Advisory Committee and Management
Universal Avionics Systems Corporation 401(k) Profit Sharing Plan
Tucson, Arizona

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Universal Avionics Systems Corporation 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Universal Avionics Systems Corporation 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Universal Avionics Systems Corporation 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Universal Avionics Systems Corporation 401(k) Profit Sharing Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Universal Avionics Systems Corporation 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Universal Avionics Systems Corporation 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Universal Avionics Systems Corporation 401(k) Profit Sharing Plan

Notes to Financial Statements

Year Ended December 31, 2023

1. Description of plan:

The following description of the Universal Avionics Systems Corporation 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Sponsor of the Plan is Universal Avionics Systems Corporation (the Sponsor). The Plan was established April 1, 2018 and has been amended several times since that date.

General:

The Plan is a defined contribution retirement plan with 401(k) provisions consisting of a salary reduction arrangement. The Plan covers employees of the Sponsor who are at least 21 years of age upon the completion of one hour of service. Eligible employees are automatically enrolled in pre-tax salary deferral contributions at a rate of 4% of their compensation unless the employee elects to decline participation or affirmatively chooses a different level of contribution. Employees are eligible to participate in the employer safe harbor matching and discretionary matching portion of the Plan after sixty days of service. Employees are eligible for discretionary profit-sharing contributions after one year of service. Employees covered by a collective bargaining agreement, nonresident aliens with no U.S. source income and employees classified as interns or independent contractors are excluded from participating in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participants' contributions:

Under the 401(k) provisions of the Plan, the participants may elect to defer a maximum of 70% of their pre-tax compensation up to current statutory limits determined annually and prescribed by the Internal Revenue Service (IRS). Participants may elect to have all or a portion of their elective deferrals treated as Roth elective deferrals when contributed to the Plan. The Plan also permits participants to make additional voluntary contributions of qualified rollovers from other retirement plans.

Employer contributions:

Under the safe harbor provisions of the Plan, the employer will contribute and allocate to each participant's matching account an amount equal to 100% of the participant's elective deferrals, up to 4% of the participant's compensation. Employer contributions are invested in the same funds and increments as directed by the participant for the participant's contributions.

The employer may make additional discretionary matching and profit-sharing contributions. There were no discretionary matching or profit-sharing contributions made during 2023.

Participant accounts:

Each participant's account is credited with the participant's elective deferral, rollover and employer contributions, actual earnings thereon and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of plan (continued):

Vesting:

Participants are immediately vested in their elective deferral and any rollover contributions made to the Plan, plus actual earnings thereon. In addition, participants are immediately vested in the safe harbor matching contributions, plus actual earnings thereon. Vesting in the employer's discretionary matching and profit-sharing contribution portion of the participants' accounts, plus actual earnings thereon, is based on years of credited service. Participants vest at 20% annually, beginning with the completion of their second year and are fully vested after six years of credited service, or upon the normal retirement date. The Plan defines a year of credited service to be a Plan year (January 1 through December 31) with the participant rendering at least 1,000 hours of service. Upon death or total disability of a participant prior to retirement, the participant's account balance shall become fully vested.

Participants' loans:

The Plan allows for participants to obtain loans from the Plan. All loans require written spousal consent, cannot exceed 50% of the vested portion of the participant's account (or \$50,000 if less), and must be a minimum of \$1,000. The loan must be repaid within five years unless the entire proceeds are used to purchase the participant's primary residence, in which case the loan may be repaid over a longer period as determined by the Sponsor. All loans will provide for the repayment of interest at the prime rate plus 1%. Principal and interest may be paid through payroll deduction. The participant's individual account serves as collateral for the loan and, in the event of default, death, disability or termination of employment, the entire outstanding principal and accrued interest shall be immediately due and payable. Because the participant's account collateralizes the loan in its entirety, the credit quality of the participant is not assessed by the Plan Administrator. Unpaid loans will be treated as a taxable distribution from the Plan.

For financial reporting purposes, participants' loans are included in the statement of net assets available for benefits as notes receivable from participants.

Investment options:

Upon enrollment in the Plan, a participant may direct contributions in any increments into any of several investment options. Participants may change their investment options inside the platform at any time.

