INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
Tecan U.S. Inc. 401(K) Plan
Morrisville, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Tecan U.S. Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Tecan U.S. Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Tecan U.S. Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Tecan U.S. Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tecan U.S. Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tecan U.S. Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions and the Schedule of Assets (Held at End of Year) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TECAN U.S. INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

1. Description of Plan

The following description of Tecan U.S. Inc. 401(k) Plan (the "Plan") provides only general information. Participants in the Plan should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan became effective on January 1, 1988 as a trustee profit sharing 401(k) salary deferred plan. The Plan covers all full-time non-union employees of Tecan SP, Inc., Tecan Genomics, Inc., Emphysys, Inc., Tecan U.S. Inc., and Paramit Corporation (collectively referred to as the "Company") who are at least 18 years of age. Effective January 1, 2023, the Plan was amended to include employees of DCPM, Inc. and Tecan Systems, Inc. and the Tecan Systems Savings and Retirement Plan merged into this Plan. Interns are eligible to participate in the Plan upon reaching 21 years of age and completing at least 1,000 hours of service. The Company is treated as a controlled group whereby all employees of each company shall be treated as employed by a single employer. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute a percentage of their pretax annual compensation, not to exceed the maximum allowed by the Internal Revenue Service ("IRS"). Participants are automatically enrolled into the Plan at a designated deferral percentage and investment allocation. For each active participant having automatic enrollment contributions made on the participant's behalf, the deferral shall be increased annually by a whole percentage of compensation. Such increase deferral contributions shall be pre-tax. This is limited to 15% of compensation. The automatic deferral escalation will not apply to a participant within the first 6 months following the date upon which the automatic enrollment contributions begin for the participant. Participants are also permitted to designate contributions as Roth deferral contributions. Participants may deposit rollovers (distributions from other plans) into the Plan. Participants are also permitted to make Roth direct rollover contributions into the Plan.

The Company makes safe harbor matching contributions at a rate of 100% of the first 4% of eligible employee compensation and 50% of the next 2% of eligible employee compensation. The Company may also make an additional discretionary matching contribution of up to 4% of compensation. There were no additional discretionary matching contributions in 2023.

NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

1. Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution, plan earnings, and administrative expenses and, at the discretion of the plan administrator, forfeitures of terminated participants' non-vested accounts. Allocations are based on participants' compensation or account balances, as defined. A participant is entitled to the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in the salary reduction amount and safe harbor matching contributions contributed to the Plan. Vesting in the additional matching and discretionary contributions is based on years of credited service. Participants are fully vested after completing five years of credited service.

Forfeited Accounts

At December 31, 2023, forfeited non-vested accounts totaled \$55,783. These accounts may be used to pay plan expenses or to reduce employer contributions made by the Company.

Payment of Benefits

Generally, the participant becomes eligible to receive benefits upon their normal retirement age (65), death, disability, termination of employment, or reasons of proven financial hardship. The Plan also permits early retirement upon reaching age 55. For retirement, death or disability, the participant may receive their account balance as a lump sum or as a partial withdrawal. Participants who terminate their employment will receive their vested account balance under the same options as above. Participants are also eligible to take in-service withdrawals once they attain age 59½.

Hardship Withdrawals

Upon approval by the plan administrator, a participant may withdraw all or part of their elective contributions for immediate and severe financial need. In accordance with IRS regulations, the participant must exhaust all other assets available prior to obtaining the hardship withdrawal.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000 reduced by the highest outstanding loan balance during the prior twelve month period. Participants may have up to two loans outstanding at a time. The notes are secured by the balance in the participants' accounts and the fixed interest rate on newly issued notes receivable from participants is based on the prevailing interest rates charged by persons in the business of lending money for loans. Principal and interest are paid ratably through payroll deductions. Total notes receivable from participants were \$1,715,582 and \$700,186 at December 31, 2023 and 2022, respectively.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Plan considers all invested cash balances to be cash equivalents.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Investment Valuation and Income Recognition

All contributions and rollovers are invested at the direction of each participant in any combination of the investment funds offered. Investments in mutual funds are valued at quoted market prices established in an active market which represent the net asset value of shares held by the Plan at year end. The fair value of collective investment trust funds, depending on the contract, is determined based on the fair value of the underlying securities, which include market securities and open-end mutual funds or based on the present value of the contract's expected cash flows, discounted by current market interest rates for like investments.

