INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
of Sealand Contractors Corp. 401(k) Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Sealand Contractors Corp. 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and assets (held at end of year) as of or for the year ended December 31, 2023 (together referred to as "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SEALAND CONTRACTORS CORP. 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

1. DESCRIPTION OF PLAN

The following description of the Sealand Contractors Corp. 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General -

The Plan was established on January 1, 1985. The Plan is a defined contribution 401(k) and profit sharing plan covering substantially all employees of Sealand Contractors Corp. (the “Company”) and three affiliated companies who are not covered by a collective bargaining agreement between the Company and a union. Employees are permitted to make elective deferrals to the Plan upon attainment of the age of 21 and completion of one month of service. Through January 29, 2023, participants were eligible for any Company discretionary matching and discretionary non-elective contributions as long as they had completed 1,000 hours of service within the Plan year and were employed on the last day of the Plan year. Effective January 30, 2023, the Plan was amended and participants are eligible for Company discretionary matching contributions upon attainment of the age of 21 and completion of one month of service. Participants are eligible for Company discretionary non-elective contributions after they have completed 1,000 hours of service within the Plan year and are employed on the last day of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Administration -

The Company serves as Plan administrator (the “Administrator”) and is solely responsible for the general administration of the Plan and carrying out Plan provisions. Voya Institutional Plan Services, LLC provides third-party recordkeeping services. Resources Investment Advisors LLC, d/b/a OneDigital Investment Advisors provides investment advisory services to the Plan.

As of December 31, 2022 and for the period from January 1, 2023 to January 29, 2023, Voya Retirement Insurance and Annuity Company (“VRIAC”) served as the custodian of the Plan and custodian of Plan assets. As of January 30, 2023, Voya Institutional Trust Company (the “Trustee”) serves as the trustee of the Plan and custodian of Plan assets. VRIAC and the Trustee are both affiliated entities of Voya Financial, Inc.

Effective January 30, 2023, the Company entered into a bundled services agreement with VRIAC, which resulted in new fund offerings for Plan participants. The existing investments were converted from pooled separate accounts to mutual funds and collective trusts.

Contributions -

Participants may elect to contribute up to 100% of their eligible compensation to the Plan, subject to the maximum amount allowed under the Internal Revenue Code (the “Code”). Deferral limits under the Code were \$22,500 for the year ended December 31, 2023. In addition, participants age fifty and over at the end of the Plan year could elect to contribute a “catch-up” contribution of \$7,500 during the year ended December 31, 2023.

Each year, the Company may make discretionary matching or discretionary non-elective contributions. For the year ended December 31, 2023, the Company elected to make a discretionary non-elective contribution, which was allocated to participants using an integrated allocation formula based on the ratio of the sum of each participant’s eligible compensation plus excess Plan compensation, as defined in the Plan document, bears to the sum of all eligible participants’ total Plan compensation plus excess Plan compensation, subject to any limitations as defined in the Plan document. The Company’s discretionary non-elective contribution totaled \$100,000 for the year ended December 31, 2023. The Company elected to not make a discretionary matching contribution for the year ended December 31, 2023.

Participants are allowed to make rollover contributions from other qualified plans into the Plan in accordance with regulations under the Code. Effective February 3, 2023, participants are also allowed to make Roth elective deferrals into the Plan.

Effective March 1, 2023, the Plan provides for automatic participant enrollment for newly hired participants after eligibility requirements have been met. The initial elective deferral rate is equal to 4% of the participant’s eligible compensation.

Participant accounts -

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant’s account is credited with the participant’s contributions and allocations of the Company’s discretionary matching and discretionary non-elective contributions and Plan earnings. Participant accounts may be charged with an allocation of administrative expenses that are paid by the Plan, if not paid by the Company. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting -

Participants are immediately vested in their elective deferrals, rollover contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and discretionary non-elective contribution portion of their account plus earnings is based on years of continuous service as follows:

<u>Years of service</u>	<u>Percentage</u>
Less than two	0%
At least two but less than three	20%
At least three but less than four	40%
At least four but less than five	60%
At least five but less than six	80%
Six or more	100%

Investment options -

Participants direct the investment of their account into various investment options offered by the Plan. The Plan offers a number of investment options including mutual funds, collective trusts, and a group annuity contract as selected by the Administrator.

Notes receivable from participants -

The Plan does not allow for participants to borrow from their participant accounts.

Payment of benefits -

Amounts contributed through payroll deductions may be withdrawn by, or distributed to, a participant upon termination of employment or attaining the age of 65. Withdrawals prior to attaining the age of 65 are only permitted in the event of death or disability. Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the vested portion of his or her account or partial payments.

