INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator,
Stone Pigman Walther Wittmann L.L.C.
401(k) and Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Stone Pigman Walther Wittmann L.L.C. 401(k) and Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(c) Audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and

other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS**Stone Pigman Walther Wittmann L.L.C.
401(k) and Profit Sharing Plan**

December 31, 2023 and 2022

Note 1 - PLAN DESCRIPTION

The following description of the Stone Pigman Walther Wittmann L.L.C. 401(k) and Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

a. General

The Plan is a profit-sharing and deferred compensation Section 401(k) plan covering all members, associate members, and employees of Stone Pigman Walther Wittmann L.L.C. (the “Employer”) other than (a) leased employees, (b) union employees, (c) independent contractors, (d) non-resident aliens, (e) all special agreement, special counsel and contract employees and service providers who are paid on a non-salaried basis and are twenty-one years of age. Employees can participate in the Plan through 401(k) contributions and after-tax contributions the first of the month after thirty days of eligible service. After successfully completing one year of eligible service and two entry dates, January 1st and July 1st, the participant is eligible to receive the employer matching contributions and discretionary profit-sharing contributions. The Plan is subject to the provisions of the Employer Retirement Income Security Act of 1974 (ERISA).

b. Contributions

Each year, participants may contribute by salary reduction, pursuant to Section 401(k) of the Internal Revenue Code (the “Code”), up to 100% of pretax annual compensation as defined by the Plan, not to exceed statutory limits. Participants are also permitted to make Roth (after tax) elective deferrals, subject to annual statutory limits. Participants who have attained the age of fifty before the end of the plan year are eligible to make “catch-up” contributions. Participants may also contribute amounts representing eligible rollover distributions from other qualified plans.

The Employer matching contribution is equal to 100% of the participant’s elective deferral contribution that does not exceed 2% of compensation. For the year ended December 31, 2023, the Employer made matching contributions of \$87,684, net of forfeitures applied of \$52,499.

Note 1 - PLAN DESCRIPTION (Continued)

b. Contributions (Continued)

In any plan year, the Employer may elect to contribute a discretionary nonelective contribution. To receive the contribution, the participant must meet the Plan eligibility requirements as well as work 1,000 hours during the plan year and be employed on the last day of the plan year. Total profit-sharing contributions for the year ended December 31, 2023 totaled \$1,089,831.

For each year in which the Plan is considered top heavy, non-key employees who were employed as of the last day of the plan year will receive a minimum allocation equal to the lesser of 3% of plan compensation or the highest percentage of compensation allocated for the plan year to the participants who were deemed to be key employees. For the year ended December 31, 2023, top heavy contributions totaled \$48,928.

c. Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Employer's contributions and plan earnings and charged with plan losses and an allocation of administrative expenses. Allocations of the Employer's contributions are based on compensation, account balances or specific participant transactions as defined in the plan document. Allocations of plan earnings or losses and expenses are based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. Vesting

Participants are immediately vested in their 401(k) deferral contributions and rollover contributions plus actual earnings thereon.

The vesting percentages related to all employer contributions plus actual earnings thereon is as follows:

<u>Participant's Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Note 1 - PLAN DESCRIPTION (Continued)

e. Investment Options

The Plan provides a participant-directed investment program whereby participants select the investments for their accounts. The investment options the Plan offers to participants include mutual funds, a common trust fund, and self-directed brokerage accounts which allow participants to make individual selections of investments. The options offered represent several different alternatives to investing with different risk and return characteristics. Participants may change their investment options daily.

f. Notes Receivable from Participants

A participant may borrow from their account a minimum of \$1,000 up to a maximum of \$50,000 reduced by the highest outstanding loan balance in the previous twelve months or 50% of their vested account balance, whichever is less. Note terms may not exceed five years, except for the purchase of a primary residence in which case the term is limited to 30 years. A participant may have three outstanding loans at any one time. The notes are secured by the balance in the participant's account and currently bear an interest rate based on the Wall Street Journal's Prime Rate plus 1%. Interest rates on notes receivable from participants ranged from 4.25% to 9.5% as of December 31, 2023 and 2022. Principal and interest are paid ratably through payroll deductions.