Purchases and sales of securities are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized and unrealized appreciation and depreciation in value of investments are allocated to the participant accounts based on participant holdings in each fund.

Plan Expenses

Certain plan expenses are paid by the plan sponsor as provided by the plan document. Expenses related to specific participant transactions (notes receivable from participants and distributions) are charged directly to the participant's account.

TECAN U.S. INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

3. Federal Income Taxes

The Plan is a qualified Non-Standardized Pre-Approved Profit Sharing Plan that received an opinion letter from the IRS on June 30, 2020 stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code ("IRC") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the opinion letter. The plan administrator and the Plan's tax counsel believe that the Plan is currently designed and operating in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the applicable authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

5. Investments

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the accompanying financial statements and supplemental schedule was obtained or derived from information certified as complete and accurate by Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, and was not subject to audit for the years ended December 31:

	<u>2023</u>	<u>2022</u>

TECAN U.S. INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

6. Fair Value Measurements (Continued)

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan uses Level 2 inputs when market prices are not attainable but other observable inputs are available to arrive at a fair value, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. There were no Level 2 or 3 investments in the Plan.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end.

7. Wrap Contracts with Stable Value Portfolio

The Plan holds fully benefit-responsive wrap contracts with Fidelity within the Stable Value Portfolio III (the "Portfolio"). The Portfolio invests in assets (typically fixed-income securities or bond funds) and enters into "wrap" contracts issued by third parties and invests in cash equivalents represented by shares in money market funds. Accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

For purposes of benefit-responsive withdrawals, investments in wrap contracts are valued at contract value, which could be more or less than fair value. An investment contract is generally permitted to be valued at contract value, rather than fair value, to the extent it is fully benefit-responsive and held by a trust offered only to qualified employer-sponsored defined-contribution plans.

An investment contract is considered fully benefit-responsive if: 1) it is effected directly between the Portfolio and the issuer and may not be transferred without the consent of the issuer, 2) the issuer of the wrap contract provides assurance that the contract crediting rate will not be adjusted to less than zero, 3) the contract requires all permitted unit-holder initiated transactions with the Portfolio to occur at contract value without limitation, 4) it is improbable that an event will occur that would limit the ability of the Portfolio to transact at contract value with both the issuer and unit-holders, 5) the Portfolio allows unit-holders reasonable access to their funds. Investment contracts that do not meet the criteria for valuation at contract value will be valued at fair value as determined by the trustee.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Wrap contracts accrue interest using a formula called the "crediting rate." The crediting rate is the discount rate that equates that estimated future market value with such Portfolio's current contract value. Crediting rates are reset monthly. The wrap contracts provide a guarantee that the crediting rate will not fall below zero percent.

TECAN U.S. INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

7. Wrap Contracts with Stable Value Portfolio (Continued)

The Portfolio and the wrap contracts purchased by the Portfolio are designed to pay all permitted unit-holder initiated transactions at contract value. Permitted unit-holder initiated transactions are those transactions allowed by the underlying defined-contributions plans (typically this would include withdrawals for benefits, loans, or transfers to non-competing portfolios within the plan) but excluding certain withdrawals that are deemed to be caused by the actions of the plan sponsor. The wrap contracts limit the ability of the Portfolio to transact at contract value upon the occurrence of such plan sponsor events. These events include:

1. The Plan's failure to qualify under Section 401(a) or Section 401(k) of the IRC.
2. The establishment of a defined contribution plan that competes with the Plan for employee contributions.
3. Any substantive modification of the Portfolio or the administration of the Portfolio that is not consented to by the wrap issuer.
4. Any change in law, regulation or administrative ruling applicable to the Plan that could have a material adverse effect on a portfolio's cash flow.
5. Any communication given to unit-holders by the plan sponsor, any other Plan fiduciary that is designed to induce or influence unit-holders not to invest in the Portfolio or to transfer assets out of the Portfolio.
6. Any transfer of assets from the Portfolio directly to a competing investment option.

Withdrawals initiated by a plan sponsor will normally be provided at contract value as soon as practicable within twelve months following written notice to the trustee.