If upon termination of service, a participant does not attain normal retirement age and the participant's vested account balance is greater than \$5,000, the participant may elect to receive a lump-sum amount, partial payments, a direct rollover to a qualified plan under the Code, a direct rollover to a qualified Individual Retirement Account equal to the value of his or her vested account balance, or may elect to keep their investments in the Plan. If the vested account balance is less than \$5,000, the balance will be distributed to the participant as soon as administratively feasible as a lump sum distribution.

Forfeitures -

Participants whose employment with the Company has been terminated and who receive a distribution of the vested percentage of their account shall forfeit any amounts which are in excess of their vested interest as of the date of distribution. The non-vested portion will be restored to the participant's account in the event the employee returns to employment before five consecutive one-year breaks in service. After restoration of any of these benefits, the remaining forfeitures may be used to reduce the Company's discretionary contributions or pay administrative expenses.

For the year ended December 31, 2023, the Company utilized approximately \$40,200 of forfeitures to fund the discretionary non-elective contribution. The cumulative balance of forfeitures available to offset future Company discretionary contributions or administrative expenses totaled approximately \$15,700 at December 31, 2023.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting -

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates -

The preparation of financial statements in conformity with GAAP requires the Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Significant estimates include, but are not limited to, the fair value of investments. Actual results may differ from those estimates.

Investment valuation and income recognition -

Mutual funds and collective trusts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Administrator determined the Plan's valuation policies utilizing information provided by VRIAC or the Trustee (see Note 4).

The annuity contract is stated at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The accompanying statement of changes in net assets available for benefits is prepared using the contract value basis for fully benefit-responsive investment contracts. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses (see Note 5).

Contributions are recorded by the Plan when withheld from participants. Interest income is recorded by the Plan as earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits -

Benefit payments to participants are recorded when paid.

Expenses -

Certain expenses of maintaining the Plan, including custodian, recordkeeping, investment advisory and audit fees are paid directly by the Company and are excluded from these financial statements. Participants are charged administrative expenses for specific transactions within the Plan. Administrative expenses charged to the Plan totaled \$13,417 for the year ended December 31, 2023.

Investment related expenses are included in net appreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits.

Subsequent events -

The Administrator has evaluated subsequent events through October 15, 2024, which is the date the accompanying financial statements were available to be issued.

3. FINANCIAL INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE/VRIAC

The Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the investment information included in the accompanying financial statements and supplemental schedule of assets (held at end of year) was obtained from data that has been prepared by, or derived from, information provided by the Trustee and VRIAC and furnished to the Administrator. The Administrator has obtained a certification from VRIAC as of December 31, 2022 and for the period from January 1, 2023 to January 29, 2023. The Administrator also obtained a certification from the Trustee as of December 31, 2023 and for the period from January 30, 2023 to December 31, 2023.

The Administrator therefore has obtained certifications that the information below is complete and accurate as of December 31, 2023 and 2022, and for the year ended December 31, 2023:

	2023	2022
Mutual funds, at fair value	\$5,614,577	\$ -
Collective trusts, at fair value	835,467	-
Annuity contract, at contract value	2,515,184	2,516,774
Pooled separate accounts, at fair value	-	6,152,404
Net appreciation in fair value of investments	1,089,302	
Interest income	167,477	

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies for assets measured at fair value. There have been no changes in methodologies used at December 31, 2023 and 2022.

Mutual funds: Mutual funds are valued at the net asset value ("NAV") of shares held by the Plan at year end. NAV is derived from the quoted prices in active markets of the underlying investments. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission.

Collective trusts: The Plan uses NAV as a practical expedient to determine the fair value of the collective trusts. NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. Redemption for the collective trusts are permitted daily with no other restrictions or notice periods and there are no unfunded commitments. Were the Plan to initiate a full redemption of the collective trusts, the investment advisor reserves the right to temporarily delay withdrawal from the collective trusts in order to ensure that securities liquidations will be carried out in an orderly business manner. The collective trusts measured at NAV per share as a practical expedient have not been classified in the fair value hierarchy.

The collective trusts invest in target date and retirement funds. The objective of the investment vehicles invested in target date and retirement funds are to provide an asset allocation strategy designed to maximize retirement savings that mirror the risk tolerance participants may be willing to accept given the investment time horizon.

Pooled separate accounts: The Plan used NAV as a practical expedient to determine the fair value of the pooled separate accounts. NAV was based on the fair value of the underlying investments held by the pooled separate accounts less its liabilities. Participant transactions (purchases and sales) could occur daily. Redemption for the pooled separate accounts were permitted daily with no other restrictions or notice periods and there are no unfunded commitments. The pooled separate accounts measured at NAV per share as a practical expedient have not been classified in the fair value hierarchy.

