Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of LiveAction 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of LiveAction 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of LiveAction 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about LiveAction 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of LiveAction 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about LiveAction 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2023 and Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 Plan Description

The following description of LiveAction, Inc. (the “Company” or “Plan Sponsor”) 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering eligible employees of the Company who are age twenty-one or older with no minimum service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

During the year ended December 31, 2022, Schwab Retirement Plan Services, Inc. was appointed recordkeeper and third-party Plan administrator. During 2022, the Plan transferred all investments held with AXA Equitable to Charles Schwab Trust Bank, the trustee.

Contributions

Subject to annual limitations established by the Internal Revenue Code (“IRC”) each year, participants may contribute up to 100% of eligible compensation, as defined by the Plan. Participants who have attained age 50 by December 31 are eligible to make catch-up contributions. Participants direct the investment of all contributions into various investment options offered by the Plan. Participants may also contribute amounts representing distribution from other qualified retirement plans (rollovers).

The Company may make discretionary matching contributions. The Plan has a discretionary fixed formula whereby matching contributions equal 50% of a participant’s elective deferrals, that do not exceed 6% of eligible compensation.

The Company may also make an additional special discretionary nonelective contribution at its sole discretion, within the limits of the IRC.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, allocations of the Company’s contributions and Plan earnings. Participant accounts are charged with an allocation of certain administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their account is based on continuous years of service. A participant is 100% vested after 4 years of service.

Note 1 Plan Description (continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus 1%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive a lump-sum amount equal to the participant's vested interest in their account or payable in a partial distribution as defined in the Plan Document. In-service and hardship withdrawals are also permitted by the Plan.

Forfeited Accounts

Forfeited non-vested account balances may be used at the discretion of the Company. For the years ended December 31, 2023 and 2022, unallocated forfeited non-vested amounts totaled \$5,513 and \$39,080, respectively. For the years ended December 31, 2023 and 2022, forfeited balances of \$70,000 and \$21,238, respectively, were applied towards employer contributions.

Note 2 Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contract the Plan held in 2022, which was reported at contract value; see Note 5 for discussion of contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurement.

Note 2 Summary of Significant Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the years.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions, reducing the participant notes receivable balance, based upon the provisions of the Plan Document.

Payment of Benefits

Benefits are recorded when paid.

Expenses

The Plan allows certain expenses to be paid from Plan assets, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Certain fees related to administration of participant accounts are charged directly to the respective accounts and are included in administrative expenses. Certain investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Note 3 Information Certified by the Plan's Custodian and Trustee

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year), including investments and notes receivable from participants held at December 31, 2023 and 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by the trustee, Charles Schwab Trust Bank.

In addition, certain information related to the net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable disclosed in the accompanying financial statements for the year ended December 31, 2023, and for the period September 9, 2022 to December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Bank. Certain information related to the net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable disclosed in the accompanying financial statements for the period January 1, 2022 to September 9, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by the prior custodian, AXA Equitable.

Note 4 Fair Value Measurement

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2023 and 2022.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open end mutual funds that are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 4 Fair Value Measurement (continued)

Common collective trusts: Valued based on NAV of the units held by the Plan at year end, which is used as a practical expedient to approximate fair value. The NAV per unit is calculated daily and is based on the underlying investment held by the trust.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 14,927,299	\$ -	\$ -	\$ 14,927,299
Total assets in the fair value hierarchy	<u>\$ 14,927,299</u>	<u>\$ -</u>	<u>\$ -</u>	<u>14,927,299</u>
Investments measured at net asset value (a)				
Common collective trust				<u>1,894,084</u>
Investments at fair value				<u>\$ 16,821,383</u>

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 11,346,664	\$ -	\$ -	\$ 11,346,664
Total assets in the fair value hierarchy	<u>\$ 11,346,664</u>	<u>\$ -</u>	<u>\$ -</u>	<u>11,346,664</u>
Investments measured at net asset value (a)				
Common collective trust				<u>1,893,291</u>
Investments at fair value				<u>\$ 13,239,955</u>

(a) In accordance with ASC Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the fair value of the Plan's investments in the statements of net assets available for benefits.

Note 4 Fair Value Measurement (continued)

Fair Value of Investments in Entities that Calculate Net Asset Value

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments.

Note 5 Fully Benefit-Responsive Investment Contract

The Plan held a fully benefit-responsive investment contract, the Guaranteed Interest Option (“GIO”), through September 9, 2022 with AXA Equitable. This investment offering met the criteria of a fully benefit-responsive investment contract, as such the investment was reported at contract value. Contract value as reported to the Plan by AXA Equitable, represents all amounts that have been allocated or transferred to the GIO, plus the amount of any interest credited, less all amounts that have been withdrawn (including charges) or transferred from the GIO. The GIO was a general account product of AXA Equitable which paid interest at guaranteed rates. AXA Equitable credited the amount held in the GIO with interest at effective rates that AXA Equitable set periodically (1.50% for the period January 1, 2022 through September 9, 2022). A rate of 1.00% applied as the minimum guaranteed rate as defined in the contract. Certain events, such as the premature termination of the contract, limited the ability of the Plan to transact at contract value. No events were probable of occurring that might have limited the ability of the Plan to transact at contract value with the issuer or participants.

Note 6 Party-In-Interest Transactions

A party-in-interest is defined under DOL regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer and certain others. As described in Note 2, certain fees are paid from Plan assets. Therefore, payments to such service providers by the Plan qualify as party-in-interest transactions.

Note 6 Party-In-Interest Transactions (continued)

Certain Plan investments are managed by Charles Schwab Trust Bank. Charles Schwab Trust Bank is the trustee and Schwab Retirement Plan Services, Inc. is the recordkeeper and therefore are considered to be parties-in-interest. Certain Plan investments were managed by AXA Equitable. AXA Equitable also provided custodian and recordkeeping services and therefore was considered to be a party-in-interest.

The Plan makes loans to participants and therefore, these transactions qualify as a party-in-interest.

Note 7 Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances and the net assets of the Plan will be allocated as prescribed by ERISA and regulations pursuant thereto.

Note 8 Tax Status

The Plan is an adoption of the Schwab Retirement Plan Services Non-Standardized Pre-Approved Defined Contribution Plan for which the IRS has determined and informed Schwab Retirement Plan Services by an opinion letter dated September 21, 2020, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator and Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 Nonexempt Transactions

During the years ended December 31, 2022, 2021 and 2020, the Plan sponsor did not timely remit certain participant contributions and loan repayments for various pay periods, which totaled \$9,024, \$83,488 and \$175,548, respectively. The participant contributions and loan repayments were funded during the respective year ends they related to; however, they were considered late as the time to fund the amounts were longer than the Plan's average remittance period. Lost earnings of \$579 associated with the late participant contributions and loan repayments was paid to the Plan during 2024.

Note 11 Subsequent Events

Plan management has evaluated subsequent events through October 15, 2024, the date on which the financial statements were available to be issued.

In September 2024, the Company entered into an agreement to sell 100% of its stock to another entity. The ultimate impact of this transaction on the Plan has not yet been determined.