8. Collective Investment Trust Funds

The Fidelity Mid Cap Growth Fund Fee Class R1 is a collective investment trust fund managed by Great Gray Trust Company, LLC. It invests primarily in equity securities issued by U.S. mid-capitalization companies that its manager believes have above-average earnings growth potential. The Fidelity Mid Cap Value Fund R1 is a collective investment trust fund managed by Great Gray Trust Company, LLC. It invests entirely in the American Century Mid Cap Value collective investment trust. There were no unfunded commitments.

TECAN U.S. INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

9. Party-in-Interest Transactions

Plan investments are managed by Fidelity. Fidelity is the trustee as defined by the Plan. These transactions qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity and other parties-in-interest for contract administration, advisory and professional services amounted to \$167,122 for the year ended December 31, 2023. The Plan also holds notes receivable from participants. As a result, these notes receivable and all related transactions were with a party-in-interest. All of these transactions are exempt from being prohibited transactions by ERISA.

10. Prohibited Transactions

During 2023, the Company failed to deposit \$36,472 of participant deferrals and loan repayments within the required timeframe as stated by the Department of Labor ("DOL"). The DOL considers late deposits to be a prohibited transaction. The Company intends to calculate and deposit lost earnings during 2024 to correct for the failures and will file Form 5330 for applicable excise taxes on the delinquent participant contributions and loan repayments. Excise tax payments will be made from the plan sponsor's assets and not from the assets of the Plan.

11. Risks and Uncertainties

The Plan invests in various investment securities as directed by its participants. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

12. Reconciliation to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31:

	<u>2023</u>	<u>2022</u>

12. Reconciliation to Form 5500 (Continued)

The following is a reconciliation of the net increase in net assets available for benefits before transfers to the Plan per the financial statements to net income per the Form 5500 for the year ended December 31, 2023:

Change in Net Assets Available for Benefits before Transfers to the Plan per the Financial Statements	\$ 25,549,275
Change in Contribution Receivables	96,158
Change in Contract Value Adjustment	<u>(175,107)</u>
Total Net Income per the Form 5500	<u>\$ 25,470,326</u>

13. Subsequent Events

The Company has evaluated events and transactions for potential recognition or disclosure in the financial statements through October 15, 2024, which is the date the financial statements were available to be issued.

In December 2022, Congress passed the Setting Every Community Up for Retirement Enhancement Act of 2022 ("SECURE Act 2.0") that continued the retirement system reform previously passed in 2020. Certain provisions of the SECURE Act 2.0 are effective starting in January 1, 2024 and various dates through 2026, with the plan amendment for the adoption of SECURE Act 2.0 due by December 31, 2026.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
Tecan U.S. Inc. 401(K) Plan
Morrisville, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Tecan U.S. Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Tecan U.S. Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Tecan U.S. Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Tecan U.S. Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tecan U.S. Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tecan U.S. Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions and the Schedule of Assets (Held at End of Year) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TECAN U.S. INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

1. Description of Plan

The following description of Tecan U.S. Inc. 401(k) Plan (the "Plan") provides only general information. Participants in the Plan should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan became effective on January 1, 1988 as a trustee profit sharing 401(k) salary deferred plan. The Plan covers all full-time non-union employees of Tecan SP, Inc., Tecan Genomics, Inc., Emphysys, Inc., Tecan U.S. Inc., and Paramit Corporation (collectively referred to as the "Company") who are at least 18 years of age. Effective January 1, 2023, the Plan was amended to include employees of DCPM, Inc. and Tecan Systems, Inc. and the Tecan Systems Savings and Retirement Plan merged into this Plan. Interns are eligible to participate in the Plan upon reaching 21 years of age and completing at least 1,000 hours of service. The Company is treated as a controlled group whereby all employees of each company shall be treated as employed by a single employer. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute a percentage of their pretax annual compensation, not to exceed the maximum allowed by the Internal Revenue Service ("IRS"). Participants are automatically enrolled into the Plan at a designated deferral percentage and investment allocation. For each active participant having automatic enrollment contributions made on the participant's behalf, the deferral shall be increased annually by a whole percentage of compensation. Such increase deferral contributions shall be pre-tax. This is limited to 15% of compensation. The automatic deferral escalation will not apply to a participant within the first 6 months following the date upon which the automatic enrollment contributions begin for the participant. Participants are also permitted to designate contributions as Roth deferral contributions. Participants may deposit rollovers (distributions from other plans) into the Plan. Participants are also permitted to make Roth direct rollover contributions into the Plan.

