INDEPENDENT AUDITOR'S REPORT

To the Plan Trustees and Participants of
San Francisco Day School Defined Contribution Retirement
Plan
San Francisco, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of San Francisco Day School Defined Contribution Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of San Francisco Day School Defined Contribution Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of San Francisco Day School Defined Contribution Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about San Francisco Day School Defined Contribution Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of San Francisco Day School Defined Contribution Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about San Francisco Day School Defined Contribution Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2023, and assets (held at end of year) as of December 31, 2023, (collectively, the "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

San Francisco Day School Defined Contribution Retirement Plan
Notes to Financial Statements
December 31, 2023 and 2022

1. DESCRIPTION OF THE PLAN

The following description of the San Francisco Day School Defined Contribution Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution savings plan sponsored by San Francisco Day School (the "School", "Employer", or "Plan Sponsor"), pursuant to Section 403(b) and related provisions of the Internal Revenue Code (IRC), was established effective September 1, 1983 and restated effective December 1, 2023. The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, active military call-up, or termination of employment. The Plan covers all eligible employees of the School upon employment and is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

Effective March 27, 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), related to distributions. The Company has until December 31, 2025, to amend the Plan for changes allowed by the CARES Act. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan Sponsor has until the end of the first plan year beginning on or after January 1, 2025, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Plan administration

The School is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Board of Trustees of the School is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance. The School has delegated certain responsibilities for the operation and administration of the Plan. Teachers Insurance and Annuity Association (TIAA) and College Retirement Equities Fund (CREF), and as agent for TIAA Trust, N.A., (as of and for the year ended December 31, 2023), and as agent for TIAA, FSB (as of December 31, 2022) (collectively "TIAA") and Equitable Financial Life Insurance Company ("Equitable") serve as the asset custodians (collectively, the "Custodians") for the Plan and are responsible for the custody and management of the Plan's assets as well as for maintaining participant accounts and transactions related to participant initiated activity. The Plan contracts with CAPTRUST Financial Advisors to provide third party investment advisory and fiduciary services.

December 31, 2023 and 2022

1. DESCRIPTION OF THE PLAN (continued)

Participant accounts

Each participant's account is credited with the participant's contributions or rollovers and allocations of Employer contributions and Plan earnings and charged with an allocation of investment losses and administrative expenses not paid directly by the School. Allocations of investment earnings are based strictly on the participant's selection of investments and timing of purchase. Other allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment options

Effective January 1, 2009, the Plan changed custodians from Equitable to TIAA and as of that date, all subsequent contributions were made to investment options held by TIAA.

Participants who approved the transfer of funds from Equitable to TIAA had their account balances transferred and reinvested into new investment options held by TIAA. Participants who did not approve the transfer continue to maintain a participant account balance with Equitable invested in various funds offered by Equitable.

Eligibility

Eligible employees may begin making elective salary deferral contributions on the first day of employment. All employees of the School are eligible to participate in the Plan except employees who normally work less than 20 hours per week. In order to be eligible to receive Employer matching contributions, participants must complete 60 consecutive days of service, as defined in the plan document.

Participant contributions

Participants may elect to contribute through payroll deduction amounts up to 100% of their annual compensation, as defined by the plan document, on a tax-deferred basis, up to a maximum amount allowed by the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified employer-sponsored retirement plans (rollovers). Participants direct the investment of all their contributions into various investment options offered by the Plan.

San Francisco Day School Defined Contribution Retirement Plan
Notes to Financial Statements
December 31, 2023 and 2022

1. DESCRIPTION OF THE PLAN (continued)

Employer contributions

Each Plan year, the School makes a matching contribution equal to 100% of the participant's elective deferrals from eligible compensation, as defined in the Plan agreement. For participants hired on or after January 1, 2014, the School makes employer matching contributions of 100% of the participant's elective deferrals up to 7% of eligible compensation. For participants hired before January 1, 2014, the School makes employer matching contributions of 100% of the participant's elective deferrals up to 8% of eligible compensation.

Vesting

Participants are immediately vested in all contributions plus actual earnings thereon.

Notes receivable from participants

Participants may borrow against their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms are generally five years or less, but may exceed five years if the purpose of the loan is to purchase a principal residence. The notes receivable are secured by the remaining balance in the participant's account and accrue interest at a rate commensurate with local prevailing rates as determined by the plan administrator, accruing at 4.25 - 9.50% per annum, and mature through May 2033, as of December 31, 2023.

