Independent Auditor's Report

To the Plan Administrator
The Chemours Company Retirement Savings Plan
Wilmington, DE

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Chemours Company Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

The Chemours Company Retirement Savings Plan

Notes to Financial Statements

1. Plan Description

General

The Chemours Company Retirement Savings Plan (the Plan) is a defined contribution plan established for the benefit of certain eligible employees of The Chemours Company and affiliates (Chemours or the Company) who elect to participate in the Plan (the Participants) with an effective date of July 1, 2015. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of Plan provisions.

The Plan covers substantially all employees of the Company and its participating subsidiaries. Eligible employees may participate in the Plan on the date they are hired (or rehired) by the Company.

Plan Administration

The Chemours Corporation administers the Plan and has appointed a Retirement Plan Committee responsible for development of Plan investment policies and guidelines; currently comprised of Company management.

Bank of America, N.A. is the Plan Trustee, and also serves as record keeper.

Contributions and Vesting

Participants are eligible to contribute from 1 to 90 percent of their eligible compensation to the Plan, in increments of whole percentages, up to the Internal Revenue Service (IRS) maximum. Unless Participants' elect otherwise, they are automatically enrolled to defer 6% of their eligible compensation (automatically increasing 1% per year to a maximum of 15%). The Plan allows participants who will attain age 50 in the current Plan year to make catch-up contributions into the Plan up to the IRS maximum. Participants may also contribute amounts into the Plan from other qualified employer plans in which they had previously participated (rollovers). The Company makes a safe harbor matching contribution on behalf of each Participant after the Participant has commenced their employment. This matching contribution is 100 percent on the first six percent of a Participant's contributions. Employee deferrals and matching contributions and related earnings vest immediately. The Plan allows the Company to make a non-elective contribution (retirement savings contribution) to the Trust for each Plan year such amount as it shall determine in its discretion. The Plan was amended and restated effective January 1, 2021 to include a provision that requires the Company to contribute retirement savings contributions at the last day of each Plan year to all covered employees who received compensation, as a percentage of their compensation (for retirement savings contributions only, both required and discretionary, compensation is limited to \$100,000) between 1% and 3%. The annual contribution percent is based on the sum of each participant's age and years of service and the last day of the Plan year, such that a total sum of 90 or more is allocated 3%, a sum between 75-89 is allocated 2% and a sum below 75, allocated 1%. The required annual retirement savings contribution for the year ended December 31, 2023, amounted to \$5,213,476, which was recorded as employer contribution in the accompanying statement of net changes in assets available for benefits. No additional discretionary amounts were contributed in 2023. The Company paid the balance of required annual retirement savings contributions in spring of 2024.

The Chemours Company Retirement Savings Plan

Notes to Financial Statements

Participants will have a 100% vested interest in their accounts related to retirement savings contributions after being credited with three years of service. Participants that are still employed by the Company at age 65, become totally disabled, die or have their employment terminated, will have their contributions 100% vested in the Plan, regardless of service length.

Forfeitures

As of December 31, 2023 and 2022, the unused, unallocated forfeitures totaled \$150,404 and \$32,304, respectively. During the year ended December 31, 2023, \$155,404 of forfeitures were used to cover Plan administrative expenses.

Investment Elections

The Plan offers a variety of investment options selected by the Retirement Plan Committee. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants make investment elections in increments of 1% and may change these elections at any time. If a Participant does not make an investment election, contributions will be made to the default investment chosen by the Retirement Plan Committee.

Participant Accounts

Each Participant's account is credited with the Participant's and the Company's contributions and an allocation of the Plan's earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which Participants are entitled is the vest portion of their accounts.

Notes Receivable from Participants

Participants may generally borrow a minimum of \$1,000 from their account balance and up to 50 percent of their vested benefit to a maximum of \$50,000. Participants may have no more than two loans outstanding at any time. The term of a loan will be one to five years, at the election of the Participant, except for a loan to purchase the Participant's principal residence, which can be repaid over 10 years. Loans are secured by the Participant's account balance, bearing interest at the rate that is commensurate with rates charged by those in the business of lending money for loans that would be made under similar circumstances, and are repaid through automatic payroll deductions. These loans are subject to certain restrictions as defined by the Plan document and applicable restrictions under the Internal Revenue Code (IRC).