The Company makes safe harbor matching contributions at a rate of 100% of the first 4% of eligible employee compensation and 50% of the next 2% of eligible employee compensation. The Company may also make an additional discretionary matching contribution of up to 4% of compensation. There were no additional discretionary matching contributions in 2023.

1. Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution, plan earnings, and administrative expenses and, at the discretion of the plan administrator, forfeitures of terminated participants' non-vested accounts. Allocations are based on participants' compensation or account balances, as defined. A participant is entitled to the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in the salary reduction amount and safe harbor matching contributions contributed to the Plan. Vesting in the additional matching and discretionary contributions is based on years of credited service. Participants are fully vested after completing five years of credited service.

Forfeited Accounts

At December 31, 2023, forfeited non-vested accounts totaled \$55,783. These accounts may be used to pay plan expenses or to reduce employer contributions made by the Company.

Payment of Benefits

Generally, the participant becomes eligible to receive benefits upon their normal retirement age (65), death, disability, termination of employment, or reasons of proven financial hardship. The Plan also permits early retirement upon reaching age 55. For retirement, death or disability, the participant may receive their account balance as a lump sum or as a partial withdrawal. Participants who terminate their employment will receive their vested account balance under the same options as above. Participants are also eligible to take in-service withdrawals once they attain age 59½.

Hardship Withdrawals

Upon approval by the plan administrator, a participant may withdraw all or part of their elective contributions for immediate and severe financial need. In accordance with IRS regulations, the participant must exhaust all other assets available prior to obtaining the hardship withdrawal.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000 reduced by the highest outstanding loan balance during the prior twelve month period. Participants may have up to two loans outstanding at a time. The notes are secured by the balance in the participants' accounts and the fixed interest rate on newly issued notes receivable from participants is based on the prevailing interest rates charged by persons in the business of lending money for loans. Principal and interest are paid ratably through payroll deductions. Total notes receivable from participants were \$1,715,582 and \$700,186 at December 31, 2023 and 2022, respectively.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Plan considers all invested cash balances to be cash equivalents.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Investment Valuation and Income Recognition

All contributions and rollovers are invested at the direction of each participant in any combination of the investment funds offered. Investments in mutual funds are valued at quoted market prices established in an active market which represent the net asset value of shares held by the Plan at year end. The fair value of collective investment trust funds, depending on the contract, is determined based on the fair value of the underlying securities, which include market securities and open-end mutual funds or based on the present value of the contract's expected cash flows, discounted by current market interest rates for like investments.

Purchases and sales of securities are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized and unrealized appreciation and depreciation in value of investments are allocated to the participant accounts based on participant holdings in each fund.

Plan Expenses

Certain plan expenses are paid by the plan sponsor as provided by the plan document. Expenses related to specific participant transactions (notes receivable from participants and distributions) are charged directly to the participant's account.

TECAN U.S. INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

3. Federal Income Taxes

The Plan is a qualified Non-Standardized Pre-Approved Profit Sharing Plan that received an opinion letter from the IRS on June 30, 2020 stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code ("IRC") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the opinion letter. The plan administrator and the Plan's tax counsel believe that the Plan is currently designed and operating in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the applicable authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

5. Investments

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the accompanying financial statements and supplemental schedule was obtained or derived from information certified as complete and accurate by Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, and was not subject to audit for the years ended December 31:

	<u>2023</u>	<u>2022</u>

6. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

	Fair Value Measurements Using Quoted Prices in Active Markets for Identical Assets (Level 1)	<u>Total</u>
<u>December 31, 2023:</u>		
Mutual Funds	<u>\$ 102,784,639</u>	<u>\$ 102,784,639</u>
Investments Measured at Net Asset Value	<u> </u>	<u>13,570,581</u>
Investments at Fair Value	<u>\$ 102,784,639</u>	<u>\$ 116,355,220</u>
<u>December 31, 2022:</u>		
Mutual Funds	<u>\$ 59,024,724</u>	<u>\$ 59,024,724</u>
Investments Measured at Net Asset Value	<u> </u>	<u>9,242,923</u>
Investments at Fair Value	<u>\$ 59,024,724</u>	<u>\$ 68,267,647</u>

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

- Level 1 Inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority.
- Level 2 Inputs are based on significant other observable inputs such as:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs are unobservable and significant to the fair value measurement.

