan has adopted a nonstandardized preapproved plan sponsored by FMR LLC. FMR LLC has received an opinion letter from the Internal Revenue Service, dated June 30, 2020, as to the preapproved plan's qualified status. The preapproved plan's opinion letter has been relied upon by the Plan. The Plan has been amended since the preapproved plan received the opinion letter. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

Note 7. Risks and Uncertainties

In general, the investments provided by the Plan are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the 2023 statement of net assets available for benefits.

Note 8. Related-Party Transactions

The Plan's investments are managed by Fidelity Investments, an affiliate of FMTC. FMTC is the trustee and Fidelity Investments Institutional Operations Company, Inc., an affiliate of FMTC, is the record keeper as defined by the Plan. Investment transactions and fees associated with these transactions between the Plan and FMTC, or affiliates thereof, qualify as party-in-interest transactions.