Payment of benefits:

On termination of service due to death, disability, retirement or other reasons, a participant whose vested account balance exceeds \$5,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his/her account, or installments under a systematic withdrawal plan. Participants with account balances less than \$5,000 must take a lump-sum distribution as soon as practicable following termination. Mandatory automatic distributions under the Plan may be automatically rolled over to an IRA established on behalf of participants who do not affirmatively consent to receive their distributions. The Plan also permits in-service distributions of the participant's vested account balance for participants who have reached age 59 1/2.

1. Description of plan (continued):

Forfeited accounts:

The Plan allocates participant forfeitures first to reduce employer contributions and then to reduce administrative expenses.

Hardship withdrawals:

If approved by the Plan Administrator, a participant may withdraw a portion of his/her elective deferral account balance to satisfy any of the following immediate and heavy financial needs: unreimbursed medical expenses for qualified persons, purchase of a principal residence, to prevent eviction from or foreclosure on a principal residence, to pay for post-secondary education expenses for qualified persons, funeral expenses or for expenses that qualify as a casualty deduction under the Internal Revenue Code (IRC).

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation in the fair value of investments includes both realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

2. Summary of significant accounting policies (continued):

Payments of benefits:

Benefits paid to participants are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid for by the Sponsor. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events:

The Plan has evaluated the events that have occurred subsequent to December 31, 2023 through October 2, 2024, the date that the financial statements were available to be issued. The Plan has no responsibility to update these financial statements for events and circumstances occurring after this date.

3. Federal income tax status:

The IRS has determined and informed the Sponsor by a letter dated March 13, 2019 that the Plan and related trust as then designed, was in compliance with the applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Sponsor believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust tax-exempt as of December 31, 2023. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Universal Avionics Systems Corporation 401(k) Profit Sharing Plan

Notes to Financial Statements (continued)

Year Ended December 31, 2023

4. Fair value measurements (continued):

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets or active markets that the Plan does not have access to;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

At December 31, 2023, the fair value of assets measured on a recurring basis is as follows:

	<u>Fair value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments in the fair value hierarchy:

4. Fair value measurements (continued):

At December 31, 2022, the fair value of assets measured on a recurring basis is as follows:

	<u>Fair value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments in the fair value hierarchy:				
Registered investment companies	\$ 47,709,549	\$ 47,709,549	\$ -	\$ -

Common/collective trust	<u>3,430,916</u>	<u>-</u>	<u>-</u>	<u>-</u>
	<u>\$ 51,140,465</u>	<u>\$ 47,709,549</u>	<u>\$ -</u>	<u>\$ -</u>

^(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered investment companies: Valued at the closing price reported on the active market on which the individual securities are traded.

Common/collective trust: The trust invests primarily in the Great Gray CIT III for MetLife Group Annuity Contract No. 25554 (formerly Wilmington Trust CIT III for MetLife Group Annuity Contract No. 25554), a guaranteed investment contract consisting primarily of bond separate accounts at December 31, 2023 and 2022. The fund is valued at the net asset value of units of the trust. The net asset value is used as a practical expedient to estimate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair value measurements (continued):

Investments measured using the NAV per share practical expedient:

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments; the redemption notice period below is applicable only to the Plan.

5. Investments:

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2023 and 2022, and net appreciation in fair value of investments, dividends and other income for the year ended December 31, 2023, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Matrix Trust Company, the trustee of the Plan.

6. Related party and party in interest transactions:

The Plan paid certain expenses to Northwest Plan Services, RBC Wealth Management and other service providers during 2023 related to plan administration and investment activity. These transactions qualify as exempt party in interest transactions under ERISA.

Expenses that are paid directly by the Sponsor are excluded from these financial statements. Employees of the Sponsor perform certain accounting and administrative functions for the Plan, however, no employee receives compensation from the Plan.

Notes to Financial Statements (continued)

Year Ended December 31, 2023

6. Related party and party in interest transactions (continued):

The Plan provides for an expense account funded by Matrix Trust Company. The established fund equals 21 basis points (0.21%) of average plan assets invested in the Plan each year. The fund will be paid in quarterly installments to the Plan and can be used to offset administrative expenses of the Plan. At year end, any amounts funded for the Plan year in excess of Plan expenses will be subsequently allocated to individual participants. The Plan utilized approximately \$59,000 of these funds to offset Plan expenses in 2023.

7. Plan termination:

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

8. Risks and uncertainties:

The Plan invests in various investment securities that are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
