INDEPENDENT AUDITOR'S REPORT

To the Fiduciary Committee of Everstream Solutions LLC 401(k) Profit Sharing Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Everstream Solutions LLC 401(k) Profit Sharing Plan & Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section;

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held and end of year) as of December 31, 2023 and of delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2022 Financial Statements

Predecessor auditors performed an audit of the 2022 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 9, 2023, indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EVERSTREAM SOLUTIONS LLC 401(K) PROFIT-SHARING PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2023 AND 2022

1. NOTE 1. DESCRIPTION OF PLAN

The following description of the Everstream Solutions LLC 401(k) Profit-Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General—The Plan was established on November 1, 2015, as a defined contribution profit-sharing plan covering substantially all employees of Everstream Solutions LLC (the Company and Employer). The Board of Directors of the Company has appointed M2B Retirement Consulting LLC to control and manage the operation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions—Participants may make voluntary elective 401(k) and Roth contributions of up to the maximum amount allowed by law of their eligible compensation, as defined by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. In addition, the Company contributes a nonelective safe harbor company matching contribution. Matching contributions are equal to 100% per dollar of the participants' voluntary elective 401(k) and Roth contributions up to 3% of eligible compensation, as defined, and 50% per dollar thereafter up to 5% of eligible compensation, as defined, for the year ended 2023. Contributions are subject to certain IRC limitations.

The Company may also make a discretionary profit-sharing contribution. Participants must be employed at the end of the plan year and have completed 1,000 hours of service to be eligible for the employer discretionary profit-sharing contribution allocation. Employer contributions are subject to certain limitations. No discretionary profit-sharing contributions were contributed by the Company in 2023.

Eligibility—Employees are eligible to participate in voluntary elective contributions in the Plan at age 21 and in the nonelective safe harbor company matching contributions following the completion of three months of service. The entry date is the first day of each calendar month following the date on which he or she has met the eligibility requirements. The entry date shall be coincident with or next following the date the eligibility requirements are met.

Funding policy—The employer's funding policy is to make the participants' voluntary elective 401(k) and Roth and nonelective safe harbor company matching contributions to the Plan as soon as administratively feasible. All other employer contributions are discretionary and may be made annually or more frequently, at the Company's discretion.

Participant Accounts—Each participant account is adjusted for the participant's contributions, the Company's contributions, if any, and plan earnings thereon, and charged with an allocation of the Plan's administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Individual accounts are maintained for each plan participant. Each individual account is valued daily to reflect all plan activity including contributions made by the participants and the Company, withdrawals, loans, transfers, plan fees, forfeitures and investment gains or losses, as applicable. The participant is entitled to the value of the participant's vested account.

Vesting—Participants are immediately vested in nonelective safe harbor company matching contributions and their voluntary contributions plus actual earnings thereon. Vesting in the Company's discretionary profit-sharing contributions is based on years of service with the Company, as defined in the Plan document according to which a participant is vested after completing three years of service. Participants are immediately vested in the discretionary profit-sharing contributions at the time of death or disability.

Notes Receivable from Participants—Participants may borrow up to one-half of their vested balance of their account, limited to a minimum of \$1,000 up to a maximum of \$50,000. A maximum of one loan can be outstanding at any one time. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions or as a lump sum for the outstanding loan balance. Loan terms range from 1 to 5 years; however, terms may exceed 5 years for the purchase of a primary residence. As of December 31, 2023, participant loans have maturities through 2028 at interest rates ranging from 3.25% to 8.50%.

Benefit Payments—On termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump sum. Participants may withdraw their vested interest in the Plan upon attainment of age 59½ and under certain other circumstances, as defined in the Plan document. In service withdrawals are also allowed to participants subject to the amount vested in the participant account.

Forfeited Accounts—These accounts may be used to restore forfeitures, reduce Company contributions or pay plan expenses. The Company used no forfeitures to reduce Company contributions in 2023. There were no nonvested forfeited accounts as of December 31, 2023 and 2022.

Plan Termination—Although it has not expressed intent to do so, the Company has the right, at any time, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Investments—Participants may direct the investment of their contributions and any discretionary profit-sharing contributions and/or account balances into various investment options offered by the Plan and may change investments and transfer amounts between funds daily.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates—The preparation of financial statements in conformity with (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets

available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition—Investments are reported at fair value, except for the guaranteed investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Contract value is the amount Plan participants would receive if they were to initiate permitted transactions under the terms of the Plan (see Note 5).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net increase in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Benefit Payments—Benefits are recorded when paid. There were no participants, who elected to withdraw from the Plan, but had not yet been paid at December 31, 2023.

