To the Plan Administrator and Participants
Newforma, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Newforma, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Newforma, Inc. 401(k) Plan's financial statements performed in accordance with the ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Newforma, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Newforma, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Newforma, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Newforma, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2023

1. Description of Plan

The following description of the Newforma, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description and the Plan document for a more complete description of the Plan's provisions.

General

The Plan, established July 12, 2004, and most recently restated February 1, 2022, is a defined contribution plan covering all eligible employees of Newforma, Inc. and related companies as defined in the plan document (Company) who have attained the age of twenty-one. Eligible employees exclude interns, collectively bargained employees and non-resident aliens. Full-time employees are eligible to participate immediately, and part-time employees must complete a year of service (1,000 hours) to become eligible. Once eligible, employees enter the Plan on the first of each calendar month.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

BIM One was acquired by the Company in 2021 and effective February 1, 2022, U.S. employees are eligible for the Plan.

Contributions

Each year, participants may contribute from 1% to 100%, including a set dollar amount, of their respective pretax annual compensation, subject to limitations established by the Plan and the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan permits Roth elective deferrals. Roth elective deferrals are treated in the same manner as participant elective deferrals, except that Roth elective deferrals are not "pre-tax" deferrals as defined in the Internal Revenue Code (Code).

The Plan also includes an automatic enrollment feature. Individuals hired by the Company who do not affirmatively elect not to participate are automatically enrolled in the Plan and will have their compensation reduced by 3% and invested in the Qualified Default Investment Alternative fund.

Newforma, Inc. 401(k) Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Contributions (continued)

The Company may make a discretionary matching contribution. The matching contribution is 50% of each participant's deferred compensation up to 4% and 3%, per pay period, for the years ended December 31, 2023 and 2022, respectively.

Participants Accounts

Each participant's account is credited with the participant's contribution, Company contributions, if any, and a pro rata allocation of the Fund's investment gains or losses. The benefit to which a participant is entitled is the vested portion from the participant's account.

Forfeitures

At December 31, 2023 and 2022, forfeited non-vested employer contributions totaled \$7,417 and \$6,811, respectively. These amounts, if any, are used to reduce future employer contributions. Forfeitures used to reduce employer contributions during the years ended December 31, 2023 and 2022 amounted to \$20 and \$-0-, respectively. Forfeitures used to offset plan expenses during the years ended December 31, 2023 and 2022 amounted to \$3,500 and \$7,000, respectively.

Vesting

Participants are always vested 100% in their 401(k) contributions and earnings thereon. Participants became vested in the Company contributions, if any, according to a vesting schedule as follows: 33.33% vested after one year of service, 66.67% after two years of service and 100% after three years of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms must not exceed five years unless for the purchase of a primary residence for which the loan can extend to ten years. The loans are secured by the balance in the participant's account and bear interest at a rate equal to 1% above the current prime rate. Principal and interest are paid ratably through payroll deductions.

Newforma, Inc. 401(k) Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Payment of Benefits

On termination of service, or upon death, disability or retirement, a participant or beneficiary, once requested, will receive a lump-sum amount equal to the vested value of his or her account. Financial hardship withdrawals may also be made in accordance with the plan documents.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the fully benefit-responsive insurance company general account product, which is reported at contract value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for the management of investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, certain management fees and operating expenses are reflected as a reduction of investment return for such investments.

Newforma, Inc. 401(k) Plan

Notes to Financial Statements (continued)

2. Summary of Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Administrative Expenses

The Plan Sponsor in an agreement with Empower, the plan recordkeeper, is charged 26 basis points effective March 31, 2023 (previously 40 basis points) per year which is calculated and charged monthly to each participant's account for investment advisor fees and recordkeeping fees based upon the average daily balance of each participant's account during the month. Administrative expenses for the years ended December 31, 2023 and 2022, consist of recordkeeping fees, investment advisor fees and other participant specific expenses.

3. Investments

All investment information and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of mutual funds, dividend and interest income, and interest income on notes receivable from participants for the years then ended, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Empower Trust Company LLC, the trustee.

4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Newforma, Inc. 401(k) Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

The following is a description of the valuation methodologies used by the Plan. There have been no changes in the valuation methodologies at December 31, 2023 and 2022.

Mutual funds are valued daily at the closing price per share, as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

All mutual fund investments held December 31, 2023 and 2022 are Level 1 within the fair value hierarchy.

Newforma, Inc. 401(k) Plan

Notes to Financial Statements (continued)

5. Investment Contract

The Plan investments include the *Key Guaranteed Portfolio Fund*, an offering through Empower Life & Annuity Company. Contributions to this investment are fully guaranteed by Empower's general account assets. This investment meets the fully benefit responsive investment criteria and therefore is reported at contract value. Contract value is the relative measure for fully benefit-responsive investments because this is the amount received by participants if they were to initiate permitted transactions under the investment. Contract value, as reported by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The effective annual interest rate will never be less than 0%. No restrictions are placed on participants with respect to transfers in and out of this fund. Should the Plan Sponsor terminate the group annuity contract, Empower reserves the right to defer payment of the amounts in the Key Guaranteed Portfolio Fund of up to twelve months from the notice of contribution cessation. Interest rates are established each calendar quarter. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable. The average yield was 1.23% and .93% for the years ended December 31, 2023 and 2022, respectively.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

7. Income Tax Status

The Plan has adopted the non-standardized pre-approved profit-sharing plan of EPIC Advisors, Inc. The non-standardized pre-approved profit-sharing plan sponsor received an advisory letter from the IRS dated June 30, 2020 in which the Internal Revenue Service stated that the form of the non-standardized pre-approved profit sharing plan was in compliance with the applicable requirements of the Internal Revenue Code (Code). The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Newforma, Inc. 401(k) Plan

Notes to Financial Statements (continued)

7. Income Tax Status (continued)

Accounting standards require recording uncertain income tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions and believes there is no adjustment or disclosure required in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Parties-In-Interest

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, notes receivable from participants and the management of investments held by the trustee are considered party-in-interest transactions.

The Key Guaranteed Portfolio Fund is an investment managed by Empower Life & Annuity Company. Empower Trust Company LLC is the Plan's trustee and, therefore, these transactions qualified as party-in-interest transactions. These investments and transactions are considered to be party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the Form 5500 to net assets available for benefits per the financial statements at December 31, 2023 and 2022.

The following is a reconciliation of the net change per the Form 5500 to the net change per the financial statements for the year ended December 31, 2023:

10. Subsequent Events

The Company has evaluated all subsequent events through October 11, 2024, the date the financial statements were available to be issued. During this period, there have been no material events that would require recognition in the financial statements or disclosures to the financial statements.

11. Delinquent Participant Contributions

During 2023, the Company failed to transmit certain participant contributions to the Plan in the amount of \$32,246 within the time period prescribed by ERISA. Late transmission of participant contributions constitutes a prohibited transaction under ERISA section 406. The Company deposited the late contributions in 2023 and calculated and funded the participant accounts for missed earnings of \$91 on October 4, 2024.