Plan loans

Plan loans, which were no longer offered as of December 31, 2021, were available to participants through TIAA, subject to certain limitations. Plan loans were issued directly from the funds owned by TIAA, and loan proceeds were not removed from a participant's account balance. However, a portion of a participant's TIAA Traditional Annuity account balance is reserved, or held as collateral, to cover the outstanding loan amount for the period of time the loan is outstanding. Plan loans could not exceed the present value of the participant's Voluntary Participant Plan Contributions, and there was no limit to the amount of Plan loans a participant may have outstanding at any time. For active loans during the year ended December 31, 2023, investments equal to 110% of the outstanding loan amount are reflected in the statements of net assets available for benefits and serve as a collateral for the loan.

San Francisco Day School Defined Contribution Retirement Plan
Notes to Financial Statements
December 31, 2023 and 2022

1. DESCRIPTION OF THE PLAN (continued)

Plan loans (continued)

The loan interest rate for these Plan loans could be fixed or variable and the initial rate was determined by the terms of the controlling contract, as were the rate adjustment details and frequency. For loans that have collateral held in a Group Supplemental Retirement Annuity (GSRA) contract, principal repayments increase the amount of the TIAA Traditional Annuity funds available for the participant's use. For all Plan loans, interest is paid directly to TIAA, and Plan loans are not reflected in the statement of net assets available for benefits. As of December 31, 2023 and 2022, outstanding loan balances due to TIAA and CREF were \$60,332 and \$99,775, respectively. There were no defaulted Plan loans for the year ending December 31, 2023. Plan loans mature at various dates through October 2027 and accrue interest at annual rates ranging from 5.02% to 5.56% as of December 31, 2023.

Payment of benefits

Distributions and withdrawals are payable to participants upon retirement, termination, being called to active military duty, disability, or death. Upon termination, if a participant's account balance is equal to or less than \$5,000, the Plan will make a mandatory cash distribution to the participant unless a direct rollover into another qualified benefit plan is requested. If a participant's account balance is equal to or less than \$1,000, and the participant makes no election, the balance will be rolled over to an individual retirement account designated by the administrator if the participant has not requested a lumpsum cash payment or a direct rollover into another qualified benefit plan. If the account balance is over \$5,000, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan or postpone payment to a later date and remain in the Plan as described in the plan document.

Upon attaining the age of 59 ½ the participant may, while still employed by the School, request a withdrawal from their account balance. Hardship and qualified reservist distributions are permitted under limited circumstances if approved by the plan administrator.

Administrative expenses

Certain administrative expenses of the Plan, including record keeping and audit fees, were paid by the School for the year ended December 31, 2023. Investment fees, which may vary according to the individual funds selected, are paid indirectly out of the assets of the Plan and impact Plan earnings.

San Francisco Day School Defined Contribution Retirement Plan
Notes to Financial Statements
December 31, 2023 and 2022

1. DESCRIPTION OF THE PLAN (continued)

Administrative expenses (continued)

Plan investments generate revenue credits from which TIAA deducts 18 basis points semiannually for costs they incur related to administration of the Plan. Excess revenue credits, if any, are deposited into the Plan's Revenue Credit Suspense Account (RCA) and are shown as other income on the statement of changes in net assets available for benefits which may be used to pay direct, reasonable, and necessary expenses of the Plan as defined by ERISA. The Plan received \$12,602 in excess revenue credits for the year ended December 31, 2023. No expenses were paid using the RCA during the plan year. All plan administrative expenses in excess of revenue credits available in the Plan's RCA are paid by the School or from Plan assets.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits and changes therein.

Investment valuation and income recognition

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. The Custodians certify the value of all investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a description of fair value measurements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition (continued)

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally receive if they were to initiate permitted transactions under the terms of the Plan. See Notes 5 and 6 for disclosures of the Plan's fully benefit-responsive investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants

Notes receivable are carried and presented at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make repayments and the plan administrator deems the participant note to be a distribution, the note receivable balance is reduced, and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Employer, which is the pay date. Employer contributions are recorded in the year they are earned and to coincide with the year in which the School records the contribution in the general ledger. The Plan records receivables for contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year.

Rollover contributions from participants are recorded based on the date the rollover contributions have been received by the Custodians.

Payment of benefits

Benefits are recorded as a reduction to net assets when paid.

Administrative expenses

Expenses are recorded when incurred.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Subsequent events

The Plan has evaluated subsequent events through October 15, 2024, the date the financial statements were available to be issued. No subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Custodians, determined to be qualified institutions by the plan administrator, have certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022;
- Net appreciation in fair value of investments, dividends and interest, revenue credits, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2023; and,
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year).

