Independent Auditor's Report

The Plan Administrator
BD/Sire 401(k) Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of BD/Sire 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan

General

The following description of BD/Sire 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

The Plan is a defined-contribution plan established by Hudson River Inn, LLC (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan, formerly Maritime 401(k) Plan, was originally established effective April 1, 2005 for the benefit of eligible employees of the Company. Effective January 1, 2017, a Plan amendment was adopted to change the Plan name to BD/Sire 401(k) Plan.

Multiple affiliated employers participate in the Plan, and the Company may authorize additional affiliates to become participating employers under the Plan from time to time. Employees of the Company and the various participating employers listed below (collectively, the Employers) are currently permitted to participate in the Plan if they meet the eligibility requirements.

- Elysee Hotel Hospitality LLC (Hotel Elysee) - refer to Note 12
- Bowery F&B, LLC
- The Bowery Hotel, LLC
- CH Administration
- Ludlow Hotel Operating LLC
- Hudson River Inn, LLC
- Marlton Hotel Operating LLC
- Pod 39 Operating LLC (Pod 39)
- Pod 39 F&B LLC
- POD BK, LLC
- POD Times Square LLC
- Wellington Hotel Company Inc. (Wellington) - cessation agreement effective May 31, 2023
- Mercer F&B, LLC DBA Sartiano's - participation agreement effective September 1, 2023

Eligibility

Employees who complete six consecutive months of service and are 21 years of age or older are eligible to participate in elective deferrals, and employees who complete 12 months of service and are 21 years of age or older become eligible for matching contributions, qualified matching contributions, qualified non-elective contributions, and profit-sharing contributions. Employees covered by a collective-bargaining agreement, certain non-resident aliens, leased employees, independent contractors, and interns are excluded from participation. The entry date is on the semi-annual date (the first day of the Plan year and the first day of the seventh month of the Plan year) following the date on which the employee meets the eligibility requirements.

BD/Sire 401(k) Plan

Notes to Financial Statements

Effective January 1, 2019, the Plan was amended whereby employees who complete 90 days of service are eligible to participate in elective deferrals. In addition, the entry date frequency was amended from the semi-annual date to a monthly date.

Participant Contributions

The Plan allows each participant to contribute up to 100% of annual compensation, as defined, to the Plan in a specific percentage or dollar amount. The maximum annual contribution is determined by law. After-tax contributions, rollovers from other qualified plans, and catch-up contributions are allowed.

Employer Contributions

The Company, at its discretion, contributes 25% of the first 8% of compensation, up to a maximum of 2% of compensation (Matching Contribution), as defined, for all participants other than those that are employees of Pod 39, Hotel Elysee, and Wellington Hotel. Catch-up contributions are not matched. Matching contributions for the exception employers are as follows:

- Pod 39 employees receive matching contributions equal to 25% of the first 8% of compensation, up to a maximum of 2% of compensation.
- Hotel Elysee and Wellington Hotel employees do not receive matching contributions.

The Company made matching contributions totaling \$58,678 for the year ended December 31, 2023. In addition, the Company, at its discretion, may make qualified matching contributions or qualified non-elective contributions to the Plan. No qualified matching contributions or qualified non-elective contributions were made for the year ended December 31, 2023.

At the end of the Plan year, the Company, at its discretion, may make a profit-sharing contribution, as defined in the Plan document. The profit-sharing contribution would be allocated to the individual accounts of qualifying participants in the ratio that each qualifying participant's compensation for the Plan year bore to the total compensation of all qualifying Plan participants. A participant must be employed on the last day of the Plan year to share in the profit-sharing contribution. No profit-sharing contributions were made for the year ended December 31, 2023.

Participant Accounts

The Plan is a participant-directed account plan. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants' accounts are credited with participant contributions, Employers contributions, and rollovers. Plan earnings are allocated based upon a participant's earnings, account balances, or specific participant transactions, as defined. Administrative expenses are allocated based on a participant's account balance in proportion to the balances of all participants' accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

BD/Sire 401(k) Plan

Notes to Financial Statements

Vesting

Participants are immediately vested in their elective deferrals, rollovers, catch-up contributions, qualified matching contributions, qualified non-elective contributions, and actual earnings thereon. The Employer's Matching contributions and profit-sharing contributions are 100% vested after the completion of four years of continuous service based upon the following schedule. A participant will be 100% vested upon death, disability, retirement, or if the Plan is terminated.

Years of Service	Vested Percentage (%)
1	25
2	50
3	75
4	100

Investment Options

Contributions are invested by Empower Trust Company, LLC, the trustee, according to the options elected by the participants. All participant and Employer contributions are directed by the participants among the available investment options. Investment earnings are automatically reinvested into the fund from which they were derived.

Notes Receivable from Participants

Participants may borrow from their participant accounts a minimum of \$1,000 not to exceed a maximum of \$50,000, or 50% of the participant's vested account balance, whichever is less. The notes are secured by the participant's account balance and, except for funds used to acquire a principal residence, must have a repayment period of no greater than five years. The interest rates for the notes outstanding as of December 31, 2023 and 2022 range from 4.25% to 9.50%. The interest rate charged on a loan is the rate as determined by the Plan administrator. Principal and interest are paid ratably through weekly payroll deductions. Only one note per participant is allowed at any time, and repayment of the entire balance is permitted at any time.

Payment of Benefits

Participants' benefits under the Plan are payable to participants or their beneficiaries upon termination of employment, normal retirement (as defined), disability, financial hardship, or death. Benefits are payable in one lump sum or in installments. Hardship withdrawals are available, for reasons defined in the Plan document, as are distributions to participants who have attained the age of retirement, as defined.

