INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
Millwrights Pension Plan
Plano, Texas

Opinion

We have audited the accompanying financial statements of the Millwrights Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and September 30, 2023, and the related statements of changes in net assets available for benefits for the three-month period ended December 31, 2023 and year ended September 30, 2023, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Millwrights Pension Plan (the Plan) as of December 31, 2023 and September 30, 2023, and the changes in its net assets available for benefits for the three-month period ended December 31, 2023 and year ended September 30, 2023 in accordance with liquidation basis accounting principles in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Millwrights Pension Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Plan Termination

As further discussed in Note 10 to the financial statements, the Plan's Trustees elected to merge the Plan with another plan, effective December 31, 2023. Contributions to the Plan ceased and the Plan assets were transferred to the new plan. As a result, the Plan changed its basis of accounting to the liquidation basis of accounting to present the December 31, 2023 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with liquidation basis accounting principles in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- 
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
 - Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of reportable transactions on page 15 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The schedules of administrative expenses on page 16 are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial

statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

MILLWRIGHTS PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

THREE MONTH PERIOD ENDED DECEMBER 31, 2023
AND YEAR ENDED SEPTEMBER 30, 2023

NOTE 1. DESCRIPTION OF THE PLAN

The following brief description of the Millwright Pension Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution money purchase pension plan covering employees who have been represented for the purpose of collective bargaining by an agreement between the North Texas Contractors Association and the Millwrights Local Union No. 1421, as well as other local unions affiliated with the Southern States Millwright Regional Council and their collective bargaining agreement. Effective with July 2021 hours worked, the Plan began allowing employers signatory to Millwrights Local 2232 to participate in the Plan. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). The joint Board of Trustees has administrative power and responsibility for the Plan. A paid administrator performs the functions required by ERISA, as amended, and the Plan.

Contributions - The Plan is financed entirely by employer contributions at various rates for each hour worked in accordance with the collective bargaining agreements. The contribution rate for employers signatory to Millwrights Local 1421 is \$4.35 per hour. The contribution rate for employers signatory to Millwrights Local 2232 is \$1.58 per hour.

Participant Accounts - Participant accounts are valued at the end of each month. At this time, separate accounts for individual participants are increased by amounts contributed on behalf of the participant, decreased by investment loss that is allocated based upon their existing account balance and reduced by any payments or distributions and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided by the participant's account.

Payment of Benefits - Upon termination of service due to disability, retirement, death, or termination, the benefit to which the participant or beneficiary is entitled is the balance in the participant's account. The forms of payment that are available for participants with a balance greater than \$3,500 are:

- a) One lump sum;
- b) Qualified Optional Survivor Annuity that will pay a monthly benefit for the participant's life, and if the participant dies and is survived by their spouse, their spouse will receive a monthly benefit of not less than 75% of the benefit being paid to the participant at the time of the participant's death;

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

- c) A single life annuity;
- d) The transfer of the participant's share to the retirement plan of another employer or to their own individual retirement account or annuity; or
- e) A partial withdrawal distribution.

Participants with a balance less than \$3,500 will receive a lump sum distribution.

Vesting - Participants are 100% vested in their account at all times.

Plan Expenses - Administrative expenses of the Plan are allocated equally among all accounts maintained under the Plan with the exception of expenses incurred in locating or attempting to locate a missing participant or beneficiary and for processing Qualified Domestic Relations Orders which are charged directly to the affected participant's account.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements have been prepared using the liquidation basis of accounting.

Investments Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are reported on a trade-date basis. Interest income is reported on the accrual basis. Dividends are reported on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Reciprocal Contributions - The Plan has entered into various reciprocal agreements with other union pension plans. In accordance with these agreements, the Plan is required to remit funds received, and is entitled to receive funds, from participating employers on behalf of temporary employees to and from the employee's participating local unions.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

New Accounting Pronouncement Adopted - During the three-month period ended December 31, 2023, the Plan adopted the provisions of Accounting Standards Update (ASU) 2016-13, *Financial Instruments – Credit Losses* (Topic 326). This ASU replaced the incurred loss methodology with an expected loss methodology that is referred as the current expected credit loss (CECL) methodology. The ASU requires the immediate recognition of estimated expected credit losses over the life of a financial instrument, including contributions receivable. The estimate of expected credit losses considers not only historical information, but also current and future economic conditions and events. The Plan adopted the ASU effective October 1, 2023. The impact of the adoption was not considered material to the financial statements and primarily resulted in additional disclosures.

NOTE 3. TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Plan by letter dated December 12, 2014, that the Plan and related trust are designed in accordance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator and Board of Trustees believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believe the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2020.

NOTE 4. FAIR VALUE MEASUREMENTS

Accounting standards provide the framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 - Inputs to the valuation methodology include other significant observable inputs including:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The table below sets forth by level, within the fair value hierarchy, the Plan's net assets at fair value as of December 31, 2023.

Description	Total Investments at 12/31/2023	Quoted Market Prices for Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

*In accordance with ASC, investments that were measured at net asset value (NAV) per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

The table below sets forth by level, within the fair value hierarchy, the Plan's net assets at fair value as of September 30, 2023.

