INDEPENDENT AUDITORS' REPORT

To the Audit Committee of
the Board of Directors of
High Mowing School, Inc.
Wilton, New Hampshire

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements

We have performed an audit of the financial statements of the High Mowing School, Inc. 403(b) DC Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2023 Financial Statements section -

- the amounts and disclosures in the 2023 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2023 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

2023 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

High Mowing School Inc. 403(b) DC Plan
Independent Auditors' Report

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2022 Financial Statements

The financial statements of the Plan as of December 31, 2022, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 12, 2023, indicated that in their opinion (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agreed to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedules, other than the information in the 2022 supplemental schedules that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2022 supplemental schedules related to assets held by and certified to by a qualified institution agreed to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HIGH MOWING SCHOOL, INC. 403(b) DC PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF PLAN

General

High Mowing School, Inc. established the High Mowing School, Inc. 403(b) Defined Contribution Plan on September 1, 1996. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan and each portion of the Plan has the same eligibility requirements. The Plan is a defined contribution plan covering substantially all employees of High Mowing School, Inc. ("the Company"), except for employees who normally work less than 20 hours per week and student employees. The Plan is a volume submitter plan document of Teachers Insurance and Annuity Association of America ("TIAA"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan document and in accordance with applicable sections of the Internal Revenue Code. The Plan allows participants to make Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Contributions are subject to certain limitations. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers variable annuities, a pooled separate account, mutual funds, and guaranteed accounts as investment options for participants.

Participant Accounts

Each participant's account is credited with the participant's contributions, mandatory contributions, and an allocation of the Company's matching contribution and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

HIGH MOWING SCHOOL, INC. 403(b) DC PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are vested immediately in their contributions, the Company's contributions, and actual earnings thereon.

Plan Loans

Plan loans are issued as separate contracts by TIAA as contemplated under Internal Revenue Code section 72(p)(5) and do not represent plan assets. Plan loans are collateralized using a participants' TIAA Traditional account balance in an amount equal to 110% of the outstanding loan balance. Participants may only borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their TIAA Traditional account balance subject to annuity contract and Plan provisions. Loan terms range from one to five years in one-year increments. Principal and interest is paid ratably by the participant to TIAA via coupon book or monthly electronic funds transfers. Each payment will reduce amounts collateralized by the borrowing participant's TIAA Traditional account balance.

As of December 31, 2023 and 2022, the Plan had \$829 and \$792, respectively, held within the plan loan default fund accounts for plan loans that are past due. At December 31, 2023 and 2022, the interest rate of Plan loans was 4.00%. Participants are limited to two loans at one time. Also, if a participant defaults on a loan, they will not be permitted to take out another one in the future.

Notes Receivable from Participants

The Plan converted to issuing participant loans only as part of a change to TIAA-CREF administered plans. Because this was a bulk implementation that the Organization did not elect out of, plan provisions were updated without the need for a plan amendment. Because the loan funds are deducted from the participant accounts at issuance, this change requires that participant loans be recorded in the Plan financials as notes receivable and the related interest income is reported as plan additions. As with plan loans, all payments are made directly by the participants and not through payroll deduction. The balance of the participant loans at December 31, 2023 and 2022 was \$9,203 and \$6,830, respectively. The outstanding participant loans have an interest rate ranging from 5.00% to 9.50%.

Forfeited Accounts

Forfeited accounts may be used to reduce Plan contributions. During 2023 and 2022, \$0 of forfeitures were used to reduce employer contributions. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$0.

HIGH MOWING SCHOOL, INC. 403(b) DC PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

Benefits are payable upon retirement at age 65, disability, death, or termination of employment. Hardship withdrawals and in-service withdrawals at age 59 ½ are also permitted, subject to provisions described in the Plan document. Withdrawals from rollover contributions are permitted at any time. Benefits are payable in lump sum payments, partial payments, installments, and the purchase of annuity contracts.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. The Plan specifies that expenses of the Plan will be paid using the Plan's assets unless paid by the Company. During 2023 and 2022, the Plan fees were \$125 and \$25, respectively.

Transfers between TIAA and CREF Accounts

Participants are permitted to transfer funds from their Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equities Fund (CREF) accounts into their TIAA Traditional Annuity Accounts at any time. However, transfers out of the TIAA Traditional Non-Benefit Responsive Annuity Accounts into any TIAA or CREF account by an active participant can only be made through a Transfer Payout Annuity, which provides for the transfer of funds in substantially equal installments over a period of ten years.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

HIGH MOWING SCHOOL, INC. 403(b) DC PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are reported at fair value, except in the case of benefit-responsive investment contracts, which are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to a benefit-responsive investment contract because the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The benefit-responsive TIAA Traditional Annuity investments are reported at contract value. The non-benefit responsive portion of the TIAA Traditional Annuity is reported at fair value, as contract value approximates fair value for this portion of the annuity investment.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Subsequent Events

Effective January 1, 2024, the Company amended the Plan to implement an employer match contribution of 100 percent up to 2 percent of the participants' contribution election.

The Company evaluated subsequent events through October 15, 2024, the date which the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENT

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value.

The three levels of the fair value hierarchy under FASB ASC are described as follows:

**HIGH MOWING SCHOOL, INC. 403(b) DC PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2023 and 2022**

NOTE 3 - FAIR VALUE MEASUREMENT (CONTINUED)

Level 1

Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by the observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Mutual Funds: Valued based on quoted net asset value (NAV) of the shares held by the Plan at year-end.

