INDEPENDENT AUDITOR'S REPORT

Trustee and Plan Administrator
Infinity Plumbing Designs 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of Infinity Plumbing Designs 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for plan benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for plan benefits for the year then ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held and certified to by a qualified institution, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA
The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2023, and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of Infinity Plumbing Designs 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a qualified defined-contribution plan established January 1, 2018, and amended effective January 1, 2019, by Infinity Plumbing Designs, Inc. (the "Employer"), under the provision of Section 401(k) of the Internal Revenue Code (IRC). The Plan provides for a qualified cash or deferred arrangement, as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Employer.

Administration

The Plan is administered by the Employer and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Principal Life Insurance Company (the "Custodian") is responsible for the custody of the Plan's assets and is the Plan's recordkeeper. Andrew Carlson (the "Trustee") is responsible for the management of the Plan's assets.

Eligibility

Any employee who has attained age 21 and completed 90 days of consecutive service is eligible to participate in the Plan. Employees who are considered independent contractors are not eligible. Acquired employees may be excluded from the Plan for a period of time, as determined by the Employer and in accordance with requirements of the IRC. Participation in the Plan may begin on the first day of the month on or after eligibility requirements are met.

Participant Contributions

Participants are automatically enrolled based on the Plan's default elective deferral of 5% of the participants' pretax eligible compensation, unless the participant elects a different percentage. Participants may elect to contribute, on a pretax basis, up to 100% of their eligible compensation, in an amount not in excess of the maximum allowed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions. Participants may also make contributions to the Plan on an after-tax basis, as Roth deferrals, as defined in the Plan agreement and subject to the limitations under the IRS, as listed above. Participants may also roll over amounts representing distributions from other qualified benefit or contribution plans.

Employer Contributions

The Employer may make discretionary matching contributions to all active participants who have 1,000 or more hours of service in the Plan Year. The Employer may also make discretionary nonelective profit-sharing contributions to the Plan allocated as of the last day of the Plan Year. For the year ended December 31, 2023, no discretionary contributions were made.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting
Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Employer's discretionary contribution portion of their accounts is based on years of continuous service. A participant becomes 20% vested every year following a full year of service as defined, and continues to vest at the rate of 20% for each successive year of service until they are 100% vested after five years of credited service.

Participant Accounts
Each participant's account is credited with the participant's contribution and allocations of the Employer's contribution and Plan earnings, and charged with an allocation of administrative expenses to the extent that were not paid by the Employer. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options
Participants may direct participant and Employer contributions, as desired, in any of several investment options offered by the Plan. Participants may change their investment options any time throughout the year, via the internet website, or by using the automated telephone system offered by the custodian.

Notes from Participants
Participants may borrow from their accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000, or 50% of their accounts' balances, whichever is less. Note terms range from one to five years, except for notes related to the purchase of a primary residence, which may be longer. The notes are secured by the balance in the participant's account and bear interest at a rate that a bank or other professional lender would charge for a note in a similar circumstance. Current note interest rates range from 5.25% to 10.00%, as of December 31, 2023, and 2022, and mature through March 2025. A participant may have no more than one note outstanding at one time. Interest income is recognized when earned. Principal and interest are paid ratably through payroll deductions.

Benefit Payments
Upon termination of employment with the Employer, a participant will receive a lump-sum disbursement if his or her vested account balance is $5,000 or less. If the vested account balance is greater than $5,000, the participant is entitled to maintain their account in the Plan, receive a lump-sum amount, monthly annuity or direct rollover to another qualified plan. In the event of death or total and permanent disability, a participant's beneficiary or the participant is entitled to the total value of the participant's account.

Financial Hardship Distributions
The Plan allows for hardship withdrawals in accordance with IRS regulations. Among other things, the withdrawal must be necessary in light of immediate and heavy financial needs of the participant and is limited to certain purposes.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Forfeitures
A participant's accounts are forfeited if the Employer contribution portion has not been fully vested at the time of withdrawal or termination. These amounts may be used to reduce Employer contributions and/or make additional discretionary Employer contributions. During the Plan years ended December 31, 2023, and 2022, no forfeitures were used to pay Employer contributions. As of December 31, 2023 and 2022, there were no forfeitures available.

Administrative Expenses
Most administrative expenses for maintaining the Plan are paid by the Employer. Certain administrative fees are charged to the individual participant's account. Expenses that are paid by the Employer are excluded from these financial statements.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation
The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates
The preparation of the Plan's financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Management fees and operating expenses charged to the Plan for its investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for applicable investments.