Description	Total Investments at 9/30/2023	Quoted Market Prices for Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Investments measured at net asset value*	<u>15,527,186</u>			
Total	<u>\$ 39,736,246</u>			

*In accordance with ASC, investments that were measured at net asset value (NAV) per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and September 30, 2023.

Money market and mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common stock and foreign stock: Investments in common stock are valued at the closing price reported on the active market on which the individual securities are traded.

U.S. Securities, corporate bonds and municipal bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, the bond is valued under a discounted cash flows approach that maximizes observable inputs, such as current yields of similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks or a broker quote is available.

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

103-12 investment entities and common collective trusts: Valued at the fair values reported in the entities' audited financial statements and are based on their NAV as of the last day of the year.

Limited partnerships and hedge funds: The fair values of limited partnerships and hedge funds are determined from financial statements received by the Plan from the limited partnerships and hedge funds. These financial statements are audited by independent accountants other than the Plan's independent auditors. The entities in which the Plan invests prepare their financial statements stating their investments at fair value as determined in good faith by the general partner or by a third-party valuator based on the best information available, in the absence of readily ascertainable market values.

Authoritative guidance on fair value measurements permits the Plan to measure the fair value of an investment in an investment entity that does not have a readily determinable fair value based upon the NAV or its equivalent of the investment. The fair value of the investments measured at NAV is based on the market value of the underlying assets, less any liabilities, divided by the number of outstanding shares or units. This guidance does not apply if it is probable that the investment will be sold at a value different than NAV.

The Plan's investment in investment entities valued at NAV is subject to the terms of the respective private placement memoranda and governing agreements. Income or loss from investments in these investment entities is net of the Plan's proportionate share of fees and expenses incurred or changed by these investment entities.

The Plan's risk of loss in these entities is limited to its investment. The Plan may increase or decrease its level of investment in these entities at its discretion. The Plan typically has the ability to redeem its investment from these entities on a daily or quarterly basis, but longer lock-up periods can apply to certain investments.

The tables below summarize the Plan's investments in certain entities that calculate NAV per share as fair value measurement as of December 31, 2023 and September 30, 2023 by investment strategy:

	As of December 31, 2023

c. Hedge funds	2,680,025	None	Varies	Varies
d. Limited partnerships	3,027,683	-	Varies	Varies

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

The following summarizes the investment strategy for each of the Plan's investments in the table on the preceding page which do not report as a direct filing entity (DFE) to the Department of Labor (the 103-12 investment entities and common collective trusts that the Plan invests in all report as DFE's):

- c) *Hedge funds* – The Plan invests in a single hedge fund, the Corbin ERISA Opportunity Fund. The Corbin ERISA Opportunity Fund seeks to invest to achieve a substantial return on capital through opportunistic investments primarily in a broad range of public and private credit instruments. This investment can be redeemed quarterly with a notice period of 65 days.
- d) *Limited partnerships* – The Plan invests in a single limited partnership, First Eagle International Value Fund. This limited partnership seeks to invest in businesses that embody asset scarcity, strong capital structures, and corporate resilience.

NOTE 5. PLAN TERMINATION

Although they have not expressed any intent to do so, the Trustees have the right under the Plan to terminate the Plan, subject to the provisions set forth in ERISA. The Plan will also terminate upon the expiration of all collectively bargained agreements and special agreements requiring contributions to the Plan. In the event of Plan termination, funds remaining after the payment of all expenses will be allocated among the participants and beneficiaries in accordance with the Internal Revenue Code (IRC) and ERISA.

NOTE 6. PARTY-IN-INTEREST TRANSACTIONS

The Plan pays certain investment and administrative fees directly to various service providers. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

NOTE 7. CONCENTRATION OF REVENUE

Approximately 56% of employer contributions were received from three employers for the three-month period ended December 31, 2023.

NOTE 8. SIGNIFICANT UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

NOTE 9. RECONCILIATION TO FORM 5500

The following is a reconciliation of additions and deductions per the financial statements to the Form 5500 for the three-month period ended December 31, 2023:

Total additions per financial statements	\$ 3,508,228
Add: investment expenses	<u>30,799</u>
Total additions per Form 5500	<u>\$ 3,539,027</u>
Total deductions per financial statements	\$ 1,468,284
Add: investment expenses	<u>30,799</u>
Total deductions per Form 5500	<u>\$ 1,499,083</u>

NOTE 10. PLAN MERGER AND TERMINATION

On August 14, 2023, the Board of Trustees approved the merger of the Plan into the Southern District UBC Defined Contribution Fund. The merger was effective December 31, 2023. Accordingly, Plan net assets of \$43,279,134 were transferred to the successor plan on December 31, 2023. Consequently, the Plan adopted the liquidation basis of accounting.

NOTE 11. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 4, 2024, which is the date the financial statements were available to be issued. This review and evaluation revealed no material event or transaction which would require an adjustment to or disclosure in the accompanying financial statements.