Payment of Benefits

Participants may withdraw funds from their account upon retirement, disability, separation from employment, attainment of age 65, and certain other times as specified in the Plan document. Distributions shall be made in any of the following manners: a lump sum in cash, in variable periodic payments, lifetime periodic payments or fixed payments. Once per year, a participant may change their election and select another periodic payment option.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ significantly from those estimates.

Investment Valuation and Income Recognition

The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investments are reported at fair value. See Note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains (losses) on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a Participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Benefit Payments

Benefits are recorded as distributions when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

3. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income

The Chemours Company Retirement Savings Plan

Notes to Financial Statements

on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Bank of America N.A., the trustee of the Plan.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1	Valuations based on unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Valuations based on quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Valuations based on inputs that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2023 and 2022.

The following is a description of the valuation methodologies used for assets measured at fair value:

Common/Collective Trusts (CCTs): Common/Collective Trusts are a general investment type. Specifically, they can also be referred to as common trust funds or collective trust funds depending on their nature. Common/collective trusts are valued at the net asset value (NAV) of units held. The NAV, as provided by the trustee of the CCTs, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the CCT less its liabilities. This practical expedient is not used when it is determined to be probable that the CCTs will sell for an amount different than the reported NAV. These are direct filing entities.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of

The Chemours Company Retirement Savings Plan

Notes to Financial Statements

different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

At December 31, 2023 and 2022, Plan investments consisted of CCTs measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2023 and 2022 respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2023	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
CCT - Invesco Fund	\$ 105,027,620	\$-	Daily	12 months
CCTs - Target Date Funds	\$ 428,265,621	\$-	Daily	n/a
CCTs - Equity Funds	\$ 268,611,391	\$-	Daily	n/a
CCTs - Bond Funds	\$ 35,495,624	\$-	Daily	n/a

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
CCT - Invesco Fund	\$ 108,350,346	\$-	Daily	12 months
CCTs - Target Date Funds	\$ 348,216,131	\$-	Daily	n/a
CCTs - Equity Funds	\$ 219,651,146	\$-	Daily	n/a
CCTs - Bond Funds	\$ 30,704,426	\$-	Daily	n/a

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants would become 100 percent vested in their Company contributions.

6. Related-Party Transactions and Party-In-Interest Transactions

Plan investments are managed by the Plan Trustee, Bank of America, N.A. and its affiliates. Transactions with the Plan Trustee qualify as party-in-interest transactions. There is a revenue sharing agreement between Bank of America, N.A. affiliates and the Plan that permits revenue to be used to pay Plan expenses, as defined, or to be allocated to participants. These revenues were de minimis in 2023. Fees incurred by the Plan for the investment management services are partially included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. For the year ended December 31, 2023, the Plan paid the record keeper and custodian fees of \$338,437 which was not covered by revenue sharing. The Company pays directly any other fees related to the Plan's operations.

The Chemours Company Retirement Savings Plan

Notes to Financial Statements

In addition, participant loans receivable qualifies as party-in-interest transactions, which are exempt from the prohibited transaction rules.

7. Income Tax Status

The IRS has determined and informed the Plan by a letter dated June 22, 2017 that the Plan and related trust were designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan sponsor is responsible for reviewing the annual Required Amendments List issued by the IRS for individually designed plans to retain qualified tax status. Although the Plan has been amended since the date of the determination letter, Plan management believes that the Plan and the related trust is currently designed and operated in compliance with the applicable requirements of the IRC and continues to be tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions, however there are currently no such examinations for any tax periods in progress.

8. Risks and Uncertainties

The Plan provides for various investment options. Such investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

9. Subsequent Events

Subsequent events have been evaluated through October 15, 2024, the date these financial statements were available to be issued.