Forfeitures

Forfeitures may be used to pay Plan expenses or to reduce Employer contributions to the Plan. The balance of forfeited accounts was \$47,117 and \$42,789 at December 31, 2023 and 2022, respectively. During the year ended December 31, 2023, \$2,739 was forfeited by withdrawing participants, the forfeiture account earned \$2,024 in investment income, and \$435 was used to pay Plan-related expenses.

BD/Sire 401(k) Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and when applicable, disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are stated at fair value based upon quoted market prices (except for fully benefit-responsive investment contracts, which are reported at contract value). Fund transactions are accounted for on the trade date (date the securities are purchased or sold). Interest income is accounted for on the accrual basis. Dividend income is accounted for on the ex-dividend date. The Plan presents in the statement of changes in net assets available for benefits the net appreciation in the fair value of its investments, which consists of realized gains and losses, and the unrealized appreciation (depreciation) of investments bought and sold, as well as held during the year.

Investment Management Fees and Operating Expenses

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net depreciation in the fair value of investments.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and the participating employers and are excluded from these financial statements. The Plan is responsible for administrative expenses relating to the management of Plan assets incurred by the Plan except for certain transaction fees, such as loan and distribution requests, which are paid by the participants. These fees are allocated either proportionally, based on the value of the account balances, or as an

BD/Sire 401(k) Plan

Notes to Financial Statements

equal dollar amount based on the number of participants in the Plan. The method of allocating the expenses depends on the nature of the expense.

The Plan recognized administrative expenses totaling \$77,273 for the year ended December 31, 2023.

3. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2023 or 2022. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund - Valued at the daily closing price as reported by the fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of

BD/Sire 401(k) Plan

Notes to Financial Statements

different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present by level, within the fair value hierarchy, the Plan investment assets at fair value.

December 31, 2023

	Total	Level 1	Level 2	Level 3
Total assets in the fair value hierarchy:				
Mutual funds	\$ 5,550,472	\$ 5,550,472	\$ -	\$ -
Money market fund	47,116	47,116	-	-
Total Investments, at fair value	\$ 5,597,588	\$ 5,597,588	\$ -	\$ -

December 31, 2022

	Total	Level 1	Level 2	Level 3
Total assets in the fair value hierarchy:				
Mutual funds	\$ 5,397,814	\$ 5,397,814	\$ -	\$ -
Money market fund	42,787	42,787	-	-
Total Investments, at fair value	\$ 5,440,601	\$ 5,440,601	\$ -	\$ -

4. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedules, related to investments and notes receivable from participants held as of December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Life & Annuity Insurance Company of New York and Empower Trust Company, LLC, qualified institutions.

5. Fully Benefit-Responsive Investment Contract

The Plan participates in a group annuity contract (the Contract), sponsored by Massachusetts Mutual Life Insurance Company (Mass Mutual). At December 31, 2023 and 2022, the Contract totaled \$1,992,884 and \$2,068,860, respectively. The Contract invests primarily in U.S. treasuries, agencies, investment-grade corporate bonds, mortgage-backed and asset-backed securities, as well as up to 25% of assets in below investment-grade debt securities. The assets are wrapped by a general account guarantee to pay a stated rate of return, and gains and losses are recognized over time by adjusting the interest rate credited to the fund.

This Contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant

withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include but may not be limited to the following: (1) the complete or partial termination of the Plan and (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

6. Tax Status

The Plan uses a pre-approved plan document sponsored by FIS Business Systems LLC (FIS). FIS received an opinion letter from the IRS, dated June 30, 2020, which states that the pre-approved plan document, as then designed, satisfies the applicable provisions of the IRC. Although the Plan has been amended since the date of the opinion letter, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various mutual funds, a money market fund, and a group annuity contract. These investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in the values of these investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Plan Termination

Although it has not expressed any intent to do so, the Employers have the right at any time to terminate the Plan in accordance with ERISA by delivering to the trustee and third-party administrator written notice of such termination. Upon termination of the Plan, no further contributions will be made to the Plan, and all participants' accounts shall become fully vested and be distributed in accordance with the provisions of the Plan.

9. Related Party/Parties-in-Interest

Certain Plan investments are in funds and accounts that are managed by Empower Trust Company, LLC (Empower) or their subsidiaries and affiliates. Participant loan and distribution processing fees are paid to Empower by participants. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

10. Corrective Distributions Payable

Contributions received from the participants are net of payments for excess contributions as required to satisfy the relevant nondiscrimination regulations of the DOL. For the years ended December 31, 2023 and 2022, \$14,465 and \$4,110, respectively, were accrued and were returned to participants in the respective subsequent year. This amount has been included in the Plan's statements of net assets available for benefits as corrective distributions payable for the applicable Plan year. The Plan distributed the 2023 excess contributions to the applicable participants prior to March 15, 2024.

11. Delinquent Participant Contributions

During the years ended December 31, 2022 and 2021, the Company did not remit various employee deferrals and loan repayments totaling \$17,104 and \$5,909, respectively, in a timely manner as required by DOL regulations. These transactions constitute prohibited transactions, as defined by ERISA. In June 2023, the Company self-corrected the 2021 late remittances with a contribution of lost earnings totaling \$34. In May 2024 the Company self-corrected the 2022 late remittances with a contribution of lost earnings totaling \$58. The lost earnings include the amount the participants should have earned from the date the deferred contributions should have been made through the date of correction. The Company has not estimated the amount of potential fines or penalties related to these prohibited transactions.

12. Subsequent Events

The Plan has evaluated subsequent events through October 14, 2024, which is the date the financial statements were available to be issued. Other than as noted below, there were no subsequent events requiring adjustment to or disclosure in the financial statements:

Effective January 21, 2024, participating employer Elysee Hotel Hospitality LLC (Hotel Elysee) signed a cessation agreement and is no longer part of the Plan.