The pooled separate accounts invested in equity, fixed income, and target date funds. The objectives of those investment vehicles invested in equity funds were to approximate the risk and return characterized by various indexes; to seek long term capital appreciation; and/or to seek current income. The objectives of the investment vehicles invested in fixed income funds were to maximize total return consistent with preservation of capital and prudent investment management. The objective of the investment vehicles invested in target date funds were to provide capital appreciation and current income through various levels of asset allocations which become more conservative over time in order to mirror risk tolerance as participants reach retirement.

The fair value of investments measured on a recurring basis at December 31, 2023 is presented below:

	NAV practical expedient	Level 1	Total
Mutual funds, at fair value	\$ -	\$5,614,577	\$5,614,577
Collective trusts, at fair value	835,467	-	835,467
	<u>\$835,467</u>	<u>\$5,614,577</u>	<u>\$6,450,044</u>

The fair value of pooled separate accounts investments of \$6,152,404 were measured using NAV as a practical expedient at December 31, 2022.

5. GUARANTEED ANNUITY CONTRACT

In 2012, the Plan entered into the Guaranteed Annuity Contract (the “Annuity Contract”) with VRIAC. The Annuity Contract is a traditional fully benefit-responsive investment contract and is reported in the accompanying financial statements at contract value. VRIAC maintains the contributions in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Annuity Contract’s value, as reported by the Trustee, is \$2,515,184 at December 31, 2023. The Annuity Contract’s value, as reported by VRIAC, is \$2,516,774 at December 31, 2022.

VRIAC is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The interest rate provided to the Plan is guaranteed to be no less than 1% on an annual basis.

Participants may direct the withdrawal of all or a portion of their investment in the Annuity Contract at contract value. Participants may transfer all or a portion of their investment in the Annuity Contract on a quarterly basis, which may be subject to a market valuation adjustment which is determined at the time of transfer.

The Plan’s ability to receive amounts due in accordance with the Annuity Contract is dependent on VRIAC’s ability to meet its financial obligations. VRIAC’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Although they are not probable of occurring, certain events may limit the ability of the Plan to transact at contract value. Such events include, but may not be limited to, the following:

- The Plan's failure to be operated in compliance with the applicable requirements of the Code (see Note 7).
- Premature termination of the contract by the Plan.
- Termination of the Plan or merger.
- A material change in employment levels that would result in withdrawals that exceed 20% of the Annuity Contract investment value in a given year.
- Bankruptcy of the Company or other events that significantly affect the Plan's normal operations.

In addition, certain events allow VRIAC to terminate the contract with the Plan and settle at an amount different from the contract value.

VRIAC has the option to terminate the contract at any time following 90 days written notice and pay out the contract value to the Plan, or settle at an amount other than contract value by converting the contract assets to another contract upon the approval of certain fiduciaries of the Plan.

6. PARTY-IN-INTEREST TRANSACTIONS

The Trustee serves as custodian of the Plan's assets. All transactions between the Plan and the Trustee qualify as exempt party-in-interest transactions. Certain plan investments are considered party-in-interest investments including the Annuity Contract and collective trusts issued by VRIAC. The Plan also allows for transactions with certain parties who may perform services or have fiduciary responsibilities for the Plan, including the Company.

7. TAX STATUS

The Company adopted a non-standardized pre-approved profit sharing/money purchase/cash or deferred arrangement plan sponsored by VRIAC that received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020. The opinion letter stated that the Plan is designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, the Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements for the year ended December 31, 2023. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. PROHIBITED TRANSACTIONS

During 2022, the Company failed to remit to VRIAC certain employee contributions totaling \$151 within the period prescribed by Department of Labor regulations. These deferrals are included in the Plan's receivables at December 31, 2022. Delays in remitting contributions to VRIAC were due to administrative errors, and the Company made contributions to the affected participants' accounts to compensate those participants an aggregate of approximately \$9 for potential lost income due to the delays during the year ended December 31, 2023.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their Company discretionary matching and discretionary non-elective contribution account balance as of the date of termination.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the accompanying statements of net assets available for benefits.

11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits, per the accompanying financial statements, to the Form 5500 at December 31, 2023:

b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)

c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)

d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)

e Was this plan covered by a fidelity bond?

f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?

g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?

h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?

i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)

j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)

k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?

l Has the plan failed to provide any benefit when due under the plan?

m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)

n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☐ No