Administrative Expenses—Expenses of the Plan are paid by the Company or the Plan, at the discretion of the Company. Expenses that are paid by the Company are excluded from these financial statements.

Risks and Uncertainties—The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Company operates in the telecommunications industry which has many inherent risks, including significant competition that could lead to financial difficulty. In response to financial difficulty, the Company may discontinue the nonelective safe harbor company matching contribution, the discretionary profit-sharing contribution, or terminate the plan. As disclosed in Note 1, the Company has not expressed any intention to terminate the plan.

Contributions—Employee contributions and employer matching contributions are recorded when withheld.

Excess Contributions Payable—The Plan is required to return contributions received during the Plan year in excess of the IRC limits. There were no excess contributions due to participants as of December 31, 2023 and 2022.

Subsequent Events—The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through October 15, 2024, the date the financial statements were available to be issued.

3. SUMMARY OF INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2022, included throughout the Plan's financial statements and

supplemental schedules, that was prepared by or derived from information provided by Voya Retirement Insurance and Annuity Company (“the trustee”) and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate.

Pooled Separate Accounts	\$ 15,417,951	\$ 14,281,367
Fixed Account Investment Fund	\$ 435,234	-
Guaranteed Investment Contract	-	137,962
	<u>\$ 15,853,185</u>	<u>\$ 14,419,329</u>

The trustee also certified to the completeness and accuracy of the following for the year ended December 31, 2023:

Net increase in fair value of investments	2,098,178
---	-----------

4. FAIR VALUE MEASUREMENTS

Accounting standards established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2—Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2023 and 2022.

Pooled Separate Accounts—Valued at the total of the net asset value of shares of mutual funds and cash held by the account at year-end. The Plan’s interests in the pooled separate accounts are valued based on the information reported by the investment advisor.

Fixed Account Investment Fund- Valued at the total of the net asset value of the diverse securities held by the account at the year-end, the fixed account investment fund is available through a group annuity contract issued by Voya Retirement Insurance and Annuity Company.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31:

	2023			Total
	Level 1	Level 2	Level 3	
Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at net asset value*				<u>15,853,185</u>
Investments at fair value				<u>\$ 15,853,185</u>

	2022			Total
	Level 1	Level 2	Level 3	
Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at net asset value*				<u>14,281,367</u>
Investments at fair value				<u>\$ 14,281,367</u>

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

- (1) Large cap pooled separate accounts seek growth of capital and invest primarily in common stocks and seeks to invest in companies that appear to offer superior opportunities for growth of capital.
- (2) Mid cap pooled separate accounts seek capital appreciation primarily in stocks of leveraged companies.
- (3) Small cap pooled separate accounts invest primarily in companies with market capitalization under \$3.5 billion at the time of purchase and have potential for capital appreciation.
- (4) Fixed account investment fund invests in high quality, short term money market instruments which are issued and payable in U.S. dollars.
- (5) Target portfolio pooled separate accounts seek a high total return until the fund's target retirement date under normal market conditions.
- (6) Balanced pooled separate accounts seek to provide an aggregate total return of the market index composed of small, medium, or large sized U.S. companies.
- (7) Bond pooled separate accounts seek to provide consistent income through investments in debt securities offered by U.S. corporations and government agencies.
- (8) Specialty pooled separate accounts seek growth of capital appreciation and invest primarily in specific industries such as utilities, mining, technology and real estate investment trusts.
- (9) International pooled separate accounts invest primarily in equities of foreign companies with developing markets.

5. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a traditional investment contract with Voya Retirement Insurance and Annuity Company. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each

contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the traditional investment contract at December 31, 2022 \$137,962.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.00%. Such interest rates are reviewed on a quarterly basis for resetting.

There are no events which limit the ability of the Plan to transact at contract value with the issuer. The agreement may not be terminated by either party prior to the scheduled maturity date.

6. PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in pooled separate accounts and a guaranteed investment contract sponsored by Voya Retirement Insurance and Annuity Company or its affiliated entities. Voya Retirement Insurance and Annuity Company is the trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions. The Plan also has participant loan balances of \$399,722 for the year ended 12/31/2023. The administrative expenses paid to the trustee and its affiliates totaled \$7,650 for the year ended December 31, 2023.

7. NONEXEMPT PARTY-IN-INTEREST TRANSACTION

During the year ended December 31, 2023, the Plan remitted certain participant contributions, to the Trustee later than required by Department of Labor (DOL) Regulation 2510.3-102. The Plan has filed file Form 5330 with the IRS and paid the required excise tax on the transaction.

8. TAX STATUS

Effective January 1, 2022, the Plan adopted a standardized form of a prototype plan. The prototype plan provider has received an opinion letter from the IRS as to the prototype plan's qualified status. The prototype plan's opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.