Accordingly, as requested by the plan administrator, the Plan's auditor performed no procedures on the certified information other than to agree the certified information to the related information included in the financial statements and schedule of assets (held at end of year).

4. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to the unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;

San Francisco Day School Defined Contribution Retirement Plan
Notes to Financial Statements
December 31, 2023 and 2022

4. FAIR VALUE MEASUREMENTS (continued)

- inputs other than quoted prices that are observable for the asset or liability; and,
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Transfers between levels within the fair value hierarchy are recognized when there is a change in the investments within a level or a change in inputs used to value those investments. There were no transfers between levels within the fair value hierarchy during the year ended December 31, 2023.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used as of December 31, 2023 and 2022.

Mutual funds and TIAA pooled separate account:

Registered investment companies (mutual fund investments) are valued at the net asset value (NAV) of shares held by the Plan at year end which are quoted in an active market. The TIAA investment in a pooled separate account consists of real estate properties and real estate-related investments. Investments are valued using market quotations or prices obtained from independent pricing services. The mutual funds and pooled separate account held by the Plan are deemed to have a readily-determinable fair value and are classified within level 1 of the fair value hierarchy.

4. FAIR VALUE MEASUREMENTS (continued)

CREF Variable Annuity Accounts:

CREF Accounts consist of eight investment portfolios: the Stock, Global Equities, Growth, Equity Index, Bond Market, Inflation Linked Bond, Social Choice and Money Market accounts. The fair values of accumulation units held by the Plan in CREF Accounts are primarily valued using market quotations or prices obtained from independent pricing sources. CREF Accounts are deemed actively traded, and thus are classified within level 1 of the fair value hierarchy. Data for values are available daily to plan administrators and client investors on TIAA's website and provide sufficient corroborative evidence to ascertain the relationship between each fund's value and the values of individual underlying holdings. Underlying holdings include mutual funds and are primarily valued using market quotations or prices obtained from independent pricing sources. There are no unfunded commitments from participants in the Plan who invest in these accounts, and these investments may be redeemed at any time.

Equitable Pooled Separate Accounts (PSAs):

As a practical expedient, units in PSAs are valued at NAV as determined by Equitable based upon the fair market value of the PSAs' underlying mutual funds less fund expenses. Investments valued at NAV as a practical expedient to fair value are not disclosed within the fair value hierarchy.

TIAA Traditional Annuity:

The Plan's investments in the TIAA Traditional Annuities are reported by TIAA at contract value, which approximates fair value. As these investments are contract-based, observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs. TIAA Traditional Annuities are segregated into non-fully benefit-responsive and fully benefit-responsive categories. The Plan's investments in the non-fully benefit-responsive contracts are presented as level 3 fair value investments in the fair value hierarchy. The Plan purchased and sold level 3 investments of \$278,084 and \$37,360, respectively, during the year ended December 31, 2023. Transfers in to level 3 investments totaled \$306 during the year ended December 31, 2023. The fully benefit-responsive contracts are not categorized within the fair value hierarchy (see Note 5) as they are measured at contract value.

Guaranteed Interest Option:

The Plan's investment in the Guaranteed Interest Option (GIO) contract is reported by Equitable at contract value, which approximates fair value and is fully benefit-responsive. The GIO is not categorized in the fair value hierarchy (see Note 5).

4. FAIR VALUE MEASUREMENTS (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets by type at fair value as of December 31, 2023:

4. FAIR VALUE MEASUREMENTS (continued)

The following table presents information about significance unobservable inputs related to the Plan's investment in assets categorized as Level 3 in the fair value hierarchy at December 31, 2023:

Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Range
TIAA Traditional Non-Benefit Responsive Fund	\$ 5,255,280	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	RA - 6.00% - 6.50% RC - 6.25% - 6.75%

The following table presents information about significance unobservable inputs related to the Plan's investment in assets categorized as Level 3 in the fair value hierarchy at December 31, 2022:

Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Range
TIAA Traditional Non-Benefit Responsive Fund	\$ 5,014,250	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	RA - 4.60% - 6.60% RC - 4.85% - 6.85%

As of December 31, 2023 and 2022, there were no restrictions on redemptions or unfunded commitments for any of the major types of assets.