TECAN U.S. INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

6. Fair Value Measurements (Continued)

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan uses Level 2 inputs when market prices are not attainable but other observable inputs are available to arrive at a fair value, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. There were no Level 2 or 3 investments in the Plan.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end.

7. Wrap Contracts with Stable Value Portfolio

The Plan holds fully benefit-responsive wrap contracts with Fidelity within the Stable Value Portfolio III (the "Portfolio"). The Portfolio invests in assets (typically fixed-income securities or bond funds) and enters into "wrap" contracts issued by third parties and invests in cash equivalents represented by shares in money market funds. Accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

For purposes of benefit-responsive withdrawals, investments in wrap contracts are valued at contract value, which could be more or less than fair value. An investment contract is generally permitted to be valued at contract value, rather than fair value, to the extent it is fully benefit-responsive and held by a trust offered only to qualified employer-sponsored defined-contribution plans.

An investment contract is considered fully benefit-responsive if: 1) it is effected directly between the Portfolio and the issuer and may not be transferred without the consent of the issuer, 2) the issuer of the wrap contract provides assurance that the contract crediting rate will not be adjusted to less than zero, 3) the contract requires all permitted unit-holder initiated transactions with the Portfolio to occur at contract value without limitation, 4) it is improbable that an event will occur that would limit the ability of the Portfolio to transact at contract value with both the issuer and unit-holders, 5) the Portfolio allows unit-holders reasonable access to their funds. Investment contracts that do not meet the criteria for valuation at contract value will be valued at fair value as determined by the trustee.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Wrap contracts accrue interest using a formula called the "crediting rate." The crediting rate is the discount rate that equates that estimated future market value with such Portfolio's current contract value. Crediting rates are reset monthly. The wrap contracts provide a guarantee that the crediting rate will not fall below zero percent.

TECAN U.S. INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

7. Wrap Contracts with Stable Value Portfolio (Continued)

The Portfolio and the wrap contracts purchased by the Portfolio are designed to pay all permitted unit-holder initiated transactions at contract value. Permitted unit-holder initiated transactions are those transactions allowed by the underlying defined-contributions plans (typically this would include withdrawals for benefits, loans, or transfers to non-competing portfolios within the plan) but excluding certain withdrawals that are deemed to be caused by the actions of the plan sponsor. The wrap contracts limit the ability of the Portfolio to transact at contract value upon the occurrence of such plan sponsor events. These events include:

1. The Plan's failure to qualify under Section 401(a) or Section 401(k) of the IRC.
2. The establishment of a defined contribution plan that competes with the Plan for employee contributions.
3. Any substantive modification of the Portfolio or the administration of the Portfolio that is not consented to by the wrap issuer.
4. Any change in law, regulation or administrative ruling applicable to the Plan that could have a material adverse effect on a portfolio's cash flow.
5. Any communication given to unit-holders by the plan sponsor, any other Plan fiduciary that is designed to induce or influence unit-holders not to invest in the Portfolio or to transfer assets out of the Portfolio.
6. Any transfer of assets from the Portfolio directly to a competing investment option.

Withdrawals initiated by a plan sponsor will normally be provided at contract value as soon as practicable within twelve months following written notice to the trustee.

8. Collective Investment Trust Funds

The Fidelity Mid Cap Growth Fund Fee Class R1 is a collective investment trust fund managed by Great Gray Trust Company, LLC. It invests primarily in equity securities issued by U.S. mid-capitalization companies that its manager believes have above-average earnings growth potential. The Fidelity Mid Cap Value Fund R1 is a collective investment trust fund managed by Great Gray Trust Company, LLC. It invests entirely in the American Century Mid Cap Value collective investment trust. There were no unfunded commitments.

NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

9. Party-in-Interest Transactions

Plan investments are managed by Fidelity. Fidelity is the trustee as defined by the Plan. These transactions qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity and other parties-in-interest for contract administration, advisory and professional services amounted to \$167,122 for the year ended December 31, 2023. The Plan also holds notes receivable from participants. As a result, these notes receivable and all related transactions were with a party-in-interest. All of these transactions are exempt from being prohibited transactions by ERISA.

10. Prohibited Transactions

During 2023, the Company failed to deposit \$36,472 of participant deferrals and loan repayments within the required timeframe as stated by the Department of Labor ("DOL"). The DOL considers late deposits to be a prohibited transaction. The Company intends to calculate and deposit lost earnings during 2024 to correct for the failures and will file Form 5330 for applicable excise taxes on the delinquent participant contributions and loan repayments. Excise tax payments will be made from the plan sponsor's assets and not from the assets of the Plan.

11. Risks and Uncertainties

The Plan invests in various investment securities as directed by its participants. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

12. Reconciliation to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31:

	<u>2023</u>	<u>2022</u>

12. Reconciliation to Form 5500 (Continued)

The following is a reconciliation of the net increase in net assets available for benefits before transfers to the Plan per the financial statements to net income per the Form 5500 for the year ended December 31, 2023:

Change in Net Assets Available for Benefits before Transfers to the Plan per the Financial Statements	\$ 25,549,275
Change in Contribution Receivables	96,158
Change in Contract Value Adjustment	<u>(175,107)</u>
Total Net Income per the Form 5500	<u>\$ 25,470,326</u>

13. Subsequent Events

The Company has evaluated events and transactions for potential recognition or disclosure in the financial statements through October 15, 2024, which is the date the financial statements were available to be issued.

In December 2022, Congress passed the Setting Every Community Up for Retirement Enhancement Act of 2022 ("SECURE Act 2.0") that continued the retirement system reform previously passed in 2020. Certain provisions of the SECURE Act 2.0 are effective starting in January 1, 2024 and various dates through 2026, with the plan amendment for the adoption of SECURE Act 2.0 due by December 31, 2026.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
Tecan U.S. Inc. 401(K) Plan
Morrisville, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Tecan U.S. Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Tecan U.S. Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Tecan U.S. Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Tecan U.S. Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tecan U.S. Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tecan U.S. Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions and the Schedule of Assets (Held at End of Year) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TECAN U.S. INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

1. Description of Plan

The following description of Tecan U.S. Inc. 401(k) Plan (the "Plan") provides only general information. Participants in the Plan should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan became effective on January 1, 1988 as a trustee profit sharing 401(k) salary deferred plan. The Plan covers all full-time non-union employees of Tecan SP, Inc., Tecan Genomics, Inc., Emphysys, Inc., Tecan U.S. Inc., and Paramit Corporation (collectively referred to as the "Company") who are at least 18 years of age. Effective January 1, 2023, the Plan was amended to include employees of DCPM, Inc. and Tecan Systems, Inc. and the Tecan Systems Savings and Retirement Plan merged into this Plan. Interns are eligible to participate in the Plan upon reaching 21 years of age and completing at least 1,000 hours of service. The Company is treated as a controlled group whereby all employees of each company shall be treated as employed by a single employer. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute a percentage of their pretax annual compensation, not to exceed the maximum allowed by the Internal Revenue Service ("IRS"). Participants are automatically enrolled into the Plan at a designated deferral percentage and investment allocation. For each active participant having automatic enrollment contributions made on the participant's behalf, the deferral shall be increased annually by a whole percentage of compensation. Such increase deferral contributions shall be pre-tax. This is limited to 15% of compensation. The automatic deferral escalation will not apply to a participant within the first 6 months following the date upon which the automatic enrollment contributions begin for the participant. Participants are also permitted to designate contributions as Roth deferral contributions. Participants may deposit rollovers (distributions from other plans) into the Plan. Participants are also permitted to make Roth direct rollover contributions into the Plan.

The Company makes safe harbor matching contributions at a rate of 100% of the first 4% of eligible employee compensation and 50% of the next 2% of eligible employee compensation. The Company may also make an additional discretionary matching contribution of up to 4% of compensation. There were no additional discretionary matching contributions in 2023.

NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

1. Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution, plan earnings, and administrative expenses and, at the discretion of the plan administrator, forfeitures of terminated participants' non-vested accounts. Allocations are based on participants' compensation or account balances, as defined. A participant is entitled to the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in the salary reduction amount and safe harbor matching contributions contributed to the Plan. Vesting in the additional matching and discretionary contributions is based on years of credited service. Participants are fully vested after completing five years of credited service.

Forfeited Accounts

At December 31, 2023, forfeited non-vested accounts totaled \$55,783. These accounts may be used to pay plan expenses or to reduce employer contributions made by the Company.

Payment of Benefits

Generally, the participant becomes eligible to receive benefits upon their normal retirement age (65), death, disability, termination of employment, or reasons of proven financial hardship. The Plan also permits early retirement upon reaching age 55. For retirement, death or disability, the participant may receive their account balance as a lump sum or as a partial withdrawal. Participants who terminate their employment will receive their vested account balance under the same options as above. Participants are also eligible to take in-service withdrawals once they attain age 59½.

Hardship Withdrawals

Upon approval by the plan administrator, a participant may withdraw all or part of their elective contributions for immediate and severe financial need. In accordance with IRS regulations, the participant must exhaust all other assets available prior to obtaining the hardship withdrawal.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000 reduced by the highest outstanding loan balance during the prior twelve month period. Participants may have up to two loans outstanding at a time. The notes are secured by the balance in the participants' accounts and the fixed interest rate on newly issued notes receivable from participants is based on the prevailing interest rates charged by persons in the business of lending money for loans. Principal and interest are paid ratably through payroll deductions. Total notes receivable from participants were \$1,715,582 and \$700,186 at December 31, 2023 and 2022, respectively.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Plan considers all invested cash balances to be cash equivalents.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Investment Valuation and Income Recognition

All contributions and rollovers are invested at the direction of each participant in any combination of the investment funds offered. Investments in mutual funds are valued at quoted market prices established in an active market which represent the net asset value of shares held by the Plan at year end. The fair value of collective investment trust funds, depending on the contract, is determined based on the fair value of the underlying securities, which include market securities and open-end mutual funds or based on the present value of the contract's expected cash flows, discounted by current market interest rates for like investments.

Purchases and sales of securities are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized and unrealized appreciation and depreciation in value of investments are allocated to the participant accounts based on participant holdings in each fund.

Plan Expenses

Certain plan expenses are paid by the plan sponsor as provided by the plan document. Expenses related to specific participant transactions (notes receivable from participants and distributions) are charged directly to the participant's account.

TECAN U.S. INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

3. Federal Income Taxes

The Plan is a qualified Non-Standardized Pre-Approved Profit Sharing Plan that received an opinion letter from the IRS on June 30, 2020 stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code ("IRC") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the opinion letter. The plan administrator and the Plan's tax counsel believe that the Plan is currently designed and operating in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the applicable authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

5. Investments

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the accompanying financial statements and supplemental schedule was obtained or derived from information certified as complete and accurate by Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, and was not subject to audit for the years ended December 31:

	<u>2023</u>	<u>2022</u>
Collective Investment Trust Funds	\$ 13,570,581	\$ 9,242,923

TECAN U.S. INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

6. Fair Value Measurements (Continued)

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan uses Level 2 inputs when market prices are not attainable but other observable inputs are available to arrive at a fair value, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. There were no Level 2 or 3 investments in the Plan.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end.

7. Wrap Contracts with Stable Value Portfolio

The Plan holds fully benefit-responsive wrap contracts with Fidelity within the Stable Value Portfolio III (the "Portfolio"). The Portfolio invests in assets (typically fixed-income securities or bond funds) and enters into "wrap" contracts issued by third parties and invests in cash equivalents represented by shares in money market funds. Accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

For purposes of benefit-responsive withdrawals, investments in wrap contracts are valued at contract value, which could be more or less than fair value. An investment contract is generally permitted to be valued at contract value, rather than fair value, to the extent it is fully benefit-responsive and held by a trust offered only to qualified employer-sponsored defined-contribution plans.

