Independent Auditor's Report

The Plan Administrator
Procure LTC 401(k) Profit Sharing Plan & Trust
Farmingdale, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Procure LTC 401(k) Profit Sharing Plan & Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H (Form 5500), Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2023, and Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and

other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Procare LTC 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

1. Description of the Plan

The following description of Procare LTC 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a contributory defined contribution profit sharing plan covering all full-time employees of Procare MSO, LLC (the Plan Sponsor or Employer) who are 21 years old and older. Participants are considered eligible to receive safe-harbor contributions upon completion of three months of service. The effective date of participation is immediately upon meeting age and eligibility service requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). In April 2022, the Plan adopted a new DWC Defined Contribution Pre-Approved Plan. AdvisorTrust, Inc. (AdvisorTrust) is the trustee of the Plan and PCS Retirement, LLC (PCS) is the recordkeeper.

The Plan provides retirement benefits to all eligible employees for the following controlled group of employers:

- Procare LTC Pharmacy of Connecticut LLC
- Procare LTC of MA, LLC
- Procare MSO, LLC
- Procare LTC Ohio LLC
- Procare LTC Ohio Acquisition CO I LLC
- Procare LTC of Syracuse LLC
- Procare TAP RX, LLC
- Clarest Health AI, LLC

Contributions

Participants may elect to contribute to the Plan a percentage or fixed amount of their compensation, as defined in the Plan agreement, up to the maximum amount allowable under the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified defined benefits or contribution plans (rollover), as defined in the Plan. The Employer makes safe-harbor matching contributions on 100% of the first 3% of a participant's compensation, which is deferred as an elective deferral, and 50% of the next 2% of a participant's compensation, which is deferred as an elective deferral. Participants direct the investment of their contributions into various investment options offered by the Plan. Non-elective and matching contributions may be contributed at the discretion of the Employer. There were no non-elective or matching contributions for the year ended December 31, 2023.

Participant Accounts

Each participant's account is credited with the applicable portion of the participant's deferral contributions, the Employer's safe-harbor matching contribution, and the Employer's non-elective

Procure LTC 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

and matching contributions, if any, as well as allocations of Plan earnings and losses. Participant accounts are charged for withdrawals and certain administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the Employer's safe-harbor matching contribution plus actual earning thereon. Vesting in the Employer's non-elective and matching contributions is based on years of vesting service, in accordance with the following schedule:

Years of Service	Vesting Percentage (%)
Less than 2	-
At least 2, but less than 3	20
At least 3, but less than 4	40
At least 4, but less than 5	60
At least 5, but less than 6	80
6 or more	100

Participants are fully vested if termination of employment is due to death, disability, or attainment of age 65.

Forfeitures

Forfeitures can be used to offset Employer contributions and administration fees. The unallocated forfeited balances for the years ended December 31, 2023 and 2022 were \$180 and \$0. There were no forfeitures used to reduce employer contributions for both years ended December 31, 2023 and 2022.

Payment of Benefits

Under the terms of the Plan, participants are eligible to receive distributions from their accounts at the normal retirement upon reaching age 65, death, or termination of employment. Participants will also be eligible to receive an in-service distribution upon reaching age 59½, disability, hardship, qualified reservist, or deemed severance. Payments of benefits shall be in the form of a lump-sum distribution, installments, or have the payment paid as a direct rollover to an individual retirement account or to another employer's tax-qualified plan.

Mandatory distributions will be made for participants with vested accounts of \$5,000 or less, of which the distribution will be rolled over to an individual retirement account if an affirmative election is not made by the participant as to where the distribution should be rolled over.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by their highest outstanding loan balance during the previous 12 months or 50% of their vested account balance. The terms of the loans range from one to five years and may be longer for the purchase of a principal residence but may not exceed ten years. The loans are collateralized by the vested account balance and bear interest based on the prime rate plus 1%.

Procure LTC 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

Principal and interest are repaid ratably through payroll deductions. Participants can have up to two outstanding loans at the same time.

Contributions Receivable

Participant contributions and any related employer contributions are recognized in the period during which the Employer makes the respective payroll deduction from the participant's compensation. Matching contributions are recorded in the relevant period in accordance with the terms in the Plan document.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of safe-harbor contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are deemed as distributions based upon the terms of the Plan document. Defaulted notes receivable from participants are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits.

Administrative Expenses

Certain administrative expenses of the Plan are paid for by the Employer and are excluded from these financial statements. Administrative expenses recorded by the Plan represent investment management, recordkeeping, and individual participant transaction fees paid directly from the Plan to the Plan's trustee. Investment management fees are recorded as a reduction of investment returns for each of the funds and are included in net depreciation in fair value of investments.

3. Information Certified by AdvisorTrust

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, AdvisorTrust, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate.

- Investments at fair value and notes receivable from participants, as shown in the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment income and interest income on notes receivable from participants, as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Investment information included in the supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and the ERISA-required supplemental schedules.

4. Fair Value Measurements

GAAP establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that inputs that are most observable be used when available. The input hierarchy is broken down into three levels based on the degree to which the exit price is independently observable or determinable, as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the overall fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used as of December 31, 2023 and 2022.

Mutual Funds - These assets are valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2023

	Level 1	Total
Mutual funds	\$ 13,066,347	\$ 13,066,347
Total Investments, at fair value		\$ 13,066,347

December 31, 2022

	Level 1	Total
Mutual funds	\$ 10,359,539	\$ 10,359,539
Total Investments, at fair value		\$ 10,359,539

The Plan had no financial assets that were measured at fair value on a nonrecurring basis at December 31, 2023 and 2022. There are no Plan liabilities recorded at fair value at December 31, 2023 and 2022. There were no transfers between levels during 2023 and 2022.

5. Party-in-Interest Transactions

Fees paid to AdvisorTrust and PCS are included as part of administrative expenses and qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

6. Tax Status

The Plan has adopted the DWC - The 401(K) Experts Prototype Non-Standardized Pre-Approved Profit-Sharing/Money Purchase Plan with Cash or Deferred Arrangement (CODA), of which the Internal Revenue Service (IRS) has determined and informed DWC - The 401(K) Experts, by a letter

Notes to Financial Statements

dated June 30, 2020, that the Plan was designed in accordance with the applicable sections of the IRC. Although the Plan has been amended, the Plan Sponsor believes that the Plan currently is designed and is being operated in compliance with the applicable requirements of the IRC.

In accordance with GAAP, Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although the Plan Sponsor has not expressed any intent to do so, it has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100% vested in their deferral accounts and Employer contributions and become 100% vested in their non-elective contribution accounts, and the net assets of the Plan would be distributed, as prescribed by ERISA.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Late Remittances

During the Plan year ended December 31, 2022, Employee withholdings in the amount of \$102,581 were not remitted within the appropriate time period by the Plan Sponsor. These transactions constitute prohibited transactions, as defined by ERISA. The Plan Sponsor has taken corrective action to make participant accounts whole in 2024.

10. Subsequent Events

The Plan has evaluated subsequent events from the date of the statements of net assets available for benefits through October 15, 2024, the date the financial statements were available to be issued. There were no other subsequent events requiring adjustment to the financial statements or disclosures, except the following:

Effective January 1, 2024, the Plan name changed from Procure LTC 401(k) Profit Sharing Plan & Trust to Clarest Health 401(k) Plan & Trust.

Effective January 1, 2024, Medicine-On-Time, LLC became a participating employer in the Plan. The Medicine-On-Time, LLC 401(k) plan merged into this Plan. Assets of approximately \$3,610,000 were transferred to the Plan.