*In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. GUARANTEED ANNUITY CONTRACTS WITH TIAA AND CREF

The TIAA Traditional Annuity is a guaranteed annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The TIAA Traditional Annuity is offered through a variety of contract types, including the Group Retirement Annuity (RA), Retirement Choice (RC), Retirement Choice Plus (RCP), Group Supplemental Retirement Annuity (GSRA) and Supplemental Retirement Annuity (SRA). The GSRA, RCP, and the SRA contracts (collectively FBRICs) are considered fully benefit-responsive guaranteed annuity contracts, and the GRA, RA, and the RC are considered non-fully benefit-responsive guaranteed annuity contracts.

5. GUARANTEED ANNUITY CONTRACTS WITH TIAA AND CREF (continued)

The FBRICs are fully and unconditionally guaranteed by TIAA, which meets the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value represents accumulated cash contributions made under the contract, plus interest credited to the contracts, less participant withdrawals and transfers. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a minimum specified rate of interest, is guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. The crediting interest rate was 3.00% for both the RCP and SRA contracts as of December 31, 2023 and 2022. See Note 4 for the crediting interest rates for the contracts that are non-fully benefit-responsive.

When a participant's accumulation in the FBRICs is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

Certain events might limit the ability of the Plan to transact at contract value with TIAA. These events may be different under each contract. Examples of such events include the following: (1) the Plan's failure to qualify under Section 401(a) of the IRC or the failure to qualify for exemption from federal income taxes under Section 501(a) of the IRC; (2) premature termination of the contracts; (3) failure to meet any required or prohibited transaction exemption under ERISA; (4) amendments to the plan documents (including complete or partial Plan termination or merger with another plan); or (5) bankruptcy of the Plan Sponsor or other Plan Sponsor events that significantly affect the Plan's normal operations. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The TIAA Traditional Annuity does not permit the contract issuer to terminate the agreement prior to the scheduled maturity date.

Total fully benefit-responsive annuity contracts issued by TIAA as of December 31, 2023 and 2022, measured at contract value were \$796,648 and \$134,439, respectively.

6. GUARANTEED INTEREST OPTION CONTRACT WITH EQUITABLE

The GIO contract is part of the EQUI-VEST® general account and pays interest at guaranteed rates. EQUI-VEST® is a deferred annuity contract issued by Equitable Financial Life Insurance Company. Interest is credited daily to the GIO. Within the GIO, there are three levels of interest in effect simultaneously: (1) the minimum interest rate guaranteed over the life of the contract, (2) the annual minimum guaranteed interest rate for the calendar year, and (3) the current interest rate.

The annual minimum guaranteed interest rate was 1.00% for the year ended December 31, 2023. The lifetime minimum guaranteed interest rate is shown in the individual participant's contract. The annual minimum guaranteed interest rate will never be less than the lifetime minimum guaranteed interest rate. Current interest rates will never be less than the annual minimum guaranteed interest rate.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include a plan-initiated transfer of assets to another carrier that includes amounts in the GIO. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable.

The GIO is reported at contract value. At any time, the value in the GIO will equal contributions and transfers to that option, plus interest, minus withdrawals and transfers out of the option, and less charges. At December 31, 2023 and 2022, the GIO balances were \$81,653 and \$189,240, respectively.

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines party-in-interest similar to a related party under accounting standards, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Management did not identify any related parties to the Plan that were not also considered to be a party-in-interest. The Plan did not enter into any material related party transactions during the Plan year related to compensation, arrangements, expense allowances or similar items.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, and a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Certain fees and expenses of the Plan are paid by the School. The Plan is not required to repay expenses paid by the School on its behalf.

Certain fund level fees incurred by the funds in which the Plan invests for such services as investment management, shareholder services, and sub-transfer agency fees are paid through fund level revenue sharing arrangements. These fees reduce fund earnings thereby impacting Plan revenue applied to participants' accounts.

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (continued)

The Custodians retain as compensation for services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

Certain plan investments are owned and managed by the Custodians; therefore, these investment transactions qualify as exempt party-in-interest transactions.

8. PLAN TERMINATION

Although the School has not expressed any intent to do so, the School has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

9. TAX STATUS

The Plan has adopted the Pentegra Services Inc. 403(b) Volume Submitter Plan Document #20 (the "volume submitter plan"). The Internal Revenue Service informed Pentegra by a letter dated March 31, 2017, that the volume submitter plan was designed in accordance with applicable sections of the IRC and that any employer adopting this form of the volume submitter plan will be considered to have the plan qualified under the applicable sections of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and that it, and the related trust, are tax-exempt.