An investment contract is considered fully benefit-responsive if: 1) it is effected directly between the Portfolio and the issuer and may not be transferred without the consent of the issuer, 2) the issuer of the wrap contract provides assurance that the contract crediting rate will not be adjusted to less than zero, 3) the contract requires all permitted unit-holder initiated transactions with the Portfolio to occur at contract value without limitation, 4) it is improbable that an event will occur that would limit the ability of the Portfolio to transact at contract value with both the issuer and unit-holders, 5) the Portfolio allows unit-holders reasonable access to their funds. Investment contracts that do not meet the criteria for valuation at contract value will be valued at fair value as determined by the trustee.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Wrap contracts accrue interest using a formula called the "crediting rate." The crediting rate is the discount rate that equates that estimated future market value with such Portfolio's current contract value. Crediting rates are reset monthly. The wrap contracts provide a guarantee that the crediting rate will not fall below zero percent.

TECAN U.S. INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

7. Wrap Contracts with Stable Value Portfolio (Continued)

The Portfolio and the wrap contracts purchased by the Portfolio are designed to pay all permitted unit-holder initiated transactions at contract value. Permitted unit-holder initiated transactions are those transactions allowed by the underlying defined-contributions plans (typically this would include withdrawals for benefits, loans, or transfers to non-competing portfolios within the plan) but excluding certain withdrawals that are deemed to be caused by the actions of the plan sponsor. The wrap contracts limit the ability of the Portfolio to transact at contract value upon the occurrence of such plan sponsor events. These events include:

1. The Plan's failure to qualify under Section 401(a) or Section 401(k) of the IRC.
2. The establishment of a defined contribution plan that competes with the Plan for employee contributions.
3. Any substantive modification of the Portfolio or the administration of the Portfolio that is not consented to by the wrap issuer.
4. Any change in law, regulation or administrative ruling applicable to the Plan that could have a material adverse effect on a portfolio's cash flow.
5. Any communication given to unit-holders by the plan sponsor, any other Plan fiduciary that is designed to induce or influence unit-holders not to invest in the Portfolio or to transfer assets out of the Portfolio.
6. Any transfer of assets from the Portfolio directly to a competing investment option.

Withdrawals initiated by a plan sponsor will normally be provided at contract value as soon as practicable within twelve months following written notice to the trustee.

8. Collective Investment Trust Funds

The Fidelity Mid Cap Growth Fund Fee Class R1 is a collective investment trust fund managed by Great Gray Trust Company, LLC. It invests primarily in equity securities issued by U.S. mid-capitalization companies that its manager believes have above-average earnings growth potential. The Fidelity Mid Cap Value Fund R1 is a collective investment trust fund managed by Great Gray Trust Company, LLC. It invests entirely in the American Century Mid Cap Value collective investment trust. There were no unfunded commitments.

TECAN U.S. INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

9. Party-in-Interest Transactions

Plan investments are managed by Fidelity. Fidelity is the trustee as defined by the Plan. These transactions qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity and other parties-in-interest for contract administration, advisory and professional services amounted to \$167,122 for the year ended December 31, 2023. The Plan also holds notes receivable from participants. As a result, these notes receivable and all related transactions were with a party-in-interest. All of these transactions are exempt from being prohibited transactions by ERISA.

10. Prohibited Transactions

During 2023, the Company failed to deposit \$36,472 of participant deferrals and loan repayments within the required timeframe as stated by the Department of Labor ("DOL"). The DOL considers late deposits to be a prohibited transaction. The Company intends to calculate and deposit lost earnings during 2024 to correct for the failures and will file Form 5330 for applicable excise taxes on the delinquent participant contributions and loan repayments. Excise tax payments will be made from the plan sponsor's assets and not from the assets of the Plan.

11. Risks and Uncertainties

The Plan invests in various investment securities as directed by its participants. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

12. Reconciliation to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31:

13. Subsequent Events

The Company has evaluated events and transactions for potential recognition or disclosure in the financial statements through October 15, 2024, which is the date the financial statements were available to be issued.

In December 2022, Congress passed the Setting Every Community Up for Retirement Enhancement Act of 2022 ("SECURE Act 2.0") that continued the retirement system reform previously passed in 2020. Certain provisions of the SECURE Act 2.0 are effective starting in January 1, 2024 and various dates through 2026, with the plan amendment for the adoption of SECURE Act 2.0 due by December 31, 2026.