Notes from Participants
Notes from participants are measured at their unpaid principal balance, plus any accrued unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses have been recorded as of December 31, 2023 and 2022.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits
Benefit payments to participants are recorded when paid.

NOTE 3 – INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company, the custodian of the Plan, has certified the completeness and accuracy of all investments and notes from participants reflected on the accompanying statements of net assets available for plan benefits as of December 31, 2023 and 2022, and the supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, and the related investment activity and interest income on notes from participants reflected in the statement of changes in net assets available for plan benefits for the year ended December 31, 2023.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets,
- Quoted prices for identical or similar assets or liabilities in inactive markets,
- Inputs other than quoted prices that are observable for the asset or liability, and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs, and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Common collective trusts: Units held in common collective trusts (CCT) are valued using the net collective asset value practical expedient (NAV practical expedient) of the CCT as reported by the CCT managers. The NAV practical expedient is based on fair value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of units outstanding. The NAV of a CCT is calculated based on a compilation of primarily observable market information. The CCT have a daily redemption frequency, no redemption period or restrictions and have no unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value, or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Investments at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at NAV (practical expedient) (a)				1,007,994
Total investments, at fair value				**$ 1,007,994**

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Investments at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at NAV (practical expedient) (a)				739,459
Total investments, at fair value				**$ 739,459**

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit the reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

NOTE 5 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Principal Life Insurance Company; therefore, these transactions qualify as exempt party-in-interest transactions permitted by the United States Department of Labor Rules and Regulations. The Employer and Plan administrator are also parties-in-interest with respect to the Plan. Fees paid by the Plan to the custodian amounted to $7,599 for the year ended December 31, 2023. Notes from participants and the related interest income of $430 are also considered related party transactions.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, including common collective trusts. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

NOTE 7 – FEDERAL INCOME TAX STATUS

Effective February 17, 2022, the Plan adopted a non-standardized form of a prototype profit sharing plan sponsored by Principal Life Insurance Company. The prototype plan has received an opinion letter, dated June 30, 2020, from the IRS as to the prototype plan's qualified status. The prototype plan's opinion letter has been relied upon by this Plan. The Plan administrator and the trustees believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. Plan management has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2023 and 2022, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability, asset, or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – PLAN TERMINATION

Although it has not expressed such intent, the Employer, by action of its Board of Directors, reserves the right, at any time, to amend or terminate the Plan. Upon termination of the Plan, further contributions to the Plan shall cease. Net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan and all participants would become 100% vested in all contributions.

NOTE 9 – PROHIBITED TRANSACTIONS

As required by ERISA Section 2510.3-102, the Employer is required to segregate participant contributions from its general assets and remit them to the Plan as soon as administratively feasible.

During the Plan year ended December 31, 2023, the Employer inadvertently failed to remit certain participant contributions totaling $769, respectively, of participant deferrals within the required timeframe as stated by the United States Department of Labor (DOL). The Employer will calculate the lost earnings on the amounts of late participant deferrals and make corrections outside of the DOL's Voluntary Fiduciary Correction Program.

NOTE 10 – OPERATIONAL DEFECT

During the year ended December 31, 2023, it was discovered that the Plan's provisions were not properly applied in the daily operation of the Plan. The definition of compensation for participant contributions as defined per the Plan document was not properly applied when calculating contribution amounts. The Plan administrator determined the affected participants and will deposit $8,950 into the Plan as qualified nonelective contributions (QNEC) to make the affected participants and the Plan whole, including interest during the year ended December 31, 2024.

During the year ended December 31, 2023, it was discovered that the Plan administrator failed to capture participant deferral election changes. The Plan administrator determined the affected participants and will deposit $4,648 into the Plan as qualified nonelective contributions (QNEC) to make the affected participants and the Plan whole, including interest during the year ended December 31, 2024.

NOTE 11 – RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500

The following is a reconciliation of the affected components of the changes in net assets available for benefits per the financial statements at December 31, 2023 to the Form 5500:

Total contributions per the financial statements	$ 191,595
Adjustment for corrective distributions	11,728
Total contributions per the Form 5500	**$ 203,323**

NOTE 12 – SUBSEQUENT EVENTS

The Plan administrator has evaluated all activity through October 15, 2024, the date the financial statements were available to be issued.