g. Payment of Benefits

Upon termination of service, a participant whose vested account balance equals or exceeds \$5,000 may elect to receive benefits in the form of a lump sum or annual installment payments, as defined in the plan document. Participants with vested balances of less than \$5,000 will receive a lump sum amount equal to the fair value of the participant's vested interest in his or her account. Vested account balances below \$5,000 may be paid directly to a terminated participant without consent. Involuntary distributions of vested account balances between \$1,000 and \$5,000 will be paid as a direct rollover to an individual retirement account at a qualified financial institution. In service distributions may be requested from a participant's vested account balance upon attainment of age 59½ or in the event of hardships.

h. Forfeited Accounts

As of December 31, 2023 and 2022, forfeited non-vested accounts totaled \$24,620 and \$3,479, respectively. These accounts will be used to reduce future Employer contributions. Forfeitures of \$52,499 were used to reduce the employer match and profit-sharing contributions for the year ended December 31, 2023.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

a. Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America as promulgated by the Financial Accounting Standards Board. Under this method, revenues are recognized when earned, and expenses are recorded when incurred.

b. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Plan management determines the Plan's valuation policies utilizing information provided by investment advisors and the trustee.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest on notes receivable is recognized when received. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make repayments on the note receivable and the plan administrator deems the note receivable to be in default, the note receivable balance is reduced, and the benefit is recorded.

e. Payment of Benefits

Benefits are recorded when paid.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

f. Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments.

g. Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 17, 2024, which is the date the financial statements were available to be issued.

Note 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 3 - FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

- *Mutual funds.* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Self-directed brokerage accounts.* Valued daily by Charles Schwab, based on readily determinable market prices of individual holdings in the account. These include common stock, warrants and mutual funds.
- *Common collective trust funds.* Valued at NAV per unit as computed by T. Rowe Price Trust Company.

The T. Rowe Price Stable Value Common Trust Fund (Class N) invests primarily in a diversified portfolio of guaranteed investment contracts (GICs), bank investment contracts (BICs), synthetic investment contracts (SICs), and/or separate account contracts (SACs). These are types of investment contracts that are designed to provide stability and a competitive yield. Participants that invest in the T. Rowe Price Stable Value Common Trust Fund (Class N) may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals, and administrative expenses. The fund imposes certain potential limitations on transfers to other investment options and on the timing of withdrawals. The average yield of T. Rowe Price Stable Value Fund credited to participant accounts was approximately 2.45% and 1.80% for the years ended December 31, 2023 and 2022, respectively.

Note 3 - FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level within the fair value hierarchy the Plan's assets measured at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023

^(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share have not been classified in the fair value hierarchy. The fair value presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 3 - FAIR VALUE MEASUREMENTS (Continued)

The following table summarizes investments measured at fair value based on NAV per unit as of December 31, 2023 and 2022.

Investment	Fair Value December 31,		Unfunded Commitments	Redemption Frequency	Redemption Notice Period

Totals	<u>\$66,984,457</u>	<u>\$ 49,359,644</u>			

¹ The fund strategies seek to maximize current income while maintaining stability of principal. Participant initiated distributions can be redeemed on a daily basis. However, under the terms of the Declaration of Trust, the Plan must provide advance written notification of a full or partial redemption of trust units within twelve months to the trustee.

Note 4 - RISK AND UNCERTAINTIES

The Plan provides for various investments in mutual funds, a common trust fund, and self-directed brokerage accounts. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term.

Note 5 - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, T. Rowe Price Trust Company, the trustee of the Plan, has certified the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022, the supplemental Schedule H, Line 4i Schedule of Assets (Held at End of Year) as of December 31, 2023 and the activity related to investments and notes receivable from participants reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023, as follows:

Note 5 - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (Continued)

	<u>2023</u>	<u>2022</u>
Investments	\$84,803,593	\$72,755,967
Notes receivable from participants	\$268,620	\$232,543
Net appreciation in fair value of investments	\$11,966,643	
Dividends and interest	\$227,102	
Interest on notes receivable from participants	\$14,539	

Note 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all participants will become 100% vested in all of their accounts.

Note 7 - TAX STATUS

The Plan utilizes a non-standardized pre-approved document and relies on the opinion letter issued to the non-standardized pre-approved document sponsor. The non-standardized pre-approved document sponsor received an advisory letter on August 19, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and ERISA.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

Note 8 - RELATED PARTY TRANSACTIONS

The Plan invests in shares of mutual funds, a money market fund, units in a common trust fund, and a self-directed brokerage account managed by affiliates of T. Rowe Price Trust Company. T. Rowe Price Trust Company acts as the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. The Plan also issues notes receivable to plan participants.