Variable Annuities: These investment vehicles are valued using market quotations or prices obtained from independent pricing sources that may employ various pricing methods to value the investments, including matrix pricing. Accumulation units in CREF accounts are available for transactions at the closing accumulation unit value on any day the New York Stock Exchange is open for business. In an effort to reduce market timing and excessive trading, shareholders will not be permitted to make electronic transfers back into the same account through a purchase or exchange for 90 calendar days, if a purchase, sale and repurchase within that account is made within a sixty-day period, other than for the CREF Money Market Account. The CREF Money Market account holdings are generally valued at amortized cost. Each account determines its unit value each day.

TIAA Access Annuities are a variable annuity product funded through a separate TIAA investment account invested primarily in proprietary and nonproprietary mutual funds through various subaccounts. Unit values are calculated daily using market quotations obtained through independent pricing services.

Pooled Separate Account: The TIAA Real Estate Account (REA) is valued using the market value of the underlying real estate holdings, which are valued principally using external appraisals for the properties. Securities held by the REA are generally priced using values obtained from independent pricing sources and unit values are calculated daily. Transfers out of the REA are limited to one per calendar quarter.

HIGH MOWING SCHOOL, INC. 403(b) DC PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 3 - FAIR VALUE MEASUREMENT (CONTINUED)

Although the underlying assets of the account cannot be quickly sold and converted to liquid assets, the TIAA general account provides the REA with a liquidity guarantee. TIAA ensures that the REA has the funds available to meet participant redemption, transfer or cash withdrawal requests executed at quoted unit values.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of valuation methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value measured on a recurring basis as of December 31, 2023 and 2022:

	Assets at Fair Value as of December 31, 2023

NOTE 4 - INVESTMENT CONTRACTS WITH INSURANCE COMPANY

TIAA Traditional Annuities: The Plan holds an investment in the TIAA Traditional Annuity, an unallocated fixed-annuity contract that is fully and unconditionally guaranteed by TIAA. TIAA-CREF maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals. The contract is included in the financial statements at contract value as reported by TIAA-CREF. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and transfers. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified minimum interest rate that is guaranteed by the TIAA's claim-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by the TIAA Board of Trustees, which remains in effect for the declaration year, which begins March 1 for accumulating annuities and January 1 for lifetime payout annuities. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The credit interest rating is based on a formula agreed upon with the issuer, generally at 3.0%, but in some recent contracts between 1.0% and 3.0%.

NOTE 4 - INVESTMENT CONTRACTS WITH INSURANCE COMPANY (CONTINUED)

Contributions to a participant's account purchases a guaranteed amount of lifetime annuity income. When a participant's account in the TIAA Traditional is annuitized based on available options, the present value of the stream of payments is equal to the account balance. The subsequent stream of annuity payments occurs outside of the Plan and does not represent an obligation to the Plan.

The contract is subject to certain withdrawal restrictions. For participants who hold the contract under a Retirement Annuity (RA) account, the contract does not allow lump-sum distributions. Withdrawals or transfers must be spread over ten annual installments. For participants who hold contracts under the Group Retirement Annuity (GRA), lump-sum withdrawals are available only after 120 days after termination of employment and are subject to a 2.5% surrender charge. Due to limitations on liquidity for contracts in the RA and GRA accounts, these investments are considered to be non-benefit responsive. Withdrawals and transfers are permitted without restriction under a Supplemental Retirement Annuity (SRA) and a Group Supplemental Retirement Annuity (GSRA). Investments under these more liquid contracts are considered to be fully benefit-responsive.

Stable Value Account: This account is a fixed rate group annuity contract with contributions deposited into a non-unitized separate account. The contract provides a guaranteed minimum rate of interest between 1.0% and 3.0%. TIAA can determine any amounts to be credited above the minimum guaranteed rate, all of which is based on the claims-paying ability of TIAA. Direct transfers to a competing fund in a plan's investment lineup are prohibited. Transfer can be made to a noncompeting fund with a 90-day waiting period to transfer back in. There is also a 30-day waiting period for transfers back into the fund following a transfer out. This investment is reported at contract value, which equals the accumulated cash contributions, interest credited, and transfers, less any withdrawals and transfers. Additionally, there were no unfunded commitments as of December 31, 2023 and 2022.

NOTE 5 - RELATED-PARTY TRANSACTIONS

Certain Plan investments are mutual funds, variable annuities, a pooled separate account, and guaranteed annuities account managed by TIAA-CREF, the recordkeeper of the Plan. These transactions qualify as party-in-interest transactions.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 8 - TAX STATUS

The IRS has determined and informed the plan sponsor by a letter dated August 7, 2017, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - INSURANCE COMPANY / RECORDKEEPER CERTIFICATION

The following is a summary of the unaudited information, included in the Plan's financial statements and supplemental schedule that was prepared or derived from information prepared by TIAA-CREF, an insurance company and the recordkeeper of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certifications from TIAA-CREF that such information is complete and accurate.

Statements of Net Assets Available for Benefits – all items and amounts, except for participants' contribution receivable.

Statements of Changes in Net Assets Available for Benefits – all items and amounts except for contributions, benefits paid to participants, transfers, and administrative expenses.

Supplemental Schedule – all items and amounts.

NOTE 10 - SECURING A STRONG RETIREMENT ACT (SECURE 2.0)

In December 2022 SECURE 2.0 was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2019 SECURE Act. Most of the provisions will become effective in 2024 and forward, therefore there is no current impact to the Plan. Since the provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect.
